FINANCIAL DEPARTMENT.

NOTIFICATIONS.

No. 501S.R.—The 15th March 1915.—The following Rules for the recruitment of Superintendents, Inspectors and Sub-Inspectors, of Excise and Salt in the Presidency of Bengal are published for general information :—

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

I.—Rules for Recruitment of Superintendents and Inspectors of Excise and Salt.

1. The Superintendents' cadre is graded as follows :—
   (*a*) Rupees 250 to Rs. 500 in 14 years by annual increment of Rs. 15 during the first 10 years, and Rs. 25 during the last four years, subject to approved conduct.
   (*b*) Rs. 600.
   (*c*) Rs. 700.

2. The Inspectors' cadre is divided into seven grades ranging from Rs. 100 to Rs. 250.

3. Promotion to the grades of Rs. 600 and Rs. 700 in the cadre of Superintendents will be made by the Governor in Council by special selection for merit. Seniority alone shall not give a claim to appointment in these two grades.

4. The cadres of Superintendents and Inspectors will be distinct and separate and promotions from the rank of Inspector to that of Superintendent will not be the general rule, but Inspectors of outstanding merit may be promoted by Government to the rank of Superintendent.

5. Officers promoted from the rank of Sub-Inspector to the rank of Inspector or from the rank of Inspector to the rank of Superintendent will remain on probation until their fitness for confirmation has been demonstrated, provided that the period of probation shall not exceed three years. They will in the meanwhile be eligible for promotion and may, in the case of Superintendents, be appointed direct to the time-scale.

6. The number of direct appointments to be made to the higher branches of the Excise and Salt service in Bengal will be determined each year by the Governor in Council.

7. The selection of Europeans for the above service will be made by a Board consisting of the Secretary to Government in the Financial Department and the Commissioner of Excise and Salt, who will submit their nominations to Government.

8. The selection of Indians for the above service will be made by Government from the candidates nominated by Divisional Commissioners as prescribed in rules 12 to 14.

9. The indispensable qualifications for a candidate for appointment as Superintendent or Inspector are :—
   (1) That he is a natural-born subject of His Majesty or of a Native State.
   (2) That he is not under 20 or over 25 years of age on the 1st July of the year in which the nomination is made.
   (3) That he is of good character.
   (4) That he is a graduate or, in the case of European candidates, that he possesses at least the recognised school-leaving examination certificate of a secondary school for Europeans.
   (5) That he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

10. Europeans who do not satisfy the definition of Native of India, contained in section 6, Statute 33, Victoria, Chapter III, are not eligible for appointment to the Excise and Salt service as Superintendents or Inspectors, without the previous sanction of the Government of India in each case.

11. As soon as possible after the 1st July of each year the number of appointments to be made during the year on the nomination of Commissioners of Divisions and of the selecting Board referred to in rule 7 above, and the number of nominations to be made for appointments under rule 8 above, will be announced by a Notification in the *Calcutta Gazette*.

12. (*a*) Every District Officer in a Division in which a nomination is to be made will submit to the Commissioner of the Division, on or before the date to be fixed by the latter, the names of two candidates belonging to

families resident or domiciled in his district. In submitting these names he will give in Form I appended to these rules a brief statement of the grounds of his recommendation in each case. The nominee under this rule must be non-official. But this does not exclude the nomination of Honorary Magistrates or candidates who hold no substantive posts under Government but are serving in temporary or officiating appointments.

(*b*) Form I must be accompanied by a certificate of the Registrar of the University that the candidate has obtained a degree, a certificate of character and conduct from the Principal of the Institution at which the candidate last studied for not less than one year, or from some responsible officer of Government, a medical certificate in Form II appended to these rules, and evidence of the candidate's age.

13. The Commissioner of the Division and the District Officers of the Division will meet on a date to be fixed by the Commissioner of the Division and will consider the names of all the candidates nominated. They will call the candidates before them and see and converse with them so as to form an opinion regarding their suitability for the public service. The Commissioner of the Division will then select two names for each of the appointments to be made on his nomination and submit them in order of preference to Government by a date not later than the 1st October, stating his reasons for the preference given. With his report submitting these names the Commissioner will submit Form I for all candidates, entering in each case in the last column of that Form his own opinion as to the suitability of the candidate.

14. Every candidate nominated by the Commissioner must be domiciled in his Division, or if the nominee himself be resident outside the Division for the purpose of education, his family must be resident or permanently domiciled in the Division. In making nominations special attention should be paid to the desirability of securing a fair share of appointments to each important section of the community, to the esteem with which the candidate's family is regarded by Indians generally, and to physique.

15. Persons appointed direct to the Excise and Salt service will be subject to a period of probation, the minimum term of which will be one year. During the period of their probation Superintendents will receive an allowance of Rs. 150 and Inspectors of Rs. 100 a month.

16. An officer will not be confirmed until he has passed the departmental examinations prescribed for the Excise and Salt service and has been satisfactorily reported on by the officers under whom he has worked. If an officer fails to qualify for confirmation within two years of his first appointment as probationer, he may be removed from the public service.

17. A probationary Superintendent will not be admitted to the time-scale, even if qualified for confirmation, until a vacancy occurs.

18. All Europeans shall subscribe to the Government Provident Fund if their pay is Rs. 100 or more. All Indians shall subscribe to the Fund unless they can satisfy the Commissioner that they have good reason for not doing so.

19. No member of the above service will be dismissed otherwise than on the result of a judicial or formal departmental enquiry.

20. No Superintendent or Inspector will be eligible for rewards.

(*e*) That he is of sound health, good physique and active habits and free from organic defect or bodily infirmity.

(*f*) A medical certificate of fitness in the prescribed form will be required, and every candidate must be 5 feet 3 inches in height and 30 inches round the chest. Evidence of the candidate's age must also be produced.

* Designation of Medical Officer.

† Strike out " present " or " absent " in (*h*), (*i*), (*j*) and (*k*) and whichever of the concluding sentence does not apply.

(5) Every Indian candidate nominated by a District Officer must be domiciled in his district, or if the nominee himself be resident outside the district for the purpose of education, his family must be resident or permanently domiciled in the district.

(6) In making nominations special attention should be paid to the desirability of securing a fair share of appointments to each important section of the community, to the esteem with which the candidate's family is regarded by Indians generally, and to physique.

(7) Every officer on appointment will be subject to a period of probation, the minimum term of which will be one year. An officer will not be confirmed until he has passed the departmental examinations prescribed for the Excise and Salt service and has been satisfactorily reported on by the officers under whom he has worked. He will not be eligible for grade promotion until he has been confirmed. If he fails to earn confirmation by the time he has served for two years, his services may be dispensed with.

(8) Promotion from the rank of Sub-Inspectors to that of Inspectors will not be the general rule, but officers distinguished for zeal and efficiency may be promoted by Government.

(9) Every officer will be required to subscribe to the Government Provident Fund unless he can satisfy the Commissioner that he has good reason for not doing so.

DECLARATION.

No. 914Com.—The 12th March 1915.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for such portion of the Bejdih siding, Bengal-Nagpur Railway, as lies between chainages 3·50 and 25·00. The siding takes off Aldih Branch of the Bengal-Nagpur Railway at chainages 67·32, and whereas coal mines are situate under the said land, and whereas the Equitable Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the seams known as Raghunathbatti-Buradhemo and Dishergarh seams, and whereas the mines have been

inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Equitable Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Equitable Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

1. (*a*) In the Raghunathbatti and Buradhemo seam, galleries may be driven not exceeding 12 feet in width by 12 feet in height at distances apart not less than 72 feet, centre to centre, leaving pillars not less than 60 feet square, to be left unworked for the support of the acquired land:

Provided that—(*i*) The shaft levels for Nos. 1 and 2 shafts may be driven not exceeding 15 feet in width, and (*ii*) the sump galleries to the dip of No. 1 pit, shown in dotted lines on the plan [L. A. M. A. No. 216 (1)], may be driven at a width and height not exceeding 12 feet.

(*b*) In the Dishergarh seam galleries may be driven not exceeding 15 feet in width by 12 feet in height with centres at distances apart not less than 100 feet on the level course and 72 feet on the dip and rise, forming pillars not less than 85 feet by 57 feet, to be left unworked for the support of the acquired land:

Provided that—(*i*) the gallery A B shall be driven on a course of S. 77°45′ W. until it is 72 feet distant, centre to centre, from the main west shaft level, (*ii*) the gallery G H shall be stopped and bricked up at the entrance by a wall from the floor to roof, 18 inches thick, and (*iii*) the sump gallery to the dip of No. 2 pit shown in dotted lines on the plan [(L. A. M. A. No. 216 (2)] may be driven at a width and height not exceeding 12 feet.

2. Manholes not exceeding 6 feet high, 3 feet wide and 4 feet deep, may be made where required by any rules under the Indian Mines Act, 1901.

3. Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

4. These restrictions apply to the Raghunathbatti and Buradhemo seam, and to the Dishergarh seam only and to the area edged with pink on the plan, and the Equitable Coal Company shall give notice, under section 4V of the Land Acquisition (Mines) Act, 1885. of coal under any other area of acquired land, and that in all the above cases no further excavation in excess of the above dimensions shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. Nos. 216 (1) and 216 (2) signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

No. 916Com.—The 12th March 1915.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, *viz.*, for such portion of the Sanctoria branch as lies between chainage 350·25 and chainage 352·66, such portion of Kendwa branch as lies between chainage 0·645 and chainage 4·29 and such portion of the Equitable Coal Company siding as lies between chainage 3·15 and chainage 5·98.

The Kendwa branch takes off the Sanctoria branch at chain 349·61 and the Equitable Coal Company siding takes off the same branch at chain 356·495, and whereas coal mines are situate under the said land, and whereas the Bengal Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Sanctoria seam, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Bengal Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Governor in Council is pleased to declare, under section 5, sub-section (2), clause (*b*) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Bengal Coal Company, Limited, in the manner and subject to the restrictions below specified, *viz.*:—

(*a*) Where the thickness of the strata from the surface to the top of the seam is less than 50 feet no coal shall be worked.

(*b*) Where the thickness of the strata from the surface to the top of the seam is more than 50 feet galleries not more than 8 feet high and 12 feet wide, with centres not less than 66 feet apart, may be driven forming pillars not less than 54 feet square to be left unworked.

(*c*) Manholes not exceeding six feet in height by three feet in width by four feet in depth may be made where required by any rules made under the Indian Mines Act, 1901.

(*d*) Any inrush of water, quicksand or soft material shall be reported to the Chief Inspector of Mines without delay.

(*e*) These restrictions apply to the seam known as Sanctoria seam only and to the area edged with pink on the plan, and the Bengal Coal Company shall give notice under section IV of the Land Acquisition (Mines) Act, 1885, of their intention to work any other seam under such area or to work coal under any other area of acquired land, and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 241 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India by the parties concerned.

IRRIGATION DEPARTMENT.

The 16th February 1915.

No. 1.—Notification.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 58, dated the 17th February 1885, the Governor in Council intends to make for the lines of navigation known as the Eastern Canal Route and the Outer Boat Routes, as defined in Notification No. 230, dated the 23rd July 1895, and for the navigable channels from Khulna in district Khulna to Magura in district Jessore, as defined in Notification No. 7, dated the 1st September 1914, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

11. The draft will be taken into consideration on or after the 1st April 1915, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal.

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

6. A Candidate who fails in not more than one subject shall, on payment of Rs. 15, be permitted to appear at the next six-monthly Examination only in that subject, and, on passing, shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination.

7. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 25 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of the Institution in the subject or subjects in which he has failed, provided that any Candidate who has failed four times will not be admitted to further Examination except on the special recommendation of the Head of the College or School.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate on passing shall receive a certificate in the form entered in the Appendix.

9. The Courses of Study for the Intermediate Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

The Final Examination.

1. The Final Examination shall be held twice a year, commencing on the first Monday in May and the first Monday in November, or as near as these dates as can be conveniently arranged.

The written part of the Examination shall be held in the following order :—

Date.	10 A.M. to 1 P.M.	2 to 5 P.M.
Monday	Medicine and Therapeutics	Hygiene.
Tuesday	Surgery and Ophthalmology	General Pathology.
Wednesday ...	Midwifery, Gynæcology and Diseases of Children.	Medical Jurisprudence.

The Time-table of the Oral and Practical Examination showing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 40 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish the certificates as required in the *Schedule*.

3. The Final Examination may be divided into two parts as defined below. Each part may be taken separately—

1st Part ... { Medicine. Surgery. Midwifery.

2nd Part .. { Pathology. Medical Jurisprudence. Hygiene.

4. The Candidate shall be examined in the following subjects :—

1st Part ... { Medicine and Therapeutics. Surgery and Ophthalmology. Midwifery, Gynæcology and Diseases of Children.

2nd Part ... { General Pathology. Medical Jurisprudence. Hygiene.

5. The Examination shall, except as hereinafter stated, be written, oral and practical. There shall be one paper in each subject for which three hours shall be allowed—

I.—The Examination in Medicine shall consist of—

(*a*) a paper.
(*b*) an Oral Examination.
(*c*) a Clinical Examination (Practical).

II.—The Examination in Surgery shall consist of—

(*a*) a paper.
(*b*) an Oral Examination.
(*c*) a Clinical Examination. } Practical
(*d*) an examination in Operative Surgery. }

III.—The Examination in Midwifery, etc., shall consist of—

(*a*) a paper.
(*b*) an Oral and Practical Examination.

IV.—The Examination in Pathology shall consist of—

(*a*) a paper.
(*b*) an Oral Examination.
(*c*) a Practical Examination.

V.—The Examination in Medical Jurisprudence shall consist of—

(*a*) a paper.
(*b*) an Oral Examination.

VI.—The Examination in Hygiene shall consist of—

(*a*) a paper.
(*b*) an Oral Examination.

5. Full marks for each Subject and the minimum pass marks shall be as follows:—

——	Written.	Oral.	Practical.	Total.	Minimum pass marks in total.	Minimum pass marks in oral and practical.
Medicine	500	500		1,000	400	200
Surgery	500	500		1,000	400	200
Midwifery	500	500		1,000	400	200
General Pathology	500	500		1,000	400	200
Medical Jurisprudence ...	500	250	...	750	300	100
Hygiene	500	250	...	750	300	100

6. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 40 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of his Institution in the subject or subjects in which he has failed, provided that (*a*) any Candidate who has failed four times in either part will not be admitted for further Examination, and (*b*) any Candidate who has passed in two subjects in one or both parts shall be exempted from passing in those subjects in any future Examination.

7. As soon as possible, after the Examination, the Governing Body shall publish a list of the successful Candidates in alphabetical order. Every such Candidate shall receive a diploma in the form given in the Appendix.

8. The Courses of Study for the Final Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

EXAMINATION FOR A LICENTIATE OF THE STATE MEDICAL FACULTY.

The Primary Examination.

1. The Primary Examination shall be held twice a year, commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged.

The written part of the Examination shall be held from 10 A.M. to 1 P.M.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Primary Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 8 at least 21 days before the date fixed for the commencement of the Examination. He shall also produce certificates as required in the *Schedule*.

3. Every Candidate shall be examined in Chemistry and Physics.

The Examination shall be written, oral and practical. There shall be a written paper for which three hours will be allowed.

4. Full marks for the subject and the minimum pass marks shall be as follows :—

Subject.	Written.	Oral and practical.	Total.	Minimum pass marks in oral and practical.	Minimum pass marks in Total.
Chemistry and Physics.	500	500	1,000	200	335

5. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. A Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 8 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject, provided that after four failures he shall not be admitted to further Examination.

6. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix.

7. The Courses of Study for the Primary Examination are defined in the *Schedule*. For details refer to *Syllabus*.

8. Exemptions. (Vide *Schedule*.)

The Intermediate Examination.

1. The Intermediate Examination shall be held twice a year commencing on the 1st Monday in May and 1st Monday in November or as near these dates as can conveniently be arranged. The written part of the Examination shall be held in the following order :—

Date.	10 A.M. to 1 P.M.
Monday	Anatomy.
Tuesday	Physiology.
Wednesday	Materia Medica and Pharmacy.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 12 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects :—

(*a*) Anatomy.
(*b*) Physiology.
(*c*) Materia Medica and Pharmacy.

The Examination shall be written, oral and practical. There shall be a written paper in each subject, three hours being allowed for the same.

4. Full marks for each subject and the minimum pass marks shall be as follows :—

Subject.	Written.	Oral and practical.	Total.	Minimum pass marks in oral and practical.	Minimum pass marks in Total.
Anatomy ...	500	500	1,000	200	400
Physiology ...	500	500	1,000	200	400
Materia Medica and Pharmacy.	500	500	1,000	200	400

5. Any Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 12 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject or subjects in which he has failed, provided that after four failures he shall not be admitted to further examination.

6. A Candidate who fails in one subject only shall on payment of Rs. 8 be permitted to appear in that subject at the next six-monthly Examination only. If he passes he shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination.

7. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix.

8. The Courses of Study for the Intermediate Examination are defined in the *Schedule*. For details refer to *Syllabus*.

9. Exemptions. (Vide *Schedule*.)

The Final Examination.

1. The Final Examination shall be held twice a year commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged.

The written part of the Examination shall be held in the following order :—

Date.	10 A.M. to 1 P.M.	2 to 5 P.M.
Monday ...	Medicine including Medical Pathology and Therapeutics.	Medical Jurisprudence and Hygiene, including Vaccination.
Tuesday ...	Surgery, including Surgical Pathology and Operative Surgery.	
Wednesday ...	Midwifery and Gynæcology ...	

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 30 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects :—

(*a*) Medicine, including Medical Pathology and Therapeutics.
(*b*) Surgery, including Surgical Pathology and Operative Surgery.
(*c*) Midwifery and Gynæcology.
(*d*) Medical Jurisprudence and Hygiene, including Vaccination.

4. The Examination shall be written, oral and practical. There shall be one written paper in each of the four subjects, for which three hours shall be allowed.

(1) The Examination in Medicine and Therapeutics shall consist of—

(*a*) A written paper,
(*b*) An Oral Examination,
(*c*) A Clinical Examination.

(2) The Examination in Surgery shall consist of—

(*a*) A written paper,
(*b*) An Oral Examination,
(*c*) A Clinical Examination.
(*d*) Minor Operative Surgery.

(3) The Examination in Midwifery and Gynæcology shall consist of—

(*a*) A written paper,
(*b*) An Oral and Practical Examination.

(4) The Examination in Medical Jurisprudence and Hygiene shall consist of—

(*a*) A written paper,
(*b*) An Oral Examination,

5. Full marks for each subject and the minimum pass marks shall be as follows :—

SUBJECT.	Written.	Oral and practical.	Total.	Minimum pass marks in oral and practical.	Minimum pass marks in Total.
Medicine, including Medical Pathology and Therapeutics.	500	500	1,000	200	400
Surgery, including Surgical Pathology and Operative Surgery.	500	500	1,000	200	400
Midwifery and Gynæcology.	500	500	1,000	200	400
Medical Jurisprudence and Hygiene including Vaccination.	500	500	1,000	200	400

6. A Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 30 on each occasion, and on producing a certificate that he has since the last Examination received further instruction in the subject or subjects in which he has failed, to the satisfaction of the Head of the Institution.

7. A Candidate who fails in not more than two subjects may appear at any subsequent Examination in the subject or subjects in which he has failed, provided that he has within the previous six months undergone a further

course of instruction in these subjects, to the satisfaction of the Head of his College or School. The fee for re-examination shall be Rs. 10 in each subject.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a diploma in the form entered in the Appendix.

9. The Courses of Study for the Final Examination are defined in the *Schedule*. For details refer to *Syllabus*.

General Rules, including the appointment of Examiners.

1. THE Secretary shall, at such time as the President may determine, send to all members of the Governing Body a circular, requesting them to forward within 14 days the names of persons whom they consider suitable for appointment as Examiners.

2. Such recommendations with any applications from candidates for Examinerships received by the Secretary shall be referred to the Governing Body, who shall consider them at a special meeting convened for this purpose. In appointing Examiners the selection shall not necessarily be limited by these recommendations and applications.

3. There shall be two Examiners in each subject. Of the two Examiners one at least shall be a Professor or Teacher in that subject at a Recognised College or School. The second Examiner shall be selected on the grounds of possessing recent knowledge of the subject. Examiners shall ordinarily and subject to the approval of the Governing Body hold office for two years and shall be eligible for re-appointment only after the expiry of two years from the date of vacating office.

4. The oral, practical and clinical examinations shall be conducted by the two Examiners jointly. The written papers shall consist of two parts set jointly by the Examiners, each Examiner being responsible for reading and marking his own part.

5. Examiners in setting papers and in conducting the oral and practical examinations shall be guided as to the scope of the subject of examination by the Syllabus prescribed by the Governing Body.

6. The papers shall be delivered by the Examiners in person to the Secretary or sent to him in a sealed double cover *on* or *before* a date to be prescribed by the Governing Body. No copy of the questions set shall be retained by the Examiners.

7. Rolls containing the names of the candidates with spaces for the marks awarded and giving the dates on which the rolls have to be submitted will be supplied by the Secretary. Examiners are required to keep the results of the examinations and the marks assigned to Candidates strictly secret.

8. The results of the examination shall be submitted to the Secretary on or before the date fixed by the Governing Body.

9. As soon as possible after the tabulation of the results by the Secretary all the Examiners shall meet and draw up a report on the examination for the consideration of the Governing Body. The President of the State Medical Faculty shall be *ex-officio* President of the Board of Examiners.

10. No candidate shall be declared to have passed unless he has attained the standard laid down in the Rules.

11. As soon as possible after the report of the Examiners has been considered by the Governing Body, the Secretary shall publish a list of successful Candidates in alphabetical order.

12. The Examiners shall not destroy the papers examined by them until 15 days after the results have been published.

RULES FOR THE GUIDANCE AND CONDUCT OF CANDIDATES DURING EXAMINATIONS.

1. The written Examination will commence on and will continue up to . The dates and place of the Oral and Practical Examination will be fixed by the Secretary after consultation with the Examiners.

2. Candidates suffering from any illness or disease which would render their presence in any way prejudicial to the general body of Students under examination will not be allowed into the Examination Hall or will be expelled if found in the Hall.

3. The doors of the Examination Hall shall be opened on the first day half an hour before the Examination takes place and on subsequent days a quarter of an hour before. No Candidate shall be admitted to Examination under any pretext later than half an hour from the commencement of the Examination. Candidates will be required to give up their answer books to the officer superintending the Examination precisely at 1 P.M. and 5 P.M.

4. Candidates before they enter the Examination Hall must leave outside any books, notes or papers they may have with them except the Receipt allowing them to attend the Examination which Candidates must bring with them each day. Candidates must provide their own pen-holders and pens.

5. A seat, with a number corresponding to that on his Receipt will be allotted to each Candidate and a book in which to write his answers will be found on his desk.

6. Candidates must take their seats at least five minutes before the time fixed for giving out the papers which is at 10 A.M. and 2 P.M.

7. Any Candidate detected in helping another or attempting to obtain unfair assistance, will be struck off the list of Candidates. No communication whatever between Candidates, while under examination, will be allowed. Candidates are not permitted to have in their possession, while in the Examination Hall, any book, memorandum, or pocket-book, notes or papers whatso-ever (even if these papers are in no way connected with the subject under examination) except the question paper, the Secretary's receipt and the book provided by the Faculty for writing out the answers, with a sheet of blotting paper. Candidates disregarding this caution are liable to the same penalty as those using unfair means.

8. No Candidate, without the permission of the Presiding officer is to leave his seat or the Examination Room until conclusion of the Examination.

9. Every Candidate will write on the outside of his answer-book, his name, and roll number. He will write on one side of the paper only leaving a quarter margin. Any Candidate attempting to render the identification of his answer paper impossible or difficult by giving a false name and number or by intentionally omitting to state his name and number as required above, will have his name removed from the list of Candidate and shall be reported to the Governing Body for such further action as may be necessary.

10. Any Candidate found guilty of making any objectionable or improper remarks on his answer papers will be reported to the Governing Body for such action as they may deem fit.

11. No Candidate will be allowed to leave the room until an hour has elapsed from the time when the papers are given out.

12. No Candidate will be allowed to re-enter the Examination Room during the hours of Examination after once quitting it or to leave the room without finally giving up his answer papers. In case of urgent necessity, a Candidate may, with the special permission of the Presiding Officer temporarily leave the Examination Room, but during his stay outside he must be under the surveillance of a thoroughly trustworthy person to be deputed by the Presiding Officer for that purpose.

13. A Candidate, having completed his paper, must hand it to the Presiding Officer before leaving the Examination Hall. The answer paper must, on no account be left on the desk.

14. Any Candidate, wishing to ask a question will rise from his seat and remain standing until the Presiding Officer or his representative comes to him, but he will, on no account, leave his seat nor will he be allowed to make any noise to call the attention of the Presiding Officer.

15. Friends and guardians of Candidates will not be allowed to enter the Examination Hall. The entrance of persons, unconnected with the Examination into the Hall is strictly forbidden.

16. Precisely five minutes before the time fixed for giving out the question papers, a warning bell will be rung as a signal for all Candidates to take their seats. After the warning bell has been rung any outsider found loitering in the Hall or, in or near the entrance to the Hall will be expelled.

MEMBERSHIP EXAMINATION.

Syllabuses of the subjects for study at the Preliminary Scientific Examination.

INORGANIC CHEMISTRY.

LECTURES.

CHEMICAL and physical changes. Laws of chemical action. Indestructibility of matter. The balance, weights and measures. Elements and compounds. Classification of the elements. Periodic law. Atoms and molecules. Symbols and formulæ. Valency. Equations. Atomic weights. Molecular weights. Laws of chemical combination. Dalton's Atomic theory. Avogadro's law. Calculation of formulæ from percentage composition and calculations relating to weight and volume.

The principles of gravimetric and volumetric analysis with special reference to their application in the subsequent work of the Student.

Classification of the elements. Acids, bases and salts. Chemical nomenclature and terminology.

Study of the following with special reference to their subsequent application :—

Oxygen.—Oxides. Ozone. Allotropy.

Hydrogen.—Water, its composition by synthesis and analysis. Impurities of water. Hard and soft water. Elements of water analysis. Peroxide of Hydrogen.

Nitrogen.—Atmospheric air. Nitric Acid. Oxides of Nitrogen. Nitrates and Nitrites. Ammonia and Ammonium salts.

Carbon.—Its oxides. Relation of Carbon Dioxide to animal and plant life. Coal and coal gas. Combustion. Structure of flame. Cyanogen. Hydrocyanic Acid, Metallic Cyanides.

The Halogens.—Chlorine, Bromine, Iodine, Fluorine. Their compounds with Hydrogen. Chlorides, Bromides and Iodides. Hypochlorites, Hypobromides. Chlorates, Iodates.

Sulphur.—Its oxides. Sulphuric Acid, Sulphurous and Hyposulphurous acids and their salts. Sulphides. Carbon Disulphide.

Phosphorus.—Oxides and oxyacids. Phosphates. Phosphuretted Hydrogen.

Boron and Silicon.—Their oxides. Boric Acid and Borax. Silicic Acid and Dialysis. Glass and Porcelain.

The commoner Metals and Metalloids.—The common compounds of the following, having special regard to such as find application in the subsequent work of the Student—Arsenic, Antimony, Bismuth, Sodium, Potassium, Calcium, Barium, Magnesium, Zinc, Silver, Mercury, Copper, Iron, Aluminium, Chromium, Manganese, Tin, Lead, Platinum.

Special attention will be paid to the general properties and reactions of compounds of medicinal and medico-legal importance and their methods of detection.

PRACTICAL COURSE.

The use of the balance. The preparation of common inorganic substances specially such as are employed in Medicine, and their purification by precipitation, crystallisation or distillation. Performance of experiments involving solution, filtration, oxidation and reduction.

Preparation and study of the principal properties of Hydrogen, Oxygen, Nitric Acid, Ammonia, Carbon Dioxide, Chlorine, Hydrochloric Acid, Sulphur Dioxide and Sulphuretted Hydrogen.

Determination of the composition of water by electrolysis.

Qualitative analysis of a simple salt containing one basic and one inorganic acid radicle.

Detection of common impurities in inorganic substances employed in Medicine such as Chlorine in Hydrochloric Acid, Oxides of Nitrogen in Nitric Acid, Lead in Sulphuric Acid, Arsenic in medicinal salts, Iodine in Potassium Iodide, Mercuric Chloride in Mercurous Chloride, etc.

Volumetric determinations involving simple applications of Alkalimetry and Acidimetry. Estimation of Chlorides by the Thiocyanate and Chromate methods.

ORGANIC CHEMISTRY.

LECTURES.

Methods by which organic compounds are purified and by which their purity and composition are established.

Empirical and molecular formulæ. Determination of molecular weights. Determination of melting and boiling points. Fractional distillation.

The general properties of such of the principal types of organic compounds as are enumerated below :—

Aliphatic compounds.

Paraffins—Methane and Ethane.
Unsaturated hydrocarbons—Ethylene and Acetylene.
Alcohols and their derivatives—Methyl Alcohol, Ethyl Alcohol and Glycerol.
The lower Aldehydes—Formaldehyde and Chloral Hydrate. Ketones, acetone.
Acids—Formic, Acetic, Lactic, Oxalic, Tartaric and Citric.
Ethyl Ether.
Esters, hydrolysis including saponification.
Carbohydrates. The common sugars—Glucose, Lactose, Maltose and Cane-sugar. Starches. Glucosides.
Uric Acid and cyanides.
Urea.

Aromatic or Cyclic series.

Benzene and its simple derivatives.
Phenols—Phenol and Resorcinol.
Benzoic Acid and Salicylic Acid.
The common vegetable Alkaloids.

PRACTICAL COURSE.

Detection of the following elements in organic combination :—

Carbon, Hydrogen, Nitrogen, Sulphur, Phosphorus and Chlorine.
Preparation of a fatty acid from a fat.
Preparation of a salt from an organic base and *vice versâ*.
Recognition of important Alkaloids.

Tests for the following :—

Ethyl alcohol, Acetic Acid, Oxalic Acid, Salicylic Acid, Phenol, Glucose, Cane-sugar and Urea.
Analysis of Urine and Urinary Calculi.

N.B.—The whole subject of Chemistry is to be treated in an elementary way and with special regard to the subsequent work of the Student.

PHYSICS.

LECTURES.

(*a*) *General ideas.*

Units of measurement and definition of mass, force and motion.
Laws of motion.
Velocity and acceleration.
Weight and gravitation.
Work and energy.
General properties of solids, liquids and gases.
Laws of pressure of liquids and gases, measurement of pressure.
The atmospheric pressure. The barometer. Air pump. Syphon.
Equilibrium of floating bodies.
Specific gravity, hydrometer, urinometer and lactometer.
The pendulum.

(*b*) *Heat.*

Laws of expansion of solids, liquids and gases under heat.

Measurement of temperature; thermometer; the clinical thermometer; the maximum and minimum thermometers.

Vapour pressure and its measurement. Boiling point. Dew point Hygrometers.

Formation of Clouds, Rain, Fog, Dew, etc.

Quantity of heat. Specific heat. Changes of State. Latent heat.

Conduction, convention and radiation of heat. Reflection and absorption of heat.

(*c*) *Sound.*

The production and propagation of sound.
Reflection and refraction of sound.
Relation between frequency and pitch.
Vibration of strings. Sonometer.
Vibration of the air columns. Organ pipes.
Human Voice. The Ear.
The Stethoscope.

(*d*) *Light.*

Sources of light.
Propagation of light.
Shadows. Photometers.
Reflection and refraction of light.
Mirrors. Prisms. Lenses. Chromatic dispersion.
Spectrum. Spectroscope. Colours.
The microscope. The telescope. The eye, mechanism, of vision, short and long sight.

(*e*) *Magnetism and Electricity.*

Properties of magnets. Methods of magnetisation.
Simple phenomena of magnetism and magnetic induction.
The earth as a magnet. Mariner's compass.
Electrical attraction and repulsion.
Properties of conductor and non-conductor.
Electrical induction.
Distribution of electrification on conductors.
Capacity and potential.
Simple condensors. Leyden jar.
Electrophorous. Electroscopes.
Frictional machines—Wimshurst machine.
Atmospheric electricity. Lightning conductor.
Voltaic cell.

Electric current.
Batteries.
Galvanometer.
Electromotive force and resistance.
Ohm's law. Volt. Ohm. Ampére.
Heating effect of current.
Elementary phenomena of electrolysis.
Electro-magnets.
Induced currents. The induction coil.
Röntgen Rays.
Medical batteries.

PRACTICAL COURSE.

Length measurements by millimetre rule.
Eye estimation of tenths of a division.
Use of vernier.
Determination of areas and volumes by measurements of linear dimensions.
Specific gravity of solids and liquids.
Use of the hydrometer.
Reading the barometer.
Use of thermometers.
Determination of melting and boiling points.
Humidity determination. Wet and dry bulb thermometer. Daniel's Hygrometer.
Verification of the laws of reflection and refraction of light at plane surfaces.
Focal length of concave mirrors.
Focal length of convex lenses.
Use of microscope.
Use of spectroscope.
Mode of making a simple electro-magnet.
Use of gold leaf electroscope.
Construction of a common battery.
Use of simple galvanometer.
Use of simple induction coil.
Use of magneto-electric machine.

BIOLOGY.

LECTURES AND PRACTICAL COURSE.

An elementary knowledge of the structure and functions of animals and plants. The subject should be treated very simply under the following headings :—

(1) Cells, animal and vegetable. The different kinds of body cells and their arrangement in the tissues. The germ cells, spermatozoon and ovum, pollen and ovules, fertilization, segmentation and development, treated very simply.
(2) Metabolism in a broad sense, to include nutrition, growth, respiration, excretion, secretion and the storing of reserve material.
(3) Irritability, response to outer influence, stimuli, etc. Adaptability, movement, contraction, rhythmic movement. The circulation of fluids.

The subject to be illustrated chiefly by reference to the following types which candidates will be required to dissect and examine microscopically :—

Amœba—Vorticella—Monocystis—Hydra—the earth-worm (Pheretima)—the pond-mussel (Unio)—the prawn (Palæmon)—Frog—Guinea-pig.
Pleurococcus—Spirogyra—Yeast—Mucor—Fern—Pinus—the Maize plant—the Pea plant—Hibiscus (for secondary thickening).

Candidates must be prepared to examine and describe the parts of various flowering plants in simple technical terms. The examination in this part of the subject will be conducted so as to test the candidate's ability to observe carefully and describe with accuracy, rather than his knowledge of botanical terminology and classification.

Syllabuses of the subjects for Study at the Intermediate Examination.

MATERIA MEDICA.

LECTURES.

The systematic course of lectures will deal briefly with the natural history, and the physical and chemical properties of all drugs and medicinal agents mentioned in the British Pharmacopœia and will also include a full account of their pharmacological action upon the chief functions of the body, viz., Circulation, Respiration, Digestion, Absorption, Secretion and Excretion, Metabolism, Heat regulation, Motor, Sensory and Reflex mechanism, and the chemical transformations undergone in the body by the principal medicinal substances. The therapeutic use and modes of administration of the official drugs and medicinal agents will also be included in the lectures.

PRACTICAL COURSE.

A course of instruction in Practical Pharmacy including practical knowledge of the preparation of medicines and of the constituents of the more important compounds of the British Pharmacopœia, as also prescription writing.

PHYSIOLOGY.

LECTURES.

The general Histology of the Animal cell, Epithelial and Connective tissues. Histology and Physiology of the Contractile tissues. Blood and Lymph. The Circulation of the Blood and Lymph. The Innervation and Nutrition of the Heart and the Innervation of the Blood vessels.

The Histology of the organs of Respiration, and the Physiology of Respiration including the chemistry thereof.

The general chemical composition of the body. The Chemistry of Digestion and Nutrition. The Physiology of Absorption. Excretion and Metabolism. Animal Heat. Ductless Glands. Internal secretions. The Structure and Functions of the Central Nervous system, and organs of the special Senses. Reproduction.

PRACTICAL COURSE (INCLUDING THE SCOPE OF THE TEACHING).

(1) *Experimental Physiology.*

A practical knowledge of the working of the more important physiological instruments including a knowledge of the chief experiments illustrating the functions of the organs and tissues of the body and the methods used in recording the results obtained in a graphic manner.

The course shall include—

I.—*Muscle-nerve preparation.*—Result of stimulation of different forms of stimuli—Action of interrupted and constant currents—Tetanus—Muscle Sound—Fatigue—Work done—Influence of Temperature, Load, Drugs. Elasticity and Extensibility of muscle—Electrotonus—Reaction of Degeneration, etc.

II.—*Frog's Heart.*—Graphic record of beat—Stannius' experiment—Gaskell's Clamp—Latent Period of Heart—Action of heat, cold and constant current—Innervation. Endocardiac pressure. Action of Drugs on Frog's Heart, etc.

III.—*Mammalian Heart.*—Its Nutrition.—Perfusion experiments. Cardiac Impulse—Sounds—Cardiograph—Action of Drugs, etc.

IV.—*Blood Vessels.*—Pulse—Spygmographic Tracings. Blood pressure and methods of measuring it. Stromuhr—Kymograph—Manometers, etc.—clinical methods of measuring blood pressure—Plethysmographs, etc.

V.—*Lungs.*—Vital Capacity—Elasticity of Lungs. Pneumograph. Laryngoscope, etc.

VI.—*Reflex action.*—Knee-jerk. Action of Poisons on Nervous system.

VII.—*Eye.*—Accommodation—Phakoscope—Astigmatism and other defects. Phosphenes—Retinal shadows—Perimetry. Colour-vision—Colour Blindness—Contrast. Stereoscope. Ophthalmoscope, etc.

VIII.—*Cutaneous Sensations.*—Cold, Heat, Pressure and Pain-spots—Muscular Sense—Resistance, etc.

IX.—*Taste, Smell, Hearing.*—Stereognostic Sense, etc.

(2) *Normal Histology.*

Methods of preparation of the different tissues of the body for histological purposes :—

(1) Hardening, Embedding, Section-cutting, Staining and Mounting.

(2) Histology of the Blood. Enumeration of red and white blood corpuscles. Differential count of the white blood corpuscles. Crystals of Hæmoglobin.

(3) Recognition of sections of the different tissues of the body.

(3) *Chemical Physiology.*

(1) General chemical reactions and composition of Carbohydrates, Fats, Proteids and allied substances.

(2- Chemical composition of Animal and Vegetable Food-stuffs.

(3) Chemistry of Digestion.—Action of Saliva, Gastric Juice, Succus Entericus and Bacterial Digestion.

(4) The Liver and products of its activity.

(5) The Blood.—Estimation of alkalinity and gases of blood. Coagulation time. Estimation of Hæmoglobin. Spectroscopic examination of blood pigments. Simple methods of detection of blood stains.

(6) Chemistry of Urine.—Testing of Normal and Pathological urine including examination of urinary Sediments. Estimation of Uric acid, Urea, Albumen, Sugar, Chlorides, Phosphates and total Nitrogen. Pigments of urine. Polarimeter.

(7) Chemistry of Gastric Juice. Estimation of acidity. Tests for Hydrochloric acid, Lactic acid, Butyric acid.

(8) Cryoscopy. Osmosis and Osmotic Pressure.

(9) Analysis of gases of expired air.

At the Practical Examination the Student is expected to show his acquaintance with normal histology and with the methods employed for the demonstration of the fundamental physiological processes, as laid down in

the Syllabus and to carry out such chemical manipulations or simple experiments as are comprised therein. Special stress will be laid on such methods as are applicable to man or have bearing on the subsequent work of the Student. He will be expected to show knowledge of the following subjects laid down in the Practical Syllabus :—

I.—*Experimental Physiology.*

The uses of the more important physiological apparatus. Physiological experiments :—

(1) Nerve and Muscle—Single contraction, Tetanus, Excitability, Fatigue, etc. Modifications of contractions under different conditions. (The graphic method to be made use of.)

(2) Experiments on frog's heart.—Stannius' experiment, action of heat and cold. Cardiograph. Action of drugs on heart's beat, etc.

(3) Method of using the common forms of Sphygmographs. Tracings to be made.

(4) Estimation of blood pressure and the use of the common Sphygmomanometers.

(5) Nervous regulation of Respiration. The Stethometer and Pneumograph.

(6) Reflex action.

(7) Experimental Physiology of the Eye. Accommodation, Colour sense. Perimetry, etc.

II.—*Normal Histology.*

A knowledge of preparation of tissues for microscopic examination, fixing, hardening, embedding, section-cutting, staining, clearing, mounting, and recognition of specimens.

Enumeration of red and white blood corpuscles.

III.—*Physiological Chemistry.*

A practical knowledge of the coagulation time and alkalinity of the blood. Estimation of Hæmoglobin of the blood.

Chemical composition of and tests for—

Carbohydrates and Fats, Proteids, principal food-stuffs, Saliva, Products of Peptic and Pancreatic digestion including tests for Hydrochloric acid, lactic acid. Bile. Blood. Milk. Urine.

Quantitative estimation of Albumen, Sugar, Urea and Chlorides in urine.

The use of simple Spectroscope and Saccharimeter.

Syllabuses of the Subjects of Study at the Final Examination.

PATHOLOGY.

LECTURES.

General Pathology.—Health and disease. Aetiology. Heredity and environments. Defects of development. Processes of Infection and Immunity. Disorders of Nutrition and Auto-intoxication. Dropsy. Disorders of the blood and circulation. Processes of inflammation and repair. The process of fever. Degenerations and retrogressive changes. Tumours and

specific granulomata. The more important structural changes produced in the organs and tissues by disease as recognised by the naked eye and microscopical investigations.

Bacteriology.—The Morphology and Biology of the following Micro-organisms :—Pyogenic Cocci, Pneumococcus and Gonococcus; B. Coli Communis; B. Anthracis; B. Diphtheriæ; B. Lepræ; B. Tetani; B. Tuberculosis; B. Typhosus; Vibrio Choleræ Asiatcæ; B. Pestis; Streptothrix Actinomycosis group; B. Dysentericus; M. Melitensis; Diplococcus Intracellularis Meningitidis; B. Influenzæ; Spirillum Obermeieri; Spirochæte of Syphilis; Pathogenic moulds.

Parasitology.—The Morphology and Biology of the following :—Hæmatozoon Malariæ; Amœba coli; Amœba dysenterica; Trypanosomes; Distomum Hepaticum; Distomum Crassum; Ascaris lumbricoides; Oxyuris vermicularis; Trichina Spīralis; Ankylostomum duodenale; Filaria Sanguinis Hominis; Dracunculus Medinensis; Tricocephalus Dispar; Tænia Solium; Tænia Mediocanellata; Tænia Echinococcus; Bothriocephalus latus; Bilharzia hæmatobia; Parasite of Kala-azar; Amphistomum Hominis; Acarus Scabiei; Pediculi.

Practical Course.

Technique of collection and pathological examination of morbid material such as Blood, Gastric and Intestinal contents, Urine, Pus, Sputum and Exudates.

A practical knowledge of the apparatus used for bacteriological work, viz., Hot air Steriliser, Steam Steriliser, and Incubator. Preparation of culture media. Culture and inoculation methods.

Preparation, section-cutting, staining and mounting of pathological tissues, and their microscopical examination with a view to their recognition.

MEDICAL JURISPRUDENCE.

Lectures.

Medical evidence with special reference to Indian Evidence Act. Medico-legal Reports. Dying declaration.

Signs of Death. Post-mortem stains. Rigor Mortis. Cadaveric Spasm. Putrefaction in Air. Putrefaction in Water. Mummification. Formation of Adipocere.

Examination of the Dead Body. Post-mortem Examination in Medico-legal cases.

Age in its Medico-legal relations. Development of the fœtus. Changes after birth. The teeth. Ossification and the Union of Epiphyses.

Identity of the living. Identity of the dead. Sexual characteristics of the skeleton.

Modes of dying. Causes of sudden death.

Toxicology. Diagnosis and general treatment of poisoning. Evidence of poisoning in the dead. Local effects produced by poisons, disease and post-mortem changes. Preservation of viscera for analysis. The detection of poisons by chemical and physiological tests. Toxicology of the following poisons :—Mineral Acids, Corrosive alkalies, Carbolic Acid, Corrrosive sublimate, Oxalic Acid, Salts of Copper, Lead, Antimony, Arsenic and Phosphorus. Cyanogen compounds. Alcohol. Chloroform, Chloral Hydrate. Kerosene oil. Carbon Dioxide, Carbon Monoxide. Sulphuretted Hydrogen. Opium. Strychnine. Aconite. Datura, Belladonna, Cannabis Sativa. Cocaine. Oleandar. Calotropis gigantea. Plumbago Zeylanica. Snake venom. Ptomaines.

Death caused by burns or scalds. Mechanical injuries and wounds. Chemical, Microscopical and Spectroscopical Examination of blood stains and other stains.

Modes of death resulting from Asphyxia. Hanging. Strangulation. Suffocation. Drowning. Resuscitation from drowning.

Death from lightning; from the electric current. Heat-stroke. Death from cold.

Causation, symptoms and post-mortem appearances of Starvation.

Medico-legal questions relating to pregnancy, delivery and abortion, infanticide, criminal offences, legitimacy.

Forms of Insanity. Delusions, illusions, hallucinations. Criminal responsibility. Modes of placing lunatics under restraint. Medical certificates. Lunacy certificates. Examination of Lunatics. Testamentary capacity. Feigned insanity. Placing habitual drunkards and cocaine eaters under restraint.

HYGIENE.

LECTURES.

Air, in relation to Health and Disease.—The causes and sources of the impurities found in air. The diseases conveyed through the air. The quantity of air necessary for health. The principles of Ventilation.

Water, in relation to Health and Disease.—The character and classification of drinking-water. The causes and sources of the impurities found in water and the methods of Purification. The diseases conveyed by water and the methods of dealing with epidemics of such diseases. Water-supply Methods of purification and filtration. Character of good drinking-water.

Food, in relation to Health and Disease.—Dietetics. The common adulteration of the chief articles of Diet. Diseases connected with deficiency or impurity of food-supply.

Soil, in relation to Health and Disease.—The Causes and Sources of the Impurities in the Soil and the Methods of dealing with them. Diseases connected with the Soil. The Method of dealing with Excreta and Sewage.

The Dwelling, in relation to Health and Disease.—The construction of the Dwelling House. with reference to (*a*) the proper access of sunlight and air; (*b*) Methods of natural and artificial ventilation, warming and water-supply; and (*c*) the disposal of refuse and excremental matters. The situa- and soil of the Dwelling House.

Personal Hygiene with special reference to clothing in the Tropics.

The General Principles and Methods of Preventive Inoculation and Disinfection.

The Aetiology and Prevention of Epidemic and Endemic Diseases.

Disposal of the Dead in Hot Climates.

The Climate in the Tropics.

The powers and legal obligations of Medical Practitioners under the Municipal Act, the correct certification of the cause of death.

OPHTHALMIC SURGERY.

Examination of the Eye.—(*a*) Objective. (*b*) Functional.

Diseases of the Conjunctiva, Cornea, Sclerotic, Iris, Ciliary Body, Choroid, Lens, Vitreous, Retina, Optic Nerve, Lids, Lachrymal Organs and Orbit. Congenital Defects. Amblyopia and functional disorders of sight. Glaucoma.

Disturbances of mobility of the Eye. Optical properties of the normal Eye and the theory of Spectacles. Anomalies of Refraction and Accommodation. Operations and their technique. Practical instruction in Ophthalmology and Refraction.

EXAMINATION FOR THE LICENSE.

Syllabuses of the subjects for Study.

CHEMISTRY.

LECTURES.

CHEMICAL and physical changes. Indestructibility of matter. Elements and compounds. Mechanical mixtures. Chemical symbols and formulæ. Laws of chemical combination. Atomic theory. Simple methods of preparation and principal properties of the following :—

Oxygen, Hydrogen, Nitrogen, Carbon, Chlorine, Bromine, Iodine, Fluorine, Sulphur, Phosphorus, Ammonia, Nitrous oxide, Nitric oxide, Nitric peroxide, Nitric acid, Carbon monoxide, Carbon dioxide, Hydrochloric acid, Hydrobromic acid, Hydriodic acid, Hydrofluoric acid, Sulphur dioxide, Sulphuric acid, Sulphuretted hydrogen, Oxides and Sulphides of Arsenic, Boric acid, Hydrocyanic acid.

A study of the following :—Water, Air, Marsh gas. Bases, Acids and Salts.

General properties of the following metals and the preparation and properties of their undermentioned compounds :—

Potassium.—Its Hydroxide, Carbonate, Nitrate, Chlorate, Iodide, Bromide, Permanganate and Cyanide.
Sodium.—Its Hydroxide, Carbonate, Bicarbonate, Chloride, Sulphate.
Calcium.—Its Oxide, Hydroxide, Carbonate and Chloride.
Magnesium.—Its Oxide, Chloride and Sulphate.
Zinc.—Its Oxide, Chloride and Sulphate.
Mercury.—Its Oxides and Chlorides.
Lead.—Its Oxides, Nitrate.
Iron.—Its Oxides, Chlorides and Sulphates.

Preparation and properties of the following organic compounds :—Alcohol, Ether, Choloroform, Chloral Hydrate, Acetic acid, Oxalic acid, Carbolic acid.

A study of the following :—Starch, Dextrin, Cane sugar, Grape sugar, Fermentation, Soaps and Saponification.

Simple qualitative examination of urine and urinary calculus.

N.B.—The whole subject of Chemistry will be treated in an elementary way.

PHYSICS.

LECTURES.

(*a*) *States of matter.*—General properties of solids, liquids and gases.

(*b*) *Hydrostatics.*—Floating bodies, Specific gravity, Hydrometers, Osmosis.

(*c*) *Pneumatics.*—Atmospheric pressure, Barometers, Boyle's Law, Air pumps, Syphon.

(*d*) Heat.—Sources and effects of heat. Temperature. Measurement of temperature. Thermometers, maximum and minimmum thermometers, the clinical thermometer. Radiation, conduction, convection. Latent heat.

(*e*) *Light.*—Sources of light. Reflection, refraction and dispersion of light. Plane and concave mirrors. Simple lenses and prisms. The solar spectrum. The eye as an optical instrument. Long and short sight. The microscope.

(*f*) *Sound.*—Production and propagation of sound. Reflection of sound. Velocity of sound. Musical sounds. Intensity. Pitch and quality. Tuning forks.

(*g*) *Electricity and Magnetism.*—Elementary properties of magnets. Electrification by friction and induction. The electrophorus. Gold leaf electroscope. The Leyden jar. Electric conductors. *Dynamic Electricity.*—

Voltaic cell. Electro-magnet. Simple galvanometer. Induced currents. Medical batteries.

N.B.—The subject of Physics will be treated in an elementary way.

PRACTICAL COURSE IN CHEMISTRY AND PHYSICS.

Use of simple instruments such as :—Syphon, thermometer, barometer, microscope, induction coil, magnets, batteries, burettes, pipettes. Chemical Analysis of urine, tests for sugar, albumen and bile.

MATERIA MEDICA AND PHARMACY.

LECTURES.

1. (*a*) Definition of the various technical terms used in describing the action and preparation of medical agents and drugs.

(*b*) The uses and methods of preparation of the more commonly used official pharmaceutical preparations.

(*c*) Knowledge of apothecary's scales and weights; also the various measures, signs and symbols.

2. The sources, preparations, composition, doses, physiological action, therapeutic uses, and incompatabilities (physical, chemical and physiological) of the more commonly used drugs and their preparations, according to the British Pharmacopœia, and the Indian and Colonial addenda.

PRACTICAL COURSE.

1. Recognition of crude drugs and their more important preparations.
2. Reading and writing of prescriptions in English, labelling and marking doses, and writing of directions, etc.
3. Practical pharmacy and exercises in dispensing.

PHYSIOLOGY.

LECTURES.

I.—*Histology.*—The Animal Cell, Epithelial Tissues, Connective Tissues (Dentine and development of Bone excluded), Muscular tissue, Nervous tissue.

II.—*Contractile Tissues.*—Simple contraction—Tetanus, Fatigue, Principal changes associated with contraction. Differences in function between Voluntary and Involuntary muscles. Rigor mortis.

III.—*Dietetics and Digestive System.*—Food-stuffs—classification of—principles of Dietetics. Structure of the Oesophagus, Stomach, Small and Large Intestines, Salivary glands, Pancreas and Liver. Composition of Saliva and its functions. Composition and functions of Gastric juice, Pancreatic juice, Bile and Succus entericus. Functions of the Large Intestines. Absorption of food-stuffs. Functions of Liver. Mechanism of Deglutition. Peristalsis, Defæcation.

IV.—*Respiratory System.*—Structure of Trachea, Bronchi and Lungs. Mechanism of respiration. Exchange of gases during respiration. Tidal air, Complemental air, Supplemental air, Residual air. Vital capacity. Apnoea. Asphyxia and its stages. Effects of Respiration on Circulation.

V.—*Circulatory System.*—

(*a*) *Blood.*—Composition of—, Red and white corpuscles, varieties of White cells—their functions. Coagulation of blood.

(*b*) *Heart.*—Structure. Innervation. Cardiac cycle. Heart sounds —their character and causation. Heart block.

(*c*) *Blood Vessels.*—Histology of Arteries, Veins, and Capillaries. Mechanism of blood flow. Pulse—its normal characters. Interpretation of pulse tracing. Blood pressure. Vascular tone.

VI.—Lymphatic System.—Structure of Lymphatic Glands and Vessels. Composition of Lymph. Mechanism of Lymph flow.

VII.—*Urinary System.*—Structure and functions of Kidney. Urine—Physical characters and chemical composition. Common abnormal ingredients and their detection. Mechanism of Micturition.

VIII.—*Cutaneous System.*—Structure of Skin. Function of Skin. Sweat glands—their structure. Composition of Sweat.

IX.—*Animal Heat.*—Its regulation in warm-blooded animals.

X.—*The Ductless Glands.*—Structure and functions of Thyroid, Spleen, Supra-renal and Pituitary bodies.

XI.—*Nerves and Central System.*—

(*a*) Classification of Nerves.

(*b*) The Central Nervous system.

(i) *Brain.*—Structure and functions of Cerebral Cortex—Rolandic area. The Cortical centres.

(ii) *The Cerebellum.*—Functions of Cerebellum.

(iii) *The Medulla.*—Vasomotor, Respiratory and Cardiac centres.

(iv) *The Spinal Cord.*—Structure of the Spinal cord. Tracts of ascending and descending degeneration. Functions of the Spinal cord. Spinal Nerve roots.

(*c*) Vasomotor Nerves.

XII.—*Special Senses*—

(*a*) *The Vision.*—Formation of retinal image. Mechanism of Accommodation. Iris—Structure and function. Common Errors of Refraction.

(*b*) *Hearing.*—Anatomy and structure of middle and internal Ear. Conduction of sound waves. Mechanism of hearing.

(*c*) *Taste and Smell.*—Varieties of Papillæ of the Tongue and their structure. Nerves of Taste. Olfactory nerves.

(*d*) *Cutaneous and Motor Sense.*—Varieties of the End organs. Varieties of cutaneous sense. Muscle sense.

XIII.—*Reproductive System.*—The male reproductive organs. The female reproductive organs. Fertilization of the ovum. The Mammary glands.

PRACTICAL COURSE.

(*a*) Identification of histological specimens of Epithelium, Connective tissues, Muscular tissue. Medullated Nerves. Specimens of Spleen, Kidney, Liver, Thyroid, Human blood, Frog's blood, Lung, Stomach.

(*b*) Staining and mounting of sections of tissues mentioned above.

(*c*) Preparation and staining of Blood films. Recognition of Leucocytes.

(*d*) Use of the Hæmoglobinometer and Sphygmograph and Sphygmomanometer.

(*e*) Estimation of Glucose. Tests for Glucose, Albumen, Bile.

GENERAL PATHOLOGY.

LECTURES.

I.—A knowledge of—

(*a*) Processes of inflammation and repair.

(*b*) Process of fever.

(*c*) Processes of infection and immunity (elementary).

(*d*) Disorders of blood and circulation.

(*e*) Disorders of nutrition and auto-intoxication.

(*f*) Degenerations and retrogressive changes.

(*g*) The progressive tissue changes including Neoplasms.

II.—Elementary Bacteriology and Parasitology :—

To embrace the study and morphology of the following :—

Pyogenic Cocci. Bacillus Coli-communis. Bacillus Pestis. Bacillus Tetani. Bacillus Tuberculosis. Vibro Choleræ. Hæmatozoon malariæ. Amœba coli. Parasite of Kala-azar. Ascaris

lumbricoides. Oxyuris vermicularis. Ankylostomum duodenale. Filaria Sanguinis Hominis. Tænia Solium. Acarus scabiei. Pediculi.

III.—*Morbid Anatomy and Histology.*—The more important structural changes produced in organs and tissues by the more common diseases.

PRACTICAL COURSE.

(*a*) Identification of pathological specimens from microscopical sections of the commoner affected organs and tissues.

(*b*) Preparation of blood films.

(*c*) Recognition of malarial parasites.

(*d*) Preparation and staining of sputum for tubercle bacillus.

(*e*) Technique of collection and pathological examination of urine and pus.

MEDICAL JURISPRUDENCE.

LECTURES.

I.—Unnatural and sudden deaths—Giving of medical evidence—medico-legal reports and certificates.

II.—Death—Chief forms of unnatural deaths, accident, suicide, homicide, poisoning. Signs of death. Post-mortem lividity—Rigor mortis—Putrefaction—Mummification. Time elapsed since death. Post-mortem examination in medico-legal cases.

III.—Identity of the living and dead—Age in its medico-legal aspect—The teeth, ossification—union of important epiphyses—Sexual characteristics of the skeleton.

IV.—Wounds and mechanical injuries—Definition and varieties—distinction between ante-and post-mortem, suicidal and homicidal wounds. Results following wounds. Causes of death from wounds. Injuries of special regions. Examination of weapons and identification of materials adherent to weapons.

V.—Deaths from Asphyxia.—Hanging, strangulation, suffocation and drowning.

VI.—Deaths from—Burns, scalds, heat, cold, electric discharge, and starvation.

VII.—Signs of Virginity, Rape and Sodomy.

VIII.—Signs of Pregnancy—Quickening—Period of human gestation—Prolonged gestation—Superfœtation—Viable age—Signs of delivery—recent and remote.

IX.—Criminal abortion and infanticide. Signs of live birth—Signs of death from violence, and criminal neglect or omission.

X.—Poisons.—Actions of. Diagnosis and treatment of cases of common poisoning. Post-mortem appearances in cases of poisoning. Preservation and transmission of viscera for analysis from suspected poisoning cases.

XI.—Toxicology. Mineral acids. Alkaline corrosives. Corrosive sublimate. Carbolic acid. Oxalic acid. Phosphorus. Arsenic and its compounds. Lead. Alcohol. Chloral Hydrate. Carbon Monoxide. Carbon Dioxide. Kerosene Oil. Opium. Cannabis Indica. Datura. Belladonna. Cocaine. Strychnine and Nux Vomica. Aconite. Oleander. Snake poison.

HYGIENE AND VACCINATION.

LECTURES.

I.—*Air.*—Composition of—. Vitiation, and impurities suspended and gaseous—Examination of air—Ventilation, natural and artificial methods—Diseases due to overcrowding.

II.—*Water*—Sources, collection and storage—Uses—Impurities and Origin—Purification, wholesale and domestic—Water-borne diseases.

III.—*Climate and soil.*—Varieties—Rainfall—Sub-soil water—Building sites—Drainage.

IV.—*Food and Diets.*—Classification and varieties of subsistence diets. Diseases due to over-and under-feeding. Preserved and tinned foods—Fermented beverages—Milk and its relation to infectious diseases.

V.—*Personal Hygiene.*—Cleanliness, clothing, exercise, rest and sleep.

VI.—*Conservancy.*—Methods in villages, jails, towns and cities—septic tanks—dry earth latrines—water-closets. Disposal of sewage—Sewage Farms. Disposal of dead.

VII.—*Communicable Diseases and their Prophylaxis.*—Endemic and epidemic—Plague, Cholera, Enteric, Tuberculosis, Malaria, Kala-azar, Elephantiasis, Rabies. Anti-rabic inoculation. Rôle of flies and suctorial insects in spreading diseases. Rôle played by human carriers on spread of disease.

VIII.—*Disinfection.*

IX.—*Small-pox and Vaccination.*—Prevalence, inoculation, dangers of vaccination. Practical details of vaccination and methods of same. Sources of vaccine lymph, preparation of skin, aseptic precautions. Phenomena of successful vaccination.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern section of the Eastern Bengal State Railway, in the district of the 24-Parganas, will be put up for sale at Baruipur Railway station on 4th May 1915, corresponding with the 21st day of Baisakh, 1322 B.S., Tuesday, about 3-30 P.M.

The purchaser of the several plots of land will be subject to the following conditions :—

1st.—The purchaser will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt, by the Collector, of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

PORT COMMISSIONERS' OFFICE, CALCUTTA, *the 16th March 1915.*

(576—4).

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1. Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

(*i*) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait.

(*ii*) The Middle Andaman excepting that portion to the west of Yoljig and south of the main line cleared from the junction of the Chara lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea.

2. Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Pott Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands.

3. Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter ; but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited.

4. The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract.

5. The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound.

6. The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed :—

(*i*) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs.

(*ii*) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second-class logs,
4,000 tons of third-class logs.

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter.

7. In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows :—

Gurjan over 8 ft. in girth, *didu* and *pyinma* over 7½ ft. in girth, and *koko*, black *chuglam*, white *chulgam*, white *bambwe*, red *bambwe*, and *taunggpein* over 6 ft. in girth.

8. The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill.

9. For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled ; but thereafter minima annual royalties will be payable as follows :—

(*i*) for the North Andaman, Rs. 1,00,000 per annum,
(*ii*) for the Middle Andaman, R . 1,00,000 per annum,
(*iii*) in case of a combined license for both islands, Rs. 2,00,000 per annum.

10. Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them.

11. Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands.

12. The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employés and the convict population in the Andamans.

13. Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation.

14. Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair.

15. Such padauk timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State-worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917, shall not exceed 500 tons of squares and 1,000 tons of scantlings. There will be no limit to the quantity of timber other than padauk which may be extracted from the areas under reference, and no restriction as to its disposal.

16. The Inspector-General of Forests, Simla, will answer calls for further information.

17. Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs. 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below.

18. All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender.

19. Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padauk or for other timbers, or to assign any reasons for the refusal or acceptance of any tender.

20. Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid.

L. J. KERSHAW,

Secretary to the Government of India,
Department of Revenue and Agriculture.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

RESOLUTION REVIEWING THE REPORTS ON THE WORKING OF DISTRICT BOARDS IN BENGAL DURING 1913-14.

GENERAL DEPARTMENT.

LOCAL SELF-GOVERNMENT.

CALCUTTA, THE 11TH MARCH 1915.

RESOLUTION—No. 708L.S.-G.

READ—

The Reports from the Commissioners of Divisions on the Working of District Boards in Bengal during the year 1913-14

THE principal event of the year 1913-14 was the surrender of the public works cess to District Boards, whose incomes were thereby increased by more than 29 lakhs of rupees. The equilibrium grants were at the same time withdrawn and certain other grants curtailed; but the total reduction

on this account, amounting to about 6 lakhs of rupees, was more than counterbalanced by the increase in the grant for education. District Boards are, therefore, in enjoyment of the full amount of the public works cess. No conditions were attached to this concession; but, as the assignments could not be made till August, District Boards were unable to make full use of their enhanced resources during the year under review. Their expenditure, it is true, increased by over 20 lakhs, but their income from all sources rose by 35½ lakhs; hence their closing balances, already unduly heavy, became heavier still. The Governor in Council desires once more to impress upon all District and Local Boards the importance of working up to their full incomes, and trusts that they will lose no time in drawing up and carrying through practical schemes for the utilisation of their surplus balances and for the expenditure in full of the additional resources now placed at their disposal.

2. *District Boards.*—The number of meetings held during the year by the 25 District Boards in the Province was 378 as compared with 387 in the previous year. Only six of these proved abortive for want of a quorum and all District Boards met at least once a month. The number of members remained unchanged, but the number of elected members increased by two, the number of nominated members being correspondingly diminished.

3. *Local Boards.*—There was no change in the number of Local Boards. The total number of meetings held was 956, of which 58 failed for want of a quorum. Only 16 Local Boards failed to meet once a month. These figures compare most favourably with those of 1912-13, and show that the improvement noticed in the Resolution on that year's reports has been fully maintained. The Governor in Council observes with satisfaction this steady and continued growth of interest in local affairs.

4. *Elections.*—General elections were held in Midnapore, Hooghly, Howrah and Dacca, and bye-elections in the 24-Parganas, Dacca, Mymensingh, Bakarganj and Rajshahi. Several elections failed owing to an insufficient attendance of voters, and the vacant seats were filled by nomination. In the Dacca district the failure is ascribed mainly to the careful revision of the electoral rolls, which had the effect of raising considerably the number of voters required for a valid election. From enquiries made by Government during the year it has been ascertained that the voters' lists are incomplete in many districts and that the existing rules are hardly suited to present conditions. The whole system of Local Board elections is, therefore, now being examined by Government with a view to a revision of the rules on such lines as will afford adequate facilities for exercising the suffrage.

5. *Powers of District and Local Boards.*—The Bengal Laws Act, I of 1914, came into force with effect from the 14th January 1914. This Act extended the provisions of the Bengal Local Self-Government (Amendment) Act, V of 1908, to the Rajshahi, Dacca and Chittagong Divisions, formerly in Eastern Bengal and Assam. It also empowered all District Boards throughout the Province to establish scholarships for the furtherance of technical or any other special form of education in institutions within the district and, with the sanction of Government, in institutions outside the district. As a result of an application made by the Howrah District Board for permission to contribute towards the relief of sufferers on account of the floods at Burdwan, the provisions of section 99 of Act III of 1885, as amended by Act V of 1908, were extended first to the District Boards in the Burdwan and Presidency Divisions and, after the passing of the Bengal Laws Act, to the District Boards in the Rajshahi, Dacca and Chittagong Divisions. All District Boards in the Province, therefore, are now authorised to incur expenditure for the relief of suffering in times of famine and serious distress. Some Local Boards in the Presidency and Dacca Divisions received increased administrative powers in the management of pounds and ferries, the control of primary education, the maintenance of roads and the improvement of village sanitation.

6. *Union Committees.*—The year was marked by a still further development of Union Committees. Not only was their number increased, but their resources were augmented and the sphere of their usefulness extended; greater interest was in consequence devoted by the members to their work. The number of Union Committees increased by five owing to the establishment of two new committees at Rajbari and Pangsa in Faridpur, and to the subdivision of three committees in Burdwan, the 24-Parganas and Jessore into two each. The average area has now fallen to 9½ square miles and the average population to less than 9,500. The number of members averaged approximately eight and the number of meetings held during the year, seven. No Union Committees have yet been established in the Rajshahi Division, but informal committees under the supervision of the Local Boards were experimentally formed in Rangpur. This experiment proved most successful, and proposals have now been submitted for the formation of Union Committees in Rangpur and Bogra.

The powers of Union Committees in the Dacca, Chittagong and Rajshahi Divisions were enhanced by the extension of the Bengal Local Self-Government Amendment Act, 1908, to Eastern Bengal. The management and control of pounds within their jurisdiction was made over to all Union Committees throughout the Presidency.

The total income of the Union Committees, exclusive of the opening balances, showed an increase of Rs. 27,453, and the expenditure rose by Rs. 26,686. The total closing balance was Rs. 20,354. There was a substantial increase under all heads of receipts. District Boards, as usual, contributed the largest share; but the most gratifying feature of the year's administration was the increase of Rs. 10,921 in the income from local taxation, which was practically quadrupled. This excellent result is due mainly to the efforts of the three committees in the Birbhum district, which between them raised more than half the total income of the Presidency under this head. The Union Committee of Dubrajpur deserves special congratulation; for out of a total net income of Rs. 2,898, only Rs. 100 was contributed by the District Board, and the balance was raised by the committee itself. The District Board of Hooghly increased its grants to all Union Committees and decided to give to each Union Committee that raises local taxation a grant equal to twice the sum so raised *minus* the present sanitation grant. The result has been a quickening of interest throughout the district. In Howrah, the District Board undertook to give Union Committees special additional grants equivalent to the amounts raised by taxation under section 118C of the Act. This effort has not met with much success; for but little has yet been assessed and of that little an appreciable amount has been left uncollected and allowed to become irrecoverable.

The Contai Union Committee incurred an expenditure of Rs. 6,538 and five others spent more than Rs. 2,000. Five committees are shown as having incurred no expenditure, but this is due to the fact that the Muragacha and Poradah Unions in Nadia failed to submit their accounts to the District Board within the year. Of the Union Committees in the Burdwan Division, those in Birbhum are all well managed; others are not so efficient, but most of them are reported to take an interest in matters of sanitation, water-supply and conservancy. The Chairman of the Hooghly District Board, however, reports that there is a regrettable tendency among Union Committees in his district to expend money on the villages to which the members belong and to neglect those that are unrepresented on the committee. The working of the Union Committees in the Presidency Division showed some improvement. The main work entrusted to these committees was the repair of district roads, but the newly-constituted Union at Madrail-Narayanpur in the 24-Parganas is reported to have rendered valuable services during a cholera epidemic, and the Aurangabad and Patkabari Unions in Murshidabad carried out some minor drainage works. In the district of Khulna, in addition to the ordinary grant of Rs. 200, a special grant of Rs. 300 was given to each Union Committee for

the improvement of drains and other sanitary works. The Magistrate-Chairman of the District Board inspected five other Union Committees and was greatly pleased with their work. There are only eleven Union Committees in the Dacca and Chittagong Divisions; they are reported to have utilised to advantage the funds at their disposal. Two Unions, Akhaura and Feni in the Chittagong Division, provide conservancy arrangements.

7. *Financial results.*—The year opened with a credit balance of Rs. 29,71,360 and the total receipts of the District Boards from all sources amounted to Rs. 1,07,30,777. The total expenditure during the year was Rs. 85,82,326. The closing balance reached the large figure of Rs. 51,19,841. Details of receipts and expenditure under the more important heads are given in the following paragraphs :—

8. *Provincial rates* (*Rs. 58,44,685*).—The income under this head was approximately doubled by the surrender of the public works cess to District Boards.

9. *Police.—Pounds* (*Rs. 3,77,772*).—The receipts under this head showed an increase of Rs. 9,765. The number of pounds increased from 4,009 to 4,065, in spite of the fact that 15 pounds in the Jessore district were abolished for want of bidders. The increase in the receipts of the Boards in the Chittagong Division was substantial and is ascribed to better collection. The receipts in the Dacca and Rajshahi Divisions also showed an increase, but those in the Burdwan and Presidency Divisions fell off. The decrease in the former division was small, but that in the latter amounted to nearly Rs. 5,000 and was shared by all the districts. The explanation given for the decrease in Nadia, viz., remission of arrears and poorer realisation of arrears than in the previous year, is far from satisfactory.

10. *Education* (*Rs. 15,82,401*).—The increase of Rs. 4,08,691 was entirely due to increased Government grants for the improvement of primary education.

11. *Medical* (*Rs. 79,212*).—Receipts from private contributions rose from Rs. 14,835 in 1912-13 to Rs. 41,538 in the year under review. The Dacca Division, which in the previous year had contributed only Rs. 700, now heads the list with Rs. 13,485. Burdwan follows with Rs. 13,231 and the Presidency Division, with Rs. 11,576. Donations in Rajshahi rose from Rs. 1,127 to Rs. 2,356. Chittagong was the only division which shows a falling-off. In the Howrah district the increase is in a great measure due to the contribution made by Babu Kedar Nath Banerji of Baltikri for the construction of a charitable dispensary in his native village. In the district of Burdwan the improvement was slight, and it is reported that the response

made by the public to an appeal for subscriptions was disappointing, as few dispensary committees succeeded in realising anything at all.

The Governor in Council welcomes this accession of private liberality and gratefully acknowledges the good offices of all who have contributed towards it. In an unhealthy Province like Bengal, an awakening of the public mind to a true sense of the value of medical aid in the interior is fraught with potentialities for good. His Excellency in Council confidently hopes that the good example set this year will be widely followed in the future and that all who derive benefit from medical institutions will contribute according to their means towards their upkeep and improvement.

12. *Railways* (*Rs. 1,05,669*).—The three light railways guaranteed by District Boards all continued to be a source of profit. The Barasat-Basirhat line was extended to Belgachia. with the result that the District Board's share in the profits increased by more than Rs. 10,000.

13. *Ferries* (*Rs. 4,38,925*).—The income under this head increased by Rs. 19,790, towards which the districts of Mymensingh and Rangpur each contributed about Rs. 4,000. A decrease was recorded in only eight districts. The increase was due to keener competition amongst the bidders for leases, greater care in conducting settlements and better collections. The decrease was the result of the extension of railways and the replacement of some ferries by bridges.

14. *Grants from Provincial Revenues* (*Rs. 22,35,000*).—These grants are distributed under various heads and show a net increase of about Rs. 67,000 in spite of the withdrawal of the equilibrium grants concurrently with the surrender of the public works cess. Educational grants have increased by Rs. 4,20,000 after allowing for the Western Bengal share of the equilibrium grants (Rs. 2,34,000) which used to be shown under this head.

15. *Loans* (*Rs. 1,02,241*).—Two loans of Rs. 62,241 and Rs. 40.000 were received from Government by the District Boards of the 24-Parganas and Jessore, respectively. The former was taken for the completion of the Magrahat Drainage project and the latter for the construction of office buildings.

16. *Expenditure.—Administration* (*Rs. 2,31,458*).—All the divisions showed increased expenditure on account of administration, the total increase being Rs. 13,910. The increase of Rs. 9,439 in the cost of office establishment was mainly due to the payment of periodical increments of pay, of grain compensation allowances to menials and of travelling allowances of members. The Asansol Local Board establishment was increased as a result of the transfer of District Board roads in the Asansol subdivision to the charge of the Local Board. Under "contingencies", increased expenditure was incurred on the purchase of typewriters in the Chittagong Division, on general elections of Local Boards in Dacca and on advertisements for inviting applications for the posts of District Engineer and Assistant District Engineer in Rangpur. The percentage of expenditure for administration charges to the total ordinary income ranged from 1·6 in Chittagong to 3·6 in Faridpur.

17. *Education* (*Rs. 21,58,574*).—The charges on account of education amounted on the average to over 27 per cent. of the District Board expenditure. The increase of Rs. 5,00,654 under this head was almost entirely due to increased expenditure under the sub-heads "maintenance and management of primary schools" and "grants-in-aid" and was met by allotments from the Imperial grants for the improvement of primary education. These allotments were spent mainly on the construction and equipment of primary schools and in giving enhanced stipends to the *gurus* of these schools. The number of village lower primary schools was 25,179, and the expenditure incurred on them formed more than 60 per cent. of the total amount spent on education. The maintenance and management of middle schools cost Rs. 78,425 as against Rs. 68,872 in 1912-13.

A satisfactory feature of the year is the progress made in female education and in the education of Muhammadans.

18. *Special schools and industrial development.*—There was no increase in the number of technical schools maintained by District Boards. The cost of the Midnapore Technical School has not been proportionate to its utility, and the Chairman of the Board has expressed doubts as to the advisability of maintaining it. The Bankura District Board constructed a suitable building for the branch weaving school in that district at a cost of Rs. 3,000, and the Rangpur District Board paid Rs. 4,000 towards the cost of maintenance of the Bayley-Gobindalal Technical School at Rangpur. Technical and special scholarships were awarded by several District Boards to students of the Civil Engineering College, Sibpur, the Weaving School at Serampur, the Veterinary College at Belgachia, the School of Art, Calcutta, the Deaf and Dumb Institution at Calcutta, the Campbell Medical School and a few other institutions. The District Boards of Jessore and Malda each gave a scholarship to female medical students.

The fly-shuttle pattern loom is gaining popularity among the weaving classes. It is now extensively used in the Birbhum district, and it is being gradually introduced in the Arambagh subdivision of Hooghly.

The Sericultural Nursery at Sabong in Midnapore gave a good account of itself during the year. It is reported that local producers of silk are beginning to realise the advantages of scientific rearing.

19. *Medical* (*Rs. 5,31,985*).—The total increase under this head amounted to Rs. 1,44,902, of which Rs. 59,139 was on account of sanitation and Rs. 85,763 for medical charges. All the divisions incurred increased expenditure under both heads. The largest increase in medical expenditure proper was Rs. 50,800 in the Dacca Division, where a contribution of Rs. 25,000 was made by the Mymensingh District Board towards the construction of the proposed new hospital at Mymensingh, and payments were made by the Bakarganj District Board for the improvement of the Perojpur Dispensary and for the settlement of outstanding claims in respect of the new Barisal hospital buildings. In the Presidency and Rajshahi Divisions also there was a noticeable increase in expenditure as the result of liberal grants to dispensaries for furniture and appliances, the establishment of three new dispensaries, and the taking over of the management of two aided dispensaries.

The total number of dispensaries maintained by District Boards increased from 144 to 165, while the number in receipt of aid decreased from 217 to 205. These figures include seven temporary dispensaries maintained during the fever season in Burdwan, but do not include ten temporary dispensaries opened by the Birbhum District Board for the treatment of cholera and fever. In some districts supernumerary doctors were appointed to deal with outbreaks of cholera and other epidemics. The experiment carried out in Mymensingh of subsidising a private practitioner to provide medical attendance to poor patients free and to others at a small charge according to an approved scale did not prove successful. Difficulty was found in discriminating between the two classes, and the doctor subsidised was unwilling to continue the arrangement on the terms offered by the Board.

The value of quinine sold through vendors decreased from Rs. 14,540 to Rs. 12,658 in the Burdwan Division and increased from Rs. 18,173 to Rs. 19,153 in the Presidency Division. No reason has been given for the decrease in the Burdwan Division, and the Commissioner is of opinion that more might be done by the District Boards to combat malaria. The increase in the Presidency Division indicates that the value of quinine is being appreciated in that division, but the falling off in Khulna is a matter for regret. No figures have been given for the other divisions as a whole. Mymensingh spent Rs. 818 on the free distribution of quinine in the Tangail subdivision and other malarious parts of the district, and Faridpur Rs. 1,000 in connection with a malaria epidemic. The District Board of Dacca distributed quinine for sale to collecting panchayats in malarious areas and spent Rs. 427 in order to give the first instalment free, arrangements being made for the recoupment of the stock from sale-proceeds. The Tippera District Board spent a larger amount than in the previous year on the distribution of quinine, and Pabna distributed quinine during a malaria epidemic.

The District Boards of Mymensingh, Bakarganj and Rangpur made contributions to the Pasteur Institute at Kasauli.

The Dacca District Board has decided to utilise its increased funds from the public works cess in establishing and maintaining ten new dispensaries in localities where medical aid is not easily procurable. This is an example that may well be followed by other District Boards. The Governor in Council would be glad to see greater provision made by District Boards for medical relief, more especially in connection with cholera and malaria.

20. *Sanitation* (*Rs. 89,383*).—The expenditure on sanitation showed a marked increase of nearly 200 per cent., viz., from Rs. 30,244 to Rs. 89,383. An amount of Rs. 47,757 was spent in the Burdwan Division alone, and of this the Midnapore District Board was responsible for Rs. 28,681. Ten Boards spent over Rs. 3,000 each, and no Board failed to incur any expenditure, though in some cases more might have been done. The usual sanitary arrangements were carried out at important fairs and *melas*, and a considerable amount of jungle-clearing, tank-excavation and clearance, and drainage work was accomplished. Silted up *khals* were cleared out and insanitary ditches filled in. The bulk of this work of village sanitation was performed by Local Boards and Union Committees. Little progress has been made in the provision of a sanitary inspecting staff. The only addition to the number of sanitary inspectors that has been mentioned in the Divisional Reports was in Khulna, where a new officer of this class was appointed. The appointment of sanitary inspectors forms an integral part of any sound scheme of sanitation, and the Governor in Council trusts that District Boards will realise their responsibilities in this matter. The large increase in expenditure is a very healthy sign of progress, but without some directing agency there is a danger that money will be uselessly frittered away. The value of jungle-cutting as a preventive of malaria has been seriously questioned by experts, and it is certain that no lasting results will be attained by such measures unless they are conducted on scientific principles. The supply of good water is the most pressing need at the present time and deserves the most careful attention of all local bodies.

21. *Veterinary charges* (*Rs. 40,487*).—The total expenditure under this head increased by Rs. 1,417. The largest expenditure (Rs. 3,860) was again incurred in Mymensingh. An additional veterinary assistant was appointed in Mymensingh to relieve the assistant in charge of the veterinary hospital at headquarters of his touring duties, and two assistants were appointed in Chittagong and Tippera for the subdivisions of Cox's Bazar and Brahmanberia. The employment of two more assistants in Bakarganj has been sanctioned by the District Board. In the district of Rajshahi excellent work was done by the itinerant veterinary assistants, whose tours were arranged on a systematic basis and whose services are becoming more and more highly appreciated by the people. In Khulna and the 24-Parganas also the veterinary assistants rendered useful service on the outbreak of rinderpest and other diseases among cattle.

Scholarships tenable at the Belgachia Veterinary College were awarded by several District Boards.

22. *Civil works* (*Rs. 46,65,641*).—There was a general increase in the expenditure on civil works, the total for the Province being Rs. 11.45,256. The explanation for the increase is the transfer of the public works cess to District Boards. The expenditure on "Communications—Original works" increased from Rs. 8,25,838 to Rs. 14,65,895, and on "Communications—Repairs" from Rs. 17,86,013 to Rs. 19,97,571. The mileage of metalled, unmetalled and village roads at the close of the year was 1,845, 13,123 and 14,611, respectively.

The Dacca District Board made an attempt to demarcate old village tracks which are in danger of being entirely obliterated by encroachments. A sum of Rs. 3,625 was spent on this purpose.

The percentage of lapses to allotments greatly increased. For the whole province it amounted to 19·94, and in seven District Boards it exceeded 30.

This increase was mainly due to the difficulty experienced in spending at short notice the large sum available for the first time in 1913-14. The formal transfer of the public works cess could not be effected till August, and although District Boards were aware that their receipts would be largely increased there were practical difficulties in the way of spending the whole amounts after receipt of final orders. These difficulties are not likely to recur, and the Governor in Council trusts that every effort will be made to prevent such lapses in the future.

23. *Water-supply* (*Rs. 3,71,188*).—The expenditure on water-supply increased by Rs. 1,76,345, the increase being made up of Rs. 1,28,310 on account of original works and Rs. 48,035 on account of repairs. The entire amount was spent on the excavation, re-excavation and clearance of tanks, and the sinking of wells. Only three District Boards, Howrah, Noakhali and Pabna, failed to spend the standard minimum of Rs. 5,000. Fair progress has been made in the preparation of water-supply registers and maps, and it is anticipated that this work will be practically completed within the current year. The registers prepared for Dacca were found to be very useful in the selection of villages where tanks and wells were required.

The increase in expenditure under this head is very satisfactory and the District Board of Bogra deserves special congratulations for the energy displayed. In Bakarganj the District Board has decided to spend in future at least Rs. 40,000 a year on the improvement of rural water-supply out of its increased income from the public works cess. If this sum is profitably expended the benefit accruing to the public will be of inestimable value.

24. *Drainage* (*Rs. 17,802*).—The total expenditure under this head decreased by Rs. 1,121. As in the preceding year, the Tippera District Board was the only one that spent any considerable amount on drainage. Nothing was spent in the Burdwan Division, and the expenditure under this head throughout the Province was totally inadequate.

25. *Arboriculture* (*Rs. 33,003*).—The expenditure on arboriculture rose from Rs. 24,282 to Rs. 33,003. All the District Boards incurred something under this head. The largest amounts were incurred in Midnapore (Rs. 6,560) and Mymensingh (Rs. 4,508). In the former district a new nursery was established and trees were planted to fill up gaps on 65 miles of road, while in the latter 674 trees were planted on the Mymensingh-Netrakona road and the existing trees were maintained.

26. *Railways.*—The construction of the Ahmedpur-Katwa Railway has been undertaken by Messrs. McLeod and Company without a guarantee from the District Boards of Burdwan and Birbhum. The detailed survey of the Belda-Contai Railway in Midnapore was completed. The Barasat-Basirhat Railway continued to be a source of profit to the District Board of the 24-Parganas, its share in the proceeds amounting to Rs. 27,932. The extension of this line up to the Belgachia tram terminus has been sanctioned. The construction of a light railway from Kalighat to Fatehpur is under the consideration of Government. The Jessore-Jhenida Light Railway in Jessore was opened during the year. The construction of the Khulna-Bagerhat Railway will shortly be taken up. The Faridpur District Board had under consideration the construction of a railway from Pangsa to Madhukali and Bhusna, and steps were taken by the Bakarganj District Board to investigate the financial aspects of a light railway in the Bhola subdivision. The proposal of the Pabna District Board for a railway from Sadhuganj to Isardi was postponed, as the Sara-Serajganj Railway Company proposes to extend the Sara-Serajganj Railway from Isardi to some place on the Jumna.

27. *Closing balances* (*Rs. 51,19,811*).—The total closing balance of District Boards (excluding deposits) increased from Rs. 21,08,889 to Rs. 38,33,177, or by over 80 per cent. In two District Boards only (Bankura and Bakarganj) was there a decrease; in these districts the balance in deposit was comparatively small, and the decrease in the closing balance was not due to any large increase in the number of uncashed cheques. The largest closing balance was again that of the District Board of the 24-Parganas, but if account be taken of the unexpended Government grant

of two lakhs of rupees for the improvement of the Nawi and Sunthi rivers, the largest balance was held by Midnapore. The value of cheques remaining uncashed on the 31st March 1914 in Midnapore amounted to no less than Rs. 1,70,299.

It may be admitted that conditions were abnormal in the year under report, but, on the other hand, it is noteworthy that the Bakarganj District Board, which disbursed the second largest amount (Rs. 7,13,238), had the smallest proportion of closing balance to total expenditure. The Governor in Council trusts that the remarks made in last year's resolution have not been lost sight of and that District Boards will make every effort to utilise to the full the increased funds at their disposal.

28. The services of the following gentlemen have been favourably reported on by the local officers, and the Governor in Council desires to thank them and all others who have shown an active interest in local self-government :—

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR FEBRUARY 1915.

I. *Character of the season.*—The rainfall during the month was in defect of the normal throughout the province excepting in the Northern Bengal districts. The usual normal rainfall statement is appended.

II. *Progress of agricultural operations.*—Transplanting of *boro* paddy was finished. Preparation of lands for autumn crops was in brisk progress. Harvesting of *rabi* crops and cutting and pressing of sugarcane were continuing.

III. *State of standing crops.*—The standing crops were on the whole doing fairly well.

IV. *Prospects and probable outturn.*—The prospects of the wheat crop were not very good, but those of other *rabi* crops were fairly satisfactory.

V. *Damage to standing crops.*—Damage to the mango blossoms was reported from Malda. Slight injury by insect-pests to the oil-seed crops was also reported from parts of Khulna.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was fair. Cattle-disease was found to be prevalent in 24-Parganas, Nadia, Murshidabad, Khulna, Burdwan, Birbhum, Bankura, Rangpur, Malda, Bogra, Cooch-Behar, Mymensingh, Faridpur, Bakarganj, Chittagong, Tippera and the Chittagong Hill Tracts.

VII. *Failure of pasturage and fodder.*—Fodder was sufficiently available everywhere.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the prices of common rice rose in six districts, fell in eight, and remained stationary in the rest. It varied from 6 seers 12 chitaks per rupee at Rangpur to 10 seers at Burdwan and Chittagong.

IX. *Condition of agricultural people.*—The condition of the agricultural people was reported to be fair.

IRRIGATION DEPARTMENT.

The 16th February 1915.

No. 1.—Notification.—The following draft of rules, which, in exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), and in supersession of the previous notification on the subject, No. 58, dated the 17th February 1885, the Governor in Council intends to make for the lines of navigation known as the Eastern Canal Route and the Outer Boat Routes, as defined in Notification No. 230, dated the 23rd July 1895, and for the navigable channels from Khulna in district Khulna to Magura in district Jessore, as defined in Notification No. 7, dated the 1st September 1914, is published, as required by section 12 of that Act, for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 1st April 1915, and any objection or suggestion which may be received by the undersigned before that date will be duly considered.

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal.

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

The 23rd March 1915.

No. 3.—Notification.—The following draft of the revised rules and rates of tolls, which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for the Calcutta Canals (including the Kristopur Canal) and Tolly's Nala, as defined below, in supersession of the Notifications noted in the margin, is hereby published for the information of persons likely to be affected thereby.

Notification No. 144, dated the 23rd May 1898, and its corrigendum No. 218, dated the 25th July 1898.
Notification No. 210, dated the 3rd November 1896.
Notification No. 20, dated the 18th July 1905.
Notification No. 9, dated the 28th October 1907.
Notification No. 21, dated the 19th July 1910.
Notification No. 6, dated the 29th May 1911.
Notification No. 1, dated the 14th January 1913.
Notification No. 11, dated the 4th November 1913.

2. The draft will be taken into consideration on or after the 6th May 1915, and any objection or suggestion received by the undersigned before that date will be duly considered.

THE CALCUTTA CANALS.

(1) The Circular Canal, comprising the whole of the still-water canal between the Dhappa and Chitpur Locks, together with its junction with the river Hooghly and the Orange Soorah at Dhappa.

(2) The Central Lake Channel from its junction with the Calcutta Canals at the Dhappa Lock to its junction with the Bidyadhari River at Bamanghata.

(3) The Nowbhanga Khal extending northwards for a mile from it junction with the Central Lake Channel below the Dhappa Lock.

(4) The Soorah from its junction with the Central Lake Channel below the Dhappa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhappa Inspector's residence.

(5) The Kristopur Canal extending from a point in the New Cut Canal 1 mile 4,700 feet from Chitpur Lock to a point on the Bhangore Khal at Kantatala, together with the outfall channel, 4,180 feet in length.

TOLLY'S NALA.

7	On *saltees* of 25 maunds and less than 50 maunds by canal measurement entering by Russa Toll-station. Larger *saltees* will be charged at the rate given in Nos. 1, 2 and 3 above.	.....	.....	.....	0 8
8	Minimum toll on all boats, floats or rafts	4 0	0 4	0 4	0 4

9. (*1*) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(*2*) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristopur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristopur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days

for Tolly's Nala between Gurreah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[*Note.*—Open dinghees accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (*1*) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(*2*) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(*3*) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14.— *Additional toll.*—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (*1*) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *viâ* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(*2*) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(*3*) If any boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(*4*) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(*5*) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(*6*) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

CUSTOMS.

Delhi, the 20th March 1915.

No. 2894-W.—In supersession of the Notifications in this Department No. 1683-W., dated the 12th December 1914, 2106-W., dated the 26th December 1914, 491-W. and 492-W., dated the 16th January 1915, 709-W., dated the

23rd January 1915, 1210-W., dated the 6th February 1915 and 1769-W., dated the 13th February 1915, the following Royal Proclamation is published for general information :—

BY THE KING.

A PROCLAMATION

PROHIBITING UNDER SECTION 8 OF "THE CUSTOMS AND INLAND REVENUE ACT, 1879," AND SECTION 1 OF "THE EXPORTATION OF ARMS ACT, 1900," AND SECTION 1 OF "THE CUSTOMS (EXPORTATION PROHIBITION) ACT, 1914," THE EXPORTATION FROM THE UNITED KINGDOM OF WARLIKE STORES.

GEORGE R.I.

WHEREAS by section 8 of "The Customs and Inland Revenue Act, 1879," it is enacted that the exportation of arms, ammunition, and gunpowder, military and naval stores, and any articles which We shall judge capable of being converted into or made useful in increasing the quantity of military or naval stores, provisions, or any sort of victual which may be used as food for man may be prohibited by Proclamation :

And whereas by section 1 of "The Exportation of Arms Act, 1900," it is enacted that We may by Proclamation prohibit the exportation of all or any of the following articles, namely, arms, ammunition, military and naval stores, and any article which We shall judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores, to any country or place therein named whenever We shall judge such prohibition to be expedient in order to prevent such arms, ammunition, military or naval stores, being used against Our subjects or forces or against any forces engaged or which may be engaged in military or naval operations in co-operation with Our forces :

And whereas by section 1 of "The Customs (Exportation Prohibition) Act, 1914," it is enacted that section 8 of the aforesaid Customs and Inland Revenue Act, 1879, shall have effect whilst a state of war in which We are engaged exists as if in addition to the articles therein mentioned there were included all other articles of every description :

And whereas it is further enacted by section 2 of "The Customs (Exportation Prohibition) Act, 1914," that any Proclamation or Order in Council made under section 8, as so amended, of "The Customs and Inland Revenue Act, 1879," may, whilst a state of war exists, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade :

And whereas it is enacted by section 2 of "The Customs (Exportation Restriction) Act, 1914." that any Proclamation made under section 1 of the Exportation of Arms Act, 1900, may, whether the Proclamation was made before or after the passing of the Act now in recital, be varied or added to by an Order made by the Lords of the Council on the recommendation of the Board of Trade :

And whereas a Proclamation, dated the 10th November 1914, and various Orders, dated, respectively, the 20th November, the 5th, the 11th and the 23rd December 1914, and the 4th and the 8th January 1915, prohibiting the exportation of certain articles therein referred to from the United Kingdom to certain or all destinations, have been issued in pursuance of the aforesaid powers :

And whereas it is expedient that the said Proclamation and Orders should be consolidated, with amendments and additions and that such Proclamation and Orders should be revoked :

And whereas the articles, other than arms, ammunition, or military or naval stores hereinafter enumerated are articles which We judge capable of being converted into or made useful in increasing the quantity of arms, ammunition, or military or naval stores :

And whereas, in order to prevent such arms, ammunition, or military or naval stores being used against Our subjects or forces or against any forces engaged or which may be engaged in military or naval operations in co-operation with Our forces, We have deemed it expedient to prohibit the exportation of the articles hereinafter enumerated :

NOW, THEREFORE, We have thought fit by and with the advice of Our Privy Council to issue this Our Royal Proclamation, declaring, and it is hereby declared, that the abovementioned Proclamation and Orders be and the same are hereby revoked :

The following Act of the Governor General of India in Council received the assent of the Governor General on the 17th March 1915, and is hereby promulgated for general information :—

ACT NO. III OF 1915.

An Act to amend the Foreigners Act, 1864.

WHEREAS it is expedient to amend the Foreigners Act, 1864; It is hereby enacted as follows :— III of 1864.

1. This Act may be called the Foreigners (Amendment) Act, 1915. Short title.

2. In section 1 of the Foreigners Act, 1864, for the words "not being either a natural born subject of Her Majesty within the meaning of the Statute 3 and 4 William IV, chapter 85, section 81, or a Native of British India" the following words shall be substituted, namely :— III of 1864. Amendment of section 1 of Act III of 1864.

"(*a*) who is not a natural born British subject as defined in sub-sections (*1*) and (*2*) of section 1 of the British Nationality and Status of Aliens Act, 1914, or 4 and 5 Geo V, c. 17.

(*b*) who has not been granted a certificate of naturalisation as a British subject under any law for the time being in force in British India :

Provided that any British subject who, under any law for the time being in

force in British India, ceases to be a British subject, shall thereupon be deemed to be a foreigner."

I of 1864.

Insertion of new section 3A, Act III of 1864.

3. After section 3 of the Foreigners Act, 1864, the following section shall be inserted, namely :—

Foreigner may be apprehended and detained pending order of removal.

"3A (*1*). Whenever in a Presidency town the Commissioner of Police, or elsewhere the Magistrate of the District, considers that the Local Government should be moved to issue an order under section 3 in respect of any foreigner who is within the limits of such Presidency town or of the jurisdiction of such Magistrate, he may report the case to the Local Government and at the same time issue a warrant for the apprehension of such foreigner.

(*2*) Any officer issuing a warrant under sub-section (*1*) may, in his discretion, direct by endorsement on the warrant that if such foreigner executes a bond with or without sureties for his attendance at a specified place and time, the person to whom the warrant is directed shall take such security and release such foreigner from custody.

(*3*) Any person executing a warrant under sub-section (*1*) may search for and apprehend the foreigner named in such warrant; and, subject to any direction issued under sub-section (*2*), shall forthwith cause such foreigner when apprehended to be produced before the officer issuing the warrant.

(*4*) When a foreigner for whose apprehension a warrant has been issued under sub-section (*1*) is produced or appears before the officer issuing such warrant, such officer may direct him to be detained in custody pending the orders of the Local Government, or may release him on his executing a bond with or without sureties to appear at a specified place and time and thereafter if and when required until such orders are obtained.

(*5*) Any officer who has in accordance with the provisions of sub-section (*4*), ordered a foreigner to be detained or released on his executing a bond shall forthwith report the fact to the Local Government. On the receipt of a report under this sub-section the Local Government shall without delay either direct that the foreigner be discharged or make an order for the removal of such foreigner in accordance with the provisions of section 3.

W. H. VINCENT,
Secy. to the Govt. of India.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 19th March 1915, and is hereby promulgated for general information :—

ACT NO. IV OF 1915.

An Act to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences.

WHEREAS owing to the existing state of war it is expedient to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences; It is hereby enacted as follows :—

Short title, extent and duration.

1. (*1*) This Act may be called the Defence of India (Criminal Law Amendment) Act, 1915.

(*2*) It extends to the whole of British India including British Baluchistan, the Sonthal Parganas and the district of Angul.

(*3*) This section and section 2 shall come into operation at once. The Governor General in Council may, by notification in the Gazette of India direct that the rest of the Act shall come into operation in any province or part thereof on such date as may be specified in such notification.

(*4*) This Act shall be in force during the continuance of the present war and for a period of six months thereafter :

Provided that the expiration of this Act shall not affect the validity of anything done in pursuance of it and any person convicted under this Act may be punished as if it had continued in force, and all prosecutions and other legal proceedings pending under this Act at the time of the expiration thereof may be completed and carried into effect, and the sentences carried into execution as if this Act had not expired.

Power to make rules.

2. (*1*) The Governor General in Council may make rules for the purpose of securing the public safety and the defence of

British India and as to the powers and duties of public servants and other persons in furtherance of that purpose.

In particular and without prejudice to the generality of the foregoing power, rules under this section may be made—

(*a*) to prevent persons communicating with the enemy or obtaining information which may be used for that purpose;

(*b*) to secure the safety of His Majesty's forces and ships and to prevent the prosecution of any purpose likely to jeopardise the success of the operations of His Majesty's forces or the forces of His Allies or to assist the enemy;

(*c*) to prevent the spread of false reports or reports likely to cause disaffection or alarm or to prejudice His Majesty's relations with Foreign Powers or to promote feelings of enmity and hatred between different classes of His Majesty's subjects;

(*d*) to empower any civil or military authority to issue such orders and take such measures as may be necessary to secure the safety of railways, ports, dockyards, telegraphs, post offices, works for the supply of gas, electric light or water, sources of water-supply, all means of communication and any areas which may be notified by such civil or military authority, as areas which it is necessary to safeguard in the public interest;

(*e*) to enable any naval or military authority to take possession of any property, moveable or immoveable, for naval or military purposes, and to issue such orders and do such acts in respect of any property as may be necessary to secure the public safety or the defence of British India or any part thereof;

(*f*) to empower any civil or military authority where, in the opinion of such authority, there are reasonable grounds for suspecting that any person has acted, is acting or is about to act in a manner prejudicial to the public safety, to direct that such person shall not enter, reside or remain in any area specified in writing by such authority, or that such person shall reside and remain in any area so specified, or that he shall conduct himself in such manner or abstain from such acts; or take such order with any property in his possession or under his control, as such authority may direct;

(*g*) to prohibit or regulate the possession of explosives, inflammable substances, arms and all other munitions of war;

(*h*) to prohibit anything likely to prejudice the training or discipline of His Majesty's forces and to prevent any attempt to tamper with the loyalty of persons in the service of His Majesty or to dissuade persons from entering the military or police service of His Majesty;

(*i*) to empower any civil or military authority to enter and search any place if such authority has reason to believe that such place is being used for any purpose prejudicial to the public safety or to the defence of British India and to seize anything found there which he has reason to believe is being used for any such purpose:

(*j*) to provide for the arrest of persons contravening or reasonably suspected of contravening any rule made under this section and prescribing the duties of public servants and other persons in regard to such arrests;

(*k*) to prescribe the duties of public servants and other persons as to preventing any contravention of rules made under this section and to prohibit any attempt to screen persons contravening any such rule from punishment; and

(*l*) otherwise to prevent assistance being given to the enemy or the successful prosecution of the war being endangered.

(*2*) Rules made under this section may provide that any contravention thereof or of any order issued under the authority of any such rule shall be punishable with imprisonment for a term which may extend to seven years, or with fine, or with both, or if the intention of the person so contravening any such rule or order is to assist the

King's enemies or to wage war against the King, may provide that such contravention shall be punishable with death, transportation for life or imprisonment for a term which may extend to ten years, to any of which punishments fine may be added.

(3) All rules made under this section shall be published in the Gazette of India and shall thereupon have effect as if enacted in this Act.

Power of Local Government to direct accused person to be tried by Commissioners

3. (1) The Local Government may by order in writing direct that any person accused of anything which is an offence in virtue of any rule made under section 2, or accused of any offence punishable with death, transportation or imprisonment for a term which may extend to seven years, or of criminal conspiracy to commit, or of abetting, or of attempting to commit or abet any such offence shall be tried by Commissioners appointed under this Act.

(2) Orders under sub-section (1) may be made in respect of all persons accused of any offence referred to in that sub-section, or in respect of any class of person so accused, or in respect of persons or classes of persons accused of any particular offence therein referred to or accused of any class of such offences.

(3) No order under sub-section (1) shall be made in respect of or be deemed to include any person who has been committed under the Code of Criminal Procedure, 1898, for trial before a High Court, or in whose case an order for trial has been made under section 6 of the Indian Criminal Law Amendment Act, 1908, but, save as aforesaid, an order under that sub-section may be made in respect of or may include any person accused of any offence referred to therein whether such offence was committed before or after the commencement of this Act.

Act V of 1898.

XIV of 1908.

Appointment and qualifications of Commissioners.

4. (1) Commissioners for the trial of persons under this Act shall be appointed by the Local Government.

(2) Such Commissioners may be appointed for the whole province or any part thereof or for the trial of any particular accused person or class of accused persons.

(3) All trials under this Act shall be held by three Commissioners, of whom at least two shall be persons who have served as Sessions Judges or Additional Sessions Judges for a period of not less than three years, or are persons qualified under section 2 of the Indian High Courts Act, 1861, for appointment as Judges of a High Court or are advocates of a Chief Court or pleaders of ten years' standing.

24 and 25 Vict., c. 104.

Procedure of Commissioners.

5. (1) Commissioners appointed under this Act may take cognizance of offences without the accused being committed to them for trial, and, in trying accused persons, shall, subject to any rules made by the Local Government in this behalf, follow the Procedure prescribed by the Code of Criminal Procedure, 1898, for the trial of warrant cases by magistrates:

Act V 1898.

Provided that such Commissioners shall make a memorandum only of the substance of the evidence of each witness examined, and shall not be bound to adjourn any trial for any purpose unless such adjournment is in their opinion necessary in the interests of justice.

(2) In the event of any difference of opinion between the Commissioners the opinion of the majority shall prevail.

Powers of Commissioners.

6. (1) The judgment of Commissioners appointed under the Act shall be final and conclusive and such Commissioners may pass upon any person convicted by them any sentence authorised by law for the punishment of the offence of which such person is convicted and no order of confirmation shall be necessary in the case of any sentence passed by them.

(2) If in any trial under this Act it is proved that the accused person has committed any offence whether referred to in section 3 or in any order under that section or not, the Commissioners may convict such accused person of such offence and pass any sentence authorised by law for the punishment thereof.

Application of Criminal Procedure Code subject to modifications to proceedings under this Act.

7. The provisions of the Code of Criminal Procedure, 1898, so far as they are inconsistent with the special procedure prescribed by or under this Act, shall not apply to the proceedings of Commissioners appointed under this Act, but save as otherwise provided, that Code shall apply to such proceedings and the Commissioners shall have all the powers conferred by the Code on a Court of Session exercising original jurisdiction.

Act V of 1898.

Exclusion of interference of other criminal courts.

8. (1) Notwithstanding the provisions of the Code of Criminal Procedure, 1898, or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall be no appeal from any order or sentence of Commissioners appointed under this

Act V of 1898.

Act, and no Court shall have authority to revise any such order or sentence, or to transfer any case from such Commissioners, or to make any order under section 491 of the Code of Criminal Procedure, 1898, or have any jurisdiction of any kind in respect of any proceedings under this Act.

Act V of 1898.

(2) Nothing in sub-section (1) shall be deemed to affect the power of the Governor General in Council or the Local Government to make orders under section 401 or 402 of the Code of Criminal Procedure, 1898, in respect of persons sentenced by Commissioners under this Act.

Act V of 1898.

9. Notwithstanding anything contained in the Indian Evidence Act, 1872, where the statement of any person has been recorded by a Magistrate, such statement may be admitted in evidence in any trial before Commissioners appointed under this Act if such person is dead or cannot be found or is incapable of giving evidence, and the Commissioners are of opinion that such death, disappearance or incapacity has been caused in the interest of the accused.

1 of 1872. Special rule of evidence.

10. The Local Government may, by notification in the local official Gazette, make rules providing for—

Rule-making powers of Local Government.

(*i*) the times and places at which Commissioners appointed under this Act may sit;

(*ii*) the procedure of such Commissioners including the appointment and powers of their President, and the procedure to be adopted in the event of any Commissioner being prevented from attending throughout the trial of any accused person;

(*iii*) the manner in which prosecutions before such Commissioners shall be conducted, and the appointment and powers of persons conducting such prosecutions;

(*iv*) the execution of sentences passed by such Commissioners;

(*v*) the temporary custody or release on bail of persons referred to or included in any order made under sub-section (1) of section 3, and for the transmission of records to the Commissioners; and

(*vi*) any matter which appears to the Local Government to be necessary for carrying into effect the provisions of the Act relating or ancillary to trials before Commissioners.

11. No order under this Act shall be called in question in any Court, and no suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

Savings.

STATEMENT OF OBJECTS AND REASONS.

The existence of a state of war in which His Majesty's Government is engaged has, as in England, demonstrated the necessity of arming the executive with certain special temporary emergency powers requisite to secure the public safety and the defence of British India.

Further since the commencement of the war, there have been outbreaks of lawlessness in certain areas, the prompt punishment of which is essential in the interests of the public security.

The present Bill confers powers on the Governor General in Council to make rules to meet the first object in view, while in those areas to which the special provisions may be extended, it provides for the creation of special tribunals for the more speedy trial of certain classes of offences which may be made over to them.

The Act will be only in force during the continuance of the present war and for a period of six months thereafter.

5. Full marks for each Subject and the minimum pass marks shall be as follows :—

	Written.	Oral.	Practical.	Total.	Minimum pass marks in total.	Minimum pass marks in oral and practical.
Medicine	500	500		1,000	400	200
Surgery	500	500		1,000	400	200
Midwifery	500	500		1,000	400	200
General Pathology	500	500		1,000	400	200
Medical Jurisprudence ...	500	250	...	750	300	100
Hygiene	500	250	...	750	300	100

6. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 40 on each occasion and on producing a certificate from the Head of his College or School that he has since the last Examination received further instruction to the satisfaction of the Head of his Institution in the subject or subjects in which he has failed. provided that (*a*) any Candidate who has failed four times in either part will not be admitted for further Examination, and (*b*) any Candidate who has passed in two subjects in one or both parts shall be exempted from passing in those subjects in any future Examination.

7. As soon as possible, after the Examination, the Governing Body shall publish a list of the successful Candidates in alphabetical order. Every such Candidate shall receive a diploma in the form given in the Appendix.

8. The Courses of Study for the Final Examination of the Membership of the State Medical Faculty are defined in the *Schedule*. For details refer to *Syllabus*.

EXAMINATION FOR A LICENTIATE OF THE STATE MEDICAL FACULTY.

The Primary Examination.

1. The Primary Examination shall be held twice a year, commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged.

The written part of the Examination shall be held from 10 A.M. to 1 P.M.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Primary Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 8 at least 21 days before the date fixed for the commencement of the Examination. He shall also produce certificates as required in the *Schedule*.

3. Every Candidate shall be examined in Chemistry and Physics.

The Examination shall be written, oral and practical. There shall be a written paper for which three hours will be allowed.

4. Full marks for the subject and the minimum pass marks shall be as follows :—

Subject.	Written.	Oral and practical.	Total.	Minimum pass marks in oral and practical.	Minimum pass marks in Total.
Chemistry and Physics.	500	500	1,000	200	335

5. A Candidate who fails to pass or present himself for Examination shall not be entitled to claim a refund of the fee. A Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 8 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject, provided that after four failures he shall not be admitted to further Examination.

6. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix.

7. The Courses of Study for the Primary Examination are defined in the *Schedule*. For details refer to *Syllabus*.

8. Exemptions. (Vide *Schedule*.)

The Intermediate Examination.

1. The Intermediate Examination shall be held twice a year commencing on the 1st Monday in May and 1st Monday in November or as near these dates as can conveniently be arranged. The written part of the Examination shall be held in the following order :—

Date.	10 A.M. to 1 P.M.
Monday	Anatomy.
Tuesday	Physiology.
Wednesday	Materia Medica and Pharmacy.

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Intermediate Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 12 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects :—

(*a*) Anatomy.
(*b*) Physiology.
(*c*) Materia Medica and Pharmacy.

The Examination shall be written, oral and practical. There shall be a written paper in each subject, three hours being allowed for the same.

4. Full marks for each subject and the minimum pass marks shall be as follows :—

Subject.	Written.	Oral and practical.	Total.	Minimum pass marks in oral and practical.	Minimum pass marks in Total.
Anatomy ...	500	500	1,000	200	400
Physiology ...	500	500	1,000	200	400
Materia Medica and Pharmacy.	500	500	1,000	200	400

5. Any Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 12 on each occasion, and on producing a certificate that he has since the date of the last Examination received to the satisfaction of the Head of his College or School further instruction in the subject or subjects in which he has failed, provided that after four failures he shall not be admitted to further examination.

6. A Candidate who fails in one subject only shall on payment of Rs. 8 be permitted to appear in that subject at the next six-monthly Examination only. If he passes he shall be held to have passed the entire Examination. A Candidate failing to pass or appear under this provision shall be required to appear in all the subjects of the Examination.

7. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a certificate in the form entered in the Appendix.

8. The Courses of Study for the Intermediate Examination are defined in the *Schedule*. For details refer to *Syllabus*.

9. Exemptions. (Vide *Schedule*.)

The Final Examination.

1. The Final Examination shall be held twice a year commencing on the 1st Monday in May and the 1st Monday in November or as near these dates as can conveniently be arranged.

The written part of the Examination shall be held in the following order :—

Date.	10 A.M. to 1 P.M.	2 to 5 P.M.
Monday ...	Medicine including Medical Pathology and Therapeutics.	Medical Jurisprudence and Hygiene, including Vaccination.
Tuesday ...	Surgery, including Surgical Pathology and Operative Surgery.	
Wednesday ...	Midwifery and Gynæcology ...	

The Time-table of the Oral and Practical Examination shewing the time and place will be furnished by the Secretary after consultation with the Examiners.

2. Every Candidate for the Final Examination shall apply to the Secretary in the form prescribed by the Governing Body with a fee of Rs. 30 at least 21 days before the date fixed for the commencement of the Examination. He shall also furnish certificates as required in the *Schedule*.

3. Every Candidate shall be examined in the following subjects :—

(*a*) Medicine, including Medical Pathology and Therapeutics.
(*b*) Surgery, including Surgical Pathology and Operative Surgery.
(*c*) Midwifery and Gynæcology.
(*d*) Medical Jurisprudence and Hygiene, including Vaccination.

4. The Examination shall be written, oral and practical. There shall be one written paper in each of the four subjects, for which three hours shall be allowed.

(1) The Examination in Medicine and Therapeutics shall consist of—

(*a*) A written paper,
(*b*) An Oral Examination,
(*c*) A Clinical Examination.

(2) The Examination in Surgery shall consist of—

(*a*) A written paper,
(*b*) An Oral Examination,
(*c*) A Clinical Examination.
(*d*) Minor Operative Surgery.

(3) The Examination in Midwifery and Gynæcology shall consist of—

(*a*) A written paper,
(*b*) An Oral and Practical Examination.

(4) The Examination in Medical Jurisprudence and Hygiene shall consist of—

(*a*) A written paper,
(*b*) An Oral Examination,

5. Full marks for each subject and the minimum pass marks shall be as follows :—

SUBJECT.	Written.	Oral and practical.	Total.	Minimum pass marks in oral and practical.	Minimum pass marks in Total.
Medicine, including Medical Pathology and Therapeutics.	500	500	1,000	200	400
Surgery, including Surgical Pathology and Operative Surgery.	500	500	1,000	200	400
Midwifery and Gynæcology.	500	500	1,000	200	400
Medical Jurisprudence and Hygiene including Vaccination.	500	500	1,000	200	400

6. A Candidate who fails to pass or present himself for the Examination shall not be entitled to claim a refund of the fee. Any Candidate who fails to pass may be admitted to one or more subsequent Examinations on payment of a like fee of Rs. 30 on each occasion, and on producing a certificate that he has since the last Examination received further instruction in the subject or subjects in which he has failed, to the satisfaction of the Head of the Institution.

7. A Candidate who fails in not more than two subjects may appear at any subsequent Examination in the subject or subjects in which he has failed, provided that he has within the previous six months undergone a further

course of instruction in these subjects, to the satisfaction of the Head of his College or School. The fee for re-examination shall be Rs. 10 in each subject.

8. As soon as possible, after the Examination, the Governing Body shall publish a list of successful Candidates arranged in alphabetical order. Every Candidate, on passing, shall receive a diploma in the form entered in the Appendix.

9. The Courses of Study for the Final Examination are defined in the *Schedule*. For details refer to *Syllabus*.

General Rules, including the appointment of Examiners.

1. THE Secretary shall, at such time as the President may determine, send to all members of the Governing Body a circular, requesting them to forward within 14 days the names of persons whom they consider suitable for appointment as Examiners.

2. Such recommendations with any applications from candidates for Examinerships received by the Secretary shall be referred to the Governing Body, who shall consider them at a special meeting convened for this purpose. In appointing Examiners the selection shall not necessarily be limited by these recommendations and applications.

3. There shall be two Examiners in each subject. Of the two Examiners one at least shall be a Professor or Teacher in that subject at a Recognised College or School. The second Examiner shall be selected on the grounds of possessing recent knowledge of the subject. Examiners shall ordinarily and subject to the approval of the Governing Body hold office for two years and shall be eligible for re-appointment only after the expiry of two years from the date of vacating office.

4. The oral, practical and clinical examinations shall be conducted by the two Examiners jointly. The written papers shall consist of two parts set jointly by the Examiners, each Examiner being responsible for reading and marking his own part.

5. Examiners in setting papers and in conducting the oral and practical examinations shall be guided as to the scope of the subject of examination by the Syllabus prescribed by the Governing Body.

6. The papers shall be delivered by the Examiners in person to the Secretary or sent to him in a sealed double cover *on* or *before* a date to be prescribed by the Governing Body. No copy of the questions set shall be retained by the Examiners.

7. Rolls containing the names of the candidates with spaces for the marks awarded and giving the dates on which the rolls have to be submitted will be supplied by the Secretary. Examiners are required to keep the results of the examinations and the marks assigned to Candidates strictly secret.

8. The results of the examination shall be submitted to the Secretary on or before the date fixed by the Governing Body.

9. As soon as possible after the tabulation of the results by the Secretary all the Examiners shall meet and draw up a report on the examination for the consideration of the Governing Body. The President of the State Medical Faculty shall be *ex-officio* President of the Board of Examiners.

10. No candidate shall be declared to have passed unless he has attained the standard laid down in the Rules.

11. As soon as possible after the report of the Examiners has been considered by the Governing Body, the Secretary shall publish a list of successful Candidates in alphabetical order.

12. The Examiners shall not destroy the papers examined by them until 15 days after the results have been published.

RULES FOR THE GUIDANCE AND CONDUCT OF CANDIDATES DURING EXAMINATIONS.

1. The written Examination will commence on and will continue up to . The dates and place of the Oral and Practical Examination will be fixed by the Secretary after consultation with the Examiners.

2. Candidates suffering from any illness or disease which would render their presence in any way prejudicial to the general body of Students under examination will not be allowed into the Examination Hall or will be expelled if found in the Hall.

3. The doors of the Examination Hall shall be opened on the first day half an hour before the Examination takes place and on subsequent days a quarter of an hour before. No Candidate shall be admitted to Examination under any pretext later than half an hour from the commencement of the Examination. Candidates will be required to give up their answer books to the officer superintending the Examination precisely at 1 P.M. and 5 P.M.

4. Candidates before they enter the Examination Hall must leave outside any books, notes or papers they may have with them except the Receipt allowing them to attend the Examination which Candidates must bring with them each day. Candidates must provide their own pen-holders and pens.

5. A seat, with a number corresponding to that on his Receipt will be allotted to each Candidate and a book in which to write his answers will be found on his desk.

6. Candidates must take their seats at least five minutes before the time fixed for giving out the papers which is at 10 A.M. and 2 P.M.

7. Any Candidate detected in helping another or attempting to obtain unfair assistance, will be struck off the list of Candidates. No communication whatever between Candidates, while under examination, will be allowed. Candidates are not permitted to have in their possession, while in the Examination Hall, any book, memorandum, or pocket-book, notes or papers whatso-ever (even if these papers are in no way connected with the subject under examination) except the question paper, the Secretary's receipt and the book provided by the Faculty for writing out the answers, with a sheet of blotting paper. Candidates disregarding this caution are liable to the same penalty as those using unfair means.

8. No Candidate, without the permission of the Presiding officer is to leave his seat or the Examination Room until conclusion of the Examination.

9. Every Candidate will write on the outside of his answer-book, his name, and roll number. He will write on one side of the paper only leaving a quarter margin. Any Candidate attempting to render the identification of his answer paper impossible or difficult by giving a false name and number or by intentionally omitting to state his name and number as required above, will have his name removed from the list of Candidate and shall be reported to the Governing Body for such further action as may be necessary.

10. Any Candidate found guilty of making any objectionable or improper remarks on his answer papers will be reported to the Governing Body for such action as they may deem fit.

11. No Candidate will be allowed to leave the room until an hour has elapsed from the time when the papers are given out.

12. No Candidate will be allowed to re-enter the Examination Room during the hours of Examination after once quitting it or to leave the room without finally giving up his answer papers. In case of urgent necessity, a Candidate may, with the special permission of the Presiding Officer temporarily leave the Examination Room, but during his stay outside he must be under the surveillance of a thoroughly trustworthy person to be deputed by the Presiding Officer for that purpose.

13. A Candidate, having completed his paper, must hand it to the Presiding Officer before leaving the Examination Hall. The answer paper must, on no account be left on the desk.

14. Any Candidate, wishing to ask a question will rise from his seat and remain standing until the Presiding Officer or his representative comes to him, but he will, on no account, leave his seat nor will he be allowed to make any noise to call the attention of the Presiding Officer.

15. Friends and guardians of Candidates will not be allowed to enter the Examination Hall. The entrance of persons, unconnected with the Examination into the Hall is strictly forbidden.

16. Precisely five minutes before the time fixed for giving out the question papers, a warning bell will be rung as a signal for all Candidates to take their seats. After the warning bell has been rung any outsider found loitering in the Hall or, in or near the entrance to the Hall will be expelled.

MEMBERSHIP EXAMINATION.

Syllabuses of the subjects for study at the Preliminary Scientific Examination.

INORGANIC CHEMISTRY.

LECTURES.

CHEMICAL and physical changes. Laws of chemical action. Indestructibility of matter. The balance, weights and measures. Elements and compounds. Classification of the elements. Periodic law. Atoms and molecules. Symbols and formulæ. Valency. Equations. Atomic weights. Molecular weights. Laws of chemical combination. Dalton's Atomic theory. Avogadro's law. Calculation of formulæ from percentage composition and calculations relating to weight and volume.

The principles of gravimetric and volumetric analysis with special reference to their application in the subsequent work of the Student.

Classification of the elements. Acids, bases and salts. Chemical nomenclature and terminology.

Study of the following with special reference to their subsequent application :—

Oxygen.—Oxides. Ozone. Allotropy.

Hydrogen.—Water, its composition by synthesis and analysis. Impurities of water. Hard and soft water. Elements of water analysis. Peroxide of Hydrogen.

Nitrogen.—Atmospheric air. Nitric Acid. Oxides of Nitrogen. Nitrates and Nitrites. Ammonia and Ammonium salts.

Carbon.—Its oxides. Relation of Carbon Dioxide to animal and plant life. Coal and coal gas. Combustion. Structure of flame. Cyanogen. Hydrocyanic Acid, Metallic Cyanides.

The Halogens.—Chlorine, Bromine, Iodine, Fluorine. Their compounds with Hydrogen. Chlorides, Bromides and Iodides. Hypochlorites, Hypobromides. Chlorates, Iodates.

Sulphur.—Its oxides. Sulphuric Acid, Sulphurous and Hyposulphurous acids and their salts. Sulphides. Carbon Disulphide.

Phosphorus.—Oxides and oxyacids. Phosphates. Phosphuretted Hydrogen.

Boron and Silicon.—Their oxides. Boric Acid and Borax. Silicic Acid and Dialysis. Glass and Porcelain.

The commoner Metals and Metalloids.—The common compounds of the following, having special regard to such as find application in the subsequent work of the Student—Arsenic, Antimony, Bismuth, Sodium, Potassium, Calcium, Barium, Magnesium, Zinc, Silver, Mercury, Copper, Iron, Aluminium, Chromium, Manganese, Tin, Lead, Platinum.

Special attention will be paid to the general properties and reactions of compounds of medicinal and medico-legal importance and their methods of detection.

PRACTICAL COURSE.

The use of the balance. The preparation of common inorganic substances specially such as are employed in Medicine, and their purification by precipitation, crystallisation or distillation. Performance of experiments involving solution, filtration, oxidation and reduction.

Preparation and study of the principal properties of Hydrogen, Oxygen, Nitric Acid, Ammonia, Carbon Dioxide, Chlorine, Hydrochloric Acid, Sulphur Dioxide and Sulphuretted Hydrogen.

Determination of the composition of water by electrolysis.

Qualitative analysis of a simple salt containing one basic and one inorganic acid radicle.

Detection of common impurities in inorganic substances employed in Medicine such as Chlorine in Hydrochloric Acid, Oxides of Nitrogen in Nitric Acid, Lead in Sulphuric Acid, Arsenic in medicinal salts, Iodine in Potassium Iodide, Mercuric Chloride in Mercurous Chloride, etc.

Volumetric determinations involving simple applications of Alkalimetry and Acidimetry. Estimation of Chlorides by the Thiocyanate and Chromate methods.

ORGANIC CHEMISTRY.

LECTURES.

Methods by which organic compounds are purified and by which their purity and composition are established.

Empirical and molecular formulæ. Determination of molecular weights. Determination of melting and boiling points. Fractional distillation.

The general properties of such of the principal types of organic compounds as are enumerated below :—

Aliphatic compounds.

Paraffins—Methane and Ethane.
Unsaturated hydrocarbons—Ethylene and Acetylene.
Alcohols and their derivatives—Methyl Alcohol, Ethyl Alcohol and Glycerol.
The lower Aldehydes—Formaldehyde and Chloral Hydrate. Ketones, acetone.
Acids—Formic, Acetic, Lactic, Oxalic, Tartaric and Citric.
Ethyl Ether.
Esters, hydrolysis including saponification.
Carbohydrates. The common sugars—Glucose, Lactose, Maltose and Cane-sugar. Starches. Glucosides.
Uric Acid and cyanides.
Urea.

Aromatic or Cyclic series.

Benzene and its simple derivatives.
Phenols—Phenol and Resorcinol.
Benzoic Acid and Salicylic Acid.
The common vegetable Alkaloids.

PRACTICAL COURSE.

Detection of the following elements in organic combination :—

Carbon, Hydrogen, Nitrogen, Sulphur, Phosphorus and Chlorine.
Preparation of a fatty acid from a fat.
Preparation of a salt from an organic base and *vice versâ*.
Recognition of important Alkaloids.

Tests for the following :—

Ethyl alcohol, Acetic Acid, Oxalic Acid, Salicylic Acid, Phenol, Glucose, Cane-sugar and Urea.
Analysis of Urine and Urinary Calculi.

N.B.—The whole subject of Chemistry is to be treated in an elementary way and with special regard to the subsequent work of the Student.

PHYSICS.

LECTURES.

(*a*) *General ideas.*

Units of measurement and definition of mass, force and motion.
Laws of motion.
Velocity and acceleration.
Weight and gravitation.
Work and energy.
General properties of solids, liquids and gases.
Laws of pressure of liquids and gases, measurement of pressure.
The atmospheric pressure. The barometer. Air pump. Syphon.
Equilibrium of floating bodies.
Specific gravity, hydrometer, urinometer and lactometer.
The pendulum.

(*b*) *Heat.*

Laws of expansion of solids, liquids and gases under heat.

Measurement of temperature; thermometer; the clinical thermometer; the maximum and minimum thermometers.

Vapour pressure and its measurement. Boiling point. Dew point Hygrometers.

Formation of Clouds, Rain, Fog, Dew, etc.

Quantity of heat. Specific heat. Changes of State. Latent heat.

Conduction, convention and radiation of heat. Reflection and absorption of heat.

(*c*) *Sound.*

The production and propagation of sound.
Reflection and refraction of sound.
Relation between frequency and pitch.
Vibration of strings. Sonometer.
Vibration of the air columns. Organ pipes.
Human Voice. The Ear.
The Stethoscope.

(*d*) *Light.*

Sources of light.
Propagation of light.
Shadows. Photometers.
Reflection and refraction of light.
Mirrors. Prisms. Lenses. Chromatic dispersion.
Spectrum. Spectroscope. Colours.
The microscope. The telescope. The eye, mechanism, of vision, short and long sight.

(*e*) *Magnetism and Electricity.*

Properties of magnets. Methods of magnetisation.
Simple phenomena of magnetism and magnetic induction.
The earth as a magnet. Mariner's compass.
Electrical attraction and repulsion.
Properties of conductor and non-conductor.
Electrical induction.
Distribution of electrification on conductors.
Capacity and potential.
Simple condensors. Leyden jar.
Electrophorous. Electroscopes.
Frictional machines—Wimshurst machine.
Atmospheric electricity. Lightning conductor
Voltaic cell.

Electric current.
Batteries.
Galvanometer.
Electromotive force and resistance.
Ohm's law. Volt. Ohm. Ampére.
Heating effect of current.
Elementary phenomena of electrolysis.
Electro-magnets.
Induced currents. The induction coil.
Röntgen Rays.
Medical batteries.

Practical course.

Length measurements by millimetre rule.
Eye estimation of tenths of a division.
Use of vernier.
Determination of areas and volumes by measurements of linear dimensions.
Specific gravity of solids and liquids.
Use of the hydrometer.
Reading the barometer.
Use of thermometers.
Determination of melting and boiling points.
Humidity determination. Wet and dry bulb thermometer. Daniel's Hygrometer.
Verification of the laws of reflection and refraction of light at plane surfaces.
Focal length of concave mirrors.
Focal length of convex lenses.
Use of microscope.
Use of spectroscope.
Mode of making a simple electro-magnet.
Use of gold leaf electroscope.
Construction of a common battery.
Use of simple galvanometer.
Use of simple induction coil.
Use of magneto-electric machine.

BIOLOGY.

Lectures and Practical Course.

An elementary knowledge of the structure and functions of animals and plants. The subject should be treated very simply under the following headings :—

(1) Cells, animal and vegetable. The different kinds of body cells and their arrangement in the tissues. The germ cells, spermatozoon and ovum, pollen and ovules, fertilization, segmentation and development, treated very simply.
(2) Metabolism in a broad sense, to include nutrition, growth, respiration, excretion, secretion and the storing of reserve material.
(3) Irritability, response to outer influence, stimuli, etc. Adaptability, movement, contraction, rhythmic movement. The circulation of fluids.

The subject to be illustrated chiefly by reference to the following types which candidates will be required to dissect and examine microscopically :—

Amœba—Vorticella—Monocystis—Hydra—the earth-worm (Pheretima)—the pond-mussel (Unio)—the prawn (Palæmon)—Frog—Guinea-pig.
Pleurococcus—Spirogyra—Yeast—Mucor—Fern—Pinus—the Maize plant—the Pea plant—Hibiscus (for secondary thickening).

Candidates must be prepared to examine and describe the parts of various flowering plants in simple technical terms. The examination in this part of the subject will be conducted so as to test the candidate's ability to observe carefully and describe with accuracy, rather than his knowledge of botanical terminology and classification.

Syllabuses of the subjects for Study at the Intermediate Examination.

MATERIA MEDICA.

LECTURES.

The systematic course of lectures will deal briefly with the natural history, and the physical and chemical properties of all drugs and medicinal agents mentioned in the British Pharmacopœia and will also include a full account of their pharmacological action upon the chief functions of the body, viz., Circulation, Respiration, Digestion, Absorption, Secretion and Excretion, Metabolism, Heat regulation, Motor, Sensory and Reflex mechanism, and the chemical transformations undergone in the body by the principal medicinal substances. The therapeutic use and modes of administration of the official drugs and medicinal agents will also be included in the lectures.

PRACTICAL COURSE.

A course of instruction in Practical Pharmacy including practical knowledge of the preparation of medicines and of the constituents of the more important compounds of the British Pharmacopœia, as also prescription writing.

PHYSIOLOGY.

LECTURES.

The general Histology of the Animal cell, Epithelial and Connective tissues. Histology and Physiology of the Contractile tissues. Blood and Lymph. The Circulation of the Blood and Lymph. The Innervation and Nutrition of the Heart and the Innervation of the Blood vessels.

The Histology of the organs of Respiration, and the Physiology of Respiration including the chemistry thereof.

The general chemical composition of the body. The Chemistry of Digestion and Nutrition. The Physiology of Absorption. Excretion and Metabolism. Animal Heat. Ductless Glands. Internal secretions. The Structure and Functions of the Central Nervous system, and organs of the special Senses. Reproduction.

PRACTICAL COURSE (INCLUDING THE SCOPE OF THE TEACHING).

(1) *Experimental Physiology.*

A practical knowledge of the working of the more important physiological instruments including a knowledge of the chief experiments illustrating the functions of the organs and tissues of the body and the methods used in recording the results obtained in a graphic manner.

The course shall include—

I.—*Muscle-nerve preparation.*—Result of stimulation of different forms of stimuli—Action of interrupted and constant currents—Tetanus—Muscle Sound—Fatigue—Work done—Influence of Temperature, Load, Drugs. Elasticity and Extensibility of muscle—Electrotonus—Reaction of Degeneration, etc.

II.—*Frog's Heart.*—Graphic record of beat—Stannius' experiment—Gaskell's Clamp—Latent Period of Heart—Action of heat, cold and constant current—Innervation. Endocardiac pressure. Action of Drugs on Frog's Heart, etc.

III.—*Mammalian Heart.*—Its Nutrition.—Perfusion experiments. Cardiac Impulse—Sounds—Cardiograph—Action of Drugs, etc.

IV.—*Blood Vessels.*—Pulse—Spygmographic Tracings. Blood pressure and methods of measuring it. Stromuhr—Kymograph—Manometers, etc.—clinical methods of measuring blood pressure—Plethysmographs, etc.

V.—*Lungs.*—Vital Capacity—Elasticity of Lungs. Pneumograph. Laryngoscope, etc.

VI.—*Reflex action.*—Knee-jerk. Action of Poisons on Nervous system.

VII.—*Eye.*—Accommodation—Phakoscope—Astigmatism and other defects. Phosphenes—Retinal shadows—Perimetry. Colour-vision—Colour Blindness—Contrast. Stereoscope. Ophthalmoscope, etc.

VIII.—*Cutaneous Sensations.*—Cold, Heat, Pressure and Pain-spots—Muscular Sense—Resistance, etc.

IX.—*Taste, Smell, Hearing.*—Stereognostic Sense, etc.

(2) *Normal Histology.*

Methods of preparation of the different tissues of the body for histological purposes :—

(1) Hardening, Embedding, Section-cutting, Staining and Mounting.
(2) Histology of the Blood. Enumeration of red and white blood corpuscles. Differential count of the white blood corpuscles. Crystals of Hæmoglobin.
(3) Recognition of sections of the different tissues of the body.

(3) *Chemical Physiology.*

(1) General chemical reactions and composition of Carbohydrates, Fats, Proteids and allied substances.

(2- Chemical composition of Animal and Vegetable Food-stuffs.

(3) Chemistry of Digestion.—Action of Saliva, Gastric Juice, Succus Entericus and Bacterial Digestion.

(4) The Liver and products of its activity.

(5) The Blood.—Estimation of alkalinity and gases of blood. Coagulation time. Estimation of Hæmoglobin. Spectroscopic examination of blood pigments. Simple methods of detection of blood stains.

(6) Chemistry of Urine.—Testing of Normal and Pathological urine including examination of urinary Sediments. Estimation of Uric acid, Urea, Albumen, Sugar, Chlorides, Phosphates and total Nitrogen. Pigments of urine. Polarimeter.

(7) Chemistry of Gastric Juice. Estimation of acidity. Tests for Hydrochloric acid, Lactic acid, Butyric acid.

(8) Cryoscopy. Osmosis and Osmotic Pressure.

(9) Analysis of gases of expired air.

At the Practical Examination the Student is expected to show his acquaintance with normal histology and with the methods employed for the demonstration of the fundamental physiological processes, as laid down in

the Syllabus and to carry out such chemical manipulations or simple experiments as are comprised therein. Special stress will be laid on such methods as are applicable to man or have bearing on the subsequent work of the Student. He will be expected to show knowledge of the following subjects laid down in the Practical Syllabus :—

I.—*Experimental Physiology.*

The uses of the more important physiological apparatus. Physiological experiments :—

(1) Nerve and Muscle—Single contraction, Tetanus, Excitability, Fatigue, etc. Modifications of contractions under different conditions. (The graphic method to be made use of.)

(2) Experiments on frog's heart.—Stannius' experiment, action of heat and cold. Cardiograph. Action of drugs on heart's beat, etc.

(3) Method of using the common forms of Sphygmographs. Tracings to be made.

(4) Estimation of blood pressure and the use of the common Sphygmomanometers.

(5) Nervous regulation of Respiration. The Stethometer and Pneumograph.

(6) Reflex action.

(7) Experimental Physiology of the Eye. Accommodation, Colour sense. Perimetry, etc.

II.—*Normal Histology.*

A knowledge of preparation of tissues for microscopic examination, fixing, hardening, embedding, section-cutting, staining, clearing, mounting, and recognition of specimens.

Enumeration of red and white blood corpuscles.

III.—*Physiological Chemistry.*

A practical knowledge of the coagulation time and alkalinity of the blood. Estimation of Hæmoglobin of the blood.

Chemical composition of and tests for—

Carbohydrates and Fats, Proteids, principal food-stuffs, Saliva, Products of Peptic and Pancreatic digestion including tests for Hydrochloric acid, lactic acid. Bile. Blood. Milk. Urine.

Quantitative estimation of Albumen, Sugar, Urea and Chlorides in urine.

The use of simple Spectroscope and Saccharimeter.

Syllabuses of the Subjects of Study at the Final Examination.

PATHOLOGY.

LECTURES.

General Pathology.—Health and disease. Aetiology. Heredity and environments. Defects of development. Processes of Infection and Immunity. Disorders of Nutrition and Auto-intoxication. Dropsy. Disorders of the blood and circulation. Processes of inflammation and repair. The process of fever. Degenerations and retrogressive changes. Tumours and

specific granulomata. The more important structural changes produced in the organs and tissues by disease as recognised by the naked eye and microscopical investigations.

Bacteriology.—The Morphology and Biology of the following Micro-organisms :—Pyogenic Cocci, Pneumococcus and Gonococcus; B. Coli Communis; B. Anthracis; B. Diphtheriæ; B. Lepræ; B. Tetani; B. Tuberculosis; B. Typhosus; Vibrio Choleræ Asiatcæ; B. Pestis; Streptothrix Actinomycosis group; B. Dysentericus; M. Melitensis; Diplococcus Intracellularis Meningitidis; B. Influenzæ; Spirillum Obermeieri; Spirochæte of Syphilis; Pathogenic moulds.

Parasitology.—The Morphology and Biology of the following :—Hæmatozoon Malariæ; Amœba coli; Amœba dysenterica; Trypanosomes; Distomum Hepaticum; Distomum Crassum; Ascaris lumbricoides; Oxyuris vermicularis; Trichina Spiralis; Ankylostomum duodenale; Filaria Sanguinis Hominis; Dracunculus Medinensis; Tricocephalus Dispar; Tænia Solium; Tænia Mediocanellata; Tænia Echinococcus; Bothriocephalus latus; Bilharzia hæmatobia; Parasite of Kala-azar; Amphistomum Hominis; Acarus Scabiei; Pediculi.

Practical Course.

Technique of collection and pathological examination of morbid material such as Blood, Gastric and Intestinal contents, Urine, Pus, Sputum and Exudates.

A practical knowledge of the apparatus used for bacteriological work, viz., Hot air Steriliser, Steam Steriliser, and Incubator. Preparation of culture media. Culture and inoculation methods.

Preparation, section-cutting, staining and mounting of pathological tissues, and their microscopical examination with a view to their recognition.

MEDICAL JURISPRUDENCE.

Lectures.

Medical evidence with special reference to Indian Evidence Act. Medico-legal Reports. Dying declaration.

Signs of Death. Post-mortem stains. Rigor Mortis. Cadaveric Spasm. Putrefaction in Air. Putrefaction in Water. Mummification. Formation of Adipocere.

Examination of the Dead Body. Post-mortem Examination in Medico-legal cases.

Age in its Medico-legal relations. Development of the fœtus. Changes after birth. The teeth. Ossification and the Union of Epiphyses.

Identity of the living. Identity of the dead. Sexual characteristics of the skeleton.

Modes of dying. Causes of sudden death.

Toxicology. Diagnosis and general treatment of poisoning. Evidence of poisoning in the dead. Local effects produced by poisons, disease and post-mortem changes. Preservation of viscera for analysis. The detection of poisons by chemical and physiological tests. Toxicology of the following poisons :—Mineral Acids, Corrosive alkalies, Carbolic Acid, Corrrosive sublimate, Oxalic Acid, Salts of Copper, Lead, Antimony, Arsenic and Phosphorus. Cyanogen compounds. Alcohol. Chloroform, Chloral Hydrate. Kerosene oil. Carbon Dioxide, Carbon Monoxide. Sulphuretted Hydrogen. Opium. Strychnine. Aconite. Datura, Belladonna, Cannabis Sativa. Cocaine. Oleandar. Calotropis gigantea. Plumbago Zeylanica. Snake venom. Ptomaines.

Death caused by burns or scalds. Mechanical injuries and wounds. Chemical, Microscopical and Spectroscopical Examination of blood stains and other stains.

Modes of death resulting from Asphyxia. Hanging. Strangulation. Suffocation. Drowning. Resuscitation from drowning.

Death from lightning; from the electric current. Heat-stroke. Death from cold.

Causation, symptoms and post-mortem appearances of Starvation.

Medico-legal questions relating to pregnancy, delivery and abortion, infanticide, criminal offences, legitimacy.

Forms of Insanity. Delusions, illusions, hallucinations. Criminal responsibility. Modes of placing lunatics under restraint. Medical certificates. Lunacy certificates. Examination of Lunatics. Testamentary capacity. Feigned insanity. Placing habitual drunkards and cocaine eaters under restraint.

HYGIENE.

LECTURES.

Air, in relation to Health and Disease.—The causes and sources of the impurities found in air. The diseases conveyed through the air. The quantity of air necessary for health. The principles of Ventilation.

Water, in relation to Health and Disease.—The character and classification of drinking-water. The causes and sources of the impurities found in water and the methods of Purification. The diseases conveyed by water and the methods of dealing with epidemics of such diseases. Water-supply Methods of purification and filtration. Character of good drinking-water.

Food, in relation to Health and Disease.—Dietetics. The common adulteration of the chief articles of Diet. Diseases connected with deficiency or impurity of food-supply.

Soil, in relation to Health and Disease.—The Causes and Sources of the Impurities in the Soil and the Methods of dealing with them. Diseases connected with the Soil. The Method of dealing with Excreta and Sewage.

The Dwelling, in relation to Health and Disease.—The construction of the Dwelling House, with reference to (*a*) the proper access of sunlight and air; (*b*) Methods of natural and artificial ventilation, warming and water-supply; and (*c*) the disposal of refuse and excremental matters. The situa- and soil of the Dwelling House.

Personal Hygiene with special reference to clothing in the Tropics.

The General Principles and Methods of Preventive Inoculation and Disinfection.

The Aetiology and Prevention of Epidemic and Endemic Diseases.

Disposal of the Dead in Hot Climates.

The Climate in the Tropics.

The powers and legal obligations of Medical Practitioners under the Municipal Act, the correct certification of the cause of death.

OPHTHALMIC SURGERY.

Examination of the Eye.—(*a*) Objective. (*b*) Functional.

Diseases of the Conjunctiva, Cornea, Sclerotic, Iris, Ciliary Body, Choroid, Lens, Vitreous, Retina, Optic Nerve, Lids, Lachrymal Organs and Orbit. Congenital Defects. Amblyopia and functional disorders of sight. Glaucoma.

Disturbances of mobility of the Eye. Optical properties of the normal Eye and the theory of Spectacles. Anomalies of Refraction and Accommodation. Operations and their technique. Practical instruction in Ophthalmology and Refraction.

EXAMINATION FOR THE LICENSE.

Syllabuses of the subjects for Study.

CHEMISTRY.

LECTURES.

CHEMICAL and physical changes. Indestructibility of matter. Elements and compounds. Mechanical mixtures. Chemical symbols and formulæ. Laws of chemical combination. Atomic theory. Simple methods of preparation and principal properties of the following :—

Oxygen, Hydrogen, Nitrogen, Carbon, Chlorine, Bromine, Iodine, Fluorine, Sulphur, Phosphorus, Ammonia, Nitrous oxide, Nitric oxide, Nitric peroxide, Nitric acid, Carbon monoxide, Carbon dioxide, Hydrochloric acid, Hydrobromic acid, Hydriodic acid, Hydrofluoric acid, Sulphur dioxide, Sulphuric acid, Sulphuretted hydrogen, Oxides and Sulphides of Arsenic, Boric acid, Hydrocyanic acid.

A study of the following :—Water, Air, Marsh gas. Bases, Acids and Salts.

General properties of the following metals and the preparation and properties of their undermentioned compounds :—

Potassium.—Its Hydroxide, Carbonate, Nitrate, Chlorate, Iodide, Bromide, Permanganate and Cyanide.
Sodium.—Its Hydroxide, Carbonate, Bicarbonate, Chloride, Sulphate.
Calcium.—Its Oxide, Hydroxide, Carbonate and Chloride.
Magnesium.—Its Oxide, Chloride and Sulphate.
Zinc.—Its Oxide, Chloride and Sulphate.
Mercury.—Its Oxides and Chlorides.
Lead.—Its Oxides, Nitrate.
Iron.—Its Oxides, Chlorides and Sulphates.

Preparation and properties of the following organic compounds :—Alcohol, Ether, Choloroform, Chloral Hydrate, Acetic acid, Oxalic acid, Carbolic acid.

A study of the following :—Starch, Dextrin, Cane sugar, Grape sugar, Fermentation, Soaps and Saponification.

Simple qualitative examination of urine and urinary calculus.

N.B.—The whole subject of Chemistry will be treated in an elementary way.

PHYSICS.

LECTURES.

(*a*) *States of matter.*—General properties of solids, liquids and gases.

(*b*) *Hydrostatics.*—Floating bodies, Specific gravity, Hydrometers, Osmosis.

(*c*) *Pneumatics.*—Atmospheric pressure, Barometers, Boyle's Law, Air pumps, Syphon.

(*d*) Heat.—Sources and effects of heat. Temperature. Measurement of temperature. Thermometers, maximum and minimmum thermometers, the clinical thermometer. Radiation, conduction, convection. Latent heat.

(*e*) *Light.*—Sources of light. Reflection, refraction and dispersion of light. Plane and concave mirrors. Simple lenses and prisms. The solar spectrum. The eye as an optical instrument. Long and short sight. The microscope.

(*f*) *Sound.*—Production and propagation of sound. Reflection of sound. Velocity of sound. Musical sounds. Intensity. Pitch and quality. Tuning forks.

(*g*) *Electricity and Magnetism.*—Elementary properties of magnets, Electrification by friction and induction. The electrophorus. Gold leaf electroscope. The Leyden jar. Electric conductors. *Dynamic Electricity*—

Voltaic cell. Electro-magnet. Simple galvanometer. Induced currents. Medical batteries.

N.B.—The subject of Physics will be treated in an elementary way.

PRACTICAL COURSE IN CHEMISTRY AND PHYSICS.

Use of simple instruments such as :—Syphon, thermometer, barometer, microscope, induction coil, magnets, batteries, burettes, pipettes. Chemical Analysis of urine, tests for sugar, albumen and bile.

MATERIA MEDICA AND PHARMACY.

LECTURES.

1. (*a*) Definition of the various technical terms used in describing the action and preparation of medical agents and drugs.

(*b*) The uses and methods of preparation of the more commonly used official pharmaceutical preparations.

(*c*) Knowledge of apothecary's scales and weights; also the various measures, signs and symbols.

2. The sources, preparations, composition, doses, physiological action, therapeutic uses, and incompatabilities (physical, chemical and physiological) of the more commonly used drugs and their preparations, according to the British Pharmacopœia, and the Indian and Colonial addenda.

PRACTICAL COURSE.

1. Recognition of crude drugs and their more important preparations.
2. Reading and writing of prescriptions in English, labelling and marking doses, and writing of directions, etc.
3. Practical pharmacy and exercises in dispensing.

PHYSIOLOGY.

LECTURES.

I.—*Histology.*—The Animal Cell, Epithelial Tissues, Connective Tissue (Dentine and development of Bone excluded), Muscular tissue, Nervous tissue.

II.—*Contractile Tissues.*—Simple contraction—Tetanus, Fatigue. Principal changes associated with contraction. Differences in function between Voluntary and Involuntary muscles. Rigor mortis.

III.—*Dietetics and Digestive System.*—Food-stuffs—classification of—principles of Dietetics. Structure of the Oesophagus, Stomach, Small and Large Intestines, Salivary glands, Pancreas and Liver. Composition of Saliva and its functions. Composition and functions of Gastric juice, Pancreatic juice, Bile and Succus entericus. Functions of the Large Intestines. Absorption of food-stuffs. Functions of Liver. Mechanism of Deglutition. Peristalsis, Defæcation.

IV.—*Respiratory System.*—Structure of Trachea, Bronchi and Lungs. Mechanism of respiration. Exchange of gases during respiration. Tidal air, Complemental air, Supplemental air, Residual air. Vital capacity. Apnoea. Asphyxia and its stages. Effects of Respiration on Circulation.

V.—*Circulatory System.*—

(*a*) *Blood.*—Composition of—, Red and white corpuscles, varieties of White cells—their functions. Coagulation of blood.

(*b*) *Heart.*—Structure. Innervation. Cardiac cycle. Heart sounds —their character and causation. Heart block.

(*c*) *Blood Vessels.*—Histology of Arteries, Veins, and Capillaries. Mechanism of blood flow. Pulse—its normal characters. Interpretation of pulse tracing. Blood pressure. Vascular tone.

VI.—Lymphatic System.—Structure of Lymphatic Glands and Vessels. Composition of Lymph. Mechanism of Lymph flow.

VII.—*Urinary System.*—Structure and functions of Kidney. Urine—Physical characters and chemical composition. Common abnormal ingredients and their detection. Mechanism of Micturition.

VIII.—*Cutaneous System.*—Structure of Skin. Function of Skin. Sweat-glands—their structure. Composition of Sweat.

IX.—*Animal Heat.*—Its regulation in warm-blooded animals.

X.—*The Ductless Glands.*—Structure and functions of Thyroid, Spleen, Supra-renal and Pituitary bodies.

XI.—*Nerves and Central System.*—

(*a*) Classification of Nerves.

(*b*) The Central Nervous system.

(i) *Brain.*—Structure and functions of Cerebral Cortex—Rolandic area. The Cortical centres.

(ii) *The Cerebellum.*—Functions of Cerebellum.

(iii) *The Medulla.*—Vasomotor, Respiratory and Cardiac centres.

(iv) *The Spinal Cord.*—Structure of the Spinal cord. Tracts of ascending and descending degeneration. Functions of the Spinal cord. Spinal Nerve roots.

(*c*) Vasomotor Nerves.

XII.—*Special Senses*—

(*a*) *The Vision.*—Formation of retinal image. Mechanism of Accommodation. Iris—Structure and function. Common Errors of Refraction.

(*b*) *Hearing.*—Anatomy and structure of middle and internal Ear. Conduction of sound waves. Mechanism of hearing.

(*c*) *Taste and Smell.*—Varieties of Papillæ of the Tongue and their structure. Nerves of Taste. Olfactory nerves.

(*d*) *Cutaneous and Motor Sense.*—Varieties of the End organs. Varieties of cutaneous sense. Muscle sense.

XIII.—*Reproductive System.*—The male reproductive organs. The female reproductive organs. Fertilization of the ovum. The Mammary glands.

PRACTICAL COURSE.

(*a*) Identification of histological specimens of Epithelium, Connective tissues, Muscular tissue. Medullated Nerves. Specimens of Spleen, Kidney, Liver, Thyroid, Human blood, Frog's blood, Lung, Stomach.

(*b*) Staining and mounting of sections of tissues mentioned above.

(*c*) Preparation and staining of Blood films. Recognition of Leucocytes.

(*d*) Use of the Hæmoglobinometer and Sphygmograph and Sphygmomanometer.

(*e*) Estimation of Glucose. Tests for Glucose, Albumen, Bile.

GENERAL PATHOLOGY.

LECTURES.

I.—A knowledge of—

(*a*) Processes of inflammation and repair.

(*b*) Process of fever.

(*c*) Processes of infection and immunity (elementary).

(*d*) Disorders of blood and circulation.

(*e*) Disorders of nutrition and auto-intoxication.

(*f*) Degenerations and retrogressive changes.

(*g*) The progressive tissue changes including Neoplasms.

II.—Elementary Bacteriology and Parasitology :—

To embrace the study and morphology of the following :—

Pyogenic Cocci. Bacillus Coli-communis. Bacillus Pestis. Bacillus Tetani. Bacillus Tuberculosis. Vibro Choleræ. Hæmatozoon malariæ. Amœba coli. Parasite of Kala-azar. Ascaris

lumbricoides. Oxyuris vermicularis. Ankylostomum duodenale. Filaria Sanguinis Hominis. Tænia Solium. Acarus scabiei. Pediculi.

III.—*Morbid Anatomy and Histology.*—The more important structural changes produced in organs and tissues by the more common diseases.

PRACTICAL COURSE.

(*a*) Identification of pathological specimens from microscopical sections of the commoner affected organs and tissues.
(*b*) Preparation of blood films.
(*c*) Recognition of malarial parasites.
(*d*) Preparation and staining of sputum for tubercle bacillus.
(*e*) Technique of collection and pathological examination of urine and pus.

MEDICAL JURISPRUDENCE.

LECTURES.

I.—Unnatural and sudden deaths—Giving of medical evidence—medico-legal reports and certificates.
II.—Death—Chief forms of unnatural deaths, accident, suicide, homicide, poisoning. Signs of death. Post-mortem lividity—Rigor mortis—Putrefaction—Mummification. Time elapsed since death. Post-mortem examination in medico-legal cases.
III.—Identity of the living and dead—Age in its medico-legal aspect—The teeth, ossification—union of important epiphyses—Sexual characteristics of the skeleton.
IV.—Wounds and mechanical injuries—Definition and varieties—distinction between ante-and post-mortem, suicidal and homicidal wounds. Results following wounds. Causes of death from wounds. Injuries of special regions. Examination of weapons and identification of materials adherent to weapons.
V.—Deaths from Asphyxia.—Hanging, strangulation, suffocation and drowning.
VI.—Deaths from—Burns, scalds, heat, cold, electric discharge, and starvation.
VII.—Signs of Virginity, Rape and Sodomy.
VIII.—Signs of Pregnancy—Quickening—Period of human gestation—Prolonged gestation—Superfœtation—Viable age—Signs of delivery—recent and remote.
IX.—Criminal abortion and infanticide. Signs of live birth—Signs of death from violence, and criminal neglect or omission.
X.—Poisons.—Actions of. Diagnosis and treatment of cases of common poisoning. Post-mortem appearances in cases of poisoning. Preservation and transmission of viscera for analysis from suspected poisoning cases.
XI.—Toxicology. Mineral acids. Alkaline corrosives. Corrosive sublimate. Carbolic acid. Oxalic acid. Phosphorus. Arsenic and its compounds. Lead. Alcohol. Chloral Hydrate. Carbon Monoxide. Carbon Dioxide. Kerosene Oil. Opium. Cannabis Indica. Datura. Belladonna. Cocaine. Strychnine and Nux Vomica. Aconite. Oleander. Snake poison.

HYGIENE AND VACCINATION.

LECTURES.

I.—*Air.*—Composition of—. Vitiation, and impurities suspended and gaseous—Examination of air—Ventilation, natural and artificial methods—. Diseases due to overcrowding.

II.—*Water.*—Sources, collection and storage—Uses—Impurities and Origin—Purification, wholesale and domestic—Water-borne diseases.

III.—*Climate and soil.*—Varieties—Rainfall—Sub-soil water—Building sites—Drainage.

IV.—*Food and Diets.*—Classification and varieties of subsistence diets. Diseases due to over-and under-feeding. Preserved and tinned foods—Fermented beverages—Milk and its relation to infectious diseases.

V.—*Personal Hygiene.*—Cleanliness, clothing, exercise, rest and sleep.

VI.—*Conservancy.*—Methods in villages, jails, towns and cities—septic tanks—dry earth latrines—water-closets. Disposal of sewage—Sewage Farms. Disposal of dead.

VII.—*Communicable Diseases and their Prophylaxis.*—Endemic and epidemic—Plague, Cholera, Enteric, Tuberculosis, Malaria, Kala-azar, Elephantiasis, Rabies. Anti-rabic inoculation. Rôle of flies and suctorial insects in spreading diseases. Rôle played by human carriers on spread of disease.

VIII.—*Disinfection.*

IX.—*Small-pox and Vaccination.*—Prevalence, inoculation, dangers of vaccination. Practical details of vaccination and methods of same. Sources of vaccine lymph, preparation of skin, aseptic precautions. Phenomena of successful vaccination.

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1. Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

(*i*) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait.

(*ii*) The Middle Andaman excepting that portion to the west of Yolpig and south of the main line cleared from the junction of the Chara lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea.

2. Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Port Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands.

3. Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter ; but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited.

4. The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract.

5. The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound.

6. The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed :—

(*i*) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs.

(*ii*) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second-class logs,
4,000 tons of third-class logs.

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter.

7. In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows :—

Gurjan over 8 ft. in girth, *didu* and *pyinma* over 7½ ft. in girth, and *koko*, black *chuglam*, white *chulgam*, white *bambwe*, red *bambwe*, and *taunggpein* over 6 ft. in girth.

8. The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill.

9. For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled ; but thereafter minima annual royalties will be payable as follows :—

(*i*) for the North Andaman, Rs. 1,00,000 per annum,
(*ii*) for the Middle Andaman, Rs. 1,00,000 per annum,
(*iii*) in case of a combined license for both islands, Rs. 2,00,000 per annum.

10. Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them.

11. Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands.

12. The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employés and the convict population in the Andamans.

13. Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation.

14. Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair.

15. Such padauk timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub-periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State-worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917, shall not exceed 500 tons of squares and 1,000 tons of scantlings. There will be no limit to the quantity of timber other than padauk which may be extracted from the areas under reference, and no restriction as to its disposal.

16. The Inspector-General of Forests, Simla, will answer calls for further information.

17. Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs. 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below.

18. All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender.

19. Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padauk or for other timbers, or to assign any reasons for the refusal or acceptance of any tender.

20. Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid.

Secretary to the Government of India,
Department of Revenue and Agriculture.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt; and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

LIST OF BUSINESS—ITEM No. 1.

The Hon'ble Ihtisham-ul-Mulk Rais-ud-Daula Amir-ul-Omrah Nawab Sir Asif Qadr Saiyid Wasif 'Ali Mirza Khan Bahadur Mahabat Jang, Nawab Bahadur of Murshidabad, made an affirmation of his allegiance to the Crown.

THE LATE NAWAB OF DACCA.

His Excellency the PRESIDENT said :—

"Before we proceed further with the business that is before us, I should like to read to you the following letter which has been received by the Secretary to the Council in reference to the resolution carried in this Council on the 19th January last.

ASHMAN MANZIL, DACCA,
The 12th February 1915.

From Khwaja Habibullah, Nawab of Dacca.

DEAR SIR,

I have the honour to acknowledge the receipt of your demi-official No. 196 L., dated the 4th February current, and have to thank you for the copies of the abstract of the proceedings of a meeting of the Bengal Legislative Council held on the 19th January last.

The family are deeply conscious of the gratitude they owe to the members of the Bengal Legislative Council for the resolution of sympathy in regard to the death of their head, the late Nawab Sir Salimullah Bahadur.

I am,
Dear Sir,
Yours faithfully,
(Sd.) K. HABIBULLAH.
Nawab of Dacca.

To A. W. WATSON, ESQ., I.C.S.,
Secretary, Bengal Legislative Council, Calcutta.

STARRED QUESTIONS.

QUESTIONS AND ANSWERS.

LIST OF BUSINESS—ITEM No. 2.

By the Hon'ble RAI NALINAKSHA BASU BAHADUR :—

Supply of water for the irrigation of canals in the neighbourhood of the Eden Canal.

*1. (*a*) Are the Government aware that the raiyats in the neighbourhood of the Eden Canal entered into an agreement with the Eden Canal authorities for the supply of water for the irrigation of their lands ?

(*b*) Are the Government also aware that the Eden Canal authorities have, in the last few years, failed to supply this water ?

Questions and Answers.

N. Basu; Mr. Cowley; Maharaja of Nashipur; Mr. Samman.

By the Hon'ble RAI NALINAKSHA BASU BAHADUR :—*concluded.*

(*c*) In this connection, has it been brought to the notice of Government that the canal authorities have throughout realised from the raiyats the entire amount which the latter stipulated to pay for the regular supply of this water ?

(*d*) If so, are the Government considering the desirability of making an inquiry into the matter ?

The Hon'ble MR. COWLEY replied :—

1. (*a*) " Yes.

(*b*) It is the case that during recent years the supply of water to the Eden Canal has been precarious and during the past two years, 1913 and 1914, the supply has been nearly cut off by the sand *chur* which has formed in front of the Jajuti Sluice.

In 1912 there was no complaint of short supply, probably on account of the assistance from rain.

In 1913 water was supplied up to a fairly late date in the season, but the supply was deficient in October.

In 1914 the supply completely failed in September.

(*c*) It is incorrect to say that the canal authorities have throughout realised from the raiyats the entire amount which they stipulated to pay for the regular supply of water.

It is the case that when crops have suffered owing to the failure of supply of water, remission of water rates is allowed, provided the applications are received before the crops are cut.

Many such applications have been received for the year 1914 and are being inquired into, and remission will be given where necessary. It has been reported that the remission of water rates for the year 1914 may amount to Rs. 10,000. A new supply sluice and head works about 2 miles below the existing sluice are now under construction and it is hoped will be completed before the next irrigation season. These works will ensure the supply for the time being since they are more favourably situated where the river is close to the bank and where at present there is no likelihood of a sand *chur* forming in front of it.

(*d*) It is not considered necessary in the circumstances to make any further inquiry into the matter; the supply of water is governed by certain rules with which the raiyats are fully conversant and remission of water rates can be granted by the Divisional Canal Officer for injury to the crop on a leased area caused by a deficient supply of water, provided that a written application for remission has been made 15 days at least before the crop is cut."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Education of *Pardanashin* Ladies in the Lalbagh subdivision.

*2. (*a*) Will the Government be pleased to state whether any arrangements for *Pardanashin* Zenana education have been made in the Lalbagh subdivision ?

(*b*) If so, how many lady teachers have been appointed ?

The Hon'ble MR. SAMMAN replied :—

(*a*) " Arrangements for *Pardanashin Zenana* education have been made in the Lalbagh subdivision of the Murshidabad district.

(*b*) One lady teacher has been appointed."

Questions and Answers.

Maharaja of Nashipur; Mr. Samman.

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Water-works scheme for the Krishnagar Municipality.

*3. (*a*) Is it a fact that the Krishnagar Municipality has submitted a water-works scheme for the town and prayed for the usual Government grant of half the amount of the total cost ?

(*b*) If so, will the Government be pleased to state what is the total cost of the proposed water-works and whether Government have passed any final orders in the matter ?

The Hon'ble Mr. SAMMAN replied :—

(*a*) and (*b*) "A complete water-supply scheme for the Krishnagar Municipality was drawn up by the Sanitary Engineer at an estimated cost of Rs. 2,82,000, which was subsequently raised to Rs. 2,91,000. This scheme was referred to the Municipal Commissioners in April, 1914, for resubmission with definite proposals for financing it, Government making an offer to pay one-half of the total cost. The Municipal Commissioners, while accepting the offer of financial assistance made by Government, resolved to move Government for further assistance towards the drainage scheme and decided to consider both schemes together on receipt of the reply from Government.

The financial aspect of these two schemes presents great difficulties. The whole question was thoroughly investigated and discussed with the Municipal Commissioners by the Hon'ble Member in charge of the Department during his recent visit to Krishnagar; and the Sanitary Engineer is now being consulted on a proposal to curtail the drainage scheme so as to reduce its capital cost and to bring the recurring charges for its upkeep within the financial resources available. The question of a Government contribution will be carefully considered on receipt of the Sanitary Engineer's report."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Drainage scheme for Goari town in the Krishnagar Municipality.

*4. (*a*) Is it a fact that the Krishnagar Municipality has submitted a drainage scheme for Goari town ?

(*b*) If so, will the Government be pleased to state whether they have approved of the scheme and whether any contribution has been sanctioned by them for the same ?

The Hon'ble Mr. SAMMAN replied :—

(*a*) and (*b*) "The Hon'ble Member is referred to the answer given by me to Question No. 3."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Establishment of a Pasteur Institute at Rangpur.

*5. (*a*) Are the Government aware that the Zamindary Association of Rangpur submitted a memorial on the 25th November, 1914, through the Commissioner of the Rajshahi Division, praying for the establishment of a Pasteur Institute ?

(*b*) Have the Government received the said memorial, and, if so, will they be pleased to state what orders have been passed thereon ?

The Hon'ble Mr. SAMMAN replied :—

(*a*) "The answer is in the affirmative.

(*b*) The memorial has been received and the memorialists have been informed, in reply, that the decision regarding the utilization of the money subscribed to the King Edward Memorial Fund, Eastern Bengal and Assam, lay, not with the Government but with the subscribers themselves. The subscribers decided to devote a portion of the Fund to the construction and equipment of a Pasteur Institute at Shillong, and steps have been taken accordingly. As there is to be a Pasteur Institute at Shillong, the Governor in Council considers it unnecessary to have another such institution so near to Shillong as Darjeeling."

Questions and Answers.

Maharaja of Nashipur; Mr. Samman.

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Outbreak of small-pox in Calcutta.

*6. (*a*) Will the Government be pleased to state whether it is a fact that there has been an epidemic of small-pox recently in Calcutta ?

(*b*) If so, will the Government be pleased to state what steps (if any) have been taken or are being taken to check the spread of the disease ?

The Hon'ble MR. SAMMAN replied :—

(*a*) " The answer is in the affirmative.

(*b*) To supplement the existing accommodation for small-pox patients in the Campbell Hospital, the Government have sanctioned the opening of a temporary small-pox hospital, which will provide accommodation for 100 patients. The Corporation of Calcutta have acquired a site at Gobra and are making the necessary arrangements in consultation with the Superintendent of the Campbell Hospital.

Temporary vaccinators have been appointed for the vaccination of persons working in the mills in or near Calcutta and of the shipping community of the port of Calcutta.

The task of dealing with the present epidemic is primarily one for the Health Department of the Corporation of Calcutta, which is fully alive to the situation. The following, among other measures, have already been taken by the Corporation :—

(*i*) Shortly before the outbreak a warning notice urging the public to get vaccinated was published, and when small-pox was declared epidemic, a notification was published by beat of drum, by posters and in the press that all vaccination would be free of charge. As a result of this step the number of persons vaccinated has increased enormously.

(*ii*) The Health Department has been strengthened by the employment of extra vaccinators, both male and female, and also of Medical, Disinfecting and *Bustee*-cleansing Inspectors.

(*iii*) Sixteen Medical men of the town having volunteered to vaccinate the poor free of charge, arrangements have been made to supply them with fresh lymph.

(*iv*) All school-boys, students, and employés known to have been in contact with a case of small-pox are quarantined.

(*v*) A small hospital has been opened in Tangra for Indian patients who can afford to pay.

(*vi*) Ambulances have been provided at each of the principal hospitals of the town, and arrangements have been made for disinfecting the *gharries* in which persons suffering from infectious diseases are carried to the hospitals.

(*vii*) As many cases of small-pox are treated at home, medicated oil has been distributed free for use as a disinfectant."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Alteration of the dates of the Calcutta University Examinations.

*7. Are the Government considering the advisability, in the interests of the health of the student community, of asking the Senate of the Calcutta University whether the dates for the University examinations could not be fixed in future in months other than February, March and April, when epidemics of illness are not infrequent in Calcutta ?

The Hon'ble MR. SAMMAN replied :—

" The answer is in the negative."

Questions and Answers.

Maharaja of Nashipur; Mr. Kerr; Babu S. N. Ray; Mr. Samman.

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Alleged deterioration of cattle in Bengal.

*8. (*a*) Are the Government aware that cattle in Bengal have much deteriorated in recent years ?

(*b*) Are the Government considering the advisability of establishing pasture lands in every village ?

The Hon'ble MR. KERR replied :—

(*a*) "Government are not aware that there has been a marked deterioration of cattle in Bengal in recent years. But it is a fact that the condition of the cattle in this Presidency is not satisfactory. The reasons are partly climatic and partly economic. The question of the remedies to be applied has been frequently discussed both in this Council and elsewhere.

(*b*) The Hon'ble Member is referred to the reply given to a similar question asked by him at the Council meeting of the 1st September, 1914. The reports of Commissioners in reply to the reference made to them on the subject of grazing grounds in Government estates have recently been received, and are under the consideration of the Board of Revenue."

By the Hon'ble BABU SURENDRA NATH RAY :—

Malaria fever in the Nadia district.

*9. (*a*) Will the Government be pleased to say whether it is a fact that fifteen thousand people, or some number approaching that figure, died of malarial fever in the Nadia district in November, 1914, and that the deaths in that district in December, 1914, were nearly fourteen thousand ?

(*b*) Were any additional medical men sent to the district of Nadia during the outbreak of malarial fever in November, 1914.

(*c*) Are the Government aware that it is constantly asserted that the outbreak of malarial fever in an epidemic form in the Nadia, and adjoining districts, is due to the action of the Eastern Bengal State Railway in closing the Matukari Bund in the district of Murshidabad ?

(*d*) Will the Government be pleased to state what steps (if any) they are taking to put down malaria in those districts ?

The Hon'ble MR. SAMMAN replied :—

(*a*) "No separate statistics are kept for malarial fever. Deaths from fever of all kinds in the district of Nadia numbered 11,554 in November, 1914, and 11,526 in December, 1914.

(*b*) The answer is in the negative.

(*c*) Government have no information on this point.

(*d*) In order to put down malaria, every endeavour is being made to popularise the use of quinine, and almanacs, printed in the vernacular, containing a leaflet on malaria and its remedies, are widely distributed in all districts. Certain quantities of quinine have been supplied free of cost to the Mission dispensaries at Ranaghat, Ratanpur and Meherpur.

In accordance with expert medical opinion, the District Boards and Municipalities have been requested to arrange for the administration of adequate doses of quinine to all persons treated for the disease at charitable dispensaries. In exceptional cases, grants have been given from Provincial Revenues to such Municipalities as are really unable to bear the extra charge incurred on this account.

As a temporary measure, Assistant Surgeons have been appointed to deliver lectures on sanitation and hygiene, with special reference to malaria, at all Government High schools and Technical schools and at some aided schools.

Liberal grants have been made to Municipalities to assist them in carrying through water-supply and drainage projects.

The substantial additions made to the incomes of District Boards by the surrender of the Public Works Cess should enable these bodies to do far more than hitherto to combat malaria."

By the Hon'ble BABU SURENDRA NATH BANERJI :—

Dacoities in the Presidency and Burdwan divisions.

*10. Will the Government be pleased to state—

(*i*) the number of dacoities that have taken place in the riparian towns from Baranagar to Naihati and from Bally to Hooghly within the last three months ;

(*ii*) the number of dacoities that have occurred in the Presidency and Burdwan Divisions within the same period, district by district ;

(*iii*) the number of arrests made and the cases in which such arrests have been made ; and

(*iv*) the number of convictions in these cases and the punishments inflicted ?

The Hon'ble MR. CUMMING replied :—

(*i*) "During the three months ending on 31st January 1915, there were two cases of dacoity in river-side villages between Baranagar and Naihati and two others in river-side villages between Bally and Hooghly.

(*ii*) The following table contains the information required :—

Name of Division.	Name of district.	Number of dacoities reported during the three months ending on 31st January, 1915.	REMARKS.
Burdwan ...	Burdwan ...	4	One of these has been found to be a case of robbery.
	Birbhum ...	Nil.	
	Bankura ...	2	
	Midnapur ...	13	Two of these cases have been declared to be false.
	Hooghly ...	10	One of these cases has been declared to be non-cognizable.
	Howrah ...	1	
	Total ...	30	
Presidency ...	24-Parganas ...	15	One of these cases has been found to be a case of housebreaking.
	Nadia ...	Nil.	
	Murshidabad ...	Nil.	
	Jessore ...	2	
	Khulna ...	2	
	Total ...	19	

These figures include the four dacoities mentioned in the previous paragraph.

(*iii*) In the Burdwan Division there were 73 arrests in 13 cases, and in the Presidency Division 64 arrests in 8 cases.

(*iv*) None of the cases in which arrests have been made has yet been finally decided, while most of the other cases are under investigation."

Questions and Answers.

Babu S. N. Banerji; Mr. Cumming.

By the Hon'ble BABU SURENDRA NATH BANERJI :—

Relaxation of the provisions of the Arms Act.

*11. Are the Government considering the desirability of relaxing the stringency of the provisions of the Arms Act in the direction of granting licenses for purposes of self-protection?

The Hon'ble MR. CUMMING replied :—

"The attention of the Hon'ble Member is invited to paragraph 7 of the Government Resolution on Police Administration in Bengal, dated September 8th, 1913, in which the following passage occurs :—

In the opinion of His Excellency in Council, attempts should be made to secure the active assistance of those living in rural areas by strengthening their hands and placing them in a position to be able to withstand the attacks of dacoits. With this object in view, Government are prepared to give licenses freely to rich merchants and others who have large interests in the *mufassal*, on the condition that they employ pensioned up-country sepoys who are not only trained in the use of arms, but are also likely to offer a brave front to dacoits.

Action has been taken to carry out the policy suggested in this paragraph; but no further relaxation of the existing rules under the Arms Act is under the consideration of Government."

SUPPLEMENTARY QUESTION.

The Hon'ble Babu SURENDRA NATH BANERJI asked the following supplementary question :—

"Will the Government be pleased to state the number of cases in which, under the terms of the resolution referred to by the Hon'ble Member, licenses have been given to persons asking for such licenses?"

The Hon'ble MR. CUMMING replied :—

"If due notice is given I shall be glad to give the information."

By the Hon'ble BABU SURENDRA NATH BANERJI :—

Protection of riparian towns against dacoities.

*12. Are the Government considering the advisability of providing two steam launches, one to patrol from Baranagar to Barrackpur and the other from Barrackpur to Naihati, for the protection of the riparian towns against dacoities?

The Hon'ble MR. CUMMING replied :—

"The question of policing the rivers of Western Bengal is at present under the consideration of the Inspector-General of Police."

By the Hon'ble BABU SURENDRA NATH BANERJI :—

Kabuli money lenders in Bengal.

*13. (*a*) Has the attention of the Government been drawn to the recent oppressive proceedings of kabuli money-lenders in Bengal?

(*b*) Are the Government considering the advisability of introducing a system of registration by which the movements of these men could be watched and protection afforded to the people with whom they have dealings?

The Hon'ble MR. CUMMING replied :—

(*a*) "Inquiries have been made and it has been ascertained that the number of cases, chiefly of a minor nature, reported against Kabulis in Calcutta was greater in 1914 than in 1913. Nineteen cases of oppression by Kabuli money-lenders were reported in 1914 in Bengal outside Calcutta.

(*b*) A system of registration is already in existence and there is a special staff of police in Calcutta who deal with itinerant Kabulis. The movements of these men throughout the Presidency are also registered."

By the Hon'ble BABU SURENDRA NATH BANERJI :—

Expenditure in connection with the partitioning of hee district of Mymensingh.

*14. Will the Government be pleased to state what additional expenditure, both recurring and non-recurring, will be incurred in partitioning the district of Mymensingh into three, and the district of Midnapur into two districts?

The Hon'ble MR. CUMMING replied :—

"No estimates have yet been prepared. With regard to Midnapur, a report has been called for from the Public Works Department in paragraph 10 of Resolution No. 1155 P., dated the 26th January, 1915, published in the *Calcutta Gazette* of the 27th idem."

By the Hon'ble BABU SURENDRA NATH BANERJI :—

Introduction of Administrative and other changes on the basis of the recommendations of the District Administration Committee.

*15. Is it in the contemplation of the Government to introduce administrative and other changes on the basis of the recommendations of the District Administration Committee before April, 1916?

The Hon'ble MR. CUMMING replied :—

"Government have invited an expression of public opinion on these recommendations, and, apart from the cases of Midnapur and Mymensingh, have not so far decided what changes should be introduced. His Excellency in Council hopes to come to a decision without undue delay, but the introduction of any reforms that may be considered desirable must always be subject to financial considerations."

By the Hon'ble BABU SURENDRA NATH BANERJI :—

Cost of effecting the division and re-adjustment of administrative areas as recommended by the District Administration Committee.

*16. Will the Government be pleased to lay on the table a detailed estimate of the cost, both recurring and non-recurring, which will be incurred in effecting the division and re-adjustment of administrative areas as recommended in Part II of the Report of the District Administration Committee?

The Hon'ble MR. CUMMING replied :—

"No estimates have been prepared."

UNSTARRED QUESTIONS.

By the Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI:—

Infantile mortality in Bengal.

I. Will the Government be pleased to state what measures (if any) have so far been taken to reduce the high rate of Infantile mortality in Bengal generally, and in certain districts specially, to which I drew attention in a Resolution moved by me in March last year?

The following reply by the Hon'ble MR. SAMMAN was laid on the table :—

"In his speech on the Resolution moved in March, 1914, the Hon'ble Nawab Syed Shams-ul-Huda assured the Hon'ble Member that Government were determined to make a systematic effort to combat ignorance and to diffuse knowledge of sanitation and necessary preventive measures among the public.

The whole question of hygiene and sanitation, including the instruction of girls and women in domestic hygiene and in matters relating to maternity and the management of children, has since been carefully examined by a Committee appointed by Government. That Committee has recently finished its discussions but its report has not yet been received by Government. It is understood that several practical suggestions have been made by the Committee; these will be carefully considered by Government on receipt of the report. Till then it is not possible for Government to formulate any general line of action, but in the meanwhile the Sanitary Officers of Government are doing all that lies in their power to combat ignorance in these subjects."

Questions and Answers.

Maulvi A. K. Faz-ul-Haq; Mr. Samman.

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ:—

Subsidizing of *Maktabs*.

II. (*a*) Will the Government be pleased to state whether *Maktabs* of all classes are subsidized by the District Boards in accordance with the provision of the Model Rules of 1911 for the administration of Primary grants, which allowed the *Maktabs* 50 per cent. above the scale of grants to corresponding *Pathsalas*?

(*b*) Will the Government be pleased to state whether provisions have been made for subsidizing Upper Primary *Maktabs* similar to Upper Primary schools?

The following reply by the Hon'ble MR. SAMMAN was laid on the table :—

(*a*) "The model rules of 1911 have been adopted by District Boards; but it has been ascertained that, owing to a misunderstanding, effect has not in all cases been given to rule 25 which provides for an addition of 50% to the ordinary rates of subsistence and deferred allowances in the case of *mianjis* of recognised *Maktabs*. The Director of Public Instruction has invited the attention of Divisional Inspectors of Schools to this omission and has issued necessary instructions.

(*b*) The answer is in the negative. Under the rules, *Maktabs* are expected to teach only up to the Lower Primary standard. The Department of Education, therefore, recognises no distinction between Upper Primary and Lower Primary *Maktabs*."

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ :—

Earle Scheme for the opening of *Mianji* Training Schools, etc.

III. Will the Government be pleased to state whether effect has been given to the Earle Scheme for the opening of *Mianji* training schools and appointing inspecting Maulvis in all the districts of the Burdwan and Presidency Divisions?

The following reply by the Hon'ble MR. SAMMAN was laid on the table :—

"The scheme drawn up by Sir Archdale Earle in 1908 contemplated the opening of six *mianji* training schools in the Burdwan and Presidency Divisions. Of these, five have been opened in the districts of Midnapore, Hooghly, the 24-Parganas, Jessore and Khulna.

Sir Archdale Earle further recommended that an inspecting *Maulvi* be appointed in every district that contained more than 90 *maktabs* and *Koran* schools. Effect has been given to this proposal in the Burdwan and Presidency Divisions."

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ :—

Appointment of Muhammadan Additional Deputy Inspectors of Schools in Howrah, Bankura and the proposed district of Kharagpur.

IV. Will the Government be pleased to state whether they are considering the question of the appointment of Muhammadan Additional Deputy Inspectors of schools in the Districts of Howrah, Bankura and the proposed District of Kharagpur?

The following reply by the Hon'ble MR. SAMMAN was laid on the table :—

"The answer is in the negative."

By the Hon'ble MAULVI A. K. FAZ-UL-HAQ :—

The Laskarpur and other mosques included in the area acquired by the Port Commissioners of Calcutta.

V. Are the Government considering the advisability of making a definite pronouncement as to the future policy which the Government propose to adopt regarding the Laskarpur and other mosques included in the area acquired by the Port Commissioners of Calcutta?

The Bengal Steam-Boilers and Prime-movers (Amendment) Bill.

The Bengal Embankment (Sundarbans) Bill. Mr. Cumming; Mr. Beatson Bell.

The following reply by the Hon'ble MR. CUMMING was laid on the table :—

"The future of the Laskarpur Mosque and other mosques in the port area involves questions of legal rights between the Port Commissioners and the Muhammadan public. If there is any doubt or uncertainty as to these rights, the matter can be set at rest either by agreement of parties or by a judicial decision.

Government have always avoided and will continue to avoid, as far as circumstances permit, taking any action likely to hurt the religious sentiments of any class of His Majesty's subjects, and have no doubt that the same considerations will influence any action which the Port Commissioners may propose to take in connection with these mosques."

THE BENGAL STEAM-BOILERS AND PRIME-MOVERS (AMENDMENT) BILL, 1915.

LIST OF BUSINESS—ITEMS Nos. 3 & 4.

The Hon'ble Mr. Beatson Bell presented the Report of the Select Committee on the Bengal Steam-boilers and Prime-movers Bill, 1915, and moved that the said Report be taken into consideration.

He said :—

"My Lord, I need not trouble the House with any speech as the Select Committee have been unanimous in their Report. They have made a few verbal alterations in the Bill and I think the House will be of opinion that those verbal alterations are improvements. The House will remember that when I introduced the Bill, I mentioned that the question of steam-vessels in the mufassal required further consideration. We have so amended the Bill that we have laid down nothing hard and fast regarding steam-vessels in the mufassal. Action will be taken as occasions require by statutory notification.

DISCUSSION OF AMENDMENTS.

Clause 2.

List of Amendments—Motion No. 1.—The Hon'ble Raja Hrishikesh Laha moved that for the first three lines of clause 2 of the Bill the following be substituted, namely :—

> "Subject to the condition that such extension shall not affect any right which the owners of the embankments may acquire to alluvial lands accreting to their estates, the following enactments are hereby extended to such embankments in the Sundarbans as abut on navigable rivers, namely :—"

The Bengal Embankment (Sundarbans) Bill.

Mr. Beatson Bell ; Babu S. N. Banerji.

He said :—

"My Lord, it should be observed that by section 1 of Ben. Act *II* of 1882 the Sundarbans was excluded from the operation of that Act. The exclusio n was not simply accidental, but it was deliberately done with a view to encourage the reclamation of the Sundarbans. This part of the province, as is well known, is covered with jungles and infested with wild beasts, and on account of the various ramifications of channels, creeks and watercourses it is frequently liable to be inundated with floods of salt water which render the lands unfit for cultivation. The Sundarbans therefore from its peculiar condition was and ought to be differently treated from other parts of the province, not only to induct lessees upon the lands but also to render the lands properly culturable. Unless the amendment be accepted the enforcement of the Bill, if it pass into law as it is, will seriously affect not only the position of the grantees but also that of the Government themselves. It will interfere with the terms of the lease which the Government have granted, the first condition being 'that one-fourth of the entire area leased shall be for ever exempted from assessment as an estimated allowance for unassessable area, such as that occupied by watercourses, creeks, tanks, roads, the space required for the construction of the lessee's embankments, dams, tow-paths, etc., and for irreclaimable waste lands.'

The reason given in the Statement of Objects and Reasons for the introduction of the Bill is—'cultivators in that tract have accordingly been in the habit of erecting such embankments (with the object of excluding the tidal spill) in areas in which the land has not been raised, by the natural deposit of silt, to the mean level of the high water of the spring and neap tides, and great deterioration of the tidal channels, as well as of the natural drainage of the country, has resulted.' But as a matter of fact the lessees and the cultivators, as a general practice, do not construct any embankment on fluvial accretions, unless and until they are well formed and elevated enough to prevent the newly-constructed embankment being swept away by tidal waves, otherwise the expenses incurred by them will be a sheer waste of money and the trouble undergone and the labour devoted would be totally lost.

Another result of the Bill will be that it will be detrimental to the vested interest of the lessee. If the embankments and their control go over to Government, then the lessee will be deprived of his ordinary right of the owner to an accretion when his lands abut on a navigable river, as the rivers in the Sundarbans often change their beds. Thus he will suffer a double loss, namely, his crops and his right to accreted land."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, I should like to ask a question with reference to some of the observations which have been made by the Hon'ble Raja Hrishikesh Laha. Is it a fact, and the Hon'ble Member in charge of the Bill will probably be able to make a statement, that if this Bill becomes the law of the land it will interfere with vested rights, the rights which have been guaranteed by the terms of the leases granted to the lessees by Government? I think in legislation we must have a sacred care of all vested rights. The interests of the community may perhaps make it necessary to encroach upon vested rights, but I think that must be done with the greatest caution, and an absolutely overwhelming case must be made out before an encroachment of the kind can be allowed either in law or justice. I should like to hear the remarks of the Hon'ble Member in charge with regard to that particular point.

The Hon'ble MR. BEATSON BELL said :—

"My Lord, the amendment which has just been moved is in two parts. The Hon'ble Member wants to add the words 'subject to the condition that such extension shall not affect any right which the owners of the embankments may acquire to alluvial lands accreting to their estates, the following enactments are hereby extended to such embankments in the Sundarbans as abut on navigable rivers.' In other words, the Hon'ble Member wants us

The Bengal Embankment (Sundarbans) Bill.

Mr. Beatson Bell.

first, to safeguard the law regarding alluvial accretions and, secondly, to limit the application of this Act to such rivers as are navigable.

As regards the first proposal, I think I need only refer the Council to Regulation XI of 1825. That Regulation says :—'When land may be gained by gradual accession, whether from the recess of a river or from the sea, it shall be considered an increment to the tenure of the person to whose land or estate it is thus annexed, whether such land or estate be held immediately from Government by a zamindar or other superior landholder, or as a subordinate tenure by any description of under-tenant whatever.'

That is the law of the land, and we have no intention of making any alteration in that law. I may mention that in the district of Bakarganj, one portion of the district is now under the old Sundarbans Act, and the other portion under the new Sundarbans Act. But the law of alluvion which I have just quoted applies throughout the whole district. This has never been questioned by any one and never will be questioned. Government have no intention of altering the law of alluvion. We are dealing with a totally different problem. I think that disposes of the first part of the amendment.

The second part is a request that this new legislation shall be confined to such lands as abut on navigable rivers. It will simplify matters if I explain a little more clearly what is the problem before us. Bengal, as we know, consists of a network of rivers which flow down from the hills and of tracts of land between those rivers. Near the sea those tracts of land are generally very low. If it is left to nature to work its beneficent action, the river overflows its banks, silt is deposited on these lowlands, and they are gradually raised to such a height that they are suitable for cultivation. But many people have been in too great a hurry and have tried to cultivate the land before it has reached a safe height, namely, the mean between the top of the spring-tide and the top of the neap-tide. Opinions agree that that is the only safe criterion. But we have all been in too great a hurry, with the result that before these lowlands are ready for cultivation, embankments have often been erected for keeping off the water, and with it the beneficent silt which nature is pouring down. As a result, two evils have come upon us. This silt, prevented from coming to the lowlands, must go somewhere. It is deposited in the beds of rivers which are thus becoming choked up and navigation is being blocked. That is the first evil. On the inland side of the embankment the land is gradually becoming lower and lower compared with the bed of the river, till we come to a stage when it is absolutely impossible to secure the drainage of the country. In other words the country is water-logged, and the health of the population suffers. That is the second evil.

This is the opinion of a large body of engineers who have examined the question. Twenty-five years ago, Colonel McNeile—some here may still remember that brilliant Engineer—took up the question. He recorded this weighty memorandum :—

'It has for some years been realized, that in many parts of Bengal, where embankments have been constructed along the margins of silt-bearing rivers, or tidal estuaries, an alteration has resulted in the comparative levels of the country on different sides of the embankment, which is becoming a source of difficulty, and even of danger.

'When these embankments, in lines along one or both sides of a river, or forming a "circuit" in the fork between the branches of a river or tidal creek, were first brought to such a state of efficiency as practically to exclude the flood or tidal water, the drainage of the "protected" area was easily arranged for by the sluices in the embankment at the sites of natural minor drainage lines, as the general level of the land was, of course, the same on both sides of the embankment; but the well-known action of silt-bearing rivers spilling over their banks when in flood, and to a still greater degree of the influx and efflux of tidal water, heavily laden with silt, has by degrees, but steadily, raised the marginal lands between the embankments and the channels,

The Bengal Embankment (Sundarbans) Bill.

Mr. Beatson Bell.

as well as (within tidal influence at any rate) the beds of the channels themselves, so that the original uniformity of level has disappeared and the "protected' lands are almost everywhere, though in varying degrees, lower than formerly, as compared with the average level of the land outside and the channels into which they were drained; the difference of level being now, in some instances, so great that much difficulty is experienced in arranging for their drainage at all.'

This note of warning was sounded to us 25 years ago. But I am afraid it fell on deaf ears, and we went on much as before. The question was again taken up in a very able note by Mr. Addams-Williams in 1909. Referring specially to the lands in the Sundarbans, he wrote :—

'The effect of this reclamation is fully understood. The tides are excluded from spilling over the land, and a large volume of water is prevented from flowing up the creeks, with the result that the back flow on the ebb tide is decreased, the current diminishes and the silt carried up by the flow-tide is deposited in the creeks themselves instead of on the land, the ebb tide being too weak to create sufficient scour to wash out the whole of the silt deposited by each flow-tide. As the process of reclamation continues matters become worse and worse until the lands on both banks of the creeks are entirely reclaimed, and tidal spill is totally stopped; a dead end is then formed at the head, and the creek entirely silts up in three or four years, the bed becomes higher than the area reclaimed, and drainage is impossible, the result being that during the rains the water lies on the land which becomes water-logged; the crops are destroyed and the people to obtain a living migrate to neighbouring lots until a similar state of affairs is established, when they again have to move on. This is what is actually taking place now.'

Mr. Addams-Williams goes on to mention a number of concrete cases which he saw with his own eyes, and I cannot better summarise the situation than by quoting a note recorded a few days ago by the Hon'ble Mr. Cowley :—

'To reclaim lowlands by shutting off the tidal spill is no doubt beneficial to the lessee who looks only for present pecuniary profit from his holding or grant, but the effect of his present action is to hand down to posterity a water-logged, insanitary, ill-drained, and consequently profitless inheritance.'

That is the state of affairs which has been brought to the notice of Government, and I think the Council will agree that we would have been acting criminally if we had taken no action on the reports which are before us. I thoroughly agree with the Hon'ble Babu Surendra Nath Banerji in thinking that even though the evil be very great, we must have scrupulous respect for existing contracts. I have examined all the existing leases, but I could not find a single clause in a single lease which gave the lessees an unrestricted right to make embankments. The Hon'ble Raja Hrishikesh Laha has quoted one of these leases, but I think the Council will be unanimously of opinion that there is nothing in that lease which gives an unrestricted right of making embankments. All that the lease says is that, in consideration of embankments and other uncropped land, Government will give 25 per cent. of the land rent free. That is very far from saying that the lessee has an unrestricted right of making embankments, in fact that has nothing to do with the question. Other leases are absolutely silent on the subject of embankments, while in the most recent leases—those of the raiyatwari tracts in Bakarganj—it is distinctly assumed that Government will exercise full control in respect of all embankments.

I can therefore assure my hon'ble friend that we are not violating a single clause of a single lease. If we were, I would not be here supporting the Bill.

Then there is another point regarding the legal position, which I think has been overlooked. It is sometimes assumed that these lands belong to

the lessees. This is very far from being the case. Throughout the Sundarbans Government are themselves the zamindar and are the party chiefly interested in the prosperity of the tracts. So long ago as 1828, it was distinctly laid down as follows :—

'The uninhabited tract known by the name of the Sundarbans has ever been, and is hereby declared still to be, the property of the State : the same not having been alienated or assigned to zamindars, or included in any way in the arrangements of the perpetual settlement, it shall therefore be competent to the Local Government to make, as heretofore, grants, assignments and leases of any part of the said Sundarbans, and to take such measures for the clearance and cultivation of the tract as it may deem proper and expedient.'

All that we are doing now is to take certain measures which we deem 'proper and expedient,' for the cultivation of these tracts. Well, that is the main position regarding the legal aspect of the case and regarding the difficulties with which we are faced and which we are honestly trying to remove.

The Hon'ble Raja has asked us to confine our operations to the banks of those streams which are navigable. I think every gentleman of the legal profession here will agree with me that it is extraordinarly difficult to define the word 'navigable.' I had occasion some twelve years ago to look into the question judicially. Many Acts and rulings were put before me, but they all seemed to come back to this : that a navigable river is a river which is navigable. Perhaps the most helpful authority is Ulpian, the old Roman jurist, who laid down that every river is to be considered navigable upon which a raft can float. This is very much the same indication as we find in the Bengal Canals Act of 1864. This Act, it is true, refrains from laying down what is a navigable canal, but it defines 'vessels' as follows :—

'the word "vessel" shall include any ship, barge, boat, raft, timber bamboos or floating materials, propelled in any manner.'

In other words, our own Canals Act practically agrees with the dictum of Ulpian. Now, it is well known that rafts can float in almost every creek of the Sundarbans. If therefore we confine this Bill to navigable rivers, there is practically no restriction at all, and the Raja's amendment will be a dead letter. Apart from this we cannot, as a matter of principle, accept the amendment. Supposing it means that Government should restrict *bunds* on big rivers but allow them on small rivers, the result would be that the country instead of having one big *bund* would be corrugated with a network of small ones and the drainage would be as bad as ever. That being so, I must ask the Council not to accept the amendment which has been proposed by the Hon'ble Member."

The Hon'ble RAJA HRISHIKESH LAHA said :—

"After the explanation given by the Hon'ble Member in charge of the Bill, I beg to withdraw the amendment."

The motion was then, by leave of the President, withdrawn.

List of Amendments—Motions Nos. 2 and 3. The Hon'ble RAJA HRISHIKESH LAHA, with the permission of the President, moved the following two amendments together :—

2. For clause 2(*2*) of the Bill the following be substituted, namely :—

"(**2**) the Bengal Embankment Act, 1882, except—

(*a*) sections 38, 39 and 40 and such portions of section 18(*b*) and section 76(*b*) as relate to the erection of new embankments, and

(*b*) such portions of the Act as have been repealed."

The Bengal Embankment (Sundarbans) Bill.

Raja Hrishikesh Laha; Mr. Beatson Bell.

Clause 3.

3. For clause 3(*1*) of the Bill, the following be substituted, namely :—

"3(*1*) The Bengal Embankment Act, 1855, except sections 7 and 12, and the Bengal Embankment Act, 1866, are hereby repealed."

He said :—

"The construction of embankments by cultivators and lessees in the Sundarbans is an absolute necessity. Good outturn of crops depends upon rain water; and its preservation is necessary for the safety of the crops. If the Bill, as reported by the Select Committee, be passed into law, then under section 76 of the Act of 1882 the cultivator or lessee constructing any embankment, however small it may be, without the previous permission of the Collector, for the safety of his crops, would be liable to punishment. When leases were granted for the Sundarban lands the lessees were led to believe by the terms of their leases that they would be at liberty to do anything upon their lands, including the construction of embankments, for the preservation of their crops. In fact it was not then in the contemplation of Government to interfere in their construction, and the lessees were led to cherish that belief by the express exclusion of the Sundarbans from the operation of the Embankment Act of 1882. Any interference now would be construed as a violation of contractual rights and cannot be justified on any ground. If the lessees or cultivators be referred to the Collector on every occasion for constructing an embankment, the latter may, without any proper knowledge of the locality and trusting only to Police reports, refuse their applications after putting them to considerable inconvenience, trouble and expense. It will be considered a great hardship by them, and it is quite conceivable that this provision will have the effect of scaring away lessees and cultivators whose only hope of undergoing trouble and expense for the reclamation of lands lies on a good outturn of crops. Moreover, it would not be possible to approach the Collector conveniently either by the grantee or by the cultivators in every case where new embankments will have to be erected, and this will surely act as a clog to the improvement of waste and jungle lands and thereby retard or stop all progress.

It may be argued that, under section 6 of Ben. Act II of 1882, the Government may by notification include a small portion of the Sundarbans within which the provisions of clause (*b*) of section 76 shall take effect, but this notification even in a restricted way will have the effect of turning a smiling cultivated tract into a jungle without doing any good to navigable rivers which are getting silted up or have silted up, unless Government are prepared to spend a large sum of money by dredging them up, which I do not think is feasible.

As regards my amendment to sub-clause (*1*) of clause 3 of the Bill, sections 7 and 12 of the Bengal Embankment Act of 1855 confer two valuable rights. The first gives the lessees power to appoint their own arbitrator for determining the amount of compensation where the claim is admitted by the Revenue authorities, but where it is rejected he has not been deprived of his right to bring a civil action. These rights have not been given by Ben. Act II of 1882. By section 12 the determination of the value of houses, huts and buildings is left to a Jury of three respectable inhabitants who have a thorough knowledge of the locality. They are also empowered by the Act to decide the disputed rights of claimants. These two sections provide for the obtaining of speedy justice which is very desirable and which is much appreciated by the public. They are preferable to those sections of Ben. Act II of 1882 which leave the determination of claims for compensation to the Collector under the Land Acquisition Act."

The Hon'ble MR. BEATSON BELL said :—

"My Lord, I may say at once that Government are not prepared to accept the two amendments which have been proposed. These two amendments have very properly been taken as one. Here also, as in our last

The Bengal Embankment (Sundarbans) Bill.

Mr. Beatson Bell; Raja Hrishikesh Laha.

discussion, there are two points at issue. The first request of the Hon'ble Member is that we should not take power in regard to new embankments. Well, that is the main point at issue. Under the present law, we are allowed to remove embankments which are doing harm, but we have no power to come in at the initial stage and say that an embankment shall not be erected, and it is just because we have now no power to interfere at the initial stage that we are introducing this Bill. It is only common sense, and only fair to all parties concerned, that if we object to an embankment we should do it before it is erected and before people have gone to the trouble and expense of putting it up. I can assure the Hon'ble mover that Government have no intention to act unreasonably in this matter; if the land is fit for cultivation, we shall never refuse an embankment; but if it is unfit for cultivation, if a man desires to put up an embankment which will be a curse to posterity, it is only fair that we should have the power in the Sundarbans, as we have in the rest of Bengal, to say that this embankment shall not be erected until nature has done its work. That is why we cannot accept the proposal that new embankments should be excluded from the Bill.

The other proposal that has been put forward is briefly this: that when we find it necessary to remove an embankment we should give compensation under the old Act of 1855 and not under the new Act of 1882. The new Act lays down that the procedure shall be the ordinary procedure of the Land Acquisition Act: that is to say, the Collector first makes his award showing how much damage has been done to the parties. If they are dissatisfied with the Collector's decision, they have a right of appeal to the District Judge, and if they are dissatisfied with the decision of the District Judge, they can go to the High Court, and the High Court will give what is almost—though not altogether—a final decision. I believe that part of the desire to avoid the Land Acquisition Act is based on the assumption that the Land Acquisition Act does not provide an appeal to the Privy Council. Well, that is rather a difficult legal question. An appeal was disallowed in a recent case, but I think that all that was laid down was that there is no appeal as of right. It is quite conceivable that some case may yet find its way to the Privy Council. But apart from that, just because of this real or supposed facility of getting to the Privy Council—does the Hon'ble Member seriously desire to go back to the Act of 1855? I am not sure that he has studied this Act very thoroughly before he made his proposal. He assumes, I suppose, that most Collectors are benevolently inclined, but that there may be a few who are executively minded and who may act in an unreasonable spirit. He is therefore anxious that the law should be so worded that it can curb the zeal of these executively-minded Collectors. But such a Collector proceeding under the Act of 1855 can, I am sure, take far more drastic measures than a Collector proceeding under the Act of 1882. As I have just shown, in every case under the Act of 1882, there is an appeal to the District Judge, and to the High Court, and the Collector cannot possibly block the way, however much he may be inclined to do so. Under the Act of 1855, on the other hand, the Collector can obstruct the landlord at every turn. I strongly advise my friend not to rush light-heartedly into the Act of 1855."

The Hon'ble RAJA HRISHIKESH LAHA, interrupting, said:—

"But there are arbitrators."

The Hon'ble MR. BEATSON BELL, continuing, said:—

"Yes: I am coming to that. Under the Act of 1855, when the claim for damages is put forward before the Collector, he can do one of two things. Supposing my friend the Hon'ble Raja alleges that he has been damaged to the extent of a lakh of rupees and puts in a petition to the Collector. It is open to the Collector to reject the petition outright, and to say that the Raja has not suffered a penny of loss. If he does that, I quite admit that the Raja has a full right to go to the Civil Court and possibly up to the Privy Council. But our friend, the executively-minded Collector, is not going to be so simple as to do that. He has only to record a finding to the effect that the Raja has

suffered a loss not of one lakh of rupees, but of, let us say, a thousand rupees. In that case the Raja has to wait until the procedure by arbitration has been fully worked out. Under that procedure, the Collector nominates one arbitrator and the Raja nominates another. Suppose the Raja nominates the Hon'ble Mr. B. Chakravarti ; the Collector very likely will then nominate his senior Deputy Collector—there is nothing against this in the Act. The Hon'ble Mr. Chakravarti and the senior Deputy Collector then sit together and try to appoint a third arbitrator, but each side has full right to object to the nominations of the other side. The nominations of Mr. Chakravarti will probably be rejected by the Deputy Collector, and the nominations of the Deputy Collector will probably be rejected by the Hon'ble Mr. Chakravarti—both sides acting in perfect good faith. In that way, a week will pass and what happens then? The law lays down that if the two arbitrators neglect to appoint a third arbitrator within a period of 7 days after having been required to do so, the Collector may himself appoint the third arbitrator. The three arbitrators then sit together and by a majority of two to one assess the damages at ten thousand rupees, instead of one lakh claimed by the Raja. The Raja is naturally somewhat dissatisfied with this decision and would like to go to the High Court and to the Privy Council ; but I am afraid he is absolutely debarred from doing so unless he can show that the arbitrators were guilty of corruption or misconduct. Even if the Raja is able to show that these arbitrators acted in a spirit of corruption and misconduct, he only gets a decree to that effect. He gets no decision as to the proper amount of compensation. He has then to begin the arbitration all over again, fresh arbitrators being appointed in the same manner as before. I am sure, therefore, that the Hon'ble Raja and his friends will be much better advised to stick to the ordinary Land Acquisition Act under which they have a full right of appeal on every occasion to the District Judge and to the High Court. For these reasons, my Lord, I would strongly advise my friend, the Hon'ble Raja Hrishikesh Laha, not to press these amendments."

The amendments were then, by leave of the President, withdrawn.

The following amendment was also, by leave of the President, withdrawn :—

List of Amendments—Motion No. 4.—The Hon'ble Raja Hrishikesh Laha to move that clause 3(*2*) of the Bill be omitted.

LIST OF BUSINESS—ITEM No. 6.

The Hon'ble Mr. Beatson Bell moved that the Bengal Embankment (Sundarbans) Bill, 1915, be passed.

The motion was put and agreed to.

THE CALCUTTA PORT (AMENDMENT) BILL, 1915.

SUPPLEMENTARY LIST OF BUSINESS—ITEMS Nos. 6A TO 6D.

The Hon'ble Mr. BEATSON BELL moved for leave to introduce a Bill further to amend the Calcutta Port Act, 1890.

He said :—

" My Lord, the Bill has been circulated to Hon'ble Members, and I hope it will be quite non-contentious. It is really a formal matter. Under section 31 of the Calcutta Port Act, the Commissioners may determine the conditions under which their 'officers and servants' shall, on retirement, receive pensions, gratuities or compassionate allowances, and also the amount of such pensions, etc. But it has been held by our legal advisers that it is very doubtful whether the Vice-Chairman comes under the definition of 'officers or servants.' All who know the working of the Port Act know that the hardest worker on the staff is the Vice-Chairman. He gives up the whole of

The Calcutta Port (Amendment) Bill.

Mr. Beatson Bell; Babu S. N. Banerji; The President.

his time to the work, and it has hitherto been assumed both by the Vice-Chairman and by the Port Commissioners themselves, that on the retirement of the Vice-Chairman they could give him a suitable retiring pension. In fact, the case has always been thought to be analogous to that of the Calcutta Corporation where the wholetime Vice-Chairman is entitled to a pension. A labourer is not only worthy of his hire, but he is worthy of something to keep body and soul together after retirement in his old age. It is to make this clear that we have introduced this Bill."

The motion was put and agreed to.

The Hon'ble Mr. Beatson Bell, in moving His Excellency the President to suspend the Rules of Business to admit of the Bill being taken into consideration, said as follows :—

"The Council will naturally want to know why it is proposed that this Bill, even though it is so simple and non-contentious, should be passed in a hurry. That is a very natural and very reasonable question. The answer is simply this, that we are all agreed that to legislate with retrospective effect, especially in a personal matter of this nature, is a most objectionable procedure. Well, the Council will remember that Sir Frederick Dumayne, who was a member of this Council, has gone home on leave preparatory to retirement. He went home with the hope and on the understanding that a suitable pension would be given to him on his retirement ; but it has come upon us as a bombshell that the Port Commissioners cannot, as the law now stands, give him a penny. He is about to retire, actually on the 18th of this month, and if we defer the consideration of this Bill and take it up in the usual course, Sir Frederick Dumayne will have retired and then we shall be in the very undesirable position of legislating with retrospective effect to meet his case. It is simply in order to avoid this very objectionable practice that I ask that the Bill should be taken into consideration at once. There is no real danger that the Port Commissioners will misuse the power to be given them by this Bill and will give an unreasonably large pension to any Vice-Chairman ; but to make this absolutely clear we have inserted the following salutary words, namely—

(*a*) 'provided that the amount of such pension, gratuity or compassionate allowance shall in no case, without the special sanction of the Government of India, exceed what would be admissible in the case of Government servants, of similar standing and status, and

(*b*) the conditions aforesaid shall not, without similar sanction, be more favourable than those for the time being prescribed for such Government servants.'

That is to say, the pension of the Vice-Chairman will be entirely under the control of the Civil Service Regulations and no fancy pension can be given to him."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"How did you deal with previous Vice-Chairmen ?"

The Hon'ble Mr. BEATSON BELL (after consulting the Hon'ble Mr. Stevenson-Moore) replied :—

"They were all Government servants and they got their pensions from Government."

HIS EXCELLENCY THE PRESIDENT said :—

"I declare the rules suspended, as desired."

The Hon'ble Mr. Beatson Bell then moved that the Bill be taken into consideration.

The motion was put and agreed to.

The Hon'ble Mr. Beatson Bell also moved that the Bill be passed.

The motion was put and agreed to.

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; Maharajadhiraja Bahadur of Burdwan; Babu S. N. Banerji.

THE CALCUTTA IMPROVEMENT (AMENDMENT) BILL, 1915.

LIST OF BUSINESS—ITEMS Nos. 7 AND 8.

The Hon'ble Nawab Syed Shams-ul-Huda moved that the Report of the Select Committee on the Calcutta Improvement (Amendment) Bill, 1915, be taken into consideration.

HIS EXCELLENCY THE PRESIDENT said :—

"The next motion (No. 8) was to have been moved by the Hon'ble Maharaja of Nashipur, but as he is absent from Council to-day, I am prepared, at his request, to allow the Hon'ble Maharajadhiraja Bahadur of Burdwan to move the motion instead as a special case."

The Hon'ble Maharajadhiraja Bahadur of Burdwan then moved, by way of amendment to Motion No. 7, that the consideration of the Bill, as amended by the Select Committee, be deferred till the Autumn Session of the Council.

He said :—

"My Lord, on behalf of the Hon'ble Maharaja of Nashipur, I beg to move by way of amendment, Motion No. 7, that the consideration of the Bill as amended by the Select Committee be deferred till the Autumn Session of the Council, and in doing so, I beg to observe that I do not think that this postponement will in any way hamper the hands of the Improvement Trust. I am always, as a rule, opposed to shoving down the throats of an unwilling public a piece of legislation which is not beyond the pale of controversy; and of which there is doubt, and grave doubt, in certain quarters as to the advisability of certain of its provisions; and I think that at a time like the present it would be advisable to postpone all legislation of a nature which is likely to give rise to heated discussions in Council. I beg, therefore, to move this amendment, and trust that Your Excellency and Your Excellency's Government will be pleased to accede to it."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, I desire to associate myself with the motion which has been moved by the Hon'ble Maharajadhiraja Bahadur of Burdwan. My Lord, we are a subordinate Council and I think that in matters of principle, we ought to follow the lead of the Imperial Council. The lead which the Imperial Council had given us in this matter, is the avoidance of all controversial legislation on an occasion like this. I think that we should follow the example of the Imperial Council and I may say this, as a member of that Council, that this principle has been most scrupulously followed at the instance of His Excellency the Viceroy. As my friend has pointed out, there is a great difference of opinion with regard to this matter, and this Bill is likely to give rise to heated agitation and controversy, not only within these walls, but outside as well. The Bill will be taken up by the press, discussions will be started, controversies will rage and passions roused and excited, and all this is most undesirable at the present moment. What are the arguments on the other side of the case? If the Bill is postponed for a few months, will anything serious happen? I suppose Calcutta will go on as before and the administration will move on in its accustomed course without any hitch, and I do not think that any cataclysm of a fearful nature will take place. In view, therefore, of the precedent and the example set by the Imperial Council, and in view of the exigencies of the present situation, and, I think, of the clear demand of public opinion and that of the opinions of ratepayers of Calcutta, I do submit that the Hon'ble Member in charge of the Bill should agree to the postponement of this Bill. Nothing will be lost by the acceptance of this amendment, but on the other hand the passage of the Bill will be facilitated by the support of the public."

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; The President; Nawab Syed Shams-ul-Huda.

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I desire to know whether I am competent to speak after the Hon'ble Member in charge of the Bill has spoken on the motion, and also after my friend the Hon'ble Mr. Bompas has spoken. I should like to follow them. If not, I will speak now with Your Excellency's permission.

HIS EXCELLENCY THE PRESIDENT said :—

"I am afraid I cannot give an assurance to the effect that you may speak after the Hon'ble Mr. Bompas."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I desire to associate myself with the motion that has been moved by my friend the Hon'ble Maharajadhiraja Bahadur of Burdwan. My Lord, though public opinion is very acute and keen, yet, having regard to the troublous times through which we are passing, we considered it wise to restrain ourselves. The public of Calcutta met at a Conference in the rooms of the British Indian Association, which was presided over by the Hon'ble Maharajadhiraja Bahadur of Burdwan, and I am sure the Hon'ble Maharajadhiraja Bahadur has really expressed the public opinion on the subject when he has said that there is a strong public feeling against this measure. The previous speaker, the Hon'ble Babu Surendra Nath Banerji, has laid stress on the fact that the Government of India, and not only the Government of India but the Home Government also, has expressed the wish that no controversial matters should be taken up at the present time. Unfortunately, My Lord, this piece of legislation is the subject of keen controversy between the Government and the public, and I am sure the Government would do well to accede to the request which the public has made through their spokesman, the Hon'ble Babu Surendra Nath Banerji, and especially through their President, the Hon'ble Maharajadhiraja Bahadur of Burdwan. My Lord, the time will soon come when the Calcutta Improvement Act will require revision, and I am sure, having regard to the acuteness of feeling in regard to the operations of the said Act, the Government of Bengal, with deference to that public opinion, will soon take up the Act for revision, and it would be better, and more suitable, and very gratifying to the public at large, that this piece of legislation be taken up when the entire Act is taken up for revision. If not, at least this Bill should be postponed for a few months in order that the public may be in a position to acquaint Government respectfully and humbly with all their views on the subject. The public is not in a mood, my Lord, at the present time to give expression, in the emphatic manner which the occasion demands, to their views and opinions on the subject, and there is a general feeling not to embarrass the Government in any way at this supreme crisis. Therefore, we have felt it our duty through our President, the Hon'ble Maharajadhiraja Bahadur of Burdwan, and others, to approach Your Excellency with the prayer that the Bill might be postponed for a few months. My Lord, if I may be permitted to give expression to the popular opinion and to the keen feeling of my community, there is one fact which comes uppermost in their minds, and that is, the operation of sections 78 and 81 of the Calcutta Improvement Act. My Lord, the operation of section 78 of the Improvement Act, whereby large and extensive areas of land are taken within the zone of acquisition, quite outside the road line, has caused widespread dissatisfaction in the community, and, my Lord, this section 78 gives absolute power to the Board without any appeal to any authority as regards the mode and imposition of the exemption fee. If I may be permitted to draw Your Excellency's attention, I would point out some of the salient facts in regard to some of the improvement schemes."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, interrupting, said :—

"My Lord, I rise to a point of order. I do not think my friend can discuss the provisions of section 78 and other sections of the Improvement Act in connection with this motion for the postponement of the Bill."

The Calcutta Improvement (Amendment) Bill.

The President; Rai R. C. Pal Bahadur; Nawab Saiyid Nawab Ali Chaudhuri; Raja Dinendra Narayan Ray; Mr. Stewart; Nawab Syed Shams-ul-Huda; Maharajadhiraja Bahadur of Burdwan.

HIS EXCELLENCY THE PRESIDENT said :—

"I must say I cannot see any relevancy between the working of these sections and the motion under discussion."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR, continuing, said :—

"My Lord, I bow to Your Excellency's ruling. I was simply explaining the reasons which have led me to support the motion of my friend the Hon'ble Maharajadhiraja Bahadur of Burdwan. However, my Lord, I will not go into details, but those details would have been very interesting to the Hon'ble Member in charge of the Bill. I think, my Lord, that all that I need say is that this very modest representation of the community should meet with a suitable response at the hands of the Government, and I hope, my Lord, now that I am precluded from stating the reasons at length, that the Government will appreciate that there are good reasons for this motion."

The Hon'ble NAWAB SAIYID NAWAB ALI CHAUDHURI, KHAN BAHADUR, said :—

"My Lord, I beg to support the amendment which has been moved by the Hon'ble Maharajadhiraja Bahadur of Burdwan."

The Hon'ble RAJA DINENDRA NARAYAN RAY said :—

"My Lord, I fully support the amendment. It will not in any way hamper the work of the offices of the Calcutta Improvement Trust. They have already got sufficient work in their hands which will last for some months more, and as the outside public is for further consideration of the matter, I believe there cannot possibly be any objection to postponing it for a few months more."

The Hon'ble MR. F. H. STEWART said :—

"My Lord, without going into the *pros* and *cons* of the matter now under discussion might I make a remark with reference to a suggestion which has emanated from the Hon'ble Babu Surendra Nath Banerji. He said that it would be a good thing to follow the example of the Imperial Legislative Council. But it seems to me that this would be a very dangerous proposition to adopt. It must be remembered that the Imperial Legislative Council has an official majority whereas in this Council the majority is non-official, and if we were to carry the Hon'ble Mr. Banerji's proposal to its logical conclusion we might almost as well have no Council at all. I am a little surprised that this proposal should have been made by such a champion of democratic liberty as my friend the Hon'ble Mr. Banerji."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"I am sorry that I have to oppose this motion. The motion is based on two grounds. One is that we should follow the example of the Imperial Legislative Council and the other is....."

The Hon'ble the MAHARAJADHIRAJA BAHADUR OF BURDWAN, interrupting, said :—

"May I correct the Hon'ble Member? I did not say anything about following the Imperial Council."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, interrupting, said :—

"Some of the speakers have stated that as one of the reasons. As regards following the example of the Government of India, I do not think we need follow it and the hon'ble the mover himself repudiates it. The Government of India have laid down no rigid principle which we must follow. In every case we have to consider and decide ourselves whether we ought to abandon a particular measure for fear that it might create excitement and embarrass the Government. So far as this Bill is concerned, it is of local application. Its operation is confined within the limits of the Calcutta Municipality and municipalities within the neighbourhood of

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; Maharajadhiraja Bahadur of Burdwan.

Calcutta. It goes no further. I know some meetings were held in which certain resolutions were passed. Beyond that we have not received any proof of any serious opposition to this Bill. It has been said that if time is given, probably the passage of the Bill through the Council will be facilitated. My Lord. I can say this with confidence, that in the Select Committee we have made very large concessions with reference to this Bill. One very important part of this Bill we dropped out of deference to the wishes of the non-official members of the Select Committee. That apparently has not facilitated the passage of the Bill through the Council and I doubt that, if an adjournment is given, it would facilitate the passage. The Bill lays down no new principle, at least nothing of a very important character. The main principles of the Bill are to be found either in the Calcutta Improvement Act or in the Calcutta Municipal Act—in the Calcutta Improvement Act—with reference to municipalities in the neighbourhood of Calcutta—and in the Calcutta Municipal Act with reference to the area within the municipal limits. So it is not anything new that we are bringing forward before this Council. I do not think, therefore, that this Bill is of such a character that it would be of any advantage postponing it at the present moment. Sufficient time has been given for its consideration and much time was spent in the Select Committee in going through this Bill and many alterations have been made. My hon'ble friend Babu Surendra Nath Banerji said that the postponement of the Bill will do no harm, that Calcutta will go on as usual in spite of the postponement. I may say, my Lord, with equal certainty, that if this Bill were passed, Calcutta would go on as usual in spite of the Bill. I feel therefore bound to oppose this motion."

The Hon'ble THE MAHARAJADHIRAJA BAHADUR OF BURDWAN said :—

"My Lord, I am afraid, I must press my motion. The Nawab Sahib has said that no new argument has been brought forward by us for postponing this Bill. We on this side of the House think that Government have also brought forward no new argument. The real truth is that Government have made up their minds to proceed with the Bill before the Council and they have got a very strong President of the Improvement Trust who wants to have this Bill passed soon. All we can do is to press our motion and thereby record our protest against its passing at such a time. I beg to press for a division."

A division was then taken with the following result :—

The President then declared Motion No. 8 to be lost and Motion No. 7 to be carried.

LIST OF BUSINESS—ITEM No. 9.

The Hon'ble Nawab Syed Shams-ul-Huda moved that the clauses of the Bill be considered for settlement in the form recommended by the Select Committee.

The motion was put and agreed to.

DISCUSSION OF AMENDMENTS.

[At the suggestion of the Hon'ble Nawab Syed Shams-ul-Huda Motion No. 5 in the List of Amendments was taken up before Motion No. 1.]

Clause 3.

Proposed new section 63 (1).

List of Amendments—Motion No. 5.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that the words "and building line (if any)" in lines 8 and 9 of sub-section (*1*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

He said :—

"Provision for a building line was not included in the original Bill. On the contrary, the original Bill provided for the repeal of the expression 'building line' from the Act. It has, however, been re-inserted in the Bill by the majority of the Select Committee. The real object of the Bill is to empower the Board to prescribe projected public streets with a view to prevent buildings being erected before the maturity of any Improvement Scheme, but the Bill as amended by the Select Committee goes very much beyond the original object of the Bill. The Corporation when it was consulted on the subject had before it the proposal to empower the Board only to prescribe projected public streets within the area of the Calcutta Municipality and there was no proposal to invest the Board with the power to prescribe building line. A projected public street may be 100 feet in width, and to call upon the owners of properties, many of whom stick to their old ancestral holdings with the fervour of religion, to further set back any building in the rear of the street alignment to a depth of as many feet (it may be 20, 30 or even 50 feet), as the Board may direct, would be inflicting the greatest hardship upon owners of properties especially the owners of small holdings. It may be that, in not a few cases, the residue of the land, after giving up the portion required for the projected public street and the portion to be left open between the street alignment and the main wall of a building in conformity to

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; Raja Hrishikesh Laha.

the building line. will be practically useless for a suitable building. It will mean absolute destruction to owners of small plots who will be rendered homeless. The Board has got the power to align streets of any width under the Calcutta Improvement Act. What is the necessity then of the additional power to prescribe a building line? Both for purposes of better facilities for traffic and ventilation a street may be prescribed of as much width as may appear necessary. Again for purposes of ventilation the Corporation have the building regulations prescribing one-third or two-thirds open space in each holding in areas where attached and detached buildings are allowed. There is therefore no necessity of prescribing building lines for purposes of providing open spaces. From an esthetic point of view it is hardly practicable to have the main walls of all the buildings abutting on a street built at an uniform distance from the street alignment. If the building line is prescribed say 10 feet away from the street alignment diferent owners might build their houses leaving different spaces between their buildings and the street alignment. One may leave 10, another may leave 15, another may leave 30 feet. Is it not therefore better and more equitable to acquire land outright for a projected public street, and reserve a certain portion, if necessary, in the rear of the actual road line for garden plots, or pleasure walks, etc., such as is provided in Camac Street, Circular Road and in many other streets in the European quarter of the town? In Russa Road where the Improvement Trust have acquired land for 100 and 150 feet roadway the Board propose to have on two sides of the street a garden walk planted by rows of trees. The ornamentation and beautification of projected public streets can best be attained in this way without further encroachment upon the holdings of land-owners, the vast majority of whom are poor middle class people.

There is no provision for a building line in the Bombay Improvement Act, and they have not been hampered in carrying out the improvement scheme, and have not sought for the amendment of the Act in this respect. So far as I have been able to ascertain there is no provision for a building line in the English Town Planning Act. Having regard to these facts and the strong public opposition to this proposal, and the divergence of opinion in the Select Committee, I hope the Government will be pleased to omit this provision, and to accept my amendment."

The Hon'ble RAJA HRISHIKESH LAHA said :—

"My Lord, I beg to support the amendment a similar one to which also stands in my name. The definition of 'building line' is not at all necessary. Power should not be given to the Calcutta Improvement Trust to prescribe building lines in rear of street alignments. On principle the power to prescribe building lines should rest with the Calcutta Corporation which has also the power to control the erection of buildings. I do not know for what purpose this authority should be vested in the Improvement Trust. If it were for pulling down unwholesome houses and keeping the front of the buildings well ventilated then this power would be superfluous. Already under the Building Regulations of the Calcutta Corporation the owners of houses have to leave open one-third space and side spaces in erecting new buildings in order to make them airy and sanitary, and it would be a gross injustice to them if they were again called upon to leave further open spaces in the rear of the street alignment.

In the discussion that followed on the Calcutta Improvement Bill in 1911, my Hon'ble friend Mr. Bompas said. 'Calcutta has to be brought up to date, and presumably the duty lies on the owners of the land and buildings in Calcutta to bring Calcutta up to date. They have a moral duty as regards the disposal of their property.' The landlords of Calcutta believed that their moral duty was satisfied when they were deprived of the additional compensation of 15 per cent. which is usually paid to all people in Bengal whose lands and houses are acquired under the Land Acquisition Act. They will pay about 75 lakhs, considerably more than the Government of India's contribution of 50 lakhs, and if they were again called upon to make a sacrifice

The Calcutta Improvement (Amendment) Bill.

Babu S. N. Ray ; Raja Dinendra Narayan Ray ; Nawab Syed Shams-ul-Huda.

by leaving open a certain amount of space ranging say from 5 to 50 feet, the numerous small holdings would be swept away and the middle class people would be the greatest sufferers. The general line of building should follow the street alignment and it would be sufficient if the houses were built in a row. No objection could be taken to building lines in undeveloped areas where there would be no difficulty in keeping open spaces between the street alignment and the building, but this would not be feasible in Calcutta. As the provision now stands, it would operate very harshly upon small owners of property and its omission therefore is in every way desirable."

The Hon'ble BABU SURENDRA NATH RAY said :—

"My Lord, I have only a few words to add to what has already been said by the Hon'ble Rai Radha Charan Pal Bahadur and the Hon'ble Raja Hrishikesh Laha. The Hon'ble Member in charge of the Bill has told us just now that substantial amendments proposed by the non-official members have been accepted by him in the Select Committee. This is a fact and we are very grateful to him and to the other official members for their having accepted our amendments. But if our amendments have been accepted, there has also been an attempt to tighten the grip of the Trust on the question of the building line which was first proposed in the Select Committee. May I explain how poor house-owners will be affected by this proposal? Suppose a man has only 6 cottahs of land. He can manage to build a house on it. Under the regulations of the Calcutta Corporation he has to leave about one-third of his land before he can build his house. That leaves him about 4 cottahs. Under the provisions of the new Act, he will have to leave another one-third of his land as vacant, so it comes to this—that a man owning 6 cottahs of land, he will be allowed to build only on two cottahs. And if he wants to sell his land he will receive only the value of 2 cottahs of land. This places the owner of small properties in a not very enviable position. With these words I support the amendment moved by my Hon'ble friend Rai Radha Charan Pal Bahadur."

The Hon'ble RAJA DINENDRA NARAYAN RAY said :—

"My Lord, I was in the Select Committee when the question was discussed threadbare and we insisted upon deleting the words 'building line.' It will be a great hardship to the small holders if they are compelled to leave more land than what they are already required to do under the Municipal Act. I fully agree with the previous speakers that it will cause real hardship, and I support the amendment."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I have to oppose this amendment. Before I give my reasons, I wish to offer an explanation as to why the building line was omitted from the Bill as originally drafted and had to be inserted in the Select Committee. I believe, if in the original Bill we had kept the building line, our troubles would have been much less here. What happened was this. As I said when opposing the motion for adjournment, the provision about the building line within the Calcutta Municipality exists in the Calcutta Municipal Act and in the neighbourhood of the Calcutta Municipality in section 63 of the Improvement Act. It was considered when the Bill was originally drafted that the building line within the Calcutta Municipality should be dealt with by the General Committee of the Corporation, because section 356 of the Calcutta Municipal Act lays down that the General Committee may from time to time prepare schemes and plans of proposed public streets showing the direction of such streets, the street alignment and the building-line, etc. It was, however, discovered that although the General Committee could lay down a building line, it could only do so with reference to schemes framed by that committee, and that if the Improvement Trust projected a street, it would not be open to the General Committee to lay down the building line. It was also felt that the provision for a building line as a matter of fact existed with reference

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; The President.

to municipalities in the neighbourhood of Calcutta, in section 63 of the Improvement Act, and there was no reason why it should not be extended to Calcutta also. These are the reasons why in the Bill as originally drafted there was no provision about the building line and how it came to be inserted in the Select Committee.

A proposal has been made that the building line should go out altogether and arguments have been put forward in support of that proposal. I do not think, my Lord, I need be drawn into the discussion whether it is right to lay down a building line or not. The building line was deliberately adopted by the legislature on more than one occasion, once in framing section 356 of the Calcutta Municipal Act and another time in section 63 of the Improvement Act. I therefore do not desire to enter into the justification for prescribing a building line at all. We are only giving the Trust the power that is now divided between the Trust and the Calcutta Municipality. I think the arguments against the building line are hardly of any great force and would not have been pressed at all if we had not made the mistake of dropping the building line from the original Bill. With these remarks I oppose the amendment."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, the words 'building line' were, as has been clearly and lucidly explained by the Hon'ble Member in charge, omitted from the original Bill. and they were omitted with the sanction of the Government of India. My Lord, I am not a lawyer, neither am I conversant with the procedure of Government, but I think when a particular provision was omitted with the sanction of the Government of India, when the Government of India gave its permission for the introduction of the Bill, I do not know whether the Select Committee was quite competent to re-insert it. The Hon'ble Member in charge of the Bill, my Lord, has correctly stated that he does not want to enter into the merits of the question, because if I understood him aright in Select Committee"—

HIS EXCELLENCY THE PRESIDENT said :—

"Proceedings in Select Committee are confidential and they should not be referred to in discussions in this Council."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR, continuing, said :—

"I apologise, my Lord. The Hon'ble Member has stated that in the municipalities in the neighbourhood of Calcutta, the original section 63 contained the words 'building line' and I think, my Lord, this is a correct statement of facts, but what I want to point out is that the Government very wisely and deliberately omitted these words, because in the outlying areas of the Calcutta Municipality it is quite possible for the Trust to open out roads of sufficient width as will not only provide sufficient means of traffic and sufficient room for ventilation, etc., but also sufficient space for having avenues and gardens or something like that What has the Improvement Trust done in portions of Russa Road? They have taken up land, excluding surplus land for the actual roadway, 150 feet in width, and it has been proposed to set apart about 60 or 65 feet for roadway and the remainder for footpaths and avenues with benches arranged for the comfort and convenience of pedestrians. But, my Lord, that is quite practicable in the outlying areas where land is cheap and where hardships will be much less felt than in the town proper. The Trust have acquired much land in this way in the southern portion of the Russa Road scheme at a cost which is stated to be *nil* in the statement which has been published. But it is different when you come to deal with land in the town proper. I think, therefore, my Lord, having regard to these facts, and also to the fact that it was stated in Select Committee by some of the members on the Government side, that the building line would not be prescribed within the town area, I think that the building line may be omitted from the proposed new section 63 (*1*)."

The motion was then put and lost.

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda ; Rai R. C. Pal Bahadur.

The following motions were then, by leave of the President, withdrawn :—

Clause 2.

List of Amendments—Motion No. 1.—The Hon'ble Rai Radha Charan Pal Bahadur to move that sub-clause (*1a*) (*aa*) of clause 2 be omitted.

List of Amendments—Motion No. 2.—The Hon'ble Raja Hrishikesh Laha to move that sub-clause (*1a*) (*aa*) of clause 2 be omitted.

List of Amendments—Motion No. 3.—The Hon'ble Babu Surendra Nath Ray to move that sub-clause (*1a*) (*aa*) of clause 2 be omitted.

List of Amendments—Motion No. 4.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved :—

that in lines 3 and 4 of clause (*1a*) (*aa*) of clause 2 the words " a street or " be omitted.

He said :—

" My Lord, it will be seen that the building line means the line up to which the main wall of a building at the rear of a street or a projected street. I believe, my Lord, the intention is to prescribe a building line in connection with a projected street and not on a street. A street as defined in the Calcutta Municipal Act includes both public and projected streets and therefore I do not think the Act gives power to the Board to prescribe a ' building line ' on any street, but on a projected street ; that is the intention of the legislature. The words should therefore be excluded to prevent confusion in the future. It might lead to the Board assuming power to prescribe a building line in connection with existing public or private streets which it is never contemplated that the Board should do. To clear all doubts about the matter, I move for the deletion of these words."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

" I am glad to be able to accept this amendment."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

" I thank the Hon'ble Member."

The motion was then put and agreed to.

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 6.—The Hon'ble Raja Hrishikesh Laha to move that the words " and building line (if any)" in lines 8 and 9 of sub-section (*1*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 7.—The Hon'ble Babu Surendra Nath Ray to move that the words " and building line (if any)" in lines 8 and 9 of sub-section (*1*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 8.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after the word " width " in line 10 of sub-section (*1*) of the proposed new section 63 (clause 3 of the Bill) the following words be added, namely :—

" " (which, in the case of streets within the Calcutta Municipality, shall in no case exceed 100 feet)."

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur ; Nawab Syed Shams-ul-Huda.

He said :—

" My Lord, section 63 gives power to the Board to prescribe a projected public street, and I think, my Lord, now that 'building line' is retained in the Bill, there should be some restriction as regards the width of the street. I think there should be some limit. When we are legislating, I do not think that we should have anything indefinite and uncertain. I have suggested a maximum of 100 feet which, I hope, will be admitted to be a quite adequate and reasonable width. Moreover, having regard to the fact that the Board will have power to prescribe a building line on both sides of the street beyond 100 feet in the town proper, and as, my Lord, it has been generally found that a maximum width of a road has been up to date fixed at 100 feet, I submit that my proposal is a reasonable one and ought to be accepted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

" My Lord, I am sorry that I cannot accept this amendment. My Hon'ble friend may be right in saying that 100 feet is a very reasonable limit, and it is possible that the greater width may not in most cases be insisted upon. At the same time the question is whether there is any reason why we should tie down the hands of the Improvement Trust in this way. There is a limit in section 356 of the Calcutta Municipal Act, but the limit is just the other way. It says :—

'The width of such projected street shall not be less than 40 feet or in a bustee 20 feet inclusive of space for footpaths.'

So that the Calcutta Municipal Act lays down the minimum, not the maximum ; the Improvement Trust lays down neither the maximum nor the minimum, and I think in a case like this it is much better to trust to the judgment and discretion of those who are entrusted with the duty of improving the town of Calcutta. There are other safeguards also. If a scheme is framed by the Trust, it comes up before Government for sanction where it is closely scrutinised. Besides the greater the width, the greater is the cost to the Trust. For these reasons, I do not think that any restriction on the power of the Trust, such as is now suggested by the Hon'ble Member, is called for. I therefore beg to oppose the motion."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

" My Lord, I beg to say a few words in reply. It is quite true that in the Calcutta Municipality the minimum width is 40 feet and it is also true that there is no minimum or maximum in the Calcutta Improvement Act. My friend has admitted that in most cases 100 feet would be a very reasonable width. I desire to explain, with Your Excellency's permission, what the real feeling of my countrymen on the subject is. What I mean to say is, that although the minimum is 40, generally the width has been 60, 70 and 80 feet, and in the town area it has been 80 to 100 feet. Having regard to the large predominance of the popular element in the Calcutta Corporation the omission to lay down any maximum is not of very great moment, whereas in the Board, the absence of such popular element makes all the difference. I think that there should be some restriction so that the 100 feet should be the maximum in the town area, and that is the reason why I have moved this amendment."

The motion was put and lost.

List of Amendments—Motion No. 9.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that at the end of sub-section (*1*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

" Provided that no building line shall be shown in any such plan at a greater distance than 15 feet from the rear of the street alignment."

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; Babu Mahendra Nath Ray; Nawab Syed Shams-ul-Huda.

He said :—

"My Lord, I hope our chagrin and disappointment in having lost our motions for the omission of the building line will be in some respect mitigated by the acceptance of this amendment. I hope the Council will see the reasonableness of the proposal of restricting the width of the building line and my proposal is that it should not be made compulsory on the owner of the building to leave more than 15 feet of his own land between the street alignment and the main wall of his building. The roads as opened out by the Trust are generally 80 to 100 feet wide, and some minor roads are 40 feet wide, and I am sure it will be considered quite fair and reasonable if 15 feet space is left on each side of the street. To give unrestricted power to the Board without a maximum limit might lead to hardship and oppression in some cases."

The Hon'ble BABU MAHENDRA NATH RAY said :—

"May I make a suggestion in connection with the amendment which is now before us? The definition of a building line proposed means the line up to which the main wall of a building abutting on a projected public street may lawfully extend. I was trying to inquire whether there was any provision in the law anywhere with reference to which this expression 'lawfully extends' has been used, and I have not been able to discover anything. A similar expression occurs in the Calcutta Municipal Act. In the regulations under this Act I find that a minimum limit of 4 feet is prescribed, but there is no maximum limit proposed, but that is not in regard to a projected street, but to a street under construction. The difficulty pointed out by the Hon'ble Member, the mover of this amendment, is no doubt a real one. We have in this Act as well as in the Calcutta Municipal Act a reference to the limit contemplated in the law. It would be unsatisfactory if there is nowhere any provision in law with reference to the limit to which the line may extend. It is not only a matter of drafting but one which goes to the root of the case. If it is intended to leave the matter entirely to the discretion either of the Calcutta Corporation or of the Improvement Trust, the use of the expression 'lawfully extends' in the definition seems to me to be misleading. I may be wrong, but in view of what I have been able to discover, it seems to me that it would be desirable, in view of the expression 'lawfully' used in the definition, to make a provision somewhere in the law, by which the absolute power evidently vested either in the Improvement Trust or in the Calcutta Corporation may be limited. However, at the present moment, we are dealing not with the Corporation, but with the Improvement Trust."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, interrupting, said :—

"My hon'ble friend has been reading from an old copy of the Act, and it is time that he should have a new copy. The portions which he has read have been expunged."

The Hon'ble BABU MAHENDRA NATH RAY said :—

"I may be wrong as to the 4 feet limit in the Municipal Act; but that does not affect the question."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA, continuing, said :—

"I think the arguments which I brought forward in connection with the amendment No. 8 apply equally well to this amendment. As I have said, as regards the building line there is no minimum and no maximum in the Improvement Act as it now exists. It has been considered desirable that the Trust should be left unfettered in this matter, and should be allowed to lay down the building line according to the requirements in each case. It may be that in the suburbs where land is cheaper there will be a wider building line than in the town of Calcutta, where land is very much dearer, but I do not think it is desirable to have any such limit in the Act, and therefore oppose the amendment."

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur.

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I may explain that the Calcutta Municipal Act no doubt does not contain any maximum or minimum. The Calcutta Municipal Act is a recent Act, and came into operation only 14 years ago, and I believe I am correct in stating this. The Hon'ble Mr. Payne, who has moved closer to the Hon'ble Member in charge, will correct me if I am wrong when I say that there were only two streets, during the last 14 years of the existence of the Calcutta Municipal Act of 1899, in which building line has been prescribed, and these two streets are Earle Street, 50 feet wide and 10 feet building line, the other street (Fariapookur Street) is 60 feet wide, and a new road in the Fringe Area, which was honoured by your Excellency's presence the other day, is 40 feet wide and 10 feet building line, which, I may say frankly, was prescribed at the suggestion of the Hon'ble Mr. Bompas. My Lord, during the last 14 years there have been two building lines in the Calcutta Municipality not exceeding 10 feet in width, and therefore although it is in the Municipal Act, there has not been any real hardship, because that section has practically remained a dead letter. But, as I have said before, the Calcutta Municipality is one thing, and the Calcutta Improvement Trust is another. I think, therefore, that there should be some restriction, because who knows what will emerge from the closed doors of the Improvement Trust and be hurled upon the heads of the ratepayers? I, therefore, humbly submit that there should be some restriction, and, after great deliberation and consultation, submitted to your Excellency's Council a proposal that it should be 15 feet, because the Municipality unanimously prescribed 10 feet. I do not mean the elected Commissioners whose opinions may not have so much weight, but the whole Corporation including the President of the Trust, who is a member of the Corporation, acquiesced in and supported the 10-feet building line. Therefore, my Lord, I think that my humble submission that a 15-feet building line might be prescribed by the Trust is a very reasonable one, and I hope that this may be accepted by the Hon'ble Member in charge, who, I am sure, is not very much against this proposal."

The motion was put and lost.

The following motion was, by leave of the President, withdrawn :—

List of Amendments—Motion No. 10.—The Hon'ble Rai Radha Charan Pal Bahadur to move that at the end of sub-section (*1*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"Provided also that no building line shall be prescribed for any proposed public street situated within the Calcutta Municipality."

List of Amendments—Motion No. 11.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that at the end of sub-section (*1*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"Provided that no building line shall be prescribed for any proposed public street situated—

(*a*) within the area included in Wards I to XVIII of the Calcutta Municipality as defined in Schedule III of the Calcutta Municipal Act, 1899, or

(*b*) within such portions of Wards XIX to XXV of the said Municipality (as so defined) as the Local Government, in consultation with the Corporation, may from time to time determine."

He said :—

"My Lord, one by one all our amendments relating to the building line have been lost, and this is the only one which awaits its fate. But I earnestly pray that it may not meet the fate of the previous ones. Ward No. 1 to Ward No. 18 as defined in the Calcutta Municipal Act represents the old town of Calcutta, already improved and built over and is the home of the middle class population of the city, each family holding generally 3 or 4 cottahs of land for their dwelling house, which is not only their home

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; Nawab Syed Shams-ul-Huda.

but the home of their domestic deities. It is wholly unnecessary to prescribe both projected public street and building line within that area. It will therefore be some comfort to the perturbed mind of the middle class people to know that the legislature, by an express provision, has excluded their area from the operation of the building line provision. I believe the Board will never prescribe a building line in the town proper, and, if I am correct in my belief, is it not better to reassure the public mind by explicitly providing for the exclusion of the area from the operation of the building line? Ward No. 19 to Ward No. 25 is the old suburban municipality, which was amalgamated with the Calcutta Municipality in 1888. Part of it such as Bhawanipur, Kalighat, Russa Road, Hazra Road and other places have been improved, and are already in hand for improvement. These areas may fitly be excluded from the operation of the building line, but as it is not possible to discriminate those areas by Wards as defined in the Municipal Act, I have suggested that the Local Government, in consultation with the Corporation, may exclude such portions of Ward 19 to Ward 25 as may be necessary. I hope that this amendment will meet with some consideration."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"I am sorry, My Lord, that I have to oppose this amendment also. One effect of this amendment, if carried, would be to make the law rather inconsistent. Within the limits of the Calcutta Municipality there is a similar provision in section 356 of the Calcutta Municipal Act, so that, if this amendment were carried, the effect would be that if the General Committee of the Corporation proposed a scheme they would be at liberty to lay down a building line, but as soon as the Trust proposed to do so, the right of laying down a building line would be gone. I do not think that this is desirable, and as we have deliberately adopted the policy of laying down the building line both within the Calcutta Municipality and outside it, and as this amendment, if accepted, would have the effect of nullifying what has already been done, I oppose it."

The motion was put and lost.

List of Amendments—Motion No. 12.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved :—

(*i*) that the word 'and' at the end of clause (*b*) of sub-section (*2*) of the proposed new section 63 (clause 3 of the Bill) be omitted; and

(*ii*) that after clause (*c*) of the said sub-section the following be added, namely :—

"and

(*d*) the period (which shall not be less than sixty days) within which objections to the said plan may be submitted to the Board."

He said :—

"My Lord, this is a section in which it is stated that the Board shall prepare a notice stating the fact that a plan has been made and so forth. What has been suggested is just to insert specifically in the notice the period within which objections to the said plan may be submitted to the Board. Under the present Act, in every notice of the Improvement Scheme, the period within which objections may be taken is specified and I am sure there can be no objection to the period of limitation within which these objections may be filed being included in the present Bill."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, my hon'ble friend, Rai Radha Charan Pal Bahadur, appealed to me to show some consideration for withdrawing one of his amendments, and I will show him that consideration by accepting this amendment."

The motion was put and agreed to.

The Calcutta Improvement (Amendment) Bill.

Babu S. N. Ray; Nawab Syed Shams-ul-Huda; Babu Mahendra Nath Ray.

List of Amendments—Motion No. 13.—The Hon'ble BABU SURENDRA NATH RAY moved :—

that after clause (*i*) of sub-section (2) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely :—

(*ia*) "forward a copy of the notice by post to each owner affected. and."

He said :—

"I may tell your Lordship that there are very few people in Calcutta who read the *Calcutta Gazette*. In fact I may say that only an infinitesimal portion of the population of Calcutta read the *Calcutta Gazette*, and the number of those who read newspapers is also limited. In these circumstances it seems necessary that there should be personal service of notice upon the persons who are affected, and the cheapest mode of serving notices is the post office. This being a very cheap vehicle for service of notice, I do not understand why it should not be resorted to by the Calcutta Improvement Trust. I propose, and it is a very reasonable proposal. as it will not cost the Trust a large amount of money, that notices be served on owners of property through the medium of the post office."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am prepared to accept the principle of this amendment, but not the form in which it is moved. The word 'owner' is a very ambiguous one, and, following the words in section 45, I would accept the amendment in the following form :—

(*1a*) forward a copy of the said notice to any person whose name appears in the municipal assessment book as being primarily liable to pay the owner's share of the consolidated rate, or the rate on the annual value of holdings. as the case may be, in respect of any land included within the proposed public street, and."

The Hon'ble BABU MAHENDRA NATH RAY said :—

"Is it not similar to amendment No. 16, which stands in my name? Unless there is something wrong in the form, will the Hon'ble Member see if amendment No. 16 will do?"

The Hon'ble NAWAB SYED SHAMS UL-HUDA said :—

"I have some objection to the words 'notice to be served' in No. 16, because I do not think the Trust should take the responsibility of proving service of notice. We do not want to take the responsibility of serving the notice and therefore I cannot accept that amendment."

The motion was then put in the form suggested by the Hon'ble Nawab Syed Shams-ul-Huda and agreed to.

The following motions were then, by leave of the President, withdrawn :—

List of Amendments—Motion No. 14.—The Hon'ble Rai Radha Charan Pal Bahadur to move that after clause (*ii*) of sub-section (*2*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(*iia*) cause copies of the said notice to be served on the owners and occupiers, respectively, of all buildings and land falling within the street alignment or building line shown on such plan, and."

Rai R. C. Pal Bahadur; Raja Hrishikesh Laha.

List of Amendments—Motion No. 15.—The Hon'ble Raja Hrishikesh Laha to move that after clause (*ii*) of sub-section (*2*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(*iia*) cause copies of the said notice to be served on the owners and occupiers, respectively, of all buildings and land falling within the street alignment or building line shown on such plan, and".

List of Amendments—Motion No. 16.—The Hon'ble Babu Mahendra Nath Ray to move that after clause (*iii*) of sub-section (*2*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"and

(*iv*) cause, within thirty days from the date of the first publication of the notice under clause (*i*), a notice to be served on every person whose name appears in the Municipal assessment-book as being primarily liable to pay the owner's share of the consolidated rate or the rate on the annual value of holdings, as the case may be, in respect of any land shown in the said plan."

List of Amendments—Motion No. 17.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after the word "shall" in line 4 of sub-section (*3*) of the proposed new section 63 (clause 3 of the Bill) the words "hear and" be inserted.

He said :—

"My Lord, in the present Act all objections to an improvement scheme are heard. It gives an opportunity to the objector to explain his objections fully, and point out in the plan laid on the table before the meeting of a Sub-Committee of the Board any alternative alignment which the parties affected might suggest. The Members of the Committee, as I know from personal experience, can at once understand the alternative alignment, and where feasible, they adopt, in not a few cases, the alternative alignment in preference to the original alignment. Discussion between the parties and the Committee also enables both parties to come to a satisfactory conclusion, whereas mere consideration of applications by the Committee as summarized in 3 or 4 lines in the précis cannot help the Board to come to a proper decision. It is a fundamental principle of all British enactments that people are heard before their objections are disposed of. It is opposed to all principles of justice, equity and fair play that a man's property should be taken from him without giving him an opportunity of being heard. It is of vital importance in a matter like this, where a person's property is at stake, to give him a hearing; otherwise it would accentuate the feeling of disappointment and dissatisfaction which is created in the minds of those whose hearths and homes are liable to be taken."

The Hon'ble RAJA HRISHIKESH LAHA said :—

"My Lord, I beg to support the amendment. The amendment is necessary to allow the owners the right of being heard as is done in the case of an Improvement Scheme under section 47 of the Calcutta Improvement Act. This would be the more advantageous course to follow as the party would then have an opportunity of suggesting any alternative scheme which might be beneficial to him as well as to the Trust, or of laying his grievances before the Board which might induce them to alter their plan, as has been done in the case of the China Bazar Scheme."

The Calcutta Improvement (Amendment) Bill.

Babu S. N. Banerji ; Nawab Syed Shams-ul-Huda ; Rai R. C. Pal Bahadur.

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, I desire to associate myself with this amendment. The Hon'ble Member in charge of the department is himself a lawyer. He will admit the justice of the contention which has now been put forward. You cannot strike a man without giving him a hearing. In cases under the Bengal Municipal Act, of petty encroachments which you desire to remove, you give the man a hearing, and the same procedure is followed in all proceedings in the Calcutta Municipality. I think it is a fundamental principle of justice, fair play and equity. What possible objection could there be to your giving the party a hearing. I think it is a plain elementary maxim of justice which, I am sure, my friend will gladly accept."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am sorry that I must oppose the amendment. The reason is that when a scheme matures into an improvement scheme there is already a hearing provided by section 47 of the Improvement Act which says :—

> 'that the Board shall consider any objection, representation and statement of dissent, and after hearing all persons making any such objection, representation or dissent, who may desire to be heard, the Board may either abandon the scheme or apply to the local Government, for sanction, etc., with such modifications as may be considered necessary',

and it has been thought that nothing would be gained by having two hearings. The scheme would have to go through section 47, and because there is a provision for hearing under section 47 of the Act which remains unaffected by the amendment, it is thought that the amendment only proposed will lead to delay and loss of time and is not necessary."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I appreciate the spirit in which the reply is given by the Hon'ble Member in charge. I believe, my Lord, he appreciates also the necessity of hearing the objectors, but his difficulty is that whereas in the case of an improvement scheme, when the projected street will be taken up as an improvement scheme, the objector will be heard, he does not see the necessity of giving two hearings to an objector. My Lord, I think that that information has been gathered from the Trust, but my Lord, I have been associated with the Trust very intimately for the last three years. I shall try to explain the circumstances, but I do not know whether they will be convincing. I hope that it will create some impression on the mind of the Hon'ble Member. My Lord, a projected street is framed from the corner of the Scotch Kirk to Sova Bazar or Beadon Street. The street will not materialise into a street scheme for the next 10 years. The parties affected may be 500, and during the 10 years before it materialises into a street scheme, 250 people may be swept away, because those who do not want to erect or re-erect or add to a building, will come to the Board for acquisition of their property. My Lord, if out of 500, 250 vanish, 250 remain there. Is it fair, I beg to ask, that, of the 250 people who have been swept away during this period, not one should be allowed the opportunity of coming before the Chairman of the Trust and the Board with an alternative plan, and explaining, with the help of their expert engineers, that this or that plan is the better alignment than the alignment that was originally shown there. My own experience, sitting in these Committees, is that if an objector comes in person and explains the position from the plan, then, my Lord, we are in a much better position to consider whether the line should be shifted elsewhere or not. Having regard to these facts—I do not know how far I have made it clear to the Hon'ble Member—I hope he will see his way to accept my amendment."

The ayes being 10 and the noes 25, the motion was lost.

The following motion was, by leave of the President, withdrawn :—

List of Amendments—Motion No. 18.—The Hon'ble Raja Hrishikesh Laha to move that after the word "shall" in line 4 of sub-section (3) of the proposed new section 63 (clause 3 of the Bill) the words "heir and" be inserted.

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; Rai R. C. Pal Bahadur.

List of Amendments—Motion No. 19.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after sub-section (*3*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(*3a*) If the Board apply to the Local Government for sanction as provided in sub-section (*3*), they shall simultaneously forward to the Government a full statement of all objections and representations made to them under the said sub-section."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"I am prepared to accept this amendment with a little verbal alteration. It should run thus :—

'(*3a*) If the Board apply for sanction as provided in sub-section (*3*), they shall simultaneously forward to the Local Government a full statement of all objections and representations made to them under the said sub-section.'

The Hon'ble Rai Radha Charan Pal accepting the above alteration, the motion, in its modified form, was put and agreed to.

List of Amendments—Motion No. 20.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after sub-section (*3*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(*3aa*) Whenever any notice of the making of any plan is published by the Board under clause (*i*) of sub-section (*2*), if such notice relates to more than one plan, or if more than one such notice is published within the period of 60 days from the date of the publication of any previous notice, the Board shall, at the request of the Corporation or any other local authority as aforesaid, allow the Corporation or such local authority, as the case may be, such further time as may be reasonable to make any representation as aforesaid."

He said :—

"My Lord, a period of 60 days is fixed in the Bill for consideration of the plan of a projected public street by the local authorities. During that period a local inspection may be made, a sort of informal conference is held with the rate-payers, the plan is considered in the Committee, which takes at least two meetings, and then it comes up to the Corporation, and nearly 60 days are taken up in the proper consideration of a single plan. For aught I know, the Board have got several ready-made plans of projected public streets which may be published at once or in rapid succession within the first 60 days, and the local authorities may find it difficult to fully consider all the plans within the short time at their disposal. To obviate this difficulty I have proposed that extension of time should be allowed. I hope this amendment will be accepted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I do not think that this is necessary because I think the Trust have power to fix the date, and it is not likely that they would rush the Corporation with too many projects at one time."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"What I want to explain, my Lord, is this, that it gives some statutory right to the Corporation or other local authority to ask for time."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I do not think the Hon'ble Member can say that at any time the Corporation asked for time to consider a scheme and time was not given."

The motion was put and lost.

The Calcutta Improvement (Amendment) Bill.

Dr. Nilratan Sarkar ; Rai R. C. Pal Bahadur.

List of Amendments—Motion No. 21.—The Hon'ble Dr. Nilratan Sarkar moved that after the word "street" in line 8 of sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely :—

"for a period of five years."

He said :—

"My Lord, the amendment seeks to lay down a time-limit within which the Board must make up their mind definitely in regard to a proposed public street after it has been notified as such. As the proposed new section stands now, when the scheme has passed through the various stages, from the preparation of plans down to the notification of same by the Local Government, the character of a projected public street will attach to the area concerned until such time as it is declared to be a public street or the notification is cancelled. The omission of any time-limit, within which either of these decisions should be arrived at by the Board, will lead to serious inconvenience to the owners. The effect of the notification of any projected public street being that a *status quo* will have to be maintained in regard to the affected area for an indefinite length of time and quite a number of disabilities will attach to the owner's rights of use, occupation, and disposal of the area under notice. The element of uncertainty and unsettlement induced by the notification should not be enhanced by leaving the Board free to lengthen out the period of suspense indefinitely.

It is true that a similar provision in the Municipal Act has no time-limit. But there is a great difference in the matter of new erections. The proposed measure will invest the Board with more ample and drastic authority than what has been provided for the Calcutta Corporation under the Municipal Act. Section 356 read with 352 in the latter Act deals with projected public streets and it imposes no embargo upon the privilege of the owner to make new erections, the operation of the section being confined to the setting back of any building or wall which has fallen down or been burnt down, or taken down so far as they stood across the street alignment or building line of the projected street. In this view of the matter new erections may be permitted within the area of projected public streets under the Municipal Act, while they will be prohibited by the Improvement Act.

Five years is a reasonably long time beyond which the Board should not take to come to a decision in this matter ; at least the Government should not allow a longer time."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I support this amendment. It is necessary that there should be some time-limit within which a proposed public street should either be completed or abandoned. In the absence of any such time-limit, and having regard to the fact that the scheme might be cancelled at any time by the Local Government, the owners of properties affected by the scheme would seriously be handicapped in dealing with such properties. In this connection I would quote the following from the letter of the Chairman of the Corporation communicating the views of the Corporation to Government on the subject. The Chairman observes :—

'They consider that a time-limit should be prescribed for its operation. It was pointed out that several years may elapse before a projected public street materialises into a sanctioned street scheme, and in not a few cases the alignment will ultimately be abandoned. This being so, it would not be equitable to prevent landholders from developing and improving their properties for an indefinite time. The limit which the Committee proposes is two years from the date of the notification of the projected public street under section 63 (*6*). The Committee consider that this period should give the Improvement Trust sufficient time to frame a street scheme and that the limitation should have a wholesome effect in preventing unnecessary delay on the part of the Trust.'

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda ; Mr. Bompas.

A public street may be projected to-day, but it may not be an accomplished fact ten or twenty years hence, and in the meantime the owners of properties affected by the scheme continue to suffer indefinitely. There is a strong public feeling that this state of things should not be allowed to come into existence."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am sorry that I am not in a position to accept this amendment. There is some force in what my hon'ble friend has said, but the difficulty is that, if accepted, the value of the Bill to the Trust will be greatly minimised. The whole idea is that plans will be made and gradually carried into execution. I am informed by the Chairman of the Calcutta Improvement Trust that their programme will take about 20 years to complete, and with that knowledge I find it difficult to say that the Bill itself will serve much useful purpose if we put a limit of 5 years, because after 5 years all the notices issued and proceedings taken will be nullified and the same process will have to be gone over again. Therefore, I cannot accept the amendment."

The Hon'ble MR. BOMPAS said :—

"My Lord, I am not able to understand how anybody who assents to the principle of the Bill can support this amendment. The Bill, with the concurrence of the Corporation, the Improvement Trust and this Council, provides for the laying down of street alignments when it is intended to make a street. That is not an unprecedented provision of law. It exists in most of the countries in Europe. Since 1909 it has existed in England, and in Calcutta for a great many years, and the advantage of it is obvious. It is so obvious that practically it has been brought into force in every country and everybody wants to know why it was not brought into force before. If a city is growing it is inevitable that streets will have to be made and main thoroughfares opened. It is also clear that private individuals will build houses, manufactories and other buildings. The question is, is it in the interests of the community, and is it in the interests of private individuals to allow private individuals to build all these buildings on the roads when you will have to pull them down again? Is it not a mere matter of commonsense if we are about to make roads and erect buildings to exercise a little foresight and see that the buildings are not placed on the lines that the streets are going to follow? What object will there be in saying, you will not build houses on the line of future roads for the next 5 years, and after 5 years may build them and have them pulled down again? I would have a road alignment permanently fixed, as in other cities of Europe. Paris is especially proud in having its streets laid down for 25 years hence. Most of the German and Italian towns lay out their expected growths for a quarter of a century ahead, and if you are going to lay down any streets at all you ought to maintain this principle.

The alternative idea, the only idea that suggests itself to me as justifying an amendment like this is that the Trust has been given certain funds to carry out certain works, and if the Trust have done their duty they should carry out these works in 5 years. But no one has suggested that the Trust can spend their money in 5 years ; it is financially impossible. With the capital at its disposal, the Trust has to turn it over and over again. The Trust acquires land, makes roads, sells the surplus land and starts with fresh capital.

What is the advantage to the private owner of this amendment ? Under the Bill as it stands, if a private owner has land falling within the street alignment, he can call upon the Trust at any time to acquire it. Why compel the Trust to acquire it if the owner does not wish it? If it suits the private individual to continue to hold his land subject to these disabilities, why not allow him to do so.? The alternative, if he wishes to get rid of it, is open to him. Take the case of roads in the centre of the town : is it to the interests of the private individual that the Trust should be compelled to hasten its operations? Looked at from the point of view of the private owner surely the more

slow and gradual the operation of the Trust the less hardship is it likely to impose. It may not be so inconvenient for him to sell 10 years hence. I cannot understand, and there is no precedent that I know of, or any legislation in any town in the world, for having temporary road alignments. If 150 years ago. when Calcutta was growing and buildings were being erected, they had exercised foresight and laid down alignments for broad streets, all this expenditure of money would have been saved."

The Hon'ble Mr. PAYNE said :—

"My Lord, as the Hon'ble Rai Radha Charan Pal Bahadur has referred to a letter of mine in his speech, I think it is only right that I should point out that the quotation read by him does not refer to this clause at all. It refers to clause (*bbb*) of section 8 of the Schedule and not to the clause under discussion.".

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I have a motion on this very subject, and I would not therefore formally move it. It is differently worded, but may I have the right to reply? "

His Excellency the PRESIDENT said :—

"No. I am afraid the Hon'ble Dr. Nilratan Sarkar alone has the right of reply."

The Hon'ble DR. NILRATAN SARKAR said :—

"My Lord, I moved this amendment on a question of principle as well as a question of details. First, as to the principle, if it is agreed that there should be a time-limit for the notification—and all notifications have a lapse—the Government may accept my amendment. If any difficulty should arise in practice, they may easily renew the notice. Some compromise may be arrived at for that purpose. In fact, it may be troublesome to go again through the details of the various processes required by this section. If necessary, the notice may be renewed without so much formality and waste of time.

As regards the details, the Hon'ble the Chairman of the Trust has based his arguments upon convenience from the point of view of the Trust. No doubt his arguments are sound from his point of view. But from the point of view of individual owners, I think a time-limit would be much more convenient to us than to have our land and property indefinitely placed in such a disadvantageous position as is contemplated in this section. It is true that in the Municipal Act, for a similar purpose, there is no time-limit. But there is a vast difference between section 356 of the Municipal Act and this section of the Improvement Act. The Hon'ble Mr. Bompas has also said there is nothing to prevent the owner from applying for his property being acquired. Even this the owner cannot do unless he submits a plan, whether bogus or genuine, and has it rejected by the Chairman. In these circumstances I would press for the acceptance of this amendment."

The motion was put and lost.

The following motion was then, by leave of the President, withdrawn :—

List of Amendments—Motion No. 22.—The Hon'ble Dr. Nilratan Sarkar to move that after the word "declared" in line 9 of sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely, "within the said period."

List of Amendments—Motion No. 23.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after the words "the said notification has been

cancelled" in line 12 of sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"in which case the fact of such cancellation shall be announced in the Calcutta Gazette and in local newspapers."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am anxious to consider further the principle underlying this amendment, but there is some doubt about the form, and I would ask my Hon'ble friend to leave it over for to-day."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"Very well, my Lord."

The discussion of the motion was then adjourned to the next day.

List of Amendments—Motion No. 24.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(*6a*) Where any land has been acquired after the issue of a notification under sub-section (*6*) sanctioning the plan of the proposed public street, the owner from whom such land has been acquired, or his successor in interest, shall, if such notification is subsequently cancelled, have the right to reclaim the land on payment of a sum not exceeding the compensation paid to him."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I may inform my Hon'ble friend that we are considering this amendment, and, if he agrees, it may be taken up to-morrow."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"Very well, my Lord."

The discussion of the motion was then adjourned to the next day.

The following motions were then, by leave of the President, withdrawn.

List of Amendments—Motion No. 25.—The Hon'ble Rai Radha Charan Pal Bahadur to move that after sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

(*6aa*) "When any proposed public street is not declared to be a public street under section 65, or section 66, as the case may be, within five years from the date of publication of the notification referred to in sub-section (*6*), such notification shall be deemed to be cancelled."

List of Amendments—Motion No. 26.—The Hon'ble Babu Mahendra Nath Ray to move that at the end of sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

(*c*) the expiration of four years from the date of the said notification."

Clause 3.

Proposed new section 63 (8).

List of Amendments.—Motion No. 27.—The Hon'ble Babu Surendra Nath Ray to move that for sub-section (*8*) of the proposed new section 63 (clause 3 of the Bill) the following be substituted, namely :—

"If any person desires to erect, re-erect or add to any wall or building within the street alignment of a projected public street shown in any plan sanctioned by the Local Government under this section, he shall submit an application in writing to the Chairman for permission so to do :

"Provided that nothing in this sub-section shall relieve any person from the liability to obtain such sanction as it may be necessary to obtain under any law for the time being in force from any local authority."

List of Amendments—Motion No. 28.—The Hon'ble Rai Radha Charan Pal Bahadur moved that the words "twelve feet in height including the plinth" be substituted for the words "eight feet in height" in line 2 of sub-section (*8*) of the proposed new section 63 (clause 3 of the Bill).

He said :—

"My Lord, a wall 8 feet in height is permitted to be built within the building line but it will be a very low wall and would not be sufficient protection for a house. Twelve feet including the plinth is a fair and reasonable height and I hope that this amendment will be accepted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, we are prepared to accept the next amendment and adopt 10 feet as the height if my friend will withdraw this amendment."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"I thank my hon'ble friend for whatever concession he may be pleased to make us."

The amendment was then, by leave of the President, withdrawn.

List of Amendments—Motion No. 29.—The Hon'ble Rai Radha Charan Pal Bahadur moved that the words "ten feet" be substituted for the words "eight feet" in line 2 of sub-section (*8*) of the proposed new section 63 (clause 3 of the Bill).

The motion was put and agreed to.

The following motion was, by leave of the President, withdrawn.

List of Amendments—Motion No. 30.—The Hon'ble Raja Hrishikesh Laha to move that the words "or building line" in lines 3 and 4 of sub-section (*8*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 31.—The Hon'ble Rai Radha Charan Pal Bahadur moved that the words "or re-erect" be inserted after the words "to erect" in line 2 of clause (*i*) of sub-section (*8*) of the proposed new section 63 (clause 3 of the Bill).

He said :—

"My Lord, to be consistent with the opening sentence of the clause (*i*) where the words "erect and re-erect" occur, it is necessary to insert the word "re-erect" after the word "erect" in the latter part of the clause.

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda; R. C. Pal; Raja Hrishikesh Laha.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said:—

"My Lord, I accept this amendment."

The motion was put and agreed to.

List of Amendments—Motion No. 32.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after the word "balcony" in line 12 of sub-section (*8*) of the proposed new section 63 (clause 3 of the Bill) the words "or verandah not exceeding 6 feet in width" be added.

He said :—

"My Lord, it was intended in the Select Committee to allow a small verandah projecting from the main wall of the building over the vacant land within the premises in the rear of the street alignment within the building line of a projected public street. A verandah not exceeding 6 feet in width in front of a house built on approved architectural design will not only add to the convenience and comfortable use of a building but will enhance the beauty and ornamentation of the street frontage. I hope this addition will be allowed."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am sorry that we cannot accept this amendment. The "building line" has already been adopted and we are not prepared to modify it further."

The motion was put and lost.

List of Amendments—Motion No. 33.—The Hon'ble Rai Radha Charan Pal Bahadur moved that after the words "an outhouse not exceeding 15 feet in height" in lines 14 and 15 of sub-section (*8*) of the proposed new section 63 (clause 3 of the Bill) the words "excluding the plinth" be added.

He said :—

"My Lord, an out-office 15 feet in height inclusive of the plinth will render the rooms low and ill-ventilated. The higher the plinth the better for the house. I have added the words "excluding the plinth in order to encourage the building of good and substantial plinths."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, the reasons I gave for opposing Amendment No. 32 apply equally to this amendment."

The motion was put and lost.

List of Amendments—Items Nos. 34 and 35.—The Hon'ble Raja Hrishikesh Laha, with the permission of His Excellency the President, moved motions Nos. 34 and 35 together, as follows :—

"That the word 'sixty' be substituted for the word 'thirty' in line 15 of sub-section (*8a*) of the proposed new section 63 (clause 3 of the Bill).

That the words 'which period may be extended on application' be added at the end of sub-section (*8a*) of the proposed new section 63 (clause 3 of the Bill)."

He said :—

"My Lord, thirty days would be too short a period for the removal of a wall or a building as the owner will have to take steps for the safety of the remaining portion of his house or for building a new wall or for pulling down the old wall. This will undoubtedly take time and it would be fair and reasonable to allow poor owners to adopt necessary measures for the protection of their property."

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda ; Raja Hrishikesh Laha.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I think it would be better if my Hon'ble friend moved 34 separately, as we are prepared to accept it, but not No. 35."

The Hon'ble RAJA HRISHIKESH LAHA said :—

"I am quite agreeable to that."

Motion No. 34 was then put and agreed to.

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 35.—The Hon'ble Raja Hrishikesh Laha to move that the words "which period may be extended on application" be added at the end of sub-section (*8a*) of the proposed new section 63 (clause 3 of the Bill).

Clause 3.

Proposed new section 63(10).

List of Amendments—Motion No. 36.—The Hon'ble Raja Hrishikesh Laha to move that the words—

"or

(*ii*) between the street alignment and the building line"

in lines 4, 5 and 6 of sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 37.—The Hon'ble Babu Surendra Nath Ray to move that the words—

"or

(*ii*) between the street alignment and the building line"

in lines 4, 5 and 6 of sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 38.—The Hon'ble Babu Mahendra Nath Ray to move that at the end of sub-section (*10*) (*ii*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely—

"or

(*iii*) partly within the street alignment and partly between the street alignment and the building line."

List of Amendments—Motion No. 39.——The Hon'ble Raja Hrishikesh Laha moved that the brackets and words "(including compensation for severance)" be inserted after the word "refusal" in clause (*a*) of sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill).

He said :—

"My Lord, justice demands that when the Trust acquires a portion of a building it shall not only pay the value of the land and building, but also the cost of deterioration that would be caused to that building by pulling down a portion which would have the effect of rendering the rest uninhabitable or causing great inconvenience to the owner. In common fairness compensation for severance should be granted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I oppose this motion because I think it is unnecessary. The acquisition would be under the Land Acquisition Act and the principle of that Act would apply, unless expressly abrogated. The Land Acquisition Act does recognise claims for compensation by reason of severance, and therefore I think amendment is unnecessary, and I oppose it."

The motion was put and lost.

The Calcutta Improvement (Amendment) Bill.

R. C. Pal.

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 40.—The Hon'ble Babu Surendra Nath Ray to move that the words " or between the street alignment and the building line, as the case may be" in clause (*b*) of sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

List of Amendments—Motion No. 41.—The Hon'ble Dr. Nilratan Sarkar to move that for the words, brackets and letter " in case (*a*)" in line 20 of sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) the following be substituted, namely :—

" in both case (*a*) and case (*b*)".

List of Amendments—Motion No. 42.—The Hon'ble Dr. Nilratan Sarkar to move that after the words, brackets and letter " in case (*b*) " in line 23 of sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) the following be inserted, namely :—

" at their option."

List of Amendments—Motion No. 43.—The Hon'ble Dr. Nilratan Sarkar to move that before the proviso to sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill), the following be inserted, namely :—

" Provided that any land so acquired shall either be forthwith added to the street or be kept as an open space for public use, and shall in no case be disposed of according to the provisions of section 81."

List of Amendments—Motion No. 44.—The Hon'ble Dr. Nilratan Sarkar to move that for the proviso to sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) the following be substituted, namely :—

" Provided further that, in the case of such land as falls within the street alignment only, the Board shall not exercise such option, unless the owner requires the Board to acquire the same in lieu of paying compensation therefor."

List of Amendments—Motion No. 45.—Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

" My Lord, I should like to move my amendment No. 45 in two parts."

Leave was given. and the Hon'ble Rai Radha Charan Pal Bahadur moved that the proviso to sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) be omitted.

He said :—

" My Lord, in the proposed section 63, sub-section (*10*), option is given to the owner of the land, who is refused permission to erect, re-erect or add to a building or wall, to call upon the Board either to pay him compensation for any damage sustained by him or to acquire so much of his land as falls within the street alignment, but it is also provided that it shall be optional with the Board to acquire the land or building as the case may be in lieu of paying compensation. The proviso nullifies the option given to the owner in clauses (*a*) & (*b*) of sub-section (*10*), and is quite inconsistent with those clauses. What you give with one hand you take away with the other. The property belongs to the owner, and it is for him to exercise the option either to claim compensation for any damage sustained, and to retain the property as it stands, suffering all inconvenience and hardships on account of its restricted use, or to call upon the Board to acquire the property

The Calcutta Improvement (Amendment) Bill.

R. C. Pal ; Nawab Syed Shams-ul-Huda.

in question at once. If the Board proceeds to execute the projected public street at once, they must acquire the property immediately, but if there is delay in executing the scheme the owner has the option either to retain the property on payment of compensation by the Board or to sell it outright to the Board. Why should there be again any option in favour of the Board ? This is neither fair nor just and will create in the minds of the people an impression that the so-called option to the holders of properties is illusory. I would like to draw Your Excellency's special attention to this. The option is given to the person either to suffer all the disabilities till the road is completed 20 or 30 years hence by taking some compensation as damages, or to call upon the Board to acquire the property outright. My Lord, in the concluding portion of the clause, option is given to the Board, when the amount of compensation exceeds the estimated cost of acquisition, to acquire the property. I think, My Lord, that what is stated in the beginning is nullified by the subsequent portion of the clause, where the option is given to the Board."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I do not think that my hon'ble friend is right in saying that what is given in the first portion is taken away by the proviso. The owner of the land has got the right either to claim compensation or to ask for the acquisition of so much of the land as falls within the street alignment. A case may occur in which compensation to be awarded is so large that it is much more convenient to the Board, instead of paying compensation, to pay the full value of the land, and therefore option has been given to the Board in case a man comes and claims compensation, to say, 'No, instead of compensation, we will acquire the land and pay you the full value,' so that both parties are on very much the same footing. Option is given to the owner to claim either compensation or acquisition. For this reason, I oppose the amendment."

The motion was put and lost.

The Hon'ble Rai Radha Charan Pal Bahadur then moved that after sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

'Provided that an appeal shall lie to the Board against any refusal of permission by the Chairman as aforesaid.'

He said :—

"My Lord, following the Calcutta Municipal Act, where an appeal lies against the decision of the Chairman to the General Committee, I think there should be a provision of an appeal to the Board against the Chairman's order, more so because the word 'Chairman' has been substituted in the place of the word 'Board' in the Bill. I have reasons to believe that it will be accepted by the present Chairman of the Board. For it will not impair his powers and influence which have unrestricted scope in the Board."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, we are able to accept this amendment with a slight change in the wording. We will accept it if put in this form, and as a new sub-section (*11*).

"(*11*) An appeal shall lie to the Board from any refusal by the Chairman to grant an application under this section.' "

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"I accept the Hon'ble Member's suggestion."

The motion was put in the altered form and agreed to.

The Calcutta Improvement (Amendment) Bill.

Babu S. N. Banerji; Nawab Syed Shams-ul-Huda; R. C. Pal.

List of Amendments—Motion No. 46.—The Hon'ble Babu Surendra Nath Ray moved that at the end of sub-section (*10*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"Provided further that the owner shall be entitled to damages (if any) sustained by him by reason of the severance of such land from his other land, or by reason of the acquisition injuriously affecting his other property (moveable or immoveable) or his means of livelihood."

He said :—

"My Lord, this proviso, I need hardly tell the Council, is taken from section 23, clause (1) (*iv*) of the Land Acquisition Act. My friend, the Hon'ble Member in charge of the Bill, has just now said, in opposing the amendment of the Hon'ble Raja Hrishikesh Laha, that inasmuch as the acquisition will be made under the provisions of the Land Acquisition Act, the parties will be entitled to claim damages for severance. But there may be a zealous Land Acquisition Collector who would say that the acquisition is made, not at the instance of the Trust but at the instance of the owner of the property, and therefore he is not entitled to any damages for severance, he is entitled only to claim compensation for what is actually acquired. Of course, I can very well understand that if there be a good judge, he would give compensation for severance also, but why not reaffirm the principle? I cannot use the speech of my hon'ble friend in this Council, after the Privy Council decision and say that the Hon'ble Member in charge of the Bill has said that, as the acquisition is made under the Land Acquisition Act, the claimant will be entitled to claim damages for severance. In these circumstances I do not see any reason why the principle which has been already laid down should not be reaffirmed.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I do not think we ought to reaffirm a principle where it is unnecessary to do so. Nothing can be more clear than this, that the acquisition is to be made under the Land Acquisition Act, and the words my friend has quoted are taken from the Land Acquisition Act. I do not think it is necessary to include them in the new Improvement Act. I do not think any Court can possibly hold that, because the owner of a plot of land exercises the right which the law gives him to claim compensation, he is therefore not entitled to full compensation. If he can go so far as to say that nothing should be given for severance, he may as well say that when the owner of the land himself came and asked for acquisition he is not entitled to any compensation at all. I do not think there is any doubt or any mistake that we have to clear up, and for this reason I oppose the motion as being unnecessary."

The motion was put and lost.

List of Amendments—Motion No 47.—The Hon'ble Rai Radha Charan Pal Bahadur moved that at the end of sub-section (*10*) of the proposed section 63 (clause 3 of the Bill) the following be added, namely :—

"Provided further that if the land falling either within the street alignment or between the street alignment and the building-line, as the case may be, is reasonably required for the full and unimpaired use of the premises of which it forms a part, the Board shall be bound, if the owner so requires, to acquire the whole of the said premises."

He said :—

"My Lord, this is practically on the same lines as the previous motion, and if the Hon'ble Member is not prepared to accept it, I do not wish to waste the time of the Council and would withdraw it."

The motion was then, by leave of the President, withdrawn.

The Calcutta Improvement (Amendment) Bill.

R. C. Pal; Raja Hrishikesh Laha; Nawab Syed Shams-ul-Huda.

The following motions were also, by leave of the President, withdrawn.

List of Amendments—Motion No. 48.—The Hon'ble Rai Radha Charan Pal Bahadur to move that clause 6 be omitted.

List of Amendments—Motion No. 49.—The Hon'ble Rai Radha Charan Pal Bahadur to move that in line 11 of clause 6 the words "twelve feet" be substituted for the words "eight feet."

List of Amendments—Motion No. 50.—The Hon'ble Rai Radha Charan Pal Bahadur moved that in line 11 of clause 6 the words "ten feet" be substituted for the words "eight feet."

The motion was put and agreed to.

The following motion was, by leave of the President, withdrawn.

List of Amendments—Motion No. 51.—The Hon'ble Babu Surendra Nath Ray to move that the words "or building-line" in line 13 of clause 6 be omitted.

List of Amendments—Motion No. 52.—The Hon'ble Rai Radha Charan Pal Bahadur moved that clause 6A be omitted.

He said :—

"My Lord, this clause provides for a penalty for failure to remove a building or wall in respect of which an agreement has been made, and the fine may extend to one hundred rupees. This clause is not at all necessary, for the subsequent clause 7A gives the Chairman the power to remove such wall or building at the cost of the owner, and in many cases the cost of demolition and removal of rubbish is more than met by the sale of building materials. Where is the necessity, therefore, of having the unpopular provision of a prosecution entailing a fine of one hundred rupees, when the object is easily gained by the demolition of the building by the Chairman ?

I think, my Lord, that this prosecution clause is unnecessary, as the object is easily gained by the subsequent clause."

The Hon'ble RAJA HRISHIKESH LAHA said :—

"My Lord, I beg to support this amendment. This clause provides a penalty for failing to comply with the requisition of the Trust. The penalty clauses are certainly superfluous, as the removal of a wall or building and the recovery of expenses incurred thereby are provided in clause 7A. It will have the effect of harassing people, as the owner would be sufficiently punished when he does not get compensation for the building he had constructed, and over and above that, to make him liable to punishment would be very harsh indeed. Already the large acquisition of lands has made the Calcutta Improvement Trust very unpopular, and this provision will make it doubly so."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I do not think that the full significance of this clause has been realised. The clause provides that when a person has executed an agreement, as provided in section 63, if he fails to remove such a wall or building within the time specified in the notice, he may come forward and say 'I cannot do it, you had better do it yourself', the Chairman will then do it for him. But if he neither comes and asks the Chairman to do it, nor does it himself, he is only then liable to be fined. I do not think in a case like that there is any question of hardship at all.

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"If I may be permitted to explain, my Lord, it is not merely a question of the removal of a wall, etc. When a written notice is given to the owner, and it is not complied with, then the Chairman may proceed to remove such

Nawab Syed Shams-ul-Huda.

wall of building and recover the cost of same by the sale of materials. This ought to be enough. There may be cases in which poor illiterate men may not be able to remove the building or the wall within the given time. I have great respect for Mr. Bompas, but there may be underlings in the subordinate ranks who might start a prosecution. We cannot expect the President of the Improvement Trust to watch all these minor matters. It is sufficient to avoid the contingency of the Board being saddled with any additional cost. It is amply provided for by the subsequent clause, and there is no use in having a prosecution section again."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"May I add a few words, my Lord? Section 174A refers to section 171A. The former says: When a written notice.....is not complied with by the owner thereof for the time being as provided in section 171A." It is only when you do nothing under section 171A that 174A comes in. Therefore if you drop 171A, 174A becomes perfectly meaningless."

The motion was put and lost.

The following motions were, by leave of the President, withdrawn :—

THE CALCUTTA IMPROVEMENT (AMENDMENT) BILL, 1915.

[*The discussion on the Calcutta Improvement (Amendment) Bill, 1915, adjourned from the 2nd instant, was resumed.*]

DISCUSSION OF AMENDMENTS.

Clause 8.

List of Amendments—Motion No. 57.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that clause 8 (*bb*) be omitted.

He said :—

" My Lord, the introduction of this novel clause is hotly opposed by the public. I fail to see what is the impediment that is sought to be removed by the introduction of this clause. The Corporation has been acquiring land and there has been no difficulty with them for want of a similar provision in the Calcutta Municipal Act. The Land Acquisition Collector or the Tribunal of the Improvement Trust have not found any difficulty in acquiring land. This provision unnecessarily introduces an element of controversy in the matter of valuation. A projected street is framed to-day and a line is drawn in the plan, and ten years after the land is acquired and the road is made. How can the increase and decrease of the value of land alleged to be due to the projected street be determined. A piece of land valued at Rs. 1,000 on the date of the notification of the projected public street is found ten years after, when the land is acquired for the purpose of opening out the road, to value Rs. 1,500. The difference of Rs. 500 cannot be solely ascribed to the projected public street. There is normal growth in the value of land which may be due to other factors, such as development of trade, shifting of some particular trade from one quarter to another quarter of the town, the expansion of residential quarters in the town, etc. Is it possible to ascertain how much of that 500 is attributable to the projected public street, and how much to other causes? Is there any expert who will be able to say that out of Rs. 500 Rs. 200 is due to the projected street and Rs. 300 to other causes? It is also to be remembered that in the Calcutta Improvement Act the schedule modifying the ordinary Land Acquisition Act provides that the market value of the land at the time of the declaration for its acquisition is to be taken into account. I must frankly state to Your Excellency that there is a great apprehension in our community that this clause will prove highly oppressive to the persons affected by the operations of the Trust, that it will arm the Valuer of the Trust, however well-intentioned he may be, with arbitrary powers, and that the valuation will be made on a mere speculation as is now being done in fixing exemption fees. Already the valuations of the Trust have created a widespread dissatisfaction, and the insertion of this provision in the Bill will deepen and accentuate that feeling. Much is made of the fact by the Chairman of the Improvement Trust that the Corporation was consulted by the Board before they approached the Government for legislation, but no stress is laid on the fact that the Corporation strongly opposed this clause. It is not fair to take advantage of the Corporation's support of one clause and to ignore its opposition to another clause. Further, as I have said, the public opinion is strongly arrayed against it. I may be permitted to state frankly to Your Excellency that the apprehension is that, whatever the increase may be, that is to say, the whole of Rs. 500 in my foregoing illustration, will be set down to the projected street, and the poor owner deprived of it. My Lord, the operations of the Improvement Trust are such that nearly the whole of the supposed possible increase of the value of land is realized from the owners of land and buildings, who are mostly poor middle class people. In England, in the Town Planning Act, it is provided that where, by the making of the town-planning scheme, any property is increased in value, the responsible authority shall be entitled to recover from any person, whose property is so increased in

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; Raja Hrishikesh Laha.

value, one-half of the amount of the increase. How differently are we treated here. Lord Morley, with that tender and generous regard for the attachment of the oriental people to their hearth and home, vetoed the proposal regarding betterment in the original Calcutta Improvement Trust Bill, but the Act is so worked that his generous intention is frustrated and the middle class people are crushed by the imposition of heavy exemption fees, and this clause will add to their agony. In this connection it would not be inappropriate to quote the following letter to Government from the Corporation of Calcutta :—

4. 'In recommending the omission of the proposed clause (*bb*) of Article 9 of the Schedule, the Committee were chiefly actuated by the consideration of the difficulties which would be likely to arise in the practical working of this provision. It is probable that in a considerable number of cases there will be an interval of several years between the time when a projected street is notified under section 63 (*6*) and the actual acquisition of the land after the approval of a street scheme. The Committee are of opinion that in such cases it will be almost impossible to determine what proportion of any increase in land value which may have accrued during the interval is attributable to the alignment of the projected public street through the area in question and in what proportion to the normal rise of land value and other causes. It was also contended that in order to arrive at an estimate of the appreciation due to the street alignment it would be necessary to go back to the period before that alignment was laid down, and it would be difficult to ascertain the value of the land in question and land in the vicinity at that time. The Committee were also of opinion that, apart from the practical difficulties in working, the principle of valuing property at a rate other than its market value at the time of the declaration under section 6 of the Land Acquisition Act is unjustifiable. It was also pointed out that the main object of the amendment was to prevent the erection of buildings on the line of projected streets, and that, having secured this end, the Improvement Trust ought to take the good with the bad and pay the market value of the land which they eventually decide to acquire. The Corporation have aligned projected streets from time to time under section 356 of the Calcutta Municipal Act, and it has not been found in actual experience that any extensive increase in the value of land has resulted from such alignments. The Committee are of opinion that the same will probably be the case with the projected streets laid down by the Improvement Trust. They consider therefore that it is undesirable to introduce any innovation into the existing law relating to land acquisition in order to provide for a contingency which is not likely to arise to any substantial degree in actual practice.'

My Lord, I need not now further dilate on the subject, but, after hearing what the Hon'ble Member in charge of the Bill has to say, I shall quote to the Council the opinion of some of the eminent English jurists on the subject."

The Hon'ble RAJA HRISHIKESH LAHA said :—

"My Lord, I beg to support this amendment. This is a novel way of fixing the market value of lands falling within the road alignment. There is no time-limit prescribed for the acquisition of the land, and it would be impossible for the parties affected to know their position. It gives one the idea that the Board will be able to acquire land without paying proper compensation. When there is no time-limit the acquisition may take place many years after the publication of the notification, and how the market value can be ascertained after the lapse of so many years I fail to understand. If the observation of my Hon'ble friend Mr. Payne contained in his letter of the 12th January last to the effect that 'it has not been found in actual experience that any extensive increase in the value of land has resulted from such alignment' be correct, then there is no necessity for this provision, and any increase in value that might take place may be divided in equal proportion between the Trust and the owners. The clause as it stands would not help in ascertaining definitely what proportion of the increase is due to street alignment and what to a normal rise in value, even if a register of the value of the lands affected on the date of the declaration has been prepared in the

The Calcutta Improvement (Amendment) Bill.

Babu Surendra Nath Ray ; Nawab Syed Shams-ul-Huda.

presence of the parties upon unimpeachable evidence. The clause is very peremptory in its tone, and the effect would be that all the advantages would go to the Trust even if the rise in value were due to an accession of traffic or to causes other than the street alignment. I would therefore move for its omission."

The Hon'ble BABU SURENDRA NATH RAY said :—

"My Lord, even experienced judges have found it difficult in land acquisition cases to find out the present market value of land. It would be almost impossible to find out what was the market value of land sometimes, probably some years before the actual acquisition. One has to proceed upon conjectures and hypotheses, and not upon actual data. Land is not like food-stuff sold in the Calcutta Municipal Market or Chetla Hât, the price list of which is published daily or weekly in the *Calcutta Gazette*. It is admitted on all hands that there is a normal rise in the price of land in Calcutta. It would be difficult—almost impossible—to find out what has been the rise on account of this normal rise in the price of land and what has been due to the declaration of a street alignment. It is the poor owner of property who will have to suffer, for when once the award is made by the Collector the whole burden of proof is upon the claimant to show what has been the rise in price on account of normal rise in price in the locality and what on account of the declaration of the street alignment. The Calcutta Corporation in its letter on the subject of the Calcutta Improvement Amendment Bill justly says—'The Committee are of opinion that in such cases it will be almost impossible to determine what proportion of any increase in land value which may have accrued during the interval is attributable to the alignment of the projected public street through the area in question and in what proportion to the normal rise of land value in other cases.' Moreover, from actual experience, the Calcutta Corporation is in a position to state that no extensive increase in the value of land has resulted from alignments of projected streets under section 356 of the Calcutta Municipal Act.

Under the circumstances I cannot understand what good will result by inserting a clause in the Act which may have the effect of putting poor people to unnecessary harassment and trouble."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I think the amendment that has been proposed is based on a misapprehension of what is intended by the clause 8 (*bb*). A good deal has been made of the difficulty that will be felt in finding out to what extent a particular cause has led to a rise in the value of a piece of land. But as a matter of fact there is no question of finding out anything, but it is only a question of disregarding certain factors. The clause runs thus—'If the market value has been increased or decreased owing to the land falling within or near to the alignment of a projected public street, such increase or decrease shall be disregarded.' Thus all arguments which are based on the difficulty for a Court to find out to what extent value has risen on account of a particular cause are beside the mark. Then it has been said that where there has been a rise in value and the question arises several years after, it would be very difficult to find out how much of the rise is due to other causes and how much to the cause referred to in this clause. If that is a difficulty, the Land Acquisition Courts have worked under similar difficulties for years. Let us examine the present section 24 of the Land Acquisition Act. It says 'but the Courts shall not take into consideration . . . . *fifthly*, any increase to the value of land acquired likely to accrue from the use to which it is put.' Does not the same difficulty arise here also? The Courts have to do their best, and I have not heard that these difficulties have prevented Courts from doing justice in land acquisition cases. As a matter of fact, this clause (*bb*) is only an extension of section 24 of the Land Acquisition Act, and is meant to meet the new elements introduced by this Bill. This clause in the Bill deals with increases likely to take place by reason of more publication of plans of projected streets in the value of land which

The Calcutta Improvement (Amendment) Bill.

Mr. Bompas ; Babu S. N. Banerji.

actually fall within the street alignment or which are adjacent to such projected streets. As regards the justice of this provision, nothing has been said to show that it is inequitable and that we are in any way depriving the land-owners of anything that legitimately belongs to them. The Trust publish a scheme and everybody knows that there is a probability within a certain number of years of a street passing through a particular locality. That causes a rise in the value of land. This clause provides that such rise shall be disregarded. It also says that if there has been a decrease for such a cause the decrease should also be disregarded. So it is for the benefit of the land-owners as well of the Trust that this provision should exist. I am not convinced that a wrong principle has been embodied in this clause. I therefore oppose the amendment."

The Hon'ble MR. BOMPAS said :—

"My Lord, may I add a few words to emphasize what the Hon'ble Member in charge of the Bill has said when he points out that the proposed section deals with decrease in the value of land as well as with increase? Of course it may be said that if the proposed section is omitted we can let the ordinary law take its course until we see that injustice is done and then amend the law. But if we see clearly that the Land Acquisition Act as it stands will work injustice and cause hardship to private individuals, why should we not avoid that by amending the law when we have the chance? From the discussion which took place yesterday on some of the proposed amendments it is quite clear that Members of this Council see that the fact that a street alignment has been laid down will have a prejudicial effect on the value of property falling within that alignment. Take the case of a rented house. A man wants to let his house; but who will take it if he cannot make the necessary alterations to suit the business to be carried on in that house? Then, again, a man wants to sell a house. Who will buy it for residential purposes if it is known that in ten years it will be acquired and demolished by the Trust. Obviously there would be fewer competitors for properties falling within the street alignment, and if your competitors fall off it means that your price diminishes and the market value of the property is decreased. The Trust then comes to make its roads. The Collector has no option. The Collector, under the law as it stands, has to acquire the property at the market value. Is it fair that the Trust should first of all by notification diminish the market value of the property falling within the street alignment and then acquire it at the lower value? It seems to me most unjust and prejudicial to the interests of private land-owners, and it seems to me that this is the most important aspect, because whether the Trust acquires any given property outside a road alignment is problematical, but what is certain is it has to acquire the property within the line. It is uncertain to what extent there will be land speculation, leading to inflated prices of land outside the alignment, but it seems to me absolutely certain, and this view must be shared by everybody, that there will be a distinct depreciation in the value of land within the street alignment. Therefore, I would ask the mover of this amendment to be very careful how far he presses it. So much for the case of decrease. As regards the increase, it seems to me that if you take it one way you should take it the other way also."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, it seems to me from the observations which have fallen that this amendment is largely inspired by a keen regard for the interests of the ratepayers. I am very much obliged to the President of the Improvement Trust for his developing this regard, for I fear that he has never been credited with a feeling of regard for the interests of the people.

Be that as it may, my Lord, here stands out this fact that the representatives of the ratepayers, who might be imagined to be as keenly interested in their welfare as the President of the Improvement Trust, do not want this amendment in the interest of the ratepayers. Their representatives —duly elected and authorised representatives—are against an amendment

The Calcutta Improvement (Amendment) Bill.

Babu S. N. Banerji; Rai R. C. Pal Bahadur.

which the President of the Improvement Trust wants on their behalf. Whose authority is this Council to accept on an occasion like this, that of the Hon'ble Mr. Bompas who constitutes himself as their protector, or the two Hon'ble gentlemen who have been returned as their representatives? I think that there can be only one answer to this question, viz., we ought to accept the authority of the Hon'ble Rai Radha Charan Pal Bahadur and the Hon'ble Raja Hrishikesh Laha.

Another observation has been made by the Hon'ble Member who has just spoken. He thinks that the Land Acquisition Act is bound to operate harshly and even unjustly unless it is amended upon the lines suggested. I think we might as well wait till the Land Acquisition Act has been in operation for some time. It represents the accumulated wisdom of a large number of experienced lawyers and administrators. Why take a leap in the dark unless upon the basis of actual fact and actual experience? I think that if it is found as a result of the operation of the Land Acquisition Act, in regard to this particular class of cases, that injustice is done or that hardship is the result, this Council might be trusted to remedy the hardship and remove the injustice. I do not see why it is necessary to take a jump into the unknown against the protests of the recognised representatives of the people. There is already an uncertain element in the Land Acquisition Act, and you introduce another uncertain element, viz., whether an increase or decrease in the value of the land will take place as the result of this alignment. In this matter it seems to me that we ought to wait and see how the Land Acquisition Act operates and then, if necessary, the legislature might be moved to remedy any defects or to remove any grievances."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I may be permitted to say a few words in reply. The Hon'ble Member in charge of the Bill, if I have followed him right, has observed that this clause is a very innocuous one: it is that the increase in the value of the land will be disregarded and nothing further will be done. If I have understood him right, that was the gist of his observations. My Lord, from an ordinary commonsense point of view I might explain the situation. A projected street is prescribed to-day over a certain area; 20 years after certain premises are acquired, when the projected street is taken up as a regular street scheme for the purpose of opening up the road; to-day the value of that piece of land is Rs. 1,000 per cottah; 20 years after, when it is declared for acquisition, a man comes before the Land Acquisition Collector and claims Rs. 1,500 per cottah and cites the ordinary market value according to the records of sales in the locality and proves that the value is Rs. 1,500 per cottah. It will then be said that this increase of Rs. 500 is due to the projected public street and must be disregarded, and my contention is this, that there are several factors which will support that increase and not merely the projected public street. The Hon'ble Member has quoted clause 'fifthly' of section 23 of the Land Acquisition Act. My Lord, several lawyers and others, who are also chiefly interested in the City of Calcutta and have large stakes in the city, have considered this question within the last few months, and have discussed the provisions of the Bill, and they all think that this provision is very prejudicial to the parties concerned. Regarding the use to which a particular property is put, I can quite understand that that should not be disregarded. A certain property is ordinarily used for a residential house, but if it is intended to be used for a mill or anything of the kind it will no doubt appreciate in value on account of that use, and that use will be disregarded. I have got a piece of land on the bank of the river which is a garden house. I can come up to the Land Acquisition Collector and say that though its value is Rs. 200 per cottah, I can get a mill-owner to buy it for Rs. 500 per cottah. That fact will, however, be disregarded. That is a tangible thing which can be proved or disproved, but the fact whether the value of land is raised from Rs. 1,000 to Rs. 1,500 and the increase of Rs. 500 per cottah is due to a projected street or is due to normal growth in the value of the land is not possible for the

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur.

Land Acquisition Collector to investigate and to decide in awarding compensation on that basis. Then I will quote the opinions of English authorities as expressed in the Report of the Select Committee appointed by the House of Lords in 1894 on the subject.

In that report I find the following opinions recorded :—

'But the effect of the public works in raising the value of neighbouring lands is shown by experience to be uncertain. Whether in any particular case it is possible for a valuer to pronounce that such an effect had been produced by the completion of any public work, is a point upon which the evidence of eminent valuers differs greatly.'

My Lord, the actual improvement remains to be effected ; the line is drawn by the Trust and the improvement may be effected 20 years hence. I can quite understand that when a road is completed and all the buildings abut on the road, then there may be reasonable increase in the value of the land. But here, my Lord, the line as drawn now, and it is assumed that 20 years hence the value of the land will be increased. Then, my Lord, about the decrease in value of the land, I cordially appreciate the motive that has induced the Hon'ble Mr. Bompas to support this proposal. It is in fact his own proposal. There is no similar provision in the Calcutta Municipal Act. I have given very careful attention to the observations that have fallen from the Hon'ble Mr. Bompas, and I have discussed the matter with him and with many friends who have some experience. I will cite one hypothetical case. If I have got a one-storied house on a street which falls within a projected street, I cannot make it two-storied ; the value sterilises therefore. If I sell that one-storied house, I may sell it for Rs. 5,000, but if the man who buys it is permitted to build a second storey without being liable to remove it he can sell it for Rs. 5,000 ; but as he cannot do so the value sterilises, and so there is no decrease, and therefore I can see no advantage to the people by the retention of this clause. On the contrary there is risk of considerable injury to the owners of the property. My Lord, I may be permitted to lay one fact before your Lordship, and it is this, that it is not the big landlords that will be affected by the Bill, but it is the vast majority of poor middle class people who are merely dragging on their way, trying to make both ends meet as traders or clerks, and sticking to their ancestral hearths and homes and living under the beneficent rule of the British Government. These are the people who will be affected ; they are not well conversant with the art of agitation which reverberates through the halls of this Council. There is a genuine feeling of alarm and dissatisfaction in our community, and I earnestly pray, my Lord, that this clause may be omitted from the Bill. We have got three years' experience of the working of this Act, and we do not think that any case has been made out for the incorporation of this clause in the Bill."

The following member abstained from voting :—

The Hon'ble Raja Mahendra Ranjan Ray Chaudhuri.

The ayes being 16 and the noes 21, the motion was lost.

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 58.—The Hon'ble Raja Hrishikesh Laha to move that clause 8 (*bb*) be omitted.

List of Amendments—Motion No. 59.—The Hon'ble Babu Surendra Nath Ray to move that clause 8 (*bb*) be omitted.

List of Amendments—Motion No. 60.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that in line 2 of clause 8 (*bb*) the words "solely by reason of" be substituted for the words "owing to."

He said :—

"My Lord, now that the previous amendment is lost, I hope the Hon'ble Member will accept this amendment and clearly indicate in the clause that only such increase and decrease of valuation due solely to the land falling within the street alignment shall be disregarded.

This is the intention of the Hon'ble Member, I think, and it should be clearly stated so as to prevent any ambiguity."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, so far as this amendment goes, it is merely a matter of drafting. We all think that what the clause aims at is to lay down that so much of any increase or decrease as is due to the land falling within or near to the alignment of the projected public street shall be disregarded. I am not personally convinced that there is any doubt as regards the meaning of the clause as it stands in the Bill, but if my friend prefers, I am prepared to change the wording a little and put it in this way : 'If the market value has been increased or decreased owing to the land falling within or near the alignment of a projected public street, *so much of the increase or decrease as may be due to such cause* shall be disregarded.' But it appears to me that such a change is not really necessary."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"I thankfully accept this modification. It is on the same lines as my amendment No. 63 where very similar words occur."

The motion was then put in the following form and agreed to :—

That after the words "public street" in clause 8 (*bb*) the following words be substituted for those now standing in the Bill, namely :—

"so much of the increase or decrease as may be due to such cause shall be disregarded."

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur; Dr. Nilratan Sarkar; Nawab Syed Shams-ul-Huda; Babu S. N. Banerji.

List of Amendments—Motion No. 61.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that the words "or near to" in line 3 of clause 8 (*bb*) be omitted.

He said :—

"My Lord, this clause speaks not only of land falling within the alignment of a projected street, but also of land falling within or near to the alignment of the projected street. I can understand the acquiring of land falling within the projected public street, but I fail to see why the land near to should also be taken into account. Large and extensive quantity of surplus land is included within the zone of acquisition and the retention of the words 'near to' will evidently apply to the surplus land. As surplus lands are exempted at the discretion of the Board under section 78 of the Act or disposed of under section 81 of the Act, absolutely on the Board's own terms, where is the necessity of applying this provision to the surplus land ? This provision is not to be found in the Bombay Improvement Act or in the English Town Planning Act."

The Hon'ble DR. NILRATAN SARKAR said :—

"My Lord, I beg to support this amendment. The expression 'near to' appears to be very vague, and it should not find a place in any legislation. It might mean 100 or 1,000; it might mean anything. It might be near to one alignment or it may be near to another. For that reason the owners of a particular plot may be affected. I can well understand the appreciation of a plot of land near some alignment of some projected street, but I fail to understand why there should be any depreciation at all. It appears to me that there is some inconsistency also in the framing of this amendment. On the whole I think 'near to' should be omitted."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I am sorry I have to oppose this amendment. It seems to me that the principle is the same whether the land falls within a street alignment or is near a street alignment. Language is always more or less uncertain, but we can trust to the judgment of those who will deal with the matter to determine what is near and what is not near. We have, in some parts of the Act, referred to lands affected by a particular scheme. The same difficulty would probably arise in determining what are the precise lands that have been affected by a scheme and what are the lands that have not been so affected. When land falls outside a street alignment, but near it, there will naturally be a great deal of increase in the value of it, and if the land falls within a street alignment, there may also be increase due to speculators coming in and trying to get a high value from the Trust as compensation. So that under all circumstances it seems eminently desirable to provide for both cases. as the Trust will have to acquire not only what land is necessary in order to make a road, but also land near it. For these reasons such a provision seems to be necessary and I do not think we can accept the amendment."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, I am sorry that the speech of the Hon'ble Member in charge of the Bill is very unconvincing. The whole objection to that phrase 'near to' is its vagueness. My friend says that those who administer the law might be trusted to specify according to their judgment what should be understood by that phrase in a particular case. My Lord, we are making the law, and there is no reason why we should not take upon ourselves the responsibility of specifying what we mean by that expression. I think it is hardly consistent with the dignity or the duty of this legislature to keep a vague phrase like that and thus shift the responsibility on to other shoulders. Its vagueness is its greatest objection, and we ought not to allow vague expressions of that kind to find a place in the laws framed by this Council. We hope

The Calcutta Improvement (Amendment) Bill.

Maulvi A. K. Faz-ul-Haq; Nawab Syed Shams-ul-Huda; Babu S. N. Banerji.

that Your Excellency will kindly reconsider the position which has been taken in this matter and will not allow this matter to be left to be dealt with later on by administrators of the law who may not have the same opportunity of knowing things as we have at present."

The Hon'ble MAULVI A. K. FAZ-UL-HAQ said :—

"My Lord, if I venture to interpose in this discussion it is not because I wish to add to the discussions that have already clustered around this unfortunate clause of the Bill, but because I wish to make it clear in this Council that the Hon'ble Member in charge of the Bill has almost, if I may use the expression, added to our confusion. The Hon'ble Member has said that language and legal language must always be more or less vague."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"I never said that."

The Hon'ble MAULVI FAZ-UL-HAQ said :—

"I understood the Hon'ble Member to say that language cannot be precise; in all cases it may be more or less vague. But so far as we are concerned he said this much, that so far as the purpose of legislation goes, we cannot provide for all possible cases, and our language must necessarily be vague. I take exception to this statement, because if legislators leave their language more or less vague they will not only add to the difficulties of litigants, but to the task which Courts have in administering the law. Moreover, I do not think that the words 'near to' are of such a character that they can be easily appreciated even by those who will be responsibile for administering the law in all cases which may come before them. The Hon'ble Babu Surendra Nath Banerji has said that language should be clear and precise, and he has also expressed a desire that in passing this provision into law the language should be made as clear and distinct as possible. I think, my Lord, it is not possible even for a legislature to define words so vague as 'near to.' It may mean 10 yards, 1,000 yards; it may mean 10 miles.

If this is so, I respectfully submit that an expression of such a character should be omitted from any legislation that we may undertake. With these words, I support the amendment."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, with reference to what has been said by the Hon'ble Maulvi A. K. Faz-ul-Haq I may say that I could not possibly have said all that has been attributed to me. I know it is impossible always to express with precision everything that we want to convey. If we could do that, probably my friend the Hon'ble Maulvi Faz-ul-Huq would not have been where he is now, nor I where I am. We have to take human language with all its imperfections. If my friends were willing to assist us, they might have proposed a limit, say, of 200 or 300 feet."

The Hon'ble BABU SURENDRA NATH BANERJI, interrupting, said :—

"Why should not we do it now?"

The Hon'ble NAWAB SHAMS-UL-HUDA continuing said :—

No one has come forward with any such proposal and no amendment on these lines can now be considered. Now, if we look to Legislative enactments generally, we do not always find absolute precision. For instance, in this very Act you have the provision 'that any provision of this Act may be extended to any municipality in the neighbourhood of the Calcutta

The Calcutta Improvement (Amendment) Bill.

Mr. Bompas; Rai R. C. Pal Bahadur.

Municipality.' Has it been defined what exactly the word 'neighbourhood' means or what distance constitutes neighbourhood? I can find hundreds of words of the same kind. As I have said it is impossible to define everything with scientific precision, A good deal must be left to the judgment and commonsense of the Court that will adjudicate on the value of land. We cannot make everything absolutely clear."

The Hon'ble MR. BOMPAS said :—

"My Lord, may I point out that although the word 'near' may be vague, there will be no vagueness when you come to deal with concrete cases. If it were proposed to pass a law that when land is taken up near an alignment, the Collector shall pay double its value or half its value, then it would have been necessary to define with the utmost preciseness the limits within which such remarkable provisions should prevail. But, as it is, in every particular case the question will be whether the value of particular property has been affected, that is, increased or decreased by the alignment, and that is a question which can be decided in each particular case, because obviously the decrease and increase will have to be marked and the person who claims it will have to prove the market value of that plot of land and that it is not the same as the market value of similar plots of land in the neighbourhood. Therefore it does not matter. You will not have to decide in any particular case whether the land is sufficiently near or sufficiently far from the road alignment to take in or out of this clause. All that the Collector will have to decide is whether it has been affected by its proximity."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I do not wish to raise any controversy with the Hon'ble Member in charge over the expression 'near to.' More competent persons than myself—my Hon'ble friend Babu Surendra Nath Banerji and Maulvi Faz-ul-Huq—have dealt with it. I do not quarrel with the Hon'ble Member in charge. I crave for a sympathetic hearing at his hands. My Lord, I have gained some experience of the working of the Trust in various Committees and Sub-Committees, and I wish to know—and it is yet to be stated—what is the reason of having these words 'near to'? My Lord, a street scheme is published; there is the line drawn for a 100-feet road and the blue verge of acquisition goes some 200 or 300 feet on both sides of the street. That is the zone of acquisition of surplus lands. Therefore under section 78 of the Act these surplus lands outside the actual roadline are set free on payment of certain exemption fees. This is the way the Trust is working for the last three years and there has been no difficulty. Sitting in small committees, what I have found is this: a man's property falls on the roadway in a 100-feet road; he has got another piece of land which is by the side of it; and it is said that if you give up this land free and pay us something in cash then we will exempt the land which is outside the actual roadline. This is the way in which section 78 is worked. It is a technical section, and I do not know whether I have made myself clear, but this is the way the operation of the Trust is going on. There has been no difficulty as regards the acquisition of land falling within the roadline and as regards the fixing of exemption fee—where is the necessity of inserting the words 'near to' again? The Hon'ble Member in charge has not given us any special reason or cited any concrete case which requires the insertion of these words. My Lord, as regards ambiguity, I will say this. We have to deal with a lot of ambiguities and, where specially, as we have no appeal to the Tribunal, we have to submit to the interpretation of the Board. Take, for instance, Council House Street: supposing it is to be widened 100 feet; within say about 60 or 70 or 100 feet there is an Insurance office, who have got a piece of land in Old Court House Street. It may be said that the value of that land has been increased. That is the reason why there is apprehension in public mind. In Bombay there is some limit to the acquisition of the surplus land. I understand it is 80 feet there on both sides of the street. Having regard to these facts, I think it would be a

The Calcutta Improvement (Amendment) Bill.

gracious concession to public opinion if these words are omitted. The Trust would not be a loser by a single farthing—the Hon'ble Mr. Bompas will see to that."

The ayes being 17 and the noes 21, the motion was lost.

The following motions were, by leave of the President, withdrawn :—

List of Amendments—Motion No. 62.—The Hon'ble Dr. Nilratan Sarkar to move that the words "or near to" in line 3 of clause 8 (*bb*) be omitted.

List of Amendments—Motion No. 63.—If motion No. 57 be not carried, the Hon'ble Rai Radha Charan Pal Bahadur to move that for the words "such increase or decrease shall be disregarded" in lines 4 and 5 of clause 8 (*bb*) the following be substituted, namely :—

"so much only of the increase or decrease, if any, as may be due to such cause shall be disregarded."

List of Amendments—Motion No. 64.—If neither motion No. 57 nor motion No. 63 be carried, the Hon'ble Rai Radha Charan Pal Bahadur to move that the brackets and words "(if any)" be inserted after the word "decrease" in line 4 of clause 8 (*bb*).

List of Amendments—Motion No. 65.—The Hon'ble Babu Surendra Nath Ray to move that the brackets and words "(exceeding eight feet in height)" in lines 5 and 6 of clause 8 (*bbb*) be omitted.

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda ; Rai R. C. Pal Bahadur.

Clause 8.

New Amendment 65A.—The Hon'ble NAWAB SYED SHAMS-UL-HUDA, with the permission of the President, moved that for the word "eight" in clause 8 (*bbb*) the word "ten" be substituted.

He said :—

"This hardly needs an explanation. The words in the Bill are 'exceeding eight feet in height.' As a matter of fact, we have accepted, in connection with a prior amendment, 'ten feet' as the maximum height and hence the necessity for this amendment, which is merely consequential."

The motion was put and agreed to.

The following motion was, by leave of the President, withdrawn :—

List of Amendments—Motion No. 66.—The Hon'ble Babu Surendra Nath Ray to move that the words "at building line" in line 7 of clause 8 (*bbb*) be omitted.

[*The discussion of Motions Nos. 23 and 24 in the List of Amendments, which had been postponed from the meeting of the 2nd March, was then taken up.*]

List of Amendments—Motion No. 23.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, with regard to Amendment No. 23, the redraft of the clause, which has been shown to me this morning, will meet the requirements I have in view, namely, that when a notification is cancelled the fact will be notified in the Gazette."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I would suggest that the following be substituted for Amendment No. 23, namely :—

'That, instead of the words 'the said notification has been cancelled' in line 12 of sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill), the following be substituted, namely :—

'the said notification has been cancelled by another notification' :"

Motion 23, in its amended form, was then put and agreed to.

List of Amendments—Motion No. 24.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved that after sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill) the following be added, namely :—

"(*6a*) Where any land has been acquired after the issue of a notification under sub-section (*6*) sanctioning the plan of the proposed public street, the owner from whom such land has been acquired, or his successor in interest, shall, if such notification is subsequently cancelled, have the right to reclaim the land on payment of a sum not exceeding the compensation paid to him."

He said :—

"My Lord, after a projected public street has been sanctioned by the Local Government, lands and buildings falling within the alignment may be acquired and, suppose subsequently the Local Government deem fit to cancel the notification about a projected public street, what is to become of the land or building acquired in the meanwhile? Justice demands that the land should be returned to the owner or his successor in interest upon payment to the Board of the amount of compensation received by such owner. In other words, it is only fair that the parties should be placed in the same position as they were before the making of the proposed scheme."

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda ; Babu S. N. Banerji ; Rai R. C. Pal Bahadur ; Mr. Bompas.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Lord, I was prepared to consider the principle of this amendment but a difficulty has arisen. We are advised that to a certain extent the amendment affects the principles of the Land Acquisition Act, and we are not authorised to accept such an amendment without the permission of the Government of India. I am therefore very sorry that although I am inclined to sympathise with the principle I am not able to accept the amendment proposed by my Hon'ble friend. It is possible, indeed likely, that after some time we shall have to amend the Calcutta Improvement Act in certain other particulars, and probably we may then take the opportunity of approaching the Government of India with some such proposal as that contained in this amendment. We will consider that matter in due course, but I cannot make any promise now. For the present, having regard to the technical difficulties brought to our notice, I am sorry I cannot accept this amendment."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, if the principle is accepted by the Government, I think this matter might be postponed for the sanction of the Government of India, and then it might be dealt with. There is no great hurry about it : the rest of the Bill might be passed and this matter be allowed to stand over. If the Land Acquisition Act is likely to be modified, this and other provisions will have to be considered, and it might be postponed until either sanction has been obtained from the Government of India or until after the Land Acquisition Act has been so dealt with. I think the Hon'ble Member in charge of the Bill may see his way to accede to this."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"My Hon'ble friend can withdraw his proposal and rely on us to consider it afterwards. The proposal which he makes is a new one, and, so far as we are concerned, at the present moment we are unable to accept it ; but if my Hon'ble friend will withdraw his amendment, we shall consider whether we should not in due course approach the Government of India in connection with this matter."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, the principle is seemingly admitted, which is my good fortune. Now, my Lord, it is stated that this provision cannot be accepted without the sanction of the Government of India when the entire Act may be revised. This might perhaps take some years, and in the meantime the people will suffer. May I not crave Your Excellency, for the sake of the people under your Excellency's sway, to postpone the passing of this Bill for a fortnight in order to make a reference to the Government of India, and then the Bill can be passed ? If the principle is considered just and proper, should it not be given effect to ? I am entirely in your Excellency's hands."

The Hon'ble MR. BOMPAS said :—

"My Lord, may I point out that there will not be any practical inconvenience to let the law stand as it is, as what the Hon'ble Rai Radha Charan Pal Bahadur is asking for is actually contained within the Act as it stands. Obviously, if the Trust acquired land for a street alignment and the street alignment were abandoned, the Trust would proceed to dispose of the land. Under section 81 the Trust is bound to offer the land in the first case to the previous owners of the land from whom it was acquired. Nothing is said about the price, but obviously the price of the land would not have been affected if no road had been made and no improvement carried out, and assuming the Trust honestly tries to carry out the intentions of the Act, the price would be

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur ; Nawab Syed Shams-ul-Huda.

unaffected and would be actually the price at which the land was acquired. But section 81, which does that, is a complete section and provides for the various interests being represented. The Hon'ble Mover of the amendment says the owner of the land is to have the land back at the price that he has been paid for it, but he may have been paid a fractional part of the price. The Collector has compensated the lessees, etc., and the actual owner may have only received part of the value of the land. The principle of the amendment may be unobjectionable, but the amendment could not possibly be acted upon in its present form."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, when the promise is given that the matter will be taken up later on, we must be content. With reference to the proposal of the Hon'ble Mr. Bompas, I know section 81 which we work from week to week. My proposal is that the land is to be returned at the price at which it was purchased and that is not provided in section 81. The Board may dispose of it at any price, and that is the difficulty I wanted to overcome."

The motion was then, by leave of the President, withdrawn.

New Amendment No. 24A.—The Hon'ble NAWAB SYED SHAMS-UL-HUDA, with the permission of the President, moved the following supplementary amendment :—

'That, at the end of line 12 of sub-section (*6*) of the proposed new section 63 (clause 3 of the Bill), the following words be added :—

"Provided that such cancellation shall not affect the validity of any action taken by the Board in pursuance of the said notification."'

He said :—

"I think, my Lord, it will be conceded that such a provision as this is an absolutely necessary addition to sub-section (*6*). because, if a notification is cancelled and certain rights and interests have in the meantime accrued under anything that has been done under cover of that notification in the exercise of the powers vested in the Board by this Bill, it is necessary that these rights and interests should be safeguarded. For instance, if the Board have dealt with land in any way while the original notification is in force, then a claim may arise. But if the notification is cancelled everything that has been done under that notification could be swept away as the effect of that cancellation unless you provide otherwise. Therefore it is necessary to have such a provision, and I accordingly move that it be inserted in the Bill."

The amendment was put and agreed to.

LIST OF BUSINESS—ITEM No. 10.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA moved that the Secretary be directed to renumber the clauses and sub-clauses of the Bill in consecutive order, and to make corresponding alterations in all cross references thereto.

The motion was put and agreed to.

LIST OF BUSINESS—ITEM No. 11.

The Hon'ble NAWAB SYED SHAMS-UL-HUDA moved that the Bill, as settled in Council, be passed.

He said :—

"My Lord, in asking that the Bill as settled in Council be passed I wish just to say a few words by way of explanation. I am aware that a certain amount of dissatisfation has been caused by the rejection by this Council of a large number of amendments moved by non-official members. Hon'ble Members would, however, remember that in a matter of this kind Government have no interest except the interest which they themselves represent. The

The Calcutta Improvement (Amendment) Bill.

Nawab Syed Shams-ul-Huda ; Babu S. N. Banerji.

Trust is not a Department of Government, and Government only exercise a certain amount of statutory control over the Trust. Government have no reason, therefore, to take a partisan attitude in this legislation. As I said in the very beginning when opposing the motion for adjournment that within the limits of the Calcutta Municipality the powers we are now conferring on the Improvement Trust are exercisable by the General Committee of the Corporation, and I wonder why what was good for the General Committee of the Corporation should not be considered equally good for the Trust? The attitude of the non-official Members seems to have been largely influenced by a distrust of the body by whom the powers given by the Bill would be exercised. I sincerely regret this feeling. The Trust have just begun their work, and it would be an asset of great value to them if they could enlist on their side the co-operation of the Calcutta public. That at this stage, when the work of the Trust has been mainly of a destructive character, feelings should be roused against their operations is not unnatural, but I am certain that when the Trust have built their broad roads and laid down their fine avenues the Calcutta land-owners will realise that the Trust is their best friend and benefactor. There seems also to exist an apprehension in the minds of the non-official Members that the Trust will take advantage of the powers given to them by this Bill to hurl on the heads of the public hasty and ill-considered schemes, and then, like an octopus, spread their arms on all sides, taking possession of everybody's land, doing nothing with them themselves, and allowing no one to do anything with them either. That, having thus prevented building operations on any large scale, they will ultimately withdraw most of their plans and make fresh ones. It was this feeling that led to the proposal for fixing a time-limit after which a proposed public street should cease to be such within the meaning of the law. If the Trust were an irresponsible and a malevolent body, having no regard for the interest or convenience of the land-owners of this town, I would have felt the strongest sympathy with this desire of the non-official Members for a time-limit. But everyone must realise that the Trust exists for the improvement of this town, in the progress and prosperity of which non-officials are even more vitally interested than the officials, and I have no doubt that the powers that have been placed in the hands of the Trust will be used with moderation and with due regard to the interests and the susceptibilities of the public at large, and that it will not take long for the citizens of Calcutta and the Calcutta Improvement Trust to find out how much of the future well-being and prosperity of this town under the present adverse conditions depend on their mutual goodwill. I hope that this explanation will satisfy Hon'ble Members of this Council and remove any feeling of irritation that may exist, remembering that there was no time more fitting than the present for my countrymen to show their whole-hearted co-operation with Government."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, may I be permitted to make one or two observations with reference to the remarks which have fallen from my Hon'ble friend opposite? My friend seems to be under the impression that we on this side of the House are inspired by some malevolent feeling towards the Trust. On behalf of the non-official Indian Members, I will say this that we entertain no such feeling whatsoever. If any feeling of mistrust—I will not characterize it as a feeling of irritation—has been aroused in the minds of the Indian community, I think the Trust itself is largely responsible for the creation of that feeling. I think that that feeling has found expression in the columns of various newspapers and I believe also in the utterances of many of our public men, and we, who are here representing the views of the public and who act as their spokesmen, feel it our duty to give expression to that feeling in as strong, clear and emphatic a manner as we can. All that we seek to do on this side of the House is to provide safeguards against the abuse of power. My Lord, power is a most dangerous thing, and the chief object of the machinery of modern administration is to devise safeguards against the abuse of power and authority

The Calcutta Improvement (Amendment) Bill.

Rai R. C. Pal Bahadur.

wherever it is vested. Large powers are conceded to the Trust, and proper safeguards have to be provided in order that these powers may not unconsciously be abused. I think, we are helping your Excellency's Government by proposing amendments and provisions which would have this effect, and in this we were performing a public duty. It is therefore very much to be regretted that in the discharge of those duties we should be accused of being inspired by any malevolent feeling. I do hope and trust, my Lord, that the Trust will so conduct itself that when its labours are over the public of Calcutta will congratulate it on its success. It depends on the Trust whether that hope shall be realized or whether it shall prove futile."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, before this motion is put to the vote, I desire most cordially to acknowledge the patience, courtesy and forbearance with which the Hon'ble Member in charge of the Bill conducted the deliberations of the Select Committee and also in this Council. Although it has not been our good fortune to succeed in getting many of our amendments accepted by this Council or by the Select Committee, I am grateful that some concession has been made, however small it may be. I avail myself of this opportunity of stating one fact, and it is this, that there should be no impression in the mind of anyone, whether inside or outside this Council, that there is any feeling of antipathy towards the Trust. We, Indians or Europeans, all welcome the improvement of Calcutta, and I would ask the Hon'ble Member in charge of the Bill to examine the records of the Calcutta Improvement Trust. I think he will find that the Indian Members have generally supported the schemes for opening out broad roads through the congested parts of the city. Thanks to the enlightenment and culture which we receive under the ægis of British rule, we appreciate the necessity for the improvement of this town. We know that it is for our well-being ; but we are not agreed as to the ways in which it might be carried out. I have been urged by a large section of my countrymen, whom I have met during the last few months, to give expression before your Excellency's august presence to the feeling of dissatisfaction which pervades this community. And to what is this dissatisfaction due?

The wide, extensive and unlimited acquisition of surplus lands, the exorbitant and crushing exemption fees without any appeal to any constituted tribunal, the payment of 16 times the annual value of buildings added to the fact of the deprivation of the statutory allowance of 15 per cent. as compensation and of the right of appeal to the High Court—all these have engendered in the minds of the people a grave dissatisfaction. And, my Lord, who are the people affected? They are not the so-called big landlords, but the poor and middle class people. The oriental people whom you meet in the street or in office or in the market—even the poorest of them—possess a chittack or a cottah of land at least for his dwelling tenement, and these are the people who will be largely affected by the operations of the Trust. What we feel, my Lord, is this, that while we frankly acknowledge the honesty of purpose, the best of motives and the single-mindedness with which the Chairman of the Trust sets to work, we must say that the method of work is one which is not approved by the community at large which we represent. There must be some radical change. The sentiments to which I give expression to-day before Your Excellency will be laid some day before Your Excellency with a view to some amendment of this Act, so that the wide and unlimited powers which the Board now possess for the acquisition of surplus land may be to some extent limited, and there should be some tribunal to decide what should be the exemption fees. I do not wish, my Lord, at this hour to take up the time of this Council, but I cordially join the Hon'ble Member in charge of the Bill in the hope that the Act which is now passed in the face of strenuous opposition will be enforced with moderation and utmost consideration to the feelings of the people."

The motion was then put and agreed to.

RESOLUTIONS.

LIST OF BUSINESS—ITEMS Nos. 12 to 14.

(UNDER THE RULES FOR THE DISCUSSION OF MATTERS OF GENERAL PUBLIC INTEREST.)

12. The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI moved the following resolution :—

"This Council recommends to the Governor in Council that steps be taken for the establishment, under the financial aid of the State, of Industrial Co-operative Societies in the various districts of this Presidency."

The Hon'ble MR. BEATSON BELL said :—

"My Lord, I think it would facilitate the course of the debate if I state at once that Government are prepared to accept this resolution if there be a small amendment made in it. I beg to suggest that instead of the words 'financial aid of the State,' the words 'on a sound financial basis' be substituted. The Resolution would then read :—

'This Council recommends to the Governor in Council that steps be taken for the establishment, on a sound financial basis, of Industrial Co-operative Societies in the various districts of this Presidency.'"

[The Hon'ble Raja Mahendra Ranjan Ray Chaudhuri was understood to intimate that he was prepared to accept the modification proposed, but he proceeded to read a speech in support of his resolution. The Hon'ble Babu Surendra Nath Banerji thereupon rose and suggested that the speech be taken as read. His Excellency the President, however, ruled that such a proceeding would not be in order and that it was open to the Hon'ble Member to proceed with his speech if he so desired, even though there did not seem, in the circumstances, that there was much debateable matter to discuss.

Several Hon'ble Members :—'Accept, accept.']

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI said :—

"My Lord, I most gladly accept the modification suggested by the Hon'ble Member. The speech which I was about to make was merely a speech of thanks to the Government for the sympathetic consideration accorded to my resolution. I am sorry that some of my friends should seemingly desire to taken exception to my making it."

The Resolution was then put in the modified form and agreed to.

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI also moved the following resolution :—

"This Council recommends to the Governor in Council that steps be taken to provide for Government, or Government-guaranteed, industrial loans for the encouragement of small home industries in this Presidency."

The Hon'ble MR. BEATSON BELL said :—

"My Lord, I may say again that if a slight amendment be made in this resolution we shall be very glad to accept it. I would modify it as follows :—

'This Council recommends to the Governor in Council that steps be taken for the encouragement by all practical means of small home industries in this Presidency'."

Resolutions.

Raja Mahendra Ranjan Ray Chaudhuri; Mr. Beatson Bell; The President.

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI said :—

"My Lord, I accept the modification suggested by the Hon'ble Member.'

The resolution was then put in the modified form and agreed to.

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI also moved the following resolution :—

"This Council recommends to the Governor in Council that steps be taken for—

(*a*) the establishment in this Presidency of small Agricultural and Dairy Farms and Fruit culture and Preserve industries for the training and employment of educated youths ; and

(*b*) the appointment of practical lecturers and financial advisers for the benefit of the peasant and industrial classes."

The Hon'ble MR. BEATSON BELL said :—

"My Lord, may I intimate to the Hon'ble Member that if he makes a few very unimportant changes in his resolution we shall be glad to accept it ? My suggestion is that the resolution should read thus :—

This Council recommends to the Governor in Council that further steps be taken—

(*a*) for encouraging the educated youths of this Presidency to take up agricultural farming, dairy farming, fruit farming and fruit preserving as their profession in life ; and

(*b*) for disseminating agricultural and economic knowledge among the peasantry and industrial classes.' "

The Hon'ble RAJA MAHENDRA RANJAN RAY CHAUDHURI said :—

"My Lord, I beg to accept the resolution as modified by the Hon'ble Member."

The resolution was then put in the modified form and agreed to.

HIS EXCELLENCY THE PRESIDENT said :—

"Before adjourning the Council, there is one matter which I should like to mention to Hon'ble Members. Rule 17 of the Rules of Business lays down :—

'Votes shall be taken by voices, by show of hands, or by division, and shall always be taken by division if any Member so desires.'

I think it might possibly meet with the wishes of some Members if on a future occasion the President should, in suitable circumstances, exercise his discretion of taking votes by show of hands. It would save a good deal of time. Of course any Hon'ble Member will always have the right of insisting on my taking a division if he so wishes. But I think it might perhaps frequently meet the convenience of Members if I actually tried to ascertain the sense of the Council by calling for a show of hands, and I propose to do this more frequently in future."

THE AMENDED DRAFT FINANCIAL STATEMENT.

LIST OF BUSINESS—ITEM No. 1.

The Hon'ble Mr. Beatson Bell presented the amended draft Financial Statement for Bengal for 1915-16.

The Hon'ble MR. BEATSON BELL said :—

"Sir, I beg to lay on the table the Amended Draft Financial Statement, and the revised estimate for the current year. The Council is already aware of the financial situation of India in general and of Bengal in particular, and I need not say anything in general terms to-day. The various heads will be explained in detail by the different members who are immediately concerned.

The broad outline of the situation is merely this : that in the coming year we can, for obvious reasons, expect no help in the way of doles from the Government of India. We at first thought that we would not be able to draw at all on our provincial balances, but I am glad to say that the Government of India have been generous to us in this respect, and have allowed us to draw upon our provincial balances at first to the extent of 25 lakhs, and afterwards to the extent of 29 lakhs. They have given us this extra four lakhs, as Hon'ble Members are aware, in order that the work might proceed on the Calcutta University Institute and on the Baker Hostel which, we feared at one time, might have to be postponed indefinitely. These two good works are going on, thanks to the special arrangements made by the Government of India. Apart, however, from the 29 lakhs, we have to rely upon our own resources and we must be very economical all round. I take this opportunity of thanking the Heads of Departments and my friends, the non-officials members of this Council. for the generous way in which they have realized the situation and have treated the Financial Department. We would be only too glad to provide funds for them, but as everyone realises, it is imposible to do this, and I thank those who have helped us so generously in this matter."

LIST OF BUSINESS—ITEM No. 2.

The Hon'ble MR. BEATSON BELL introduced the following heads :—

REVENUE—

I.—Land-revenue.

EXPENDITURE—

3. Land-revenue.
8. Provincial Rates.
18. General Administration.

The Amended Draft Financial Statement.

Mr. Beatson Bell; Mr. Kerr.

He said :—

"Sir, I have the honour to introduce the budget heads relating to Land-revenue, Provincial Rates and General Administration. As regards Provincial Rates and General Administration, I have nothing to add to the remarks in the Draft Financial Statement. Under the head "Land-revenue", it may be noted that the revised estimate of receipts for 1914-15 is nearly 12 lakhs less than the sanctioned estimate. There is a decrease of 1½ lakhs under ordinary revenue, due to the fact that the unsatisfactory nature of the winter rice harvest in the Government estates in Contai rendered it impossible to collect the greater part of the revenue which was suspended in the previous year owing to floods. There is a deficit of over 4½ lakhs in the recoveries on account of survey and settlement charges, due mainly to the set-back which was given to recovery operations in the Eastern Bengal districts by the fall in the price of jute, which occurred after the outbreak of the war. The same reason, coupled with a comparatively poor winter rice harvest, accounts for another deficit of 6½ lakhs in the rent collections in Government estate. For 1915-16, we estimate that the total receipts will be 291 lakhs, or about 5 lakhs less than the sanctioned estimate for the current year. The uncertainty regarding the future of the jute market and the course of trade generally makes it impossible to estimate with any degree of accuracy the amount which will be recovered on account of the cost of Survey and Settlement Operations and on account of the rent collections in Government estates. We have therefore thought it advisable to make a cautious estimate under these heads. The expenditure to be debited to the Land-revenue head shews a slight increase, as we have assumed that the existing restrictions on the grant of leave will continue throughout the year and that consequently a larger number of officers will be at work and drawing full pay than would ordinarily be the case. In other respects, the estimate has been framed with the strictest regard to economy, but I am glad to say that it has been possible to provide a special grant of Rs. 1,20,000 for the improvement of Government estates. Of this amount Rs. 70,000 will be devoted to the development of the successful colonisation operations in Bakarganj which promise to be highly remunerative, and Rs. 50,000 to improvements in other Government estates."

LIST OF BUSINESS—ITEM No. 3.

The Hon'ble MR. KERR introduced the following heads :—

REVENUE—

IX—Forests.

EXPENDITURE—

11—Forests.

REVENUE—

XXIA—Agriculture.

EXPENDITURE—

26A—Agriculture.

REVENUE—

XXIIB—Scientific and Miscellaneous Departments.

EXPENDITURE—

26B—Scientific and Miscellaneous Departments.

The Amended Draft Financial Statement.

Mr. Kerr.

He said :—

"Sir, I have the honour to introduce the budget heads relating to the Forest Department. Like many other items in the Provincial Budget, they bear traces of the dislocation of business caused by the war. The fall in the price of jute has seriously affected the purchasing powers of persons connected with the jute industry who are large customers for *sâl* timber, and concessions have had to be made in regard to many important timber contracts which were entered into before the outbreak of the war. The result is that instead of realising a revenue of 16 lakhs in the current year, we expect that our receipts will not now rise much above 13 lakhs. For next year we have estimated a revenue of 14½ lakhs, but much will depend on conditions which cannot now be foreseen. It is, however, reasonable to expect that there will be some recovery shortly in the demand for timber and other forest produce. The estimates of expenditure have also been somewhat curtailed in view of the urgent need for economy, and some much-needed improvements in the equipment of the department will have to stand over until funds are available.

I turn now to the items which were formerly dealt with under the head "Scientific and other Minor Departments." Under recent orders of the Government of India this head has now been divided into two, "XXI—A and 26—A—Agriculture" and "XXI—B and 26—B—Scientific and Miscellaneous Departments." Apart from the advantage of clearer accounting thus effected, this change does away with the somewhat invidious nomenclature under which the Agricultural and other Scientific Departments were formerly officially classified as minor departments. Under the head XXI—A are shown the Agricultural receipts and the Veterinary receipts, the receipts from Agriculture including receipts on account of Botanical and other public gardens and experimental cultivation; while under the head 26—A are shown expenditure relating to the Agricultural and Veterinary Departments and the Department which deals with Co-operative Societies. The other items of receipts and expenditure under the old head have now been included under the new head 'Scientific and Miscellaneous Departments.'

The receipts of the Agricultural and Veterinary Departments are not important and no detailed explanation of the variations in the budget need be given. The expenditure side of the budget has unfortunately been affected by the financial stringency. The revised estimate for the current year amounts to Rs. 9,76,000 as compared with Rs. 11,86,000 in the sanctioned budget. The decrease is mainly due to lapses in the special grants. It was decided that in the present financial situation it would be impossible to start any large new projects which would involve heavy expenditure during the financial year 1915-16. The estimate for 1915-16 is Rs. 11,17,000. Here again we have been obliged to confine ourselves to making provision for carrying on the current work of the department, and it has not been found possible to allow for any large expansion or the undertaking of new schemes. Full provision has, however, been made for the needs of the Co-operative Department which are rapidly growing on account of the very satisfactory expansion of the Co-operative movement in this Province. Under the new head 'Scientific and Miscellaneous Departments' the revised estimate of receipts for 1914-15 amounts to Rs. 4,30,000 as against the sanctioned estimate of Rs. 1,87,000. The increase is mainly due to the credit of three-fifths of the sale proceeds of quinine treatments sold through the agency of Civil Surgeons, and to the satisfactory sale of quinine sulphate of which a large stock was laid in during the previous year. There has also been a nominal increase of some Rs. 40,000 on account of fees for the registration of Joint Stock Companies, which have previously been credited under the Registration head. The estimate of receipts for the next year has been put at Rs. 3,53,000. The expenditure under this head for 1915-16 is estimated at Rs. 5,05,000 against the revised estimate of Rs. 5,28,000 for the current year. The decrease is due mainly to economies which it is necessary to effect in view of the financial situation."

The Amended Draft Financial Statement.

Mr. Stephenson.

LIST OF BUSINESS—ITEM No. 4.

The Hon'ble MR. STEPHENSON introduced the following heads :—

REVENUE—

V.—Excise.

EXPENDITURE—

7. Excise.

He said :—

" Sir, I have the honour to introduce the Excise heads.

Turning to the Excise estimates, at the beginning of the year we raised the duty on country spirit over a large portion of the Province and there was a considerable increase in the license fees realised in the current year. We anticipated a decreased consumption and the revenue of the year was estimated at 158 lakhs, being a little over 4 lakhs more than the actuals of the last year. It might have been anticipated that the effects of the increase in duty, the abolition of a considerable number of shops and the restricted hours of sale over most of the Province would be felt most in the first quarter of the current year, but during the first four months the revenue showed a steady increase over last year and the consumption of country spirit and *ganja* showed no marked tendency to decrease. On the outbreak of war there was a marked decrease in consumption and in every month since the figures have been consistently lower than those for last year, the decrease on the whole being greatest in the jute districts and Calcutta. The total decrease in consumption to the end of January compared with last year's figures is nearly 75,000 gallons in country spirit, 11,000 seers of *ganja* and 5,000 seers of opium. It is sometimes complained that agricultural prosperity or the reverse is too readily accepted as the explanation for variations in Excise figures, but I think these facts do show conclusively that Excise consumption does in the main depend upon agricultural conditions even more than restrictive measures and within limits is an index of the prosperity or reverse of the Province. While from a temperance point of view the figures are no doubt acceptable, we must be prepared for a considerable rise in consumption again when normal conditions are restored. We now anticipate that our revenue will be slightly higher that that of last year, the increase in the first four months being nearly wiped out by the decreases since and the revised is placed at 155 lakhs. Next year we are raising the treasury price of opium to Rs. 40 per seer and the duty on *ganja* from Rs. 15 to Rs. 20 a seer. The settlements so far made show very varying results, but on the whole the higher duties on *ganja* and opium will more than counterbalance the decrease in license fees. We hope that agricultural conditions will improve and we place the estimate of Excise revenue at 160 lakhs, being 5 lakhs more than the revised estimate of the current year.

As regards expenditure, sanction has been received in the current year for the reorganisation proposals and steps have been taken to put them in train. The total increase of expenditure will be 2½ lakhs, but in the present circumstances we have only been able to repeat in the next year's budget the provision of 1½ lakhs which we made in the current year. The reorganisation therefore can only be partially effected, Some improvement of conditions has already been granted to meet the more urgent claims of the Department and provision has been made to place the Excise Administration of districts under Superintendents of Excise from the commencement of the next year ; but the addition to the numbers and the complete regrading of Inspectors and Sub-Inspectors will have to be postponed till we can find the money in the following year."

The Amended Draft Financial Statement.

Mr. Stephenson ; Mr. Cumming.

The Hon'ble MR. STEPHENSON introduced the following heads :—

EXPENDITURE—

6—Stamps.

10—Assessed Taxes.

He said :—

"Turning now to the heads of expenditure under '6-Stamps' and '10-Assessed Taxes,' the heads are equally divided between Imperial and Provincial Revenues. The figures under the head 'Stamps' are to be found in page 41 of the Financial Statement. It is estimated that the expenditure next year will be Rs. 6,05,000 against Rs. 5,51,000, the revised estimate, and Rs. 7,52,000 in the budget for 1914-15. The decrease in the revised estimate is partly under discount owing to the smaller sale of stamps but chiefly under cost of stamp paper, as favourable terms have been obtained from the contractors. In 1915-16 larger provision has been made for discount on the larger sale of stamps and for the consequent larger supply of stamp papers from Central Stores.

The figures relating to expenditure under the head 'Assessed Taxes' are concerned with the establishment for the collection of tax. There is nothing special in the figures to which I need draw attention."

LIST OF BUSINESS—ITEM No. 6.

The Hon'ble MR. CUMMING introduced the following head :—

EXPENDITURE—

19A —Courts of Law.

He said :—

"Sir, I have the honour to introduce the figures relating to Courts of Law.

The total budget estimate for 1914-15 which was 99½ lakhs has been raised to over one crore in the revised estimate with reference to the actuals of the first nine months of the year. The increase is chiefly under the head 'Law Officers,' and is due to larger payments on account of legal fees in connection with the several political cases. Expenditure under the head 'Civil and Sessions Courts' and arrear payments on account of the revision of the Subordinate Judicial Service sanctioned towards the close of 1913-14 also contributed towards the general increase.

The total estimate for the year 1915-16 has been fixed at Rs. 1,01,24,000. This includes provision for the sanctioned number of High Court Judges, the Inspector of Judicial offices and the Registrar of Insolvency. Larger provision has also been made for fees to pleaders in criminal and civil suits in the mufassal, and to meet increased demands for rates and taxes and contingencies of the Presidency Magistrates' Courts owing to the division of the Courts and their location in three places.

No provision has been made for new major works under the head "Courts of Law". Only five projects have been selected provisionally. Those are : (1) the construction of double Munsifi at Bhola, (2) a Munsif's residence at Sherpur, (3) additions to the Munsif's Court buildings at Contai, (4) a quadruple Munsifi at Netrokona, and (5) a new record-room in the District Judge's Court, Midnapore. They will be treated as works in progress during next year. A sum of Rs. 8,000 has been provided for judicial minor works in the Provincial Civil Works Budget for the year 1915-16."

The Amended Draft Financial Statement.

Mr. Cumming.

LIST OF BUSINESS—ITEM No. 7.

The Hon'ble Mr. CUMMING introduced the following heads :—

REVENUE—

XVII.—Police.

EXPENDITURE—

20.—Police.

REVENUE—

XVIB.—Jails.

EXPENDITURE—

19B.—Jails.

He said :—

"Sir, I have the honour to introduce the heads of expenditure under 20—Police and 19 B Jails, and in doing so I desire to refer simply to the outstanding features of the Budget.

As regards Calcutta, rules will be issued shortly under the new Motor Vehicles Act. In order to provide for their efficient administration and to cope with the great increase of motor traffic in Calcutta in recent years, the staff at present employed on motor traffic duty requires to be strengthened. Provision has been made accordingly in the Budget.

The Police staff on duty in Bara Bazar has been temporarily increased in order to effect the more efficient patrolling of that thoroughfare.

I now turn to the Bengal Police Budget. Provision was made in last year's budget for the recurring expenditure necessary to complete the reorganization of the Subordinate Police and River Police in Eastern Bengal; but owing to difficulties in recruiting and lack of proper accommodation, it was not possible to give full effect to the schemes, and a provision of Rs. 10,000 and Rs. 40,222 respectively has accordingly been made this year.

The organization of the Police in respect of numbers, equipment and conditions of service generally is still susceptible of much improvement. A lump provision of Rs. 5,51,023 has been made for 11 new projects, the principal items of which I shall now mention.

As regards the reorganization of the Subordinate Police and organization of the River Police in Eastern Bengal districts, an Imperial grant of 4 lakhs for non-recurring expenditure on launches and buildings has been made.

The boat establishment in Eastern Bengal was last under revision between the years 1876-95. During the last 20 years the cost of living, wages of labour and rates of boat-hire have risen considerably, but no increase has been sanctioned either in the pay of boatmen or in the scale of allowances allowed to Police Officers for the hire of boats. An increased number of boats is also necessary for efficient Police work in water-logged districts during the rains. The extra expenditure involved is Rs. 59,265 per annum on account of permanent and Rs. 37,856 on account of temporary boat establishment; but effect will be given to the scheme gradually as funds permit, and Rs. 49,000 has now been provided in the budget.

The pressure of work at headquarters has been much augmented owing to the increased attention now being paid to the problems of Police Administration, and with the sanction of His Majesty's Secretary of State a second Personal Assistant to the Inspector-General of Police has been appointed.

The Amended Draft Financial Statement.

Mr. Cumming; Mr. Hornell.

It is proposed to split up the section of the E. I. R. which formerly lay within the old Province of Bengal into two Superintendents' charges, and the jurisdiction of each Superintendent will be fixed as far as possible in accordance with Provincial boundaries. This involves an increase of staff.

The Inspector-General of Police has also represented the need of a permanent detachment of armed Police at Serajganj, and an increase in the armed Police reserves at Bogra and Malda.

A scheme for the more efficient safeguarding of Government treasuries has been approved, and provision has been made for an increase in the number of guards employed on this important duty.

As regards the Jails Budget, there are no items of new expenditure costing more than Rs. 5,000 in 1915-16.

The current year's total provision of Rs. 2,50,000 for warder establishment has been retained in the budget. This includes part provision, as in the current year, for the scheme for the revision of the warder establishment, details of which are still under discussion with the Government of India.

As the industry of printing, which was the main industry in the Dacca Central Jail, has ceased, owing to the creation of a new Press in Bihar and the centralization in Calcutta, a new industry had to be started : and blanket manufacture was selected for the Dacca Jail. Another reason was that the old blanket manufactory at Bhagalpur had been transferred to the Bihar Province. The new machinery provided for in the current year's budget is being received from England by instalments, and an establishment consisting of a qualified European Deputy Superintendent and Indian Assistants has been appointed. Arrangements have been made to start the factory as soon as possible.

The sanctioned estimate of Rs. 5,00,000 for dietary charges for 1914-15 has been increased, in accordance with the actuals for 1913-14 and the first five months of the current year, to Rs. 6,25,000.

The provision under the head "Superintendents and Jailors" has been reduced in view of anticipated savings in salaries owing to the reversion of officers to military duty."

LIST OF BUSINESS—ITEM No. 8.

The Hon'ble MR. HORNELL introduced the following heads :—

REVENUE—

XIX.—Education.

EXPENDITURE—

22.—Education.

He said :—

"Sir, I have the honour to introduce the heads of Revenue and Expenditure in the Education Budget for 1915-16.

2. As regards the receipt side I shall merely mention one or two points. The first is an item of Rs. 16,000 against 'fees and fines' in Eastern Bengal Madrasahs. Hitherto the amounts realised under this head were credited to the Mohsin Fund. In future they are to be regarded as departmental receipts. A word of explanation is necessary with regard to the change of procedure. The entire cost of the Dacca, Chittagong and Rajshahi Madrasahs has hitherto been met from the Mohsin Fund supplemented by a contribution

The Amended Draft Financial Statement.

Mr. Hornell.

from Provincial Revenues. The income from 'fees and fines' was credited to the Fund. It has been considered expedient to modify the arrangement so as to show 'fees and fines' as departmental receipts and to debit the cost of the maintenance of the three Madrasahs, partly to Provincial Revenues and partly to the Mohsin Fund. The change of procedure which has been given effect to from the beginning of the current financial year will not operate to the disadvantage of the general scope of the Mohsin Fund as at present defined. I may also explain that the new arrangement will facilitate the introduction of a rearrangement now under consideration whereby the Mohsin Fund will be relieved of all responsibility in connexion with the cost of maintaining Government Madrasahs. The result of this arrangement will be that the whole of the above cost will be defrayed from public revenues, the money now expended for this purpose from the Mohsin Fund being set free for the provision of scholarships for Muhammadan students, for increasing the allotment for free and partially free studentships for Muhammadan pupils and generally for improving the facilities for such pupils, which already exist in, or may hereafter be introduced into, ordinary colleges and schools and in Madrasahs which may adopt the reformed course.

3. The only other item on the revenue side which I need mention is the estimate of Rs. 24,000 for fee receipts against the proposed residential school. This school will be accommodated, to start with, at Hastings House, Alipore, which has been placed at the disposal of the Government of Bengal for this purpose for a period of five years. The details of the scheme have not yet been finally passed by the Secretary of State, but it has been decided with his consent to start the institution on a modest scale as soon as possible. Sanction has been accorded to the immediate appointment of a European assistant master and four Indian assistant masters, pending the introduction of the full scheme. We hope to be able to secure the services of a suitable European officer who is now available in India, and this officer will open the school and conduct it with the Indian masters, until the full staff has been recruited. Full particulars of the arrangements which it has been decided to make will be published as soon as possible. It is a pity that the introduction of the full scheme has been delayed but the war in Europe has made the recruitment in England of officers for educational work in India very difficult.

4. In turning to the expenditure side of the budget I need not dwell on the conditions which have made it necessary for the Education Department, in common with other departments, to face the new financial year with a restricted budget under certain heads.

5. The total of the charges provided from Provincial Revenues for the year in prospect amounts to Rs. 60,42,000 against a sanctioned provision of Rs. 61,00,000 for the current financial year. The reduction of Rs. 58,000 will fortunately involve no serious complications during the current year. The estimates of expenditure under certain heads as, for example, stipends to students in Guru-training schools and the lump provision for reforming the system of training of primary school teachers in East Bengal, under which heads the reduction referred to has chiefly been effected, are based upon the fulfilment of certain conditions. These conditions have not proved to be capable of easy or immediate fulfilment and the result is that while we provided last year for the expenditure under these heads of a certain amount as a maximum for 1914-15, the grant was not fully taken up and the amounts provided in the budget for 1915-16 are based on a calculation of the actual expenditure for the current financial year. Such additional expenditure as may normally be incurred under the above heads will be adjusted during the financial year 1915-16 with the help of savings which will by a similar process accrue under the recurring Imperial assignments for primary education. This method of adjustment will obviously be impracticable after a time for when the sanctioned schemes are in full working the maximum expenditure under each head in accordance with these schemes will be incurred. While therefore no

difficulty need be anticipated during the coming financial year as a result of the reduction of Rs. 58,000, I would point out that it will ultimately be necessary to provide for the full scale of expenditure involved in the various schemes which have been sanctioned. The general result so far as the Provincial allotment is concerned is that we shall be next year in approximately the same position as we were during the current year. Certain new items of expenditure have been included in the new Budget. These are noticed in the financial statement and do not require explanation.

6. Now for the Imperial assignments all the recurring grants made by the Government of India up to date have been provided in the new budget. I dealt at some length with the distribution of these grants in March last and it is unnecessary for me to do more on the present occasion than say that definite schemes have been drawn up for the utilization of these grants and have already been put into operation. I must here repeat what I have already stated on more than one occasion, namely, that it is not possible to arrange for the full utilization of a recurring grant of this nature in a single operation or in a single year. All large schemes are of necessity progressive and in some cases the grants will not be fully taken up for some years. In the meantime the savings effected in any year until the last stage of development is reached, will be available either for capital expenditure under appropriate heads or, as I have just explained in connexion with the reduction of the Provincial allotment by Rs. 58,000, for the purpose of adjusting unforeseen contingencies that may have to be faced owing to retrenchments, etc.

7. Since the submission of the last budget to Council we have received an additional Imperial recurring grant of Rs. 1,50,000 a year for general educational purposes.

This grant has been distributed as follows :—

	Rs.
(1) European education	15,000
(2) Grants-in-aid to colleges	35,000
(3) Muhammadan education	84,000
(4) Sanskrit education	10,000
(5) Improvement of the office establishment of the Divisional Inspector of Schools ...	6,000
Total ...	1,50,000

8. The position with regard to the Imperial grant for non-recurring expenditure on education requires some explanation. As will be seen from a reference to the table provided at page 19 of the draft financial statement a total sum of Rs. 48,98,000 was provided in the current year's budget under Imperial grants for non-recurring expenditure. Of this sum it was calculated that an amount of Rs. 17,10,000 would be spent during 1914-15. After this estimate was arrived at additional expenditure amounting to about six lakhs was subsequently sanctioned and incurred. The unexpended balance of the non-recurring Imperial grants stands to-day therefore at Rs. 25,88,000. In ordinary circumstances the whole of the unexpended balance would have been regranted, but during the year 1915-16 it has been found practicable to reallot Rs. 8,00,000 only. This sum, it will be noticed, has been bracketed against three items in the table on page 18 of the draft financial statement, but it will be open to the department to utilise this provision towards meeting expenditure under any of the heads of capital expenditure for which allotments were originally made by the Government of India. The amount available falls far short of requirements. The original assignments have all been earmarked for specific purposes, and the problem for the coming year will be how to utilise the sum of Rs. 8,00,000 to the best possible advantage. There are one or two large schemes which the department is pledged to see through, and these will receive first attention. The balance of the funds then available

will be devoted to financing projects already in progress and such minor but urgent projects as require to be taken up without delay. A considerable number of schemes which have matured during the year and for which funds have been provisionally earmarked will have to be postponed for the present. This is disappointing but the circumstances are exceptional and we need not assume that the schemes will have to be abandoned.

9. There are likely to be savings during the next year or so in the recurring Imperial assignments and these will, as far as practicable, be utilised to supplement the funds available for capital expenditure."

RECEIPTS.

He said :—

"Sir, the estimated receipts of the Medical Department for the current year were originally passed for Rs. 3,97,000, but taking into consideration the actuals of the past 9 months and in view of the transfer of the credit of the sale proceeds of quinine 'treatments' sold through the agency of the Civil Surgeons from the Medical Budget to the Budgets of the Jail and Cinchona Departments, these receipts were fixed in the revised estimate at Rs. 3,75,000. Again allowing for the growing receipts from the Medical College and from the two Government medical schools under the head of schools fees, and also the fees received from paying patients at the large Hospitals, the revised estimates for 1915-16 have been put down at Rs. 3,80,000.

The revised estimate of expenditure for the current year is Rs. 25,54,000 against the budget estimate of Rs. 25,56,228 (excluding sanitation) and shows a small decrease of Rs. 2,228. The decrease is nominal and is due chiefly to the transfer of one lakh to the Public Works Department to meet a portion of the cost of constructing the School of Tropical Medicine and partly to the fact that the allotment of Rs. 50,000 for the purchase of equipment for the school was not utilized and partly to the savings in the salary of district medical officers and the medical officers attached to the Medical College, Calcutta, owing to the deputation of a large number of Indian Medical Service officers to military duty. On the other hand, increased charges were incurred under Hospitals and Dispensaries specially under Supplies and Services, and special grants were also made, Rs. 38,000 to the Albert Victor Hospital and Rs. 12,000 to the Eden Sanitarium, Darjeeling, and there were expenses in connection with the introduction of the scheme for the association of independent medical practitioners with Government hospitals. Effect was given to this scheme in the Mayo and Sambhu Nath Pundit Hospitals in the months of June and July last respectively. It involves a recurring expenditure of Rs. 9,470 per annum on account of the paid staff employed to assist the honorary staff and other charges, besides an initial expenditure of Rs. 9,400 for laboratory equipment, instruments, etc.

The estimate for next year amounts to Rs. 23,56,000. It includes Rs. 63,000 for the School of Tropical Medicine, viz., Rs. 13,000 which is the unexpended balance of the Imperial grant and Rs. 50,000 for equipment. When the foundation stone was laid by His Excellency Lord Carmichael last

year it was hoped that the school would be opened during the current year, but for reasons which I need not enter into now, I fear that our hopes cannot be realized. Owing to this doubt no provision has at present been made for the staff, etc., of this school. I may say that it has been decided that a Hospital for Tropical Diseases shall be constructed as an adjunct to the school, but as the hospital will be built and maintained out of funds raised by subscriptions, it has not been thought necessary to make any provision for it in this budget.

The unexpended balance amounting to Rs. 20,000 out of the grant of one lakh sanctioned by the Imperial Government for medical relief has been provided for expenditure next year.

This budget also includes the provision for two grants-in-aid each of Rs. 10,000 in order to meet the initial charges of two newly constituted bodies, (*a*) the State Medical Faculty and (*b*) the Council of Medical Registration.

The appointment of an Indian Medical Service Personal Assistant to Surgeon-General having now been sanctioned by the Secretary of State, the provision for the pay and allowances of this officer has been repeated, but it is not expected that an Indian Medical Service officer will be available until after termination of the war. Full provision has also been made for the expenditure in connection with the scheme for the association of private medical practitioners with the Mayo and Sambhu Nath Pundit Hospitals.

A sum of Rs. 1,000 has again been provided for typewriting machines for a few more Civil Surgeons' offices. Provision has been made for the purchase of an Epidiascope for the Medical College at a cost of Rs. 1,500. The provision on account of Municipal taxes on medical buildings has been reduced in view of the fact that the owner's share will now be paid by the Public Works Department and met from that budget. Increased grants have been provided on account of supplies and services of the Medical College Hospital and a sum of Rs. 200 on account of the revision of the establishment of that institution.

To meet the growing needs of the times it has been considered advisable to appoint three anaesthetists to the Medical College Hospital, and provision for their pay at Rs. 100 each per mensem has been made.

The budget also includes provision of Rs. 1,000 and Rs. 2,052 to meet the cost of the revision of the establishments of the Presidency General Hospital and Medical College respectively, which has already been sanctioned. Finally provision has also been made (*a*) for the training of nurses, and (*b*) for expenditure in connection with the Serological Laboratory at the Medical College. A sum of Rs. 15,000 has been provided in the former case, and Rs. 35,000 in the case of the Serological Laboratory."

He said :—

"Sir, I have the honour to introduce the estimates of Revenue and Expenditure relating to the Registration Department.

The Amended Draft Financial Statement.

P. N. Mukharji; Mr. Samman.

The receipts for next year are estimated at Rs. 19,00,000 against the sanctioned estimate of Rs. 20,50,000 in the current year. Owing to the slackness in the jute trade due to war conditions, the income of the department has declined since August last, and the revised estimate for the current year has been placed at Rs. 18,00,000. The estimate for next year allows for the normal increase of one lakh over this reduced figure. This is one of the earning departments of Government which has been affected by the war. This is shown in paragraph 20, page 12 of the Financial Statement.

On the expenditure side we have provided for Rs. 11,23,000. The sanctioned provision for the present year was Rs. 11,99,000. The revised estimate is Rs. 11,51,000. This decrease is due to several causes. The Registrar of Joint Stock Companies and his establishment have been transferred from this department on the appointment of a separate whole-time Registrar. Formerly, the work was done by the Registrar of Assurances, Calcutta, who was an officer of the department. There was also a provision for improving the salaries of District Sub-Registrars and of the establishment of district headquarters offices. which had to be kept back owing to the outbreak of war. We have had to hold up schemes for the improvement of the cadre of Sub-Registrars and of District Sub-Registrars and for the appointment of an additional fourth Inspector of Registration Offices, which have been generally approved, but which cannot be put in the next year's budget. Proposals for the much-needed revision of establishments in district and mufassal offices have been worked out, but for obvious reasons effect cannot be given to them so long as the present conditions last. In this respect, the Registration Department has been badly hit, as several very useful schemes which have been matured with considerable trouble and care and which would have benefited the department very materially, have had to be postponed until normal conditions return.

It will be seen that whereas the receipts are estimated at 19 lakhs the expenditure is about 11¼ lakhs which is 59 per cent. of the receipts. This department, therefore, gives the State a considerable surplus."

24.—Sanitation.

He said :—

"Sir, I beg leave to introduce the consideration of the figures in the revised Financial Statement for 1915-16 which relate to the Sanitation Department.

These figures will be found on pages 56 and 57. Under the head "Sanitation and Vaccination" the estimate for 1915-16 has been placed at Rs. 3,07,000, against Rs. 3,93,000. the sanctioned estimate for the current year, and Rs. 4,19,000, the revised estimate.

The decrease is chiefly under salaries and contingencies :

(*a*) *Salaries.*—A lump deduction of Rs. 20,000 has been made as some of the Deputy Sanitary Commissioners have returned to military duty and no officers have yet been taken in their places.

(*b*) *Contingencies* (*Rs. 50,000*).—In 1912 the Governing Body of the Indian Research Fund Association made a grant of Rs. 50,000 for jungle clearing in Bengal as a measure against malaria. Since then this amount has

The Amended Draft Financial Statement.

Mr. Samman ; Mr. Beatson Bell.

been provided in the Budget every year, but not spent. The Provincial Malaria Committee found it impossible to formulate a definite scheme of jungle-cutting on practical lines and suggested that the grant might be more profitably used on subsoil drainage. Two schemes for subsoil drainage were drawn up and the matter was referred to the Government of India, who declined to sanction the diversion of the grant to another purpose and asked for the return of the money. The sum of Rs. 50,000 was accordingly replaced at the disposal of the Indian Research Fund Association, and no such provision has been made in the next year.

The lump grants for recurring and non-recurring expenditure are shown on page 57. The total for the current year, after making a lump deduction of ten lakhs, amounts to Rs. 18,32,772. The whole of this will not be utilised before the 31st March. The principal items which have already been sanctioned or will probably be sanctioned during the current year from these grants are shown in paragraph 63 on page 23 of the statement. As explained in paragraph 10 on page 5 the only provision that has been made for expenditure on sanitation in 1915-16 is a sum of Rs. 9.50,000 for recurring expenditure.

He said :—

"Sir, I have not much to say in connection with this head. The revised estimate of receipts shows an increase of Rs. 36,000 which is due to the sale of waste-paper and unserviceable materials from the Dacca Jail Press, which has been abolished. The serviceable materials have been sold to the Government of Bihar and Orissa for opening a Jail Press of their own at Gaya which has been adjusted by *minus* entry on the expenditure side. The receipt budget for next year is Rs. 1,32,000 against Rs. 1,37,862—the actuals of 1913-14—and calls for no particular remarks. On the expenditure side the revised estimate shows a decrease of Rs. 88,000 which has been fully explained in paragraph 57 of the Amended Draft Financial Statement and I have nothing further to add. The budget for next year amounts to Rs. 13,82,000 and provision has been made according to actual requirements. No provision has been made for the Dacca Jail Press while the cost of the Forms Department has now been amalgamated with the Presidency Jail Press.

As explained before in the Council, the Secretariat Press was hopelessly congested, but some accommodation in the Military Accounts Department Buildings in Koilaghat Street having been available, a portion of the Press has been removed there and we have been able to give more space to the confidential section, the establishment of which will now be revised. A lump provision of Rs. 6,000 has been made for this purpose."

43—Irrigation—Minor Works and Navigation.

He said :—

"Sir, the only noticeable matter in connection with the figures under Ports and Pilotage is the decrease during the current year on both the receipt and expenditure sides of the estimates for pilotage charges. This is due to a falling off in the number of vessels entering and leaving the Calcutta Port in consequence of the partial suspension of trade caused by the war.

As regards the Budget for the next year, it allows for normal expenditure, and the receipts have been framed in view of the adverse trade conditions.

Coming now to the heads of the budget entitled XXIX— Receipts—Irrigation—Major Works and 42—Expenditure—Irrigation—Minor Works and Navigation, XXX—Receipts and 43—Expenditure, the Major Works with which we have to deal in this Presidency, as at present constituted, are the Midnapore and Hijili Tidal Canals. The latter is for navigation only, while the former provides for both irrigation and navigation. There has been a reduction in the navigation receipts from these canals, specially in the latter, due partly to the closure of the canal for silt-clearance and partly to the effects of the severe floods of the year 1913. The navigation receipts from these canals have also generally suffered from railway competition.

As the work of clearing silt out of the locked reaches taken up last year was nearly completed in that year, there has been no increase in the expenditure of the year 1914-15 and none is anticipated during 1915-16. As considerable expenditure is incurred every year on clearance of silt from portions of these canals, it would be more economical to carry out such work by a dredger instead of by hand-labour as at present. It is hoped that it will be possible to purchase a suitable dredger for this purpose when the war is over.

I now turn to the heading 'Minor Works and Navigation,' which is more important in its effect upon Provincial Revenues. The chief sources of revenue under this head are the tolls received from navigation on the Calcutta Canals, the Sundarbans route and the Madaripur Bhil route, which together form the navigable route for boats and inland steamers between Calcutta and Eastern Bengal. The receipts from these sources are estimated at Rs. 4,07,000 out of the total estimated receipts of Rs. 5,24,000 against the

The Amended Draft Financial Statement.

Mr. Cowley; Mr. Cumming.

budget estimate of Rs. 6,10,000. The decrease is chiefly in receipts from the Madaripur Bhil Route and to a certain extent from the Calcutta and Eastern Canals. The falling-off of receipts from the Bhil Route is due to the temporary silting-up of the Manikdah entrance channel and consequent loss of traffic. A falling-off of Rs. 10,000 is also expected in the irrigation receipts from the Eden Canal on account of remission of water-rates expected to that extent. During the coming year it is estimated that there will be an increase of Rs. 20,000 from navigation tolls on the Magra Hat Drainage Channels, and as it is not likely, owing to the construction of a new supply sluice, that any remission of water-rates will have to be granted on the Eden Canal. The total estimate for receipts for 1915-16 shows an improvement of Rs. 46,000, as compared with the receipts for the current year.

There has been a considerable increase in the revised estimate of expenditure under 'Minor Works and Navigation' for the current year, as compared with the budget. This is due to a special provision of Rs. 6,00,000 for purchasing dredging plant for the maintenance and improvement of the inland waterways of the Presidency.

The Government of India have sanctioned the purchase of the suction dredger *Alexandra* at a cost of Rs. 5,25,000 and the balance of the grant will be utilized in purchasing coaling plant for the two dredgers *Foyers* and *Alexandra*. A sum of Rs. 19,250 has been placed at the disposal of the district of Bakarganj as Government contribution for the re-excavation of the Damoda Channel by the District Board. Provision has also been made for flood damage repairs, and it is expected that all works connected therewith, including the raising of the Damodar left embankment, where necessary, will be completed during the coming year.

The clearing of the bed of the Saraswati river in connection with the Rajapur drainage works, for which Rs. 60,000 was provided for expenditure during the current year, has not as yet been taken up, as, owing to the present financial contingency, funds for the completion of the work are not at present available. The work in connection with dredging the Angeria Creek on the Sundarbans route is nearing completion, while that for dredging the Puthimari Channel on the existing steamer route between Calcutta and Barisal has been postponed pending a final decision on the Grand Trunk Canal project of which it will form a part. Fair progress has been made on the construction of the second supply sluice and connected works, Eden Canal, for which Rs. 20,000 has been provided in the coming year. The Ganges from Digha to Rajmahal being now in the Province of Bihar and Orissa, a proportionate sum out of the provision of Rs. 35,000 made for the Ganges Training Works will have to be transferred to that Government during 1915-16. This arrangement will continue during the currency of the existing financial settlement. Provision has been made as usual for carrying out training works during 1915-16 in the Dhaleswari and Buriganga rivers to facilitate navigation and to improve the water-supply of the town of Dacca. The protective revetments on the river-side slope of the Hooghly left embankment at Diamond Harbour were very badly damaged by the storm of 24th July 1913; and, as advised by the Inspector-General of Irrigation, further protective works in the form of a concrete mattress are being carried out. It is expected that the work, as taken up, will be completed by 31st March 1916."

The Hon'ble MR. GREEN introduced the following heads :—

EXPENDITURE—

45.—Civil Works in charge of the Public Works Department.

He said :—

"Sir, I have to introduce for the consideration of the Council the Budget for *Civil Works in charge of the Public Works Department.*

There is an increase of Rs. 85,000 in the receipt side of the revised budget for the current year which is principally due to larger realization of rent on Government buildings and larger receipts on account of the sale proceeds of old Government buildings.

For next year (1915-16) receipts have been estimated at Rs. 4,25,000. *i. e.*, Rs. 45,000 less than the anticipated receipts for the current year. This decrease is due to the estimated receipts on account of sale of Government buildings next year being less than those in the present year.

On the expenditure side, under original works, in the Revised Estimate, there is a decrease of Rs. 3,73,000 which is principally due to the expectation that the full grant for several works in connection with buildings and communications, chiefly those for road improvement in the Duars, will not be fully utilized during the year.

Under Repairs the increase of Rs. 1,12,000 in the Revised Estimate is mainly due to extra grants, given this year, for advance collection of metal for next year's road maintenance, additional grants given to supplement insufficient budget grants for certain roads in the Central Circle, chiefly for the Grand Trunk Road, and the provision of extra grants for special repairs to the Tista Valley Road in the Darjeeling district.

The increase of Rs. 93,000 in establishment in the revised estimate is partly due to additional grants given to meet the cost of establishment under the Sanitary Engineer and of additional establishment required during the end of the year in connection with the Dacca University buildings, and partly owing to insufficient provision having been made in the current year's budget for establishment in general.

The Amended Draft Financial Statement.

Mr. Green.

The increase of Rs. 19,000 in Tools and Plant is due to the purchase of elephants, steam-rollers, etc., in connection with the improvement of the Duars roads.

The anticipated expenditure of Rs. 90,000 under stock represents the increase in the value of stock over last year's closing balance. This is mainly due to the manufacture of bricks for the Dacca University buildings and buildings in other parts of the Province.

The grant for expenditure during the coming year has been fixed at Rs. 64,88,000 against Rs. 89,00,000, the revised estimate for the current year. From this we have first to meet our recurrent expenditure on Establishment, Tools and Plant, and Repairs, and to make adequate provision for carrying on original works in progress.

For Establishment we have provided Rs. 13,50,000 against Rs. 12,40,000, the revised estimate for 1914-15. The increase is principally due to the fact that, it is estimated the Imperial contribution of 21½ per cent. on works to be executed for the Government of India, during the coming year, will be less by Rs. 63,000 than in the current year. Rupees 35,000 has also been provided to meet the cost of establishment required in connection with the Dacca University buildings for the full year. The balance of the increase has been set aside to meet demands for temporary establishment which may arise during the year.

For Tools and Plant only Rs. 50,000 is provided against Rs. 89,000, the revised estimate for the current year, as owing to the reduction in the probable expenditure on original works, it is estimated that the expenditure on Tools and Plant will also be much less.

The amount provided for repairs is Rs 22,00,000 against Rs. 22,95,000, the revised estimate for the current year. The grant of Rs. 22,00,000 has been fixed at the lowest sum possible in order to provide adequately for carrying on, during the coming year, works which are now in progress.

A provision of Rs. 24,63,900 has been made to complete the works which will be in progress on 31st March 1915, and on which expenditure has been incurred during the current year.

This leaves a sum of only Rs. 4,24,100 available for works not yet commenced. Of this a sum of Rs. 3,00,000 has been set aside for Minor Works, each costing Rs. 5,000 and less, and in the case of the Education Department Rs. 10,000 and less, and Rs. 1,24,100 as a reserve under communications, to meet among other things certain liabilities incurred on works on which no expenditure has been incurred during the current year.

This leaves nothing for new Major Works.

The Minor Works grant of Rs. 3,00,000 includes Rs. 2,54,000 to be placed at the disposal of Commissioners of Divisions and Heads of Departments thus :—

	Rs.
Education Department	56,000
Medical ,, ...	38,000
Registration ,, ...	12,000
Police ,, (Mufassal)	38,000
Police ,, (Calcutta)	12,000

Commissioners of Divisions	60,000

and Rs. 46,000 for the following purposes :—

Courts of Law	8,000
Residences of Local Government	20,000
P. W. Reserve	18,000."

" Sir, I have now come to the last batch of Budget heads.

As explained in Council in past years the Interest budget represents for the most part the loan transactions of the Local Government. We borrow money from the Imperial Government at 3½ per cent. calculated on the mean outstanding balance and re-lend it under the Land Improvement and Agriculturists Loans Act to Co-operative Societies, on drainage and embankment advances, to land-holders, etc. and to local bodies, such as Municipalities and District Boards (excluding Presidency Corporations). The receipts comprise the interest which we receive. The increase under the head is due to the provision for larger advances to Municipalities for works of sanitary improvements. The estimates for 1915-16 and the revised estimates are shown in paragraph 21 of the Amended Draft Financial Statement.

Refunds and Drawbacks occur in the different departments. We budget on the basis of the average actuals of the past three years excluding special payments. The details are shown in page 39 of the Financial Statement.

In the Superannuation budget the receipts represent the contributions of officers lent to foreign service or employed for the management of private estates and deductions for Pilotage Pension Funds. The charges are pensions and gratuities actually disbursed. The charges under this head tend to rise year after year owing to increase in the number of claims to pensions. A provision of two lakhs has been made to meet charges for the commutation of pensions against Rs. 1,50,000 provided in the revised estimates for the current year.

The Miscellaneous budget comprises several small items. The detailed figures under receipts are shown in pages 35-36 of the Financial Statement. The revised estimate of receipts is Rs. 6,89,000 against Rs. 5,92,000, the budget estimate, or an increase of Rs. 97,000. The increase is chiefly under the head 'Unclaimed Deposits,' the estimate for which has been raised from Rs. 4,80,000 to Rs. 5,55,000. The rest of the increase is under 'Fees' for Government audits on account of realisation of arrears in Miscellaneous Fees, Recoveries of Law Charges and other small items. The budget for next year is Rs. 6,90,000 which includes Rs. 5,80,000 for unclaimed deposits based

on the average of three years ending 1913-14. The other items are based on past actuals and do not call for any remarks.

On the expenditure side the detailed figures are shown in pages 61-62 of the Financial Statement. The revised estimate shows a nominal saving of Rs. 6,33,000 which is mainly due to the adjustment under appropriate heads of charges for grain compensation allowance, for which 4 lakhs was provided in the budget, and of grants sanctioned by His Excellency from his allotment of one lakh for petty grants; also to the reappropriation of the reserve provision of 1½ lakhs in order to meet charges under other heads; and finally to savings in the provision of Rs. 50,000 for gratuitous relief in flooded districts. Against these transfers and adjustments additional charges were incurred on the following accounts: first, donations for charitable purposes under which special grants were given to the Calcutta Orphanage for extension, to the District Charitable Society for the construction of a female vagrant ward within the compound of the Government Alms House and to the Salvation Army; secondly, there were additional charges for the Port Development Committee and the District Administration Committee; thirdly, compensation was paid to the Assistants of the Eastern Bengal and Assam Secretariat for resumption of lands and houses taken up by Government at Dacca.

The budget for next year is Rs. 10,16,000. This includes Rs. 1,70,000, the same as the budget for the current year, for donations for charitable purposes, a lump provision of Rs. 20,000 for any unforeseen special Commissions of Inquiry, increased provision of Rs. 10.000 for guarantee for new telegraph lines urgently wanted for the Police Department, the usual allotment of one lakh for petty grants by His Excellency, 1½ lakhs as general reserve which we usually keep to meet unforeseen demands, as it is impossible to work without such a reserve, past experience having shown that demands will arise which we cannot now foretell, half a lakh for gratuitous relief and 4 lakhs for the grant of grain compensation allowance to the menials of all the departments. The question of raising the pay of menials both in Calcutta and in the mufassal is still under consideration, and it is hoped that the scheme will be submitted to the Government of India before long."

The Hon'ble NAWAB SYED SHAMS-UL-HUDA said :—

"Gentlemen, before we adjourn I think that it is necessary to remind Hon'ble Members that resolutions on the Financial Statement must reach the Secretary to the Council not later than 11 A.M. on Monday, the 8th March. This has already been intimated to Hon'ble Members by the Secretary in a circular dated the 11th February. I desire also to remind Hon'ble Members that, last year, in response to a representation made to him, His Excellency gave Hon'ble Members an assurance that, so far as was possible, copies of the speeches introducing the various 'Heads' of the Amended Draft Financial Statement would be furnished to Hon'ble Members on the date of delivery. Out of the 14 speeches made to-day, 10 have already been printed up and are now obtainable from the Secretary, to whom application for the same shall be made."

ADJOURNMENT.

The Council was then adjourned to Saturday, the 13th March, 1915, at 11 A.M.

LIST OF BUSINESS—ITEM No. 1.

STARRED QUESTIONS.

By the Hon'ble NAWAB SAIYID HOSSAM HAIDER CHAUDHURI, KHAN BAHADUR :—

Transfer of the head quarters station of the Noakhali district.

*1. Will the Government be pleased to state whether they have at present under consideration the proposal to transfer to another site the head-quarters station of the Noakhali district owing to the continuous erosion by the river of Noakhali town?

The Hon'ble MR. CUMMING replied :—

"Government are keeping in view the possibility that, owing to the effects of the erosion by the river Meghna, it may be necessary to abandon the existing town of Noakhali. The effects of the erosion are being carefully observed and Government receive periodical reports. As a further measure of precaution, Government are obtaining information regarding possible sites for a new headquarters, in case it should be necessary to vacate Noakhali, but no definite proposal is under consideration, and Government have an open mind on the question."

By the Hon'ble NAWAB SAIYID HOSSAM HAIDER CHAUDHURI, KHAN BAHADUR :—

Scarcity of food-grains in the districts.

*2. (*a*) Will the Government be pleased to state whether it is a fact that scarcity of food-grains prevails in some of the districts of the Presidency, notably in the districts of Dacca and Bakarganj?

(*b*) If so, to what is this scarcity due and what steps are the Government taking to relieve the consequent distress?

The Hon'ble MR. KERR replied :—

"Government are not aware that scarcity of food-grains prevails in any of the districts in this Presidency. The want of rain in September and October seriously affected the winter rice crop in several districts, and the outturn for the province as a whole is estimated at 72 *per cent.* of the normal. The price of common rice in most districts (including Dacca and Bakarganj), is, however, less than it was at this period last year. The prices of wheat, *dal*, and the cheaper food-grains are somewhat higher than last year, but have nowhere reached a pitch indicating any scarcity. The situation is being carefully watched, but there are at present no signs of distress calling for intervention on the part of Government."

By the Hon'ble NAWAB SAIYID HOSSAM HAIDER CHAUDHURI, KHAN BAHADUR :—

Uniformity of the rules and orders of the Education Department in Eastern and Western Bengal.

*3. (*a*) Will the Government be pleased to state whether the rules and orders governing the Education Department are identical in both Eastern and Western Bengal?

(*b*) If not, in what do they principally differ?

Questions and Answers.

Mr. Samman; Maharaja of Nashipur.

(*c*) If the answer to clause (*a*) of the question be in the negative, will the Government be pleased to state whether the existing differences are to remain, or whether (and if so, when) the said rules and orders are to be made uniform throughout the Presidency?

The Hon'ble MR. SAMMAN replied :—

(*a*) " The rules are identical in most matters of importance, but differ in many points of detail.

(*b*) The chief sets of rules which contain points of difference in the two parts of the Province are those governing curricula, the distribution of scholarships and grants in aid, the powers of the Director of Public Instruction and his subordinate officers and the prescription of text-books.

(*c*) It has been decided to co-ordinate the rules relating to most, but not all, of these matters, and the work of co-ordination is well in hand, though it cannot be said exactly when the final assimilation of the rules will be completed."

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Ear marking of a portion of the Public Works cess for sanitary purposes.

*4. Are the Government earmarking any proportion of the grant of the Public Works cess to the District Boards for sanitary purposes during the next year?

The Hon'ble MR. SAMMAN replied :—

" The answer is in the negative."

UNSTARRED QUESTIONS.

By the Hon'ble MAHARAJA RANAJIT SINHA of Nashipur :—

Amount spent for sanitation from Public Works cess.

1.—Will the Government be pleased to furnish a statement showing the amount spent by each District Board for sanitation out of the assignment from Public Works cess?

The following reply by the Hon'ble MR. SAMMAN was laid on the table :—

" District Boards were not asked to keep any separate account of expenditure out of the grants made to them on the surrender of the Public Works Cess. The total amount expended by each District Board in 1913-14 on account of sanitation, exclusive of vaccination charges, is shown in the statement appended. Figures for the current year are not yet available."

The Revised Financial Statement.

Mr. Beatson Bell.

THE REVISED FINANCIAL STATEMENT.

LIST OF BUSINESS—ITEM No. 2.

The Hon'ble MR. BEATSON BELL presented the Revised Financial Statement for Bengal for 1915-16.

He said :—

" My Lord, I beg to lay on the table the Revised Financial Statement for the year 1915-16. I have very little to say on the subject ; the memorandum has already been circulated to Hon'ble Members, and they are all familiar with its contents. As regards the receipts for the current year, there is a slight alteration in the estimate for stamps, and the provincial share will now amount to Rs. 101 lakhs. The other item of interest is one with which all are familiar, namely, the fact that His Excellency the Viceroy at the Convocation the other day made a grant of Rs. 10 lakhs for hostels in Calcutta. This appears as an item of receipt in the current year, and an item of expenditure in the year to come.

There are no other items to which I need draw attention."

REVISED FINANCIAL STATEMENT, BENGAL, 1915-16.

FINANCIAL DEPARTMENT.

FINANCE.

Calcutta, the 12th March 1915.

MEMORANDUM.

IN accordance with Rule 14 (1) and (2) of the Bengal Legislative (Financial Statement) Rules, 1912, published with Notification No. 4482 F., dated the 10th December 1912, the following memorandum is circulated indicating the alterations in the figures which have been made since the circulation of the Amended Draft Financial Statement Bengal, for 1915-16, on the 4th instant.

2. The following changes have been made under the orders of the Government of India :—

REVISED ESTIMATE, 1914-15.

RECEIPTS.

IV—Stamps.—The revised estimate has been raised by two lakhs from Rs. 2,00,00,000 to Rs. 2,02,00,000. The Provincial share amounts to Rs. 1,01,00,000.

The Revised Financial Statement.

Transfers between Imperial and Provincial Revenues.—The Government of India have sanctioned a non-recurring assignment of ten lakhs for a grant to the Calcutta University for constructing hostels. This has raised the estimate of receipts under this major head from Rs. 58,59,000 to Rs. 68,59,000. The estimate of total receipts now stands at Rs. 6,20,06,000.

CHARGES.

22—Education.—Raised by Rs. 1,50,000 with reference to later actuals which include payment of arrear increase of pay to officers of the Education Department recently sanctioned with retrospective effect.

45—Civil Works in charge of Public Works Department.—Raised by Rs. 3 lakhs to provide for the grants sanctioned to the Public Works Department to meet the cost of land acquisition for the David Hare Training College at Ballygunge and the Bethune College, Calcutta.

The estimate of total expenditure has been raised from Rs. 6,52,36,000 to Rs. 6,56,86,000, and the closing balance has been raised from Rs. 2,74,81,000 to Rs. 2,81,31,000.

BUDGET, 1915-16.

CHARGES.

A provision of ten lakhs has been made under *22—Education* for a grant to the Calcutta University for constructing hostels sanctioned by the Government of India as stated above.

The total charges for 1915-16 will now be raised from Rs. 6,48,29,000 to Rs. 6,58,29,000, and the closing balance will be reduced to Rs. 2,41,09,000, thus :—

	Revised estimate, 1914-15.	Budget, 1915-16.
	Rs.	Rs.
Opening balance	3,18,11,000	2,81,31,000
Receipts	6,20,06,000	6,18,07,000
Total ...	9,38,17,000	8,99,38,000
Charges	6,56,86,000	6,58,29,000
Closing balance	2,81,31,000	2,41,09,000

Copies of the revised Financial Statement are circulated herewith.

N. D. BEATSON BELL.

REVISED FINANCIAL STATEMENT, BENGAL, 1915-16.

PART I.—General Review.

(1) ACCOUNTS FOR 1913-14.

WHEN the revised estimate for 1913-14 was laid before the Council on the 26th March 1914, the receipts of the year were estimated at Rs. 6,16,70,000 and the charges at Rs. 6,25,70,000, while the anticipated closing balance was Rs. 3,04,30,000. The accounts of the year, which have now been finally closed, show that the actual receipts amounted to Rs. 6,21,41,472 and the charges to Rs. 6,16,60,630, while the closing balance was Rs. 3,18,11,112. The receipts were therefore better by Rs. 4,71,472, this improvement having occurred chiefly under Stamps (Rs. 1,55,416), owing to larger duty on probate and letters of administration and to settlement proceedings; Excise (Rs. 1,88.578), attributed to the prosperous conditions of the year; Assessed Taxes (Rs 68,958), caused by the favourable trade conditions of 1912-13 which swelled the profits of the coal and jute companies; Registration (Rs. 46,144), due to the favourable economic conditions of the year leading to a more rapid extension in the demand for registration; Ports and Pilotage (Rs. 36,604), chiefly under Pilotage fees, the revised estimate for which was underestimated and Miscellaneous (Rs. 90,760), partly contributed by larger lapse of unclaimed deposits than had been anticipated and partly by special recoveries on account of service payments of previous years. The actual charges were less by Rs. 9,09,370, mainly under Education (Rs. 3,97,485) and Medical (Rs. 49,541) chiefly owing to non-utilization of the Imperial grants for education and sanitation, respectively, to the extent anticipated in January; Stationery and Printing (Rs. 53,594), due to smaller consumption of stationery; Miscellaneous (Rs. 1,28,582), for smaller expenditure in gratuitous relief in flooded areas; Civil Works in charge of Public Works Department (Rs. 1.55,615), due to savings in the grants for original works, to the reduction of stock and recovery of amounts advanced to contractors for manufacture of bricks, and lastly under Civil Works in charge of the Civil Department (Rs. 2,55,737), owing to smaller grants to municipalities for expenditure on sanitation.

(2) REVISED ESTIMATE, 1914-15.

2. The revised estimate for 1914-15 as now passed, on the basis of the actuals of the first nine, and in some cases ten, months of the current year, is compared below with the sanctioned estimate for the year :—

	Sanctioned estimate.	Revised estimate.	Better (+) or worse (−).
	Rs.	Rs.	Rs.
Opening balance ...	3,04,30,000	3,18,11,000	+13,81,000
Revenue receipts ...	5,72,11,000	5,51,47,000	−20,64,000
Transfers between Imperial and Provincial Revenues ...	+57,84,000	+68,59,000	+10,75,000
Total receipts ...	6,29,95,000	6,20,06,000	−9,89,000
Grand Total ...	9,34,25,000	9,38,17,000	+3,92,000
Total expenditure ...	7,35,93,000	6,56,86,000	+79,07,000
Closing balance ...	1,98,32,000	2,81,31,000	+82,99,000

3. The increase under Transfers between Imperial and Provincial Revenues is due to the following additional assignments from Imperial Revenues :—

	Rs.
Assignment for provincialization of salaries of Civil Veterinary Department ...	+29,000
Assignment for non-realization of small recovery claims of freights, etc., on stores from England in the office of the Agent Government Consignments	+6,000
Additional assignment for Lieutenant-Colonel Sutherland's deputation to serological enquiry	+10,000
Assignment for purchase of copies of Indian Household Reference Chart and Indian Household Emergency Chart	+2,000
Further non-recurring grant for Dacca University	+1,00,000
Smaller assignment for cost of forms for Bihar and Orissa Government (Rs. 2,15,000 against Rs. 2,32,000)	−17,000
Smaller assignment for cost of forms for Assam Administration (Rs. 94,000 against Rs. 1,29,000)	−35,000
No recovery from Bihar Government in connection with fishery experiments, against Rs. 11,000 originally proposed ...	−11,000
Transfer from Provincial to Imperial Revenues for net gain for premises No. 9, Hare Street made over to Provincial Government for management ...	−9,000
Assignment for grant to the Calcutta University for hostels	+10,00,000
	+10,75,000

4. The decrease of revenue is the net result of decreases under some heads and increase under others. The decreases aggregate Rs. 29,66,000 and are chiefly under the following heads :—

Land Revenue—(Rs. 6,84,000), due to smaller collections owing to the slackness of jute trade and non-realization of the anticipated collections of suspensions of 1913-14.

Stamps—(Rs. 10,50,000), caused by dislocation of business and trade caused by the war.

Excise—(Rs. 3,00,000), attributed to the present crisis which has affected consumption.

Forests—(Rs. 2,90,000), caused by smaller sales of timber owing to difficulty experienced in financing the timber trade.

Registration—(Rs. 2,50,000), due to the decrease in the number of registrations.

Courts of Law—(Rs. 33,000), due to smaller fines in magisterial courts and smaller recoveries of court-fees realized in cash.

Ports and Pilotage—(Rs. 1,91,000), due to dislocation of trade caused by the war.

Education—(Rs. 50,000), the budget was fixed rather high.

Irrigation—Minor Works and Navigation in charge of the Public Works Department—(Rs. 43,000), due to stoppage of jute traffic in the Calcutta and Eastern Canals and to the silting up of the Manikdah Entrance Channel and consequent blockage of traffic in the Madaripur Bhil route and to remission of water rates in the Eden Canal.

The increase, on the other hand, amounts to Rs. 9,02,000, and is mainly under the following heads :—

Assessed Taxes—(Rs. 4,00,000), attributed to the favourable trade conditions of 1913-14 which swelled the profits of some of the coal and jute companies and many banks.

Scientific and Miscellaneous Departments—(Rs. 2,43,000), caused by larger sale of quinine and to the credit here of ⅔ of the sale-proceeds of quinine treatments.

Stationery and Printing—(Rs. 36,000), due to the sale of waste-paper and unserviceable materials from the Dacca Jail Press on its removal to Gaya.

Miscellaneous—(Rs. 97,000), due chiefly to larger anticipated lapse of deposits.

Civil Works in charge of the Public Works Department—(Rs. 85,000), due to larger collections of rent on Government buildings and larger proceeds from sale of Government buildings.

5. On the expenditure side the revised estimate shows a total decrease of Rs. 97,69,000, and is chiefly under the following heads :—

Stamps—(Rs. 1,00,000), due to reduction in the price charged by contractors for the supply of stamp paper and also to smaller payment of discount for smaller sales.

Excise—(Rs. 1,36,000), due to savings in the lump grants for reorganization of the department and for the construction of steam-launches.

Forests—(Rs. 43,000), due to lapse of the provision for new boilers for the steam-launches *Hawk* and *Helen Grey* of the Sundarbans Division and savings in the grant for stores, communications and improvements as well as under salaries.

Registration—(Rs. 48,000), due to lapse of the provision for reorganization of establishment of District offices and revision of the cadre of District Sub-Registrars.

Police—(Rs. 5,18,000), due to savings in the grant for non-recurring charges for River police and reorganization of the Eastern Bengal District Police.

Ports and Pilotage—(Rs. 1,65,000), due to smaller payments to pilots owing to the partial suspension of trade and to non-payment of Rs. 75,000 provided provisionally for the purchase of a grab dredger at Chittagong.

Education—(Rs. 60,20,000), due to savings in the Imperial grants for both recurring and non-recurring expenditure.

Medical—(Rs. 17,58,000), due to savings in the grant for sanitation and non-utilization of the grant for equipment of the School of Tropical Medicine, as well as the transfer of a portion of the grant for Sanitation and the School of Tropical Medicine to the Public Works Department and other heads.

Agriculture—(Rs. 2,10,000), due to lapse of the lump provision for extra fieldmen, demonstrators and apprentices, savings in the grants for sericultural experiments, experimental farms, seed stores, salaries of the Botanic Gardens, and in the lump non-recurring grant for improvements.

Stationery and Printing—(Rs. 88,000), due to adjustment by reduction of expenditure of the sale-proceeds of the machinery of the Dacca Jail Press taken over by the Bihar and Orissa Government for the Gaya Jail.

Miscellaneous—(Rs. 6,33,000), due to the adjustment of grants made by His Excellency to the appropriate heads, to the reappropriations of the reserve provision to meet expenditure under other heads, to the transfer of charges for grain allowance to the different departments by reappropriation from the lump provision under this head and savings in the grant for gratuitous relief.

On the other hand, there was a total increase in expenditure of Rs. 18,62,000 the largest items of which are noted below :—

Land Revenue—(Rs. 42,000), for larger expenditure under Salaries owing to the recall of officers from leave.

General Administration—(Rs. 55,000), due to several officers having been placed on special duty in the Secretariat.

Courts of Law—(Rs. 3,51,000), due to the same reason as under Land Revenue, to larger payments to pleaders for fees in connection with political cases, arrear pay on account of the revision of the Subordinate Judicial Service, and to the debit of grain allowance charges by transfer from 32—Miscellaneous.

Jails—(Rs. 3,02,000), for increased expenditure under rations and larger purchase of raw materials for the preparation of manufactures.

Superannuations—(Rs. 53,000), for larger grant for commutation of pensions.

Irrigation—Minor Works and Navigation in charge of the Public Works Department—(Rs. 2,78,000) for grant for the purchase of a dredger.

Civil Works in charge of the Civil Department—(Rs. 5,02,000), chiefly for larger grants to local funds for works of sanitary improvements by transfer from Medical and larger provision for augmentation grants.

Civil Works in charge of the Public Works Department—(Rs. 2,41,000) due to additional grants for land acquisition in connection with the David Hare Training College at Ballyganj and the Bethune College: Calcutta.

6. The net result of these changes is that the closing balance of 1914-15, which was estimated at Rs. 1,98,32,000 in March last, is now estimated at Rs. 2,81,31,000. The increase is chiefly due to smaller expenditure under Police, Education, Medical, and Agriculture, as mentioned above, and to the assignement of 10 lakhs for Calcutta University hostels.

(3) BUDGET ESTIMATE, 1915-16.

7. The opening balance of 1915-16 is the closing balance of 1914-15, and is therefore Rs. 2,81,31,000.

8. The estimates for the year, as provisionally approved by the Government of India, show receipts aggregating Rs. 6,18,07,000, an expenditure of Rs. 6,58,29,000, and a closing balance of Rs. 2,41,09,000. Out of the special grant of 50 lakhs for the Calcutta Improvement Trust, which has appeared in the accounts since 1903-04, 40 lakhs have already been paid to the Trust, and the balance 10 lakhs will be paid in 1915-16. Of the estimated closing balance, the following are earmarked for special expenditure :—

	Rs.
Minimum balance	20,00,000
Balance of discretionary grant	10,49,000
Balance of the Imperial grant for Education ...	87,14,000
Ditto ditto Police ...	8,50,000
Ditto ditto Sanitation ...	40,49,000
Ranchi Lunatic Asylum	25,00,000
Amount earmarked for provincial equipments for the three years 1916-17 to 1918-19 ...	24,00,000
Grant promised to Belgatchia Hospital ...	5,00,000
Total ...	2,20,62,000

The difference between Rs. 2,41,09,000 and Rs. 2,20,62,000=20,47,000. is the free balance available for new expenditure in the near future.

9. The total estimated charges for 1915-16 amount to Rs. 6,58,29,000 which is in excess of the income by Rs. 40,22,000, owing mainly to the following provisions :—

	Rs.
Grant to the Calcutta Improvement Trust ...	10,00,000
Non-recurring expenditure of the Education Department from Imperial grants	18,00,000
Non-recurring expenditure of the Police Department from Imperial grants	4,00,000
Balance of the Imperial grant for the Agricultural Department	20,000
Balance of the Imperial grant for Medical relief ...	20,000
Equipment for the School of Tropical Medicine	50,000
Additional grant for the management of Government estates	50,000
Grant for gratuitous relief	50,000
Lump grant for Civil works in charge of the Public Works Department	4,88,000

10. In the exceptional circumstances of the present year it has been found impossible to provide for the regrant of all the unexpended balances of the Imperial grants for Education, Sanitation, Police and discretionary grants. Under the orders of the Government of India, the budget has been prepared on the basis that the Provincial receipts cover all the charges and that the Provincial balances are not available for expenditure in 1915-16. Consequently, only the recurring grants for Education and Sanitation could be provided, but subsequently the Government of India have allowed a deficit of Rs. 40,22,000 including the special non-recurring grant of ten lakhs to the Calcutta University for hostels recently sanctioned and provision has been made for the non-recurring charges mentioned in the paragraph above.

11. A schedule is attached showing the new schemes, costing individually more than Rs. 5,000 in any one year, which have been included in the budget. The non-recurring charges on account of these schemes amount to Rs. 17,820, and the recurring charges to Rs. 2,99,950. Besides these, the budget includes the following new schemes of a more or less petty nature :—

PART II.—Detailed remarks on the Budget for 1915-16.

RECEIPTS.

12. *Land Revenue.*—The total collections in 1913-14 amounted to Rs. 2,80,28,537, and the estimate for 1915-16 as provisionally passed by the Government of India is Rs. 2,91,49,000 against Rs. 2,84,80,000, the revised estimate for1914-15. The estimate includes Rs. 17,92,000 for recoveries of Survey and Settlement charges, against Rs. 15,58,000, the revised estimate for 1914-15.

13. The estimated Provincial share of Land Revenue is calculated as follows :—

	Estimate, 1914-15.	Revised estimate, 1914-15.	Estimate, 1915-16.
	Rs.	Rs.	Rs.
Gross Land Revenue ...	2,96,64,000	2,84,80,000	2,91,49,000
Deduct—Estimated collections from Government Estates (wholly Provincial) ...	47,00,000	40,50,000	44,37,000
Deduct—Recoveries of cost of maintenance of boundary pillars (wholly Provincial)	2,000	2,000	.....
Deduct—Recoveries of Survey and Settlement Charges (wholly Imperial) ...	20,24,000	15,58,000	17,92,000
Total Deduction ...	67,26,000	56,10,000	62,29,000
Net amount divisible between Imperial and Provincial revenues	2,29,38,000	2,28,70,000	2,29,20,000
Provincial share, one-half ...	1,14,69,000	1,14,35,000	1,14,60,000
Add—Collections from Government Estates (wholly Provincial)	47,00,000	40,50,000	44,37,000
Add—Recoveries of cost of maintenance of boundary pillars (wholly Provincial)	2,000	2,000	.....
Total Provincial receipts	1,61,71,000	1,54,87,000	1,58,97,000

14. *Stamps.*—The revenue from Stamps for 1914-15 was estimated at Rs. 2,23,00,000. The actuals in 1913-14 amounted to Rs. 2,19,10,831, and the collections in the first ten months of 1914-15 show a decrease of Rs. 14,58,000 as compared with the actuals of the corresponding period of the preceding year. The receipts under this head show improvement up to the end of July 1914, but steadily declined from August, owing to dislocation of business and trade caused by the war. Some decrease is also anticipated in the last two months and the revised estimate for 1914-15 has been passed for Rs. 2,02,00,000. It is anticipated that the decrease will not continue in 1915-16, but there might be a small increase of one lakh and the budget for that year has been placed at Rs. 2,03,00,000. The Provincial share is one-half and amounts to Rs. 1,01,00,000 for 1914-15 and Rs. 1,01,50,000 for 1915-16.

15. *Excise.*—The budget estimate of the total revenue under this head for 1914-15 was placed by the Government of India at Rs. 1,58,00,000. The actuals of 1913-14 amounted to Rs. 1,53,88,578, and those of the first ten months of 1914-15 show a small increase of Rs. 1,82,000 only over the actuals of the corresponding period of the preceding year. The present crisis has affected consumption in the chief jute-growing districts and the revised estimate for 1914-15 has been passed for Rs. 1,55,00,000; and allowing for a progressive increase of 5 lakhs, the estimate for 1915-16 has been placed at Rs. 1,60,00,000. The treasury price of opium will be raised to Rs. 40 per seer from 1st April 1915, and the duty on ganja will be raised from Rs. 15 to Rs. 20. On the other hand, owing to the rise in price of opium and to the war, a large decrease in consumption is anticipated. The receipts under this head are wholly Provincial.

16. *Provincial Rates.*—The collections from the Public Works Cess are now being surrendered to District Boards. Under General Rates for the management of Private Estates, the estimate of receipts for 1915-16 is Rs. 1,10,000, which is the same as the revised estimate for 1914-15. The actuals of 1913-14 which included collections of arrears were Rs. 1,31,340.

17. *Assessed Taxes.*—The budget estimate of receipts from Income tax for 1914-15 was Rs. 61,00,000. The actual collections in 1913-14 amounted to Rs. 66,37,916 and collections in the first ten months of the year 1914-15 show an increase of Rs. 4,15,000 over those of the corresponding period of last year. The increase is attributed to the favourable trade conditions of 1913-14 which swelled the profits of some of the coal and jute companies and many of the banks. The revised estimate for 1914-15 has been passed for Rs. 69,00,000. Owing to the war in Europe the conditions of trade are now unfavourable, and the profits of bankers and industrial concerns will be greatly affected during 1914-15. As the assessment for 1915-16 will be based on the profits of 1914-15, the estimate for that year has been placed at a reduced sum of Rs. 61,00,000. The Provincial share is one-half and amounts to Rs. 34,50,000 and Rs. 30,50,000 respectively.

18. *Forests.*—The total receipts under this head for 1914-15 were estimated at Rs. 16,00,000 against Rs. 16,16,111, the actuals of 1913-14. The collections in the first ten months of 1914-15 show a decrease of Rs. 2,40,000 as compared with those of the corresponding period of last year. The sales of timber have declined owing to the difficulty experienced in financing the timber trade and to a diminution of the purchasing power of jute cultivators who are large customers for *sâl*, and the revised estimate for 1914-15 has been placed at Rs. 13,10,000. Allowing for an increase of Rs. 1,40,000 in 1915-16, the estimate has been passed for Rs. 14,50,000. The Conservator anticipates a substantial increase in 1915-16.

19. *Registration.*—The budget estimate for 1914-15 was Rs. 20,50,000 against Rs. 20,16,144, the actuals of 1913-14. The actual collections in the first nine months of the year 1914-15 amounted to Rs. 12,69,000 and for the remaining three months of the year the receipts have been taken at Rs. 5,31,000 and the revised estimate has been placed at Rs. 18,00,000. The revenue under this head underwent considerable fluctuations up to August

1914, and has since that month declined steadily owing to the slackness of the jute trade. Allowing for an increase of one lakh, the estimate for 1915-16 has been passed for Rs. 19,00,000.

20. *Interest.*—The estimate of loans provides for a return in the way of interest during 1915-16, of Rs. 5,29,000 against Rs. 4,62,000 in 1914-15 as shown below :—

	Revised estimate, 1914-15.	Estimate, 1915 16.
	Rs.	Rs.
Interest on advances to cultivators, etc.	55,000	50,000
Interest on advances to Co-operative Credit Societies	3,000	2,000
Interest on drainage and embankment advances	9,000	14,000
Interest on loans to landholders ...	1,59,000	1,60,000
„ „ „ to Municipalities and District Boards, etc. ...	2,09,000	2,90,000
Miscellaneous	27,000	13,000
Total ...	4,62,000	5,29,000

The decrease under Miscellaneous is due to the payment of the interest on arrears of the Public Works Cess to the District Boards.

21. *Law and Justice—Courts of Law.*—The actuals in 1913-14 amounted to Rs. 8,42,811, while the receipts in the first nine months of 1914-15 show an increase of Rs. 9,000 over those of the corresponding period of last year. The revised estimate for 1914-15 has been placed at Rs. 8,62,000, and the estimate for 1915-16 has been passed for Rs. 9,13,000. The increase is chiefly under fees, fines and forfeitures.

22. *Jails.*—The actuals in 1913-14 amounted to Rs. 6,71,947, but the receipts in the first eight months of the year 1914-15 show an increase of Rs. 52,000 as compared with those of the corresponding period of last year, and the revised estimate for 1914-15 has been placed at Rs 7,31,000. It has been decided that two-fifths of the receipts from the sale of quinine packets should be taken under this head instead of one-fifth as before. The sale-proceeds of quinine treatment, which were credited to the head Medical, are also from 1914-15 credited to this head and to the Cinchona Department in the proportion of 2 : 3. The estimate for 1915-16 has been passed for Rs. 7,60,000.

23. *Police.*—The budget estimate for 1914-15 was Rs. 1,77,000 against Rs. 1,56,684, the actuals of 1913-14. The receipts in the first nine months of 1914-15 show an increase of Rs. 25,000 over those of the corresponding period of last year on account of larger receipts from the Motor Cycle Act, and the revised estimate for 1914-15 has been placed at Rs. 1,87,000. The estimate for 1915-16 is Rs. 1,86,000.

24. *Ports and Pilotage.*—The actuals in 1913-14 amounted to Rs. 16,76,604, while the budget estimate for 1914-15 was originally passed for Rs. 17,16,000. The actual collections in the first nine months amounted to Rs. 11,06,857 and for the last three months of the year the receipts have been taken at Rs. 4,18,143, and the revised estimate has been placed at Rs. 15,25,000. The decrease is under Pilotage receipts and is due to the reduction in the number of vessels entering and leaving the Calcutta port in consequence of the dislocation of trade caused by the war. The estimate for 1915-16 has been passed for Rs. 16,20,000 and provides for a receipt of Rs. 72,000 for the hire by the Government of India of the steamer *Guide* for station duty at Port Blair, against Rs. 30,000 provided for in the revised estimate on the same account.

25. *Education.*—The actuals in 1913-14 amounted to Rs. 8,10,953, and the budget estimate for 1914-15 was Rs. 8,62,000. This has been reduced to Rs. 8,12,000 in the revised estimate with reference to the actuals of the first nine months of the current year which amounted to Rs. 5,68,321, against Rs. 5,65,585 obtained in the corresponding period of last year. The estimate for 1915-16 has been passed for Rs. 8,86,000, and includes Rs. 24,000 from fees of the residential school for Indian boys at Hastings House, Calcutta, and Rs. 16,000 on account of fees and fines from Madrassas, which were hitherto credited to the Mohsin Fund.

26. *Medical.*—The budget estimate for 1914-15 was Rs. 3,97,000 and included Rs. 50,000 under Medicines sold by Civil Surgeons. This included the sale-proceeds of quinine treatments prepared by the Juvenile Jail and sold through the agency of Civil Surgeons, which are now readjusted by credit to the Jails and Cinchona Departments in the proportion of 2 : 3, with effect from 1914-15. Against this decrease, there was an increase under Hospital receipts and College fees, and the revised estimate has been placed at Rs. 3,75,000. The budget for 1915-16 has been passed for Rs. 3,80,000, and includes larger receipts from college and school fees.

27. *Agriculture.*—Under the orders of the Government of India the head Scientific and other Minor Departments has now been divided into two heads —(*A*) Agriculture, which includes the items, Veterinary, and Stallion receipts ; Agriculture, Botanical and other gardens, and receipts on account of public exhibitions and fairs, while the other items have been classified under (*B*) Scientific and Miscellaneous Departments. The budget estimate for 1914-15 under Agriculture was Rs. 85,000, but this has been reduced to Rs. 78,000 in the revised estimate, the actuals of 1913-14 having been Rs. 78,756. The estimate for 1915-16 has been passed for Rs. 82,000 and includes larger receipts from the Veterinary Department.

28. *Scientific and Miscellaneous Departments.*—The budget estimate for 1914-15 was Rs. 1,87,000 against Rs. 1,98,925, the actuals of 1913-14. The actuals in the first eight months of 1914 15 amounted to Rs. 4,10,000 (of which Rs. 3,73,000 represented the sale-proceeds of cinchona and its products against Rs. 1,50,000, the estimate for the whole year.) This special increase is due to the credit of three-fifths of the sale-proceeds of quinine treatments sold through the agency of Civil Surgeons and to the large sale of quinine sulphate, of which a large stock was laid in, in 1912-13. The increase is also partly due to the credit of fees for registration of Joint Stock Companies which were hitherto credited to the head, Registration. The revised estimate for 1914-15 has been placed at Rs. 4,30,000, but as such large receipts may not continue in 1915-16, the estimate under this head has been passed for Rs. 3,53,000, providing for Rs. 3,00,000 as receipts from cinchona, against Rs. 3,71,000 anticipated in 1914-15.

29. *Receipts in aid of Superannuation.*—The budget estimate for 1914-15 was Rs. 39,000, but in the revised estimate this has been raised to Rs. 42,000 in view of the actual collections in the first nine months of the year, showing an increase of Rs. 3,500. The estimate for 1915-16 has however been passed for Rs. 40,000.

30. *Stationery and Printing.*—The estimate for 1914-15 was Rs. 1,20,000 against Rs. 1,37,862, the actuals of 1913-14, but in the revised estimate this has been raised to Rs. 1,56,000 in view of the actual collections in the first nine months of the year. The increase is attributed to the sale of waste-paper and unserviceable materials from the Dacca Jail Press on its removal to Gaya. The estimate for 1915-16 has been placed at Rs. 1,32,000.

31. *Miscellaneous.*—The receipts for 1914-15 were estimated at Rs. 5,92,000 against Rs. 7,68,760, the actuals of 1913-14, which included Rs. 6,01,162 from unclaimed deposits. The budget estimate under this sub-head was Rs. 4,80,000, but in the revised estimate it has been raised to Rs. 5,55,000, and the total receipts to Rs. 6,89,000. The estimate for 1915-16 has been placed at Rs. 6,90,000 and includes Rs. 5,80,000 for unclaimed deposits.

32. *Irrigation, Major Works (Direct Receipts.)*—The budget estimate for 1914-15 was Rs. 2.67,000 against Rs. 2.46,579, the actuals of 1913-14. The actual collections in the first ten months of 1914-15 show a decrease of Rs. 24,000 and the revised estimate has been placed at Rs. 2,40.000. The decrease is due to restricted traffic on account of the silted condition of the Hijili Tidal Canal and smaller export of rice through the Midnapore Canal. The revised estimate has been repeated for the budget for 1915-16. The Provincial share is one-half and amounts to Rs. 1,20,000 for both the years.

33. *Irrigation, Minor Works and Navigation in charge of the Public Works Department.*—The budget estimate for 1914-15 was Rs. 6,10,000 against Rs. 5,65,040, the actuals of 1913-14. The actual collections in the first nine months of 1914-15 show a decrease of Rs. 27,000 and the revised estimate for the year has been placed at Rs. 5,24,000. The decrease is chiefly due to stoppage of jute traffic in the Calcutta and Eastern Canals and Madaripur Bhil route, as well as smaller receipts from tollage on steamers in the latter, also for smaller collections from water-rate in the Eden Canal. The Magra Hât Drainage is now complete and increased receipts are expected from this canal, and the estimate for 1915-16 has been placed at Rs. 5,70.000. The Provincial share is one-half and amounts to Rs. 2,62,000 in 1914-15 and to Rs. 2,85.000 in 1915-16.

34. *Civil Works in charge of the Public Works Department.*—The budget estimate for 1914-15 was Rs. 3.85,000 against Rs. 4,34,258, the actuals of 1913-14. The actuals of the first nine months of 1914-15 show an increase of Rs. 35,000 and the revised estimate has been passed for Rs. 4,70,000. The increase is due to the growth of receipts from rent of Government buildings and larger sale-proceeds of buildings. The estimate for 1915-16 has been placed at Rs. 4,25,000.

35. *Transfer between Imperial and Provincial Revenues.*—This is a new head opened under the orders of the Government of India to show the net assignments to or from Provincial Revenues in place of the major head "Land Revenue—Adjustments" which was included under the major head of Land Revenue. The estimate includes the following transfers from Imperial Revenues :—

	Rs.

Assignment for Traffic Registration Office, Bhairab Bazar ...	1,000
Contribution from Bihar and Orissa Government towards pay of Electrical staff	8,000
Total . .	64,40,000

The estimate also includes the following transfers from Provincial to Imperial Revenues :—

	Rs.
Recurring fixed adjustment under the terms of the Settlement	7,28,000
Recurring grant to Bihar and Orissa Government for grants to Colleges	21,000
Recurring grant to Bihar and Orissa for law charges formerly paid by this Government	15,000
Recurring adjustment for No. 9, Hare Street	9,000
Total ...	7,73,000

The net assignment from Imperial Revenues is Rs. 64,40,000 — 7.73,000 =Rs. 56.67,000.

EXPENDITURE.

36. *Refunds and Drawbacks.*—The total Provincial expenditure in 1915-16 is estimated at Rs. 1,41,000, against Rs. 1,35,000, the Budget estimate for 1914-15, and Rs. 1,35,656, the actuals of 1913-14. The estimates under this head are based, as usual, on the average actuals of the previous three years, excluding special payments. The actuals of 1911-12 included a special payment of Rs. 6,000 under Land Revenue for an erroneous credit given in 1910-11 for cost of maps, and those of 1912-13 a special payment of of Rs. 8,000 under Stamps. The revised estimate for 1914-15 has been placed at Rs. 1,64,000 and includes special payments of Rs. 12,000 for license fees under Excise in Darjeeling, and of Rs. 8,000 for refund of Income-tax to a Russian Trading Company.

37. *Assignments and Compensations.*—The budget estimate for 1914-15 was Rs. 43,000, but this has been reduced to Rs. 32,000 in the revised estimate owing to smaller payments of Malikana. The estimate for 1915-16 is Rs. 42.000 which provides for actual claims.

38. *Land Revenue.*—The total provincial expenditure for 1915-16 is estimated at Rs. 36,66,000, against Rs. 35,75,000, the revised, and Rs. 35,33,000 the Budget estimate, for 1914-15 as shown below :—

	1914-15.		1915-16.
	Budget.	Revised.	Budget.
	Rs.	Rs.	Rs.
(1) Charges of District Administration ...	27,01,000	28.60,000	28,48,000
(2) Charges on account of Land Revenue collections	10,000	17,000	24,000
(3) Management of Government Estates ...	5,68,000	4,58,000	5,28,000
(4) Survey and Settlement...	2,13,000	1,81,000	2,00,000
(5) Land Records ...	41,000	59,000	66,000
Total ...	35,33,000	35,75,000	36,66,000

The estimate under (1) provides for larger grant under salaries of Magistrates, etc., as no leave will ordinarily be given to the Indian Civil Service Officers during the war, for increased grant for travelling allowances of officers, for diet and travelling allowances to witnesses, and for renumeration to copyists. The increase in the revised is due to additional expenditure under Salaries owing to the recall of Indian Civil Service Officers from leave. The decrease in the revised estimate under (3) is due to lapse of provision for improvements in Government estates.

39. *Stamps.*—The estimate for 1914-15 was Rs. 7,52,000, but in view of the decrease under receipts and consequent smaller payments of discount and the favourable terms for the supply of stamp paper, the revised estimate has been reduced to Rs. 5,51,000. The Controller of Stamps and Stationery has reported that under the new agreement with the contractors for the supply of stamp paper the provision of some of the items have been reduced by 50 per cent., and that the cost of demy paper has also been much reduced. The budget for 1915-16 has been passed for Rs. 6,05,000 and follows the anticipated increase under receipts. The charges of this department are divided equally between the Imperial and Provincial revenues and the Provincial share amounts to Rs. 2,76,000 and Rs. 3,03,000 respectively.

40. *Excise.*—The estimates for 1914-15 was Rs. 8,77,000, but in the revised estimate this has been reduced to Rs. 7,41,000 as the grant for the reorganization of the department will not be fully utilized, and out of the sum of Rs. 50,000 for the construction of launches Rs. 20,000 only will probably be spent. The budget for 1915-16 is Rs. 8,02.000 and includes 1½ lakhs for the reorganization of the department, Rs. 20,000 for the construction of boats and launches, and Rs. 5,000 for the construction of quarters.

41. *Provincial Rates.*—The cost of collections of the cesses and the valuation and revaluation charges are debited in the first instance to the head "3—Land Revenue—Charges of District Administration," but ultimately recovered from District Boards and the recoveries including pension contributions are taken in reduction of expenditure under that head.

42. *Assessed Taxes.*—The estimate for 1914-15 was Rs. 1,51,000. but in the revised estimate this has been raised to Rs. 1,54,000 owing to higher grade pay of the Deputy Collector and to the payment of leave allowances to Assessors in Calcutta. The budget for 1915-16 is Rs. 1,52,000. The Provincial share is one-half and amounts to Rs. 77,000 and Rs. 76,000 respectively.

43. *Forests.*—The estimate for 1914-15 was Rs. 7,27,000, but in the revised estimate this has been reduced to Rs. 6,84,000 with reference to the

actuals of the first nine months of the year. The decrease is due to the provision for new boilers of the launches *Hawk* and *Helen Grey* not having been utilized. The provision for the construction of certain roads also has not been utilized in full. The budget for 1915-16 amounts to Rs. 6,66,000 and includes provision for the supply of new boilers referred to above and for the anticipated return of senior officers from leave. The decrease in 1915-16 is due to exclusion of special expenditure on roads and buildings.

44. *Registration.*—The estimate for 1914-15 was Rs. 11,99,000, but in the revised estimate this has been reduced to Rs. 11,51,000 owing to the non-utilization of the lump provision for revision of the cadre of District Sub-Registrars. and the establishment in District Offices, and to the transfer of the provision for the new Registrar of Joint-Stock Companies to "26B—Scientific and Miscellaneous Departments." The estimate for 1915-16 is Rs. 11,23,000, and does not provide for revision of establishment.

45. *Interest on Ordinary Debt.*—This is interest payable from the Provincial revenues to the Imperial revenues on the amount advanced by the latter to the Local Government for loans to cultivators, under the Agriculturists' Loans and Land Improvements Loans Acts, for advances to Co-operative Societies, for advances on drainage and embankment schemes, for loans to notabilities and to municipalities and other public corporations (excluding Presidency Corporations).

46. *General Administration.*—The estimate for 1914-15 was Rs. 23,53,000, but in the revised estimate this has been raised to Rs. 24,08,000. The increase is partly under staff and household of the Governor, owing to the increased charges on account of establishment, travelling allowances and contingencies for the separation of the offices of the Private Secretary to Governor and Military Secretary to Governor and partly under Civil Secretariat chiefly for the charges on account of officers on special duty on the recall of Indian Civil Service Officers from leave. The estimate for 1915-16 is Rs. 23.74,000 and generally follows the budget for 1914-15 with additions under staff and household for the reasons given above and under Civil Secretariat for increase of salary of the Chief Secretary and increased establishment sanctioned for the Education and Commerce branches for increase of work.

47. *Law and Justice—Courts of Law.*—The estimate for 1914-15 was Rs. 99,53,000, but in the revised estimate this has been raised to Rs. 1,03.04,000 with reference to the actuals of the first nine months of the year. The increase is chiefly under Law Officers owing to larger payment of pleaders' fees in connection with the several political cases and partly under Civil and Sessions Courts, owing to arrear payments on account of revision of the Subordinate Judicial Service sanctioned towards the close of 1913-14 and partly under Criminal Courts owing to recall of Indian Civil Service Officers from leave as explained under "3—Land Revenue." The estimate for 1915-16 is Rs. 1,01.24.000. It includes full provision for the sanctioned number of High Court Judges, Inspector of Judicial Offices. Registrar of Insolvency. and Additional Sub-Deputy Collectors for appointment as Circle Officers, larger provision for fees to pleaders in criminal and civil suits in the mufassal, larger grants for rates and taxes and contingencies of the Presidency Magistrate's Courts owing to the division of Courts in 3 places, and for the payment of rewards in Arms Act cases, and for the arrest of both armed and unarmed dacoits.

48. *Jails.*—The estimate for 1914-15 was Rs. 20,76,000 but the actuals in 1913-14 amounted to Rs. 22,62,882, and the revised estimate for 1914-15 has been raised to Rs. 23,78,000 with reference to the actuals of the first eight months of the year. The increase is chiefly due to larger dietary charges and the purchase of raw materials. The estimate for 1915-16 is Rs. 21,95,000. The decrease is due to small provision for dietary charges and purchase of raw materials as compared with the figures for the revised estimates but larger than the budget grant for 1914-15.

49. *Police.*—The following table shows the figures under this head—

HEADS.	Actuals, 1913-14.	1914-15.		Estimate, 1915-16.

Total ...	94,71,081	1,08,98,000	1,03,80,000	1,05,35,000

The revised estimate for 1914-15 has been framed with reference to the actuals of the first eight months of the year. The decrease is chiefly due to partial utilization of the lump provisions for additional police and re-organization of the subordinate police in the Eastern Bengal districts and to savings in the allotment for river police. The estimate for 1915-16, is Rs. 1,05,35,000 and includes :—

	Rs.
Presidency Police—	
Increased staff for registration of motor vehicles	8,580
Increased staff for Barabazar Thana	11,420
District Police—	
Revision of boat establishment in Eastern-Bengal districts	49,000
Appointment of Second Personal Assistant of the Inspector-General of Police	20,000
Re-organization of the Subordinate Police of Eastern-Bengal districts	10,000
Re-organization of the River Police	40,222
Non-recurring expenditure from Imperial grants for re-organization and River Police, viz., for launches and buildings, etc.	4,00,000
Crew for the new launch for the Assistant Superintendent of Police, Munshiganj ...	4,000
Staff for new Police Hospital, Chinsura ...	2,260
Re-constitution of Town Police, Rampur-Boalia ...	2,399
Increase of staff at Dhanbaid Railway Police ...	1,448
Increased staff for division of East Indian Railway Jurisdiction	6,618
Armed Police, Pabna, Malda and Bogra ...	9,384
Head-quarters treasury guards	5,692

50. *Ports and Pilotage.*—The estimate for 1914-15 was Rs. 15,39,000, but in the revised this has been reduced to Rs. 13,74,000, owing to smaller payments to the pilots due to the partial suspension of trade owing to the war and to the lapse of the provision of Rs. 75,000 for grant to the Chittagong Port Fund for a grab dredger which was not sanctioned. The estimate for 1915-16 is Rs. 14,76,000, and provision has been made for normal expenditure of the department with reference to requirements. It includes the Government grant of Rs. 1,50,000 to the Chittagong Port Fund.

51. *Education.*—The total Provincial expenditure in 1914-15 was estimated at Rs. 1,45,43,000, but in the revised estimate this has been reduced to Rs. 85,23,000 with reference to the actual charges in the first ten

months of the year. The decrease is chiefly due to savings in the grants from Imperial Revenues which were not fully utilised. During the year the Government of India sanctioned an additional non-recurring grant of one lakh for five years for the Dacca University and a non-recurring grant of 10 lakhs for the Calcutta University for hostels, which have not been utilised. The budget grant for 1915-16 is Rs. 1,05.62,000, and is thus compared with the actuals of the past three years.

The budget for 1915-16 includes the following items of expenditure :—

	Rs.
Assistant Professor for Philosophy, Presidency College	4,800
Shorthand-typist, Presidency College	900
Higher pay for the Lady Principal, Bethune College	2,400
Female attendants for Inspectress and Assistant Inspectress of Schools	3.040

52. *Medical.*—The estimate for 1914-15 was Rs. 47,81,000, but this has been reduced to Rs. 30,23,000 in the revised estimate with reference to the actuals of the first nine months of the year. The decrease is chiefly due to savings in the grant for works of sanitary improvements and also to the transfer of a portion of the grant which was made to Municipalities and District Boards to the head "45.—Civil Works in charge of Civil officers" and a portion to "45.—Civil Works in charge of the Public Works Department." The sum of Rs. 50,000 given to the Provincial Government by the Indian Research Fund for jungle clearing was refunded to that body in 1914-15 as the amount could not be spent in the way suggested. Many of the Indian Medical Service officers have reverted to the Military Department, and this also caused some savings in expenditure. The budget for 1915-16 amounts to Rs. 36,13,000 and includes the following items :—

	Rs.
Lump grant for expenditure on Works of sanitary improvements (Imperial recurring grant) ...	5,00,000
Lump grant being the amount allowed in the Provincial settlement	4,50,000
Lump grant for Medical Relief, being the unexpended Imperial grant	20,000
Lump grant for the School of Tropical Medicine, being the unexpended Imperial grant ...	13,000
Lump grant for equipments of the school ...	50,000
Lump grant for the State Medical Faculty ...	10,000
Lump grant for the Bengal Council of Medical Registration	10,000

The grants for Presidency Hospitals are shown below :—

Albert Victor Asylum for Lepers ...	5,400	3,576	180	17,000		1,200	7,644	35,000

53. *Political.*—The estimate for 1915-16 is Rs. 30,000 against Rs. 29,000, the budget estimate for 1914-15. The increase is under Miscellaneous for lump provision for demarcation of boundaries as the question of the settlement of the whole boundary along the Mechi is under consideration.

54. *Agriculture.*—The heads "Scientific and other Minor Departments" has now been divided under the orders of the Government of India into two Major heads "Agriculture" and "Scientific and Miscellaneous Departments." Under the former head Veterinary, Agriculture, Botanic and other public gardens, Bacteriology and Co-operative Societies are shown, while all the other minor heads are now shown under "Scientific and Miscellaneous Departments." The estimate under the former head for 1914-15 was Rs. 11,86,000 but in the revised estimate this has been reduced to Rs. 9,76,000 with reference to the actuals of the first nine months of the year. The decrease is chiefly under expert staff owing to lapse of the provision for extra fieldmen. under Sericulture owing to savings in the grant for experiments and large savings in the non-recurring grant for agricultural improvements. The budget for 1915-16 is Rs. 11,17,000 and includes the following items of expenditure :—

	Rs.
Cost of printing postcard forms for reporting cattle diseases	1,000
Cost of an officer under training in the Veterinary College	6,480
Cost of a Veterinary Assistant to be in charge of Government elephants in Jalpaiguri	1,400
Cost of temporary establishment for Jute forecast work	4,300
One District Agricultural Officer	1,200
Additional Supervisors	4,800
Cost of three Laboratory Assistants	4,500
Clerks for Agricultural Supervisors	1,800
Additional Fieldmen Demonstrators	6,000
Cost of two Inspectors for the Co-operative Department	2,400
Lump provision for revision of establishment for the office of the Registrar, Co-operative Societies ...	6,476

55. *Scientific and Miscellaneous Departments.*—The estimate for 1914-15 was Rs. 5,44,000, but in the revised estimate this has been reduced to Rs. 5,28,000. The decrease is chiefly owing to smaller expenditure in the Factories and Fisheries Departments and savings in the grants for Gazetteers as the work of revision has not yet been completed. The budget for 1915-16 is Rs. 5,05,000 and includes provision for Assistant Registrar of Joint Stock Companies, Rs. 3,600 ; carp culture by Fishery Department, Rs. 2,000 ; experimental culture in Sundarbans fisheries, Rs. 2,000 ; and fishery yarn, Rs. 2,000.

56. *Superannuation.*—The charges under this head rise year after year owing to increase in the number of claims to pension. The estimate for 1914-15 was Rs. 32,31,000, but in the revised this has been raised to Rs. 32,84,000 as the allotment for the commuted value of pensions has been raised from Rs. 75,000 to Rs. 1,50,000. The estimate for 1915-16 is Rs. 34,29,000 and includes 2 lakhs for the commutation of pensions.

57. *Stationery and Printing.*—The following table shows the charges under this head :—

HEADS.	Actuals, 1913-14.	Budget estimate, 1914-15.	Revised estimate, 1914-15.	Budget estimate, 1915-16.
	Rs.	Rs.	Rs.	Rs.
Forms Department at the Presidency ...	59,712	71,000	62,000	.....
Stationery purchased in this country ...	25,965	25,000	29,000	28,000
Government Presses ...	6,36,085	6,84,000	6,00,000	6,94,000
Printing at private presses	2,505	2,000	3,000	3,000
Stationery supplied from Central Stores ...	7,58,232	6,60,000	6,60,000	6,60,000
Refunds	2,907	2,000	2,000	2,000
Total ...	14,85,406	14,44,000	13,56,000	13,87,000

The estimate for 1914-15 is Rs. 14,44,000, but in the revised estimate this has been reduced to Rs. 13,56,000, chiefly owing to the adjustment by reduction of expenditure under the head Government Presses of Rs. 69,000, being the sale-proceeds of machinery, etc., supplied by the Dacca Jail to the Gaya Jail Press. The provision for overtime allowance to the clerks of the Forms Branch was not required in 1914-15, and hence the decrease under that minor head. That branch has now been amalgamated with the Jail Press and the charges are now included under Government Presses. The estimate for 1915-16 is Rs. 13,87,000. No provision has been made for the Dacca Jail Press which has been abolished, while Rs. 6,000 has been included for the improvement of the Confidential Section of the Secretariat Press.

58. *Miscellaneous.*—The estimate for 1914-15 is Rs. 10,81,000 but in the revised this has been reduced to Rs. 4.48,000. The reduction is due to the adjustment, under appropriate heads, of expenditure sanctioned by His Excellency from the provision for petty grants, of charges for grain compensation allowance and to the reappropriation of the reserve provision of Rs. 1,50,000 in order to meet expenditure under other heads and the savings in the allotment of Rs. 50,000 for gratuitous relief in the flooded districts. Against these transfers and savings additional charges were incurred under Special Commissions of Enquiry on account of the Port Development Committee and District Administration Committee. Special grants of Rs. 5,000, Rs. 3,000 and Rs. 2,500 have been sanctioned for the construction of a female vagrant ward within the compound of the Government Alms House, for the extension of the Calcutta Orphanage and to the Salvation Army respectively. The budget for 1915-16 is Rs. 10,16,000 and includes the following items :—

	Rs.
Allotment for petty grants by His Excellency ...	1,00,000
Ditto for payment of grain compensation allowance	4,00,000
Gratuitous relief	50,000
General reserve for unforeseen requirements ...	1,50,000
Guarantee charges for telegraph lines ...	10,000

59. *Irrigation Major Works (Working expenses).*—The actual expenditure in 1913-14 amounted to Rs. 2,97,789 and the estimate for 1914-15 was Rs. 2,96,000 but in the revised estimate this has been reduced to Rs. 2,58,000 with reference to the actuals for the first eight months of the year. The decrease is chiefly under "Maintenance and Repairs of the Midnapore Canal." The estimate for 1915-16 has been passed for Rs. 2,67,000. The Provincial share (one-half) amounts to Rs. 1,29,000 and Rs. 1,33,000 respectively.

60. *Irrigation—Minor Works and Navigation in charge of the Civil Department.*—The budget for 1914-15 was Rs. 8,000 but owing to the adjustment under Public Works Department of expenditure on bandalling the Ganges near Rampore-Boalia by transfer from this head the revised estimates has

been reduced to Rs. 2,000. The budget for 1915-16 has been placed at the same amount and the Provincial share for both the years 1914-15 and 1915-16 amounts to Rs. 1,000.

61. *Irrigation—Minor Works and Navigation in charge of the Public Works Department.*—The estimate for 1914-15 was Rs. 22,38,000 against Rs. 19,24,457, the actuals of 1913-14. During the year additional grants aggregating six lakhs was sanctioned for the purchase of dredging plant required for the maintenance and improvement of waterways, but Rs. 19,250 has been placed at the disposal of the District Board of Bakarganj as Government contribution for re-excavation of the Damoda channel by the District Board. The revised estimate now stands at Rs. 27,94,000. The estimate for 1915-16 is Rs. 22,92,000 and includes the following items :—

	Rs.
Construction of an escape in the first reach of the Midnapore canal	11,000
Acquisition of land required for working the dredger *Foyers*	50,000
Second supply sluice and other works in connection with the Eden canal	20,000
Training works in the river Ganges between Digha and Damukdia	35,000
Training works in the Dhaleswari and Burigonga rivers	60,000
Maintenance and repairs of the Mogra Hât Drainage	40,000
Flood damage repairs to embankments	1,00,000
Works to mitigate the effects of the Damodar floods	35,000
Raising the Damodar left embankment	70,000
Concrete mattress protection at Diamond Harbour	70,000

The Provincial share (one-half) amounts to Rs. 13,97,000 for 1914-15 and Rs. 11,46,000 for 1915-16.

62. *Civil Works in charge of the Public Works Department.*—The estimate for 1914-15 was Rs. 89,59,000, but in the revised estimate this has been raised to Rs. 92,00,000 for expenditure of the special grants for land acquisition in connection with the David Hare Training College at Ballygunj and the Bethune College, Calcutta. The estimate for 1915-16 is Rs. 64,88,000, which is distributed thus :—

	1914-15		1915-16.
	Budget.	Revised.	Budget.
	Rs.	Rs.	Rs.
Original works ...	55,59,000	54,86,000	28,88,000
Repairs ...	21,83,000	22,95,000	22,00,000
Establishment ...	11,47,000	12,40,000	13,50,000
Tools and plants	70,000	89,000	50,000
Stock and suspense	...	90,000	...
Total ...	89,59,000	92,00,000	64,88,000

The grants for repairs, establishment and tools and plants have been fixed at the lowest sum possible and large reductions had to be made in the grant for original works. As the whole of the available money is required for works in progress there is no money to allot for new works. Rupees 3,00,000 has been allowed to Heads of Departments for Minor Works grant against Rs. 4,25,000 for 1914-15 and the amount is distributed thus :—

	Rs.
Education	56,000
Medical	38,000
Registration	12,000
Police	38,000
Calcutta Police	12,000
Jails	30,000
Excise	8,000
Courts of Law	8,000
Commissioner of Divisions	60,000
Residences of Local Government	20,000
Public Works Reserve	18,000
Total ...	3,00,000

63. *Civil Works in charge of the Civil Department.*—The estimate for 1914-15 was Rs. 20,77,000 but in the revised estimate this has been raised to Rs. 25,79,000 partly for larger augmentation grants to District Boards but chiefly for grants for water-works and sanitation for which provision was made under "Medical." The estimate for 1915-16 amounts to Rs. 22,09,000 and includes the following :—

	Rs.
Grant to the Calcutta Improvement Trust ...	11,50,000
Special grants for feeder roads	40,000
Augmentation grant	7,30,500
Grant for the improvement of roads in Government estates	69,559
Special grants at the disposal of the Divisional Commissioners	1,00,000
Do. do. District Magistrates ...	52,000
Lump provision for pay of sub-overseers in connection with rural water-supply	5,000

No provision has been made under this head for grants for works of sanitary improvements which are now being provided for wholly in the Medical budget. The following are the principal items sanctioned or earmarked for the works of sanitary improvements in the year 1914-15 :—

	Rs.
Bhadreswar drainage	4,000
Jessore District Board for improvement of rural water-supply	1,415

RESOLUTIONS.

Expenditure—Head 22—Education.

Appendix to the List of Business—Motion No. 1.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved the following resolution :—

This Council recommends to the Governor in Council that, out of the lump provision of Rs. 9,25,000 for improving popular education, a sum of Rs. 50,000 be set apart for the promotion of primary education in Calcutta.

He said :—

"My Lord, the subject of primary education in Calcutta has been engaging the attention of Your Excellency's Government as well as of the Calcutta Corporation for some time past. Last year the Hon'ble Mr. Hornell read a paper on the subject. Sir Charles Allen was in favour of the Corporation taking over primary education in Calcutta, receiving in return a grant of revenue equivalent to the estimated cost of expenditure. Sir Archdale Earle who succeeded Sir Charles Allen disapproved the idea as he was afraid that the Calcutta Corporation would be swamped with the expenditure if the additional funds were not forthcoming. It was suggested by the Hon'ble Mr. Hornell in his paper that a representative committee might be appointed to consider the whole question, but nothing has been done in that direction. The Corporation have taken a keen interest in the matter, and they have been expecting for some years past, as was shown by the Chairman, that Government would consider the matter and would soon make a communication on the subject; but nothing has yet been done. My Lord, the existing *pathsalas* in Calcutta impart primary education to the boys belonging to the poor middle class people. The *pathsalas* are situated in dark, dingy and insanitary places, and the *gurus* are not of the stamp of teachers who are qualified to impart good education to the little boys who are placed under their care. The *gurumahashyas* are a class of ill-paid men who manage somehow or other to eke out an existence, getting from Rs. 8 to Rs. 10 a month from fees realised from the boys who attend their *pathsalas*. The fee ranges from annas 2 to annas 8 and the *gurumahashyas* also manage to get some extra subsistence by working in traders' shops or in other places. In this way the primary education of Calcutta is carried on in most of the *pathsalas*. My Lord, living in Calcutta is so dear that people cannot afford—specially the poorer class people and those who are known as the depressed classes, who largely reside in Calcutta—to pay for the education of their boys in primary schools, or rather in the classes attached to the high schools intended to impart primary education. The fees in the high schools are also prohibitive and therefore the poorer classes are practically without proper facilities for imparting education to their boys. I find from the last census report that, of the boys who are of a school-going age, out of 91,900, about 50 per cent. cannot afford, or rather have not that facility for obtaining, any education at all; and therefore the question of primary education has become very important in Calcutta. What I would suggest for the consideration of Government is that there should be a model primary school in every ward of the town, with the exception of the European section, and these schools should be under the control of the Director of Public Instruction. They should be located in good sanitary buildings with small compounds attached, and not like the present *pathsalas* which are dark, dingy huts where the little boys are made to squat on the floor on mats. If these schools are established in different parts of Calcutta, it will lead to the dissolution of these insanitary and inefficient schools, and will afford to the poorer classes some facilities for the proper education of their children. I think, my Lord, that the question of fees should be taken

into consideration. The question of free primary education was mooted by the late lamented Mr Gokhale in the Imperial Council, but it was not agreed to, and I think that, in order to extend the blessings of education, either free education or education on as cheap a basis as can possibly be devised, some such scheme should be immediately taken in hand in Calcutta. My Lord, in Calcutta I find that out of Rs. 1,53,217 spent last year on primary education, Rs. 39,270 was met out of provincial revenues, and Rs. 15,000 from municipal funds, and Rs. 66,564 from fees, and about Rs. 33,000 was met from private sources. It will be seen therefore that the Government contribution for the promotion of primary education in Calcutta is quite inadequate, and it was suggested that it could be best considered by a representative committee. That was the suggestion of the Hon'ble Mr. Hornell, who stated, in the paper read by him, that at one time a scheme was in contemplation for the construction of some 45 model primary schools, but the scheme was not carried into effect, and the primary schools in Calcutta continue to be in a deplorable state. My object in bringing up this motion was not so much to ask that a sum of Rs. 50,000 be set apart for the promotion of primary education, because I am not in a position to say whether that sum would be sufficient to make a start, but my object was to bring this matter to the notice of Government and to elicit some expression of opinion on the subject. I know that I have the sympathy of Government in this matter and I am grateful. The Director of Public Instruction fully appreciates the fact that Calcutta is neglected in the matter of primary education, and he has for some years been taking a very keen interest in this matter, and I do earnestly hope that this matter will not be left in its present state, but will be taken up by Government and especially by my friend the Hon'ble Mr. Hornell, the Director of Public Instruction."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, I am in sympathy with the resolution, but without pledging myself to the terms in which it has been brought forward I think that it is really a part of a large question. The whole question of primary education is raised by the terms of that resolution. Calcutta is not the only place where there ought to be a stimulus given to primary education, but I think something should be done in respect of primary education over the whole province. I think the Government accepted a resolution which was moved by me, viz., that the education allotments should be laid before the Council. I believe that was done last year at the time of the budget. Will my friend the Director of Public Instruction be in a position to tell us whether he has formulated any scheme for the expenditure of the grants on primary education, and then perhaps we would be in a position to judge what allotments had been made for Calcutta, and what allotments for the other parts of the country? The question of primary education is of the utmost importance, and I think, Sir, as the Director of Public Instruction has himself pointed out in the quotation which has been read to us, that model schools should be established, that night schools might be started. A voluntary agency was requisitioned some few years back for this purpose, but nothing came of it. I think Government ought to seriously take up the matter, and if Government were to start model schools in Calcutta, I am perfectly certain that the blessed contagion would spread far and wide, and the strong impulse for the spread of primary education would receive a renewed impetus. I do hope and trust that the Director of Public Instruction will be in a position to give us some assurance as to the lines upon which the grant is to be spent, and I hope that something real, something definite and something substantial will be done in the course of the next few years."

The Hon'ble MR. HORNELL said :—

improving popular education, a sum of Rs. 50,000 be set apart for the promotion of primary education in Calcutta.

The Imperial assignment to which the Hon'ble mover of the resolution refers, contains a sum of 6 lakhs for the elementary education of Indian boys. The Hon'ble Babu Surendra Nath Banerji has asked whether I can state how it is proposed to assign this money. Well, this money was practically assigned some time ago, and in assigning it, it was generally agreed that in the forefront of the scheme of expenditure there should be placed some provision for the improvement of the pay of primary school teachers. The scale which has been sanctioned provides for additional monthly payments respectively of Rs. 3 for trained primary school teachers and Re. 1 for untrained teachers, and the cost of working out this scheme to its completion will be spread over five years, viz., from 1913-14 to 1917-18. Practically the whole of this sum will be absorbed in the year 1917-18 by the payment of such additional sums to teachers in primary schools. Elaborate tables of expenditure have been drawn up and the expenditure required in 1917-18 will be something as follows :—

	Rs.
Amount required for the increased pay of teachers in primary schools in District Board areas ...	4,73,604
Amount required for the increased pay of teachers in primary schools in Municipal areas ...	30,816
Amount required for the maintenance of Board schools in the Burdwan and Presidency Divisions	96,164
Total ...	6,00,584

I would invite the attention of the Council to the fact that a sum of Rs. 30,816 has been allotted for increasing the pay of primary school teachers in municipal areas. Out of this sum Rs. 6,552 will be the share of Calcutta.

The Hon'ble mover has referred to a paper which I read last year on 'Educational organization as a civic problem,' in which I dwelt with some vehemence on the extreme difficulty and the extreme importance of tackling the question of primary education in Calcutta. As a result of this paper the Corporation of Calcutta appointed a committee to consider the question of school arrangements for Calcutta. The committee decided that they could do nothing until they had ascertained what Government proposed to do. I was consulted in June last, and I advised Government that they would not be able to move in the matter until they knew more of what the problem of school provision in Calcutta really is both as regards boys and as regards girls. I urged that the next step should be the carrying out of an educational survey of the whole municipal area, and, as a result, Mr. K. C. De was placed on special duty with specific instructions for the drawing up of the survey. When the war broke out, Mr. De's services were requisitioned for other activities, but he decided, in addition to his other labours, to do what he could to carry on the survey which he had begun with considerable vigour, and I understand that though he has not completed his work, which he would have done if he had not been called upon to do other work in connection with the war, he is well on with it, and that before very long, the survey will be submitted.

Government are not in a position to accept the resolution in the terms in which it has been put, because the money is not available and could not

be made available without upsetting elaborately prepared schemes which are already in process of introduction. I admit that these schemes will not go far towards the satisfaction of the numerous needs and the removal of the many defects, but nothing would be gained by cancelling what has already been arranged. Besides we do not really know what the problem in Calcutta is, and until we do know this, I do not see how we can inaugurate a scheme of improvement even if we had the money, which we have not!

The Hon'ble Babu Surendra Nath Banerji has said that primary education in Calcutta is only a part of the general problem, and he has emphasized the extreme importance of the issues involved in the problem throughout the Presidency. He has asked that he may be given some light as to what it is generally intended to do. I am rather afraid that in connexion with the general discussion of the budget I shall not be allowed to get through my contribution to the debate without being obliged to say something more about the general problem of primary education. I quite agree with what he said as to the extreme importance of the problem, and I yield to none in my criticism of the many defects of the present system, but I do not propose to discuss the present system as a whole now. What I wish to emphasize now is the difference between the general conditions and those which obtain in Calcutta and the defects which are peculiar to Calcutta. We see in the first place that our primary school system, except so far as it has been modified by the system of District Board lower primary schools in Eastern Bengal, has always been based on the assumption that the pandit will provide himself with a *habitat*. As the Hon'ble mover has reminded us, and as I pointed out before, that system will not work in Calcutta where rents are so high that the pandits cannot provide themselves with premises of even tolerable decency. Hence the unhealthy and deplorable schools to which reference has been made! Consequently, before we can tackle the problem, we have to see exactly where schools are required, and how the construction of these schools can be carried out. I also want to emphasize the great difference in point of fact between the Calcutta municipal area and any area in the mufassal, whether it is under a District Board or a municipality. The municipalities in the mufassal are practically in charge of primary education; they have limited funds and find it difficult to meet their responsibilities, but it is possible to make the needs known to the municipal Commissioners. For example, in Dacca, we have been able to build a few good primary model schools for girls. In Calcutta there is practically no authority to whom such a suggestion could even be made. It is beyond the province of this debate to discuss what sort of machinery we shall have to evolve to deal with the problem of primary education in Calcutta. Whether the municipality should eventually be responsible, or whether there should be another authority—a joint committee, perhaps, of municipal Commissioners and nominees of Government—is a matter for the future, but it is in my opinion absolutely essential that some sort of local authority should be created for Calcutta. Otherwise, whenever general schemes of improvement are introduced, Calcutta will suffer, simply because of the great complexity of the problem and the greater cost of doing anything. While, therefore, thanking the Hon'ble mover for introducing this topic, I desire to express the regret that Government cannot accept the actual terms of the resolution, but I can assure him that the matter will receive attention, and as soon as we get more facts before us, we shall proceed to deal with the matter. We shall probably refer the matter back to the Corporation, and I do hope that in the course of the next few years something will be done. Nor do I think that action should be postponed because funds may not be now available. The question should be threshed out as soon as possible, then if and when we have funds, there is some chance of our spending them to real advantage."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, my object, as I already stated, is not to ask Mr. Hornell to grant Rs. 50,000, but my object was to raise a discussion on his subject. Mr. Hornell has already explained to the Council that the question of primary education in Calcutta has been very much neglected, that there is no authority for carrying out any scheme which might be considered desirable. It has also been stated that it is in contemplation to appoint a committee to thresh out the whole subject, and before the committee is appointed, we are at present having a preliminary survey. The matter has been so long before the Government that we are entitled to approach Your Excellency's Government once more, and to ask that it might be expedited, that the survey, which was undertaken by Mr. K. C. De, might be continued by somebody else if Mr. De is not free, and that a committee might be appointed after the survey is completed to thresh out the matter fully. After the assurance that has been given by the Hon'ble Mr. Hornell, I do not wish to press the resolution."

The resolution was then, by leave of the President, withdrawn.

Appendix to the List of Business—Item No. 2—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved the following resolution :—

This Council recommends to the Governor in Council that out of the lump provision of Rs. 9,25,000 for improving popular education, a sum of Rs. 25,000 be set apart for the promotion of female education in Calcutta.

He said :—

"My Lord, female education in Calcutta deserves greater attention from Your Excellency's Government as it is lagging greatly behind and the facilities for female education are very limited. The percentage of girls under instruction in proportion to girls of school-going age was 28·3 last year. It appears that 10,373 girls belonging to all classes received education in Calcutta, out of which 8,872 girls received primary education. For the Christians and the more advanced class of Hindus there are institutions which to some extent, though inadequately, supply the want, but for the orthodox class, both Hindus and Muhammadans, the great want of suitable institutions is keenly felt, and it is for this reason the cause of female education in Calcutta is suffering so much. The Bethune College, the Victoria Girls' School and the Brahmo Girls' School and a few others, though very excellent institutions, do not meet the requirements of the vast mass of the Hindu and Muhammadan population. There were last year in all 29 upper primary schools with 3,298 pupils and 38 lower primary schools with 2,357 pupils, and these schools again are not quite suitable for efficient education. These primary schools are also housed in insanitary and unsatisfactory buildings. Again many of these schools are not conducted on purely secular lines. The community would like these girls' schools to be conducted either on a secular basis entirely or according to the tenets of their respective religions, for the orthodox community is very zealous of guarding their girls from the proselytizing influence of other religions. The schooling fee of the Bethune College is too high and prohibitive for the poor middle class people. What is wanted is cheap primary schools for girls in different parts of the town, located in good airy buildings with compounds attached for the girls to play, and a nominal fee, if necessary, charged for education. There is one institution, namely the Mahakali Pathsala, which is the best model of what a girls' school should be, but it is languishing for want of funds. There is also a dearth of well-trained lady teachers, which should be supplied by training competent teachers. I am very glad that the number of the peripatetic zenana teachers rose from 4 to 7 and the number

of pupils under this tuition rose from 87 to 159. I would respectfully urge upon the Government to employ a larger number of peripatetic zenana teachers and to make the fact of their employment known to the Indian community, for girls are generally withdrawn from the schools between the ages of 12 and 14, but the craving for education does not cease and the community would welcome the zenana teachers in their homes to spread the blessings of education."

The Hon'ble MR. HORNELL said :—

"My Lord, I would refer the Hon'ble mover to the remarks which I have just made in reference to the question of the provision from which he asks that this special assignment may be made. The lump provision of Rs. 9,25,000 for improving popular education includes, as I have already explained, 6 lakhs for the improvement of elementary education for Indian boys, Rs. 1,07,000 for the improvement of the education of Indian girls, and Rs. 1,32,000 for the improvement of hostels, Rs. 34,000 for industrial and technical education, and Rs. 52,000 for European education. The Government of India subsequently made two further assignments of Rs. 1,07,000 and Rs. 30,000, respectively for the education of Indian girls, and the total sum therefore available by way of recurring grants from the Imperial Government for the improvement of the education of Indian girls and women is Rs. 2,44,000. Out of this assignment, which is a recurring one, the following sums have been set aside for Calcutta in accordance with schemes of distribution which have received the sanction of Government, viz. :—

	Rs.
The appointment of an Assistant Inspectress and her establishment	6,487
Additional grants-in-aid for high schools for girls in Calcutta	7,200
Enhanced grants-in-aid to middle schools ...	1,000
Proposed secondary training college for women teachers	40,000
Zenana education	1,000
Muhammadan education for girls	22,000–
Primary girls' schools in Calcutta	2.200
Total ...	79,887

It is in fact proposed to spend from the Imperial recurring assignment on the various things connected with the education of Indian girls in Calcutta a greater proportion of the available funds than that for which the Hon'ble Member has asked, but I am glad that he has brought this motion forward, because I do not myself think that the above provision will really affect seriously the problem of Indian girls' schools in Calcutta. As the Hon'ble mover has said, there are a certain number of missionary institutions which are excellent in their way ; there are also certain girls' schools, such as the Brahmo Girls' School, the Bethune College and the Victoria Institution, which serve a distinct and valuable purpose, but there is a lamentable lack of proper primary and middle schools for orthodox girls. The difficulties here are much greater than they are in the mufassal, because in the mufassal, at headquarters at any rate, it is not difficult to bring into existence and make fairly efficient a model school for girls under one of the schemes which were evolved in Eastern Bengal by the Female Education Committee. I refer to such schemes as those known as the Urban Girls' School Scheme, by which we can make grants for the purchase of land and the construction of a good school building. As the result of this, a fairly efficient school does

exist at nearly all headquarters. But this is not the case in Calcutta, where the high rents and the excessive cost of land make it almost impossible to start a school. Therefore, I agree with the Hon'ble Member in thinking that the question of the provision of schools for the middle and lower classes of girls in Calcutta is one of great urgency and importance. But I think it is one which, at any rate at this stage, we cannot wholly dissociate from the general problem. Mr. De was asked when preparing his survey to deal with girls' schools as well as boys,' and I think that before taking any further step we should see what he says with reference to the existing condition of girls' schools. We want to know how far, for example, primary schools might serve the purpose of both boys and girls.

When the survey is complete, further action must be taken. Whether the committee for which the Hon'ble Member has asked in connection with the problem of primary education of boys in Calcutta, and which I can assure him will be appointed, will be the best body to deal with the question of girls' schools, or whether another committee should be appointed, is a matter for the future, but I can assure the Hon'ble Member that the matter will be taken up and threshed out to some conclusion.

I do not advocate delay, because at the present juncture it may be difficult to find the necessary funds. We must make up our minds as to what the defects are and how they ought to be remedied, and then when funds are available, there is some chance of the money being spent properly. In this connection, I would like to allude to the fact that Government have recently appointed a committee of Hindu ladies and gentlemen to consider the question of education of Indian girls whose parents would desire that their daughters should be well educated, but would resent any interference with their orthodox traditions. Of course this is a special problem, and if from the deliberations of this committee the establishment of a school eventuates, this school will be a special one. But the problem raised by the Hon'ble mover is mainly a local problem. The need is there. What we want to know is how we can best meet it. In this connection, I think I can justly remind the Council of the resolution under which Government recently created the committee to which I have just referred, not because this is really relevant to the question before the Council, but because in that resolution Government made it clear that the problem of the education of the Indian girls is essentially one on which the Muhammadans and Hindus alone can speak. Practically the purport of this resolution was to appoint a committee and to say to it, 'Tell us what you want, and we will then see how far we can provide it.' With reference to the matter now before the Council, I also advocate the co-operation of those who are interested in the problem, for unless people will face the problem, we cannot possibly hope to make any progress. While, therefore, regretting that we are unable to accept this resolution in the terms in which it stands, because funds are not available, I am grateful to the Hon'ble Member for having raised this question, and I can assure him that the matter will be taken up and dealt with."

The Hon'ble BABU SURENDRA NATH BANERJI said :—

"My Lord, it is only right and proper that we should in this Council record our sense of gratitude to the Government for the appointment of the committee to which my Hon'ble friend Mr. Hornell has just referred. The committee is now engaged in its very important labours, and we do not know what the outcome of these labours may be, but I do hope and trust that at least in respect of two matters they will formulate clear decisions. The great need there is in Calcutta and in this province is that our girls—say from the age of 6 to 14—should receive a finished course of education. I take 14 as the marriageable age of girls, and they can sometimes only read from 8 to 14, or 6 to 14—at least an 8 years' course. I do hope that this committee will be able to formulate such a course of education. Then

there is a large number of unemployed widows dependent on their relatives. The struggle for existence is becoming keener and keener now-a-days and the relatives are not always in a position to maintain them. Therefore, some sort of livelihood should be found for them, and I should like to suggest for the consideration of the Hon'ble Mr. Hornell whether technical schools should not be established for the training of widows so that they might be in a position to obtain an independent livelihood for themselves. I think that these are matters of the highest importance as affecting our girlhood and womanhood. I trust that the labours of the committee will lead to the formation of definite propositions which will solve these two great cardinal issues."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, as I have already said in connection with the previous motion my sole object in bringing forward this resolution was to raise a discussion on the subject. If I may be permitted to narrate an instance, I met a lady friend, a near relative of mine, and asked her why she did not send her girls to school. She said that her husband only earned Rs. 40 or 45 a month, and she could not afford to pay for the education of her girls. I said that she could send her girls to the Bethune College. She replied that it was true that the fee there was only Rs. 3 a month, but she could not afford to pay even that sum. I then suggested that she could send her girls to the missionary schools, but she said that she was afraid that the education imparted there was not purely on secular lines. I say this, my Lord, as an humble representative of the community to which I belong, and as I take a deep interest in education, that our womenfolk who are sincerely anxious to educate their girls do not have those facilities which the well-to-do community possess. For the upper class of the Hindu society, the Bethune College affords ample facilities for giving education to their girls ; then there is another school, the Brahmo School. The Indian Christian community have also got schools where they can educate their girls, but for the vast mass of the poor middle class people, including those who are called the depressed classes, there is absolutely no facility for female education in Calcutta. I must say that during the brief space of time that the Hon'ble Mr. Hornell has been in charge of the office of the Director of Public Instruction, he has been able to understand and appreciate our needs, and I am very grateful to him for so freely and frankly expressing his opinion on the subject. I am sure the matter will receive careful consideration, and some means will be devised for promoting female education in Calcutta. I am very grateful to Government for appointing a committee to investigate the subject, and although there are very excellent men on the committee, I venture to suggest that it would be very helpful to the community to take evidence and gather information from different parts of Calcutta representing different communities, and thereby ascertain the needs—especially in connection with female education—from some of the representative men. With these observations I beg to withdraw the resolution."

The resolution was then, by leave of the President, withdrawn.

Expenditure—Head 32—Miscellaneous.

Appendix to the List of Business—Item No. 3.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved the following resolution :—

This Council recommends to the Governor in Council that, out of the general reserve of one and-a-half lakhs for unforeseen charges under 32—Miscellaneous, a sum of Rs. 50,000 be made to the Indian section of the District Charitable Society of Calcutta.

Resolutions.

Rai R. C. Pal Bahadur ; Raja Dinendra Narayan Ray.

He said :—

"My Lord, the District Charitable Society was established in 1830. It is doing the work which is ordinarily done, I understand, in England by the local bodies from the proceeds of a poor-rate ; but this Society which was founded by Bishop Turner in 1830 has met the wants, as far as practicable, of the poor, invalid and distressed classes of Calcutta. The Society has an income of about Rs. 1,05,600, as shown in the last year's report. It is divided into two sections—one is the European and Christian section, and the other is the non-Christian section. There are also two committees—the first, which is the central one, looks after the needs of the Christian community, and the second, the Indian committee, which looks after the needs of the non-Christian community. Out of the income of Rs. 1,05,600, the grant to the Indian committee was Rs. 27,477 last year. My Lord, this Rs. 27,000 odd comprises Rs. 5,000 received as grants from the District Society's general fund, and Rs. 22,477 from the income of trust funds. The funds at the disposal of this Society are bequeathed by Indian and European gentlemen, either on some auspicious occasion or at the time of their death for the benefit of the poor. Some of the funds have been left for the non-Christian poor, and some for Christian poor, and some for both, and in this way there are in the hands of the Society several lakhs of rupees, the interest of which is disbursed according to the will of the testator. The population of Calcutta is roughly speaking 36,347 Christians and 806,800 non-Christians ; the ratio of Christians to non-Christians is therefore 1 to 23. It will be seen, my Lord, that the needs of the Indian poor, having regard to the population, is much greater than the needs of the other section of the community, and should receive the support of the public and the Government. My Lord, in last year's report of the Society, I find that the number of paupers on the roll of the Indian committee was 1,314, including dependents, and the amount at the disposal of the committee if divided *per capita* would come up to Re. 1-3-10. It will be seen, therefore, that the committee have been spending their money as stringently as possible. Besides this, there are funds for disbursement to students for education. Here again, perhaps, Mr. Hornell might be interested to know that from the funds for the relief of poor students, the Society grant Rs. 25 a month from its general funds and the income of the Kristodas Pal Fund (Rs. 3,000) and the Bolai Chand Mullick Fund (Rs. 4,000). It will be seen, therefore, that the Indian section of the District Charitable Society has been trying in its humble way to alleviate the distress of the non-Christian poor according to the funds at their disposal, but, my Lord, if the record of the committee is investigated, it will be found that there are many applications pending which cannot be met owing to lack of funds. Having regard to the population of the non-Christian community in the city, I venture earnestly to hope that Government may be pleased to make some grant to the Indian section of the District Charitable Society. My Lord, the Indian committee was started in the year 1832, *i.e.*, two years after the establishment of the Society, and in 1849 its Honorary Secretary was Maharaja Prasanna Kumar Tagore, the uncle of the late Maharaja Sir Jotindra Mohan Tagore, and then he was succeeded by several distinguished gentlemen. The President of the Indian committee at present is the Hon'ble Raja Dinendra Narayan Ray, and I think he is not only the President, but the business of the committee is also under his direct supervision and control. The office is located in his own house. The committee is thus saved Rs. 40 or Rs. 50 monthly as rent. Having regard to these facts, my Lord, I beg earnestly to pray, on behalf of the non-Christian poor of Calcutta, that a sum of Rs. 5,000 may be budgetted as a grant to the Indian section of the District Charitable Society."

The Hon'ble RAJA DINENDRA NARAYAN RAY said :—

"My Lord, I have very great pleasure in supporting the motion of the Hon'ble Rai Radha Charan Pal Bahadur.

Resolutions.

Rajá Dinendra Narayan Ray; Mr. Stephenson.

Personally I have been intimately associated with the Society for a very long time and I can assure the Hon'ble Members of the Council that the funds at the disposal of the Indian committee entrusted with the relief of distress among the non-Christian poor of Calcutta are far too short of the demands made upon them. The Indian committee relieve about 700 persons every month at a cost of over Rs. 30,000 a year. But the amount of distress among widows and orphans and incapacitated persons among the non-Christians in Calcutta is so large that the funds at the disposal of the committee are but a drop in the ocean.

The District Charitable Society used formerly to grant to the Indian committee half of the Government grant *plus* Indian subscriptions. The Government grant was formerly Rs. 1,200 a month. It is now Rs. 1,450 a month. Out of this sum, together with what the Society receives from the public as subscriptions, the committee receive Rs. 425 a month only. The ratio of non-Christian population to the Christian in Calcutta is 23 : 1. It is quite immaterial whether a larger amount is spent for the Christians or for the non-Christians so long as the amount is spent in charity.

The number of non-Christians is however so large that I am strongly in favour of the Government sanctioning the extra grant of Rs. 5,000 a year to the Indian committee as proposed by my Hon'ble friend Rai Radha Charan Pal Bahadur, and I earnestly hope that the Rai Bahadur's proposal will receive the favourable consideration of this Council."

The Hon'ble Mr. STEPHENSON said :—

"My Lord, I am afraid Government cannot accept the resolution which proposes to reduce our reserve by Rs. 5,000 in order to give a grant of that amount to the Indian section of the District Charitable Society of Calcutta. In the first place, we must object to the reduction of the reserve which is the source from which it is proposed to meet the expenditure. The Hon'ble Member perhaps regards the reserve as a windfall available for expenditure for which we have not been able to make provision in the Budget, but were it so available I can assure the Hon'ble Member that it would have been allotted long ago to the many urgent claims which we have had to exclude from our consideration this year. When we are dealing with the Provincial expenditure of over 6½ crores, it will be readily appreciated that it is absolutely impossible to foresee every item of expenditure that circumstances may force upon us during the course of the year. Our estimates of expenditure are merely guesses based upon experience, and although we hope that, on the whole, they are reasonably exact, there are always certain heads under which the expenditure exceeds the estimate. I think it will be admitted that a lakh and-a-half is a very small percentage to keep as a reserve to meet the excesses, and if the Hon'ble Member knew the difficulties which meet the Financial Department when called upon towards the end of the year to provide, for instance, for Additional Sub-Judges or Munsifs, I am sure he would have more consideration for us than to propose to reduce our very small reserve. It must be remembered that no matter how much our income may exceed the estimate we are rigorously tied down in our expenditure to the total amount provided in the Budget. For the last few years we have been able to carry on because we have been able to borrow from the amounts provided but unexpended out of the Imperial grants for Education or Sanitation, but this is only a temporary resource and will cease as soon as the grants are exhausted, and in any case it will not be available in the coming year. I have gone into this somewhat fully, because I wish to deprecate strongly any attempt to regard this reserve as a means of escaping from the responsibility of proposing definite reduction in expenditure. It looks so easy to propose a reduction under this head that I trust I have convinced Hon'ble Members that the provision is there for a definite purpose and has only been scraped together by the sacrifice of many comparatively urgent proposals, and that a proposal to reduce it really means denying ourselves at a later

period of the year some possibly essential requirements, and I hope Hon'ble Members will resist the temptation that its appearance in the Budget offers.

Turning to the other part of the proposal, we must all sympathise with the objects of the District Charitable Society and wish that it had at its disposal all the funds that it needs. But, in the first place, the Indian section is only a committee of the District Charitable Society. Any grant given would therefore naturally be given to the District Charitable Society and it would be left to that Society to devote its funds to the objects which most require them and in regard to which they can be most usefully employed. The main portion of the Hon'ble Member's speech was devoted to a criticism of the division of the funds at the disposal of the Society. This is a matter of internal administration with which I do not think this Council is properly concerned. Government already give a considerable amount of assistance to the Society in regard to its Alms House for which there are special reasons, and gives a grant of Rs. 3,000 a year to its general fund which I believe was originally intended to help to meet the cost of establishment. The question of Government grants to charities is not without difficulties. The duties of Government and the sphere of private charity are entirely separate, though there may be some cases which are on the border-line between the two. Until we advance much further towards socialism than we have done at present, Government are not fitted to do the work of private charity and they have no right to use the tax-payers' money to relieve individual cases of distress. It is better that the money should be left as at present with the tax-payer so that he may acquire for himself the merit that comes from charity. Apart from this question, it must be obvious that if Government once entered into the field of charity it would be impossible for them to discriminate. If Government are to give a grant to relieve the poor of Calcutta they should give a grant to relieve the poor of Dacca and every other place in the province. As I have said, Government are in the fullest sympathy with the work of this and many other charitable societies, and I think that it will be found that so far as the funds which are at our disposal allow and the objects are legitimate objects for expenditure of the tax-payers' money, Government have given a not unsympathetic consideration to all appeals made to them. I would therefore deprecate appeals being made in this Council on behalf of individual charities, and I hope that the Council will not encourage the practice. I have a shrewd suspicion that the Hon'ble Member's resolution is not really meant as a serious attempt to alter the Budget, but is an ingenious method of advertising the merits and needs of the Charitable Society to which the Hon'ble Member is Secretary, in the hope that the publicity given may result in larger subscriptions which are undoubtedly much wanted, and as long as these subscriptions come from the wealth which Government do not exact from the tax-payer, the Hon'ble Member has my hearty wishes for his success."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said:—

"My Lord, I have listened with great interest to the speech of the Hon'ble Member. What I understand is this, that he is not in a position to make this grant. He is not able to differentiate between this Society and other Societies, but my Lord, in this particular case a grant has already been made by Government for more than 80 years, and what I submit for the consideration of the Council is this, that out of this grant of Rs. 17,000, Rs. 3,000 is paid from general funds. We have to meet our own establishment from the trust funds, and then from Rs. 14,000 which is paid as a grant to the Society, we unfortunately do not get anything at all. If therefore at the time when the grant is made, Government were to express an opinion that this grant should be reasonably shared by both sections of the committee, it would to some extent meet the wishes of the Indian section of the committee.

Rai R. C. Pal Bahadur; Mr. Beatson Bell.

I know very well, my Lord, that the Hon'ble Mr. Stephenson will not part with a single penny out of the reserve which he has got in his own hands, and it is therefore useless for me to knock my head against a stone wall. Therefore, with the humble prayer I have already submitted, I beg to withdraw my application."

The resolution was then, by leave of the President, withdrawn.

Expenditure—Head 43—Minor Works and Navigation.

Appendix to the List of Business—Item No. 4.—The Hon'ble RAI RADHA CHARAN PAL BAHADUR moved the following resolution :—

This Council recommends to the Governor in Council that, out of the provision of Rs. 7,57,000 for Calcutta and Eastern Canals (Revenue account), under 43—Minor Works and Navigation, or from the general reserve of one and-a-half lakhs for unforeseen charges under 32—Miscellaneous, a sum of Rs. 10,000 be set apart for thorough repairs to canal bank roads belonging to Government situated in the fringe area of the Calcutta Municipality.

He said :—

"My Lord, the Canal West Road running past the canal is in an excessively bad condition, having a narrow metalled surface barely sufficient to carry the heavy traffic, due to trade facilities afforded by the canal. The trade has increased of late, resulting in a consequent increase of revenue to the Public Works Department from the tolls levied on cargo imported and exported by boats.

The Government are the owners of an extensive area of khas mahal lands on the canal side bordering on this road, which is let out to a large number of tenants and which is thickly populated. This area has been improved by the Corporation at a cost of several lakhs, and the Government properties have been considerably enhanced in value. But the canal bank road is not only neglected by Government but continues to grow worse. Public complaints have been loud and deep and the Corporation have addressed the Government on the subject. A private party owning properties and roads belonging to these properties would be hauled up before the Municipal Magistrate and would be dealt with with unfailing severity in the grinding mill of the Town Hall Court. But who dares to approach the Government? And it would be interesting to watch how the Government would be dealt with by the Magistrate. I beg to submit that as this road is resorted to for bringing cargo to the canal, and without which the canal would not have yielded any profit to the Government, it is meet and proper that the Government should earmark some money for its efficient maintenance and betterment by widening the metalled surface as would be in keeping with the traffic passing along it. I have, in course of the discussion, gone through all the papers in this connection containing the Government letter. There the Government have admitted the necessity for widening the metalled surface; but the difficulty as to who will do it stands in the way. In all fairness and in view of the fact that the Government derive a substantial revenue out of the canal to which the road is a necessary adjunct, it is reasonable that the Government should maintain and widen it. If the Government like, it may be transferred to the Corporation after the proposed widening is effected, so that the Corporation may maintain it, the Government contributing the recurring cost of the maintenance out of revenues realised by the imposition of tolls on cargo transported by boats and rents derived from khas mahal lands."

The Hon'ble MR. BEATSON BELL said :—

"My Lord, the Public Works Department agree with the Hon'ble Rai Radha Charan Pal Bahadur that the roads in question which run along

the crest of the embankments of our canals are not at present in an altogether satisfactory condition. The roads were constructed and are maintained primarily for the traffic connected with the canals, but as Calcutta has spread, a large amount of extraneous traffic now goes along these roads. The Public Works Department maintains a metalled strip of 15 feet in width. This would suffice for the traffic connected with the canal, but is insufficient to meet that traffic *plus* the large extraneous traffic. As the Hon'ble Rai Radha Charan Pal Bahadur has mentioned, correspondence is now going on between the Government and the Corporation regarding the future management, and we hope that some solution will soon be arrived at. Probably the best solution will be that the Corporation should take over the road in view of the fact that probably more than half of the traffic has nothing to do with the canal but is ordinary municipal traffic. For the immediate present, no doubt, the Hon'ble mover wants us to do something and asks that out of the grant of 7½ lakhs we should set aside Rs. 10,000 for these roads. Well, I think that when the Hon'ble mover drafted his resolution, he had not before him a copy of the Public Works Code. If he had referred to volume II of that Code, page 147, he would have seen that the method of budgetting for irrigation works is to provide a lump sum for works of all kinds, *e.g.*, for sluices, earthwork, turfing, and the other numerous items which go to constitute maintenance work in canal operations. This lump sum of Rs. 7,57,000 is spread over 1,115 miles, and among other items is the maintenance of these very roads to which the Hon'ble mover has alluded. The distribution of the lump allotment rests with the Superintending Engineers concerned. In the year 1912-13. the Superintending Engineer allotted not Rs. 10,000 but Rs. 19,000 for these roads. In 1913-14 he allotted Rs. 21,000. In the present year, he has already spent Rs. 15,000 and will probably work up to Rs. 20,000. It is extremely improbable that in the coming year he will allot less than Rs. 20,000. In the circumstances, I think that the Hon'ble Member will not ask us to cut it down to Rs. 10,000."

The Hon'ble RAI RADHA CHARAN PAL BAHADUR said :—

"My Lord, I am much obliged to the Hon'ble Member for the lucid explanation which he has given. With Your Excellency's permission I may be permitted to bring this to the notice of the Council: the Hon'ble Member has informed the Council that Rs. 20,000 has already been spent in improving these roads. I must say therefore that if in spite of this the roads are in such an unsatisfactory condition, I think pride of place must be given to the Calcutta Municipality, although it is condemned on all sides."

The resolution was then, by leave of the President, withdrawn.

R., dated the 24th *idem*, on the subject of the payment of land revenue and cesses by means of postal money-orders.

J. H. KERR,
Secy. to the Govt. of Bengal.

RULES RELATING TO REVENUE MONEY ORDERS.

1. These rules are divided into four parts:—

Part I.—The form of Revenue Money order.
„ II.—Issue of Revenue Money orders.
„ III.—Payment of Revenue Money orders:
Section A.—Procedure in the Head Office of payment.
„ *B.*—Procedure to be followed in the Collectorate.
„ IV.—Disposal of Acknowledgments.

2. The forms are annexed to the rules.

Part I.

THE FORM OF REVENUE MONEY ORDER.

Form.

1. The form of Revenue money order (Form $\frac{1}{\text{R. M. O.}}$ on pink paper) is divided into three parts, *viz.*:—

(*a*) The Money order.
(*b*) The Acknowledgment.
(*c*) The Coupon or Chalan.

Its description.

2. Part (*a*) requires no description as it is exactly like the corresponding portion of the ordinary inland money order form. Parts (*b*) and (*c*) are larger than the Acknowledgment and Coupon of an ordinary money order. Part (*b*) is on one side practically a duplicate of the Coupon (Chalan) and is returned to the remitter as his receipt; on the reverse of this part are the remitter's name and address. Part (*c*) contains on one side all the particulars required by the Treasury, and on the reverse instructions for remitters of Revenue money orders.

Purpose for which to be used.

3. This form is to be used for remittances of both Land revenue and Road and Public Works cesses, and for no other purpose.

Free distribution of forms.

4. Revenue money order forms should be freely distributed among the revenue-paying classes and no restrictions whatever should be placed in the way of zamindars obtaining these forms.

Supply of forms.

5. Every postmaster, sub-postmaster and branch postmaster will be personally responsible that a sufficient supply of Revenue money order forms is always available in his office. In cases of emergency, supplies may be obtained by telegraph direct from the Stock Depôt of the Circle. Divisional superintendents and inspectors, when visiting post offices, will see that a sufficient supply of Revenue money order forms is available, and mention in their diaries and inspection reports that they have done so.

The system not applicable to Native States.

6. The Revenue money order system does not apply to remittances of revenue payable to any Native State. Such remittances should be made by the ordinary money order form and be dealt with under the ordinary rules for money orders.

Part II.

ISSUE OF REVENUE MONEY ORDERS.

Offices to issue Revenue money orders.

7. Revenue money orders are issued from every head, sub and branch post office under the rules which govern the issue of ordinary inland money orders. The following paragraphs contain additional instructions which relate solely to the issue of Revenue money orders.

Limit of amount.

8. The rules in the *Post Office Guide* fixing the limit of value of a single ordinary inland money order apply to Revenue money orders. The rule prohibiting the inclusion of pies (fractions of an anna) in the amount of a money order is not applicable to Revenue money orders, which may be for amounts including pies, but not fractions of a pie.

Office of issue to help remitter in making entries.

9. The office of issue will help the remitter in making the requisite entries, and, if necessary, will make entries for him in a Revenue money order form, but no fee or any other gratification whatsoever is to be demanded or accepted, either directly or indirectly, by any official of the post office for this service. Disregard of this order will be punished by dismissal of the official in fault, who will, moreover, be liable to any further penalties provided by law. If, notwithstanding the assistance thus offered, the remitter is unable to fill up the entries himself or to give the information necessary for the purpose, the money order should be returned to him and should not be issued by the post office till the information is complete.

NOTE.—Remitters should also be advised to allow ample time for their Revenue money orders for land revenue to reach the Treasury before *kist* day, as the acceptance of a Revenue money order after *kist* day does not exempt an estate from sale, except as permitted by the rules applicable to personal payment of land revenue after *kist* day.

Responsibilities of the office of issue.

10. The office of issue is responsible that no Revenue money order is issued of which the Coupon is blank or is not completely filled up. The Post Office has no means of ascertaining the correctness of the information supplied by a remitter; all that it is necessary to see is that entries are made against every printed item in the Coupon, that these entries are made against the appropriate printed items, that all the items are understood by the remitter and that the money order is not for a larger sum than is allowed by the rules for ordinary inland money orders. The spaces in the Acknowledgment and Coupon for the entry of interest and costs (*kharcha*) are intended to meet the requirements of remitters who are in arrears as regards the payment of their cesses and have incurred liabilities for interest, process fees, or other costs of proceedings. Every alteration or correction in the money order must be attested by the initials of the remitter.

Distinguishing mark of Revenue money orders.

11. The letter "R" should be written before the number of every Revenue money order, and this mode of distinguishing Revenue money orders should be adopted wherever the number is entered.

Money order number to be entered in the Coupon and Acknowledgment.

12. The number assigned to a Revenue money order by the head office or sub-office of issue will also be entered at the top of the Coupon and Acknowledgment by the money order clerk of the head office or the sub-postmaster of the sub-office of issue, as the case may be.

Part III.

PAYMENT OF REVENUE MONEY ORDERS.

SECTION A.—*Procedure in the Head Office of Payment.*

Examination of money orders and preparation of a list for Audit office.

13. When the Revenue money orders are in all respects* ready to be handed over to the postman, they should be examined with reference to the name of the Audit office stamped on them and a separate list in triplicate† (Form $\frac{3}{\text{R. M. O.}}$) should be made out by the money order clerk for

* Only the total number and amount of Revenue money orders received for payment need be entered in the register of money orders received. In order, however, that the record may be complete, it will be necessary to make a note in the last column of the register whenever all the Revenue money orders received in one day are not included in the list of that date. For example, if in the register of money orders received on the 5th July there are shown 500 Revenue money orders for Rs. 10,000, but 300 of these orders for Rs. 7,000 were received too late for inclusion in the list sent to the Collectorate on the 5th, there should be an entry in the last column of the register in this form:—

200 for Rs. 3,000 included in list of 5th.

300 for Rs. 7,000 included in list of 6th.

† The duplicate and triplicate will be prepared by carbonic paper, and a hard pencil must therefore be used in writing the list

each Audit office and for each month of issue, the name of the Audit office being noted in red ink at the head of the list.* The money orders should be entered in each list according to the offices of issue and the entries in the money column of the list should be carefully totalled. The triplicate copy of each list will take the place of the journal of money orders paid, the duplicate will be sent to the Treasury under the procedure described below and the original will be sent to the Audit office concerned. When for the preparation of a list more than a single sheet of form $\frac{2}{\text{R.M.O.}}$ is required, each sheet should be separately totalled, and a grand total should be made at the end of the last sheet of the list or on a separate sheet. The date stamp of the office of payment should be impressed on the space provided for it on the reverse of the acknowledgment portion of each money order.

NOTE.—When it is necessary to prepare one or more separate lists in addition to the list for the Home Audit office, the total of each other list should be entered below the total of the list for the Home Audit office and a grand total made both in figures and words. In that case too after the words "detailed above" in the printed entry to be signed by the postmaster at the foot of the original and duplicate of the list for the Home Audit office should be inserted in manuscript the words "and in the accompanying list" or "and in the accompanying two lists" or "and in the accompanying three lists" as the case may require.

Checking of list, preparation of Treasury voucher.

14. The postmaster should then check the entries in each list with those on the money orders, and also check the total of the money column, he will then prepare a Treasury voucher (Form A/c-12), representing the total value of the money orders as entered in all the lists. The amount represented by the Treasury voucher will not be charged against the letter of credit, and will be paid quite independently of the balance of any letters of credit held by the Treasury in favour of the Post Office. Postmasters before sending Revenue money orders to the Treasury should examine them carefully, and any error which might have been avoided by the office of issue should be brought to the notice of the Superintendent.

Delivery of money orders.

15. The duplicate copy of each list with the money orders entered therein attached to it and the Treasury voucher duly filled up, should then be made over to the postman for delivery at the Collectorate, the postman's receipt for the documents being taken in the usual manner in the register of money orders received

Treasury Accountant's receipt.

16. The postman will take the duplicate copy of each list, the money orders and the Treasury voucher to the Accountant, and will receive back from the Accountant the money orders without the coupons and acknowledgments. The postman will be careful to see that he receives back all the money orders, and that they are all duly receipted by the Accountant and, in the case of money orders for amounts exceeding Rs. 500, by the Treasury officer also.

Examination of paid money orders.

17. The paid money orders received back from the Treasury will be examined by the money order clerk in the same way as ordinary money orders, and checked in detail with the original list. The total amount of the money orders entered in each list will then be entered in the appropriate journal of money orders paid by a single entry thus: "As per Revenue money order list Rs. As.....P....." The money orders will be disposed of in the usual way.

Treatment of original and triplicate list for Audit office.

18. The original and triplicate of each list will be kept with the appropriate journal of money orders paid until the next list of ordinary money orders paid is sent to the Audit office, when the corresponding list of Revenue money orders paid will also be sent, the paid money orders being arranged in order and attached to the lists. The triplicate lists will then be filed, a separate file of triplicate lists being kept with each journal of money orders paid, so that the dates of the journal and file of Revenue money order lists correspond.

Mode of entry in Account books.

19. The amount of the Treasury voucher will be entered in the Head Office Summary and the Head Office Cash Book on the receipt side opposite the item "Drawn from Treasuries," and will be included in the sum entered on the disbursement side under the head "Money Orders Paid." The amount will also

* If on any date Revenue money orders stamped with the names of all four Audit offices are received for payment, it will be necessary to prepare four separate lists each in triplicate.

appear in the Treasury Pass-book and Register of transactions with the Treasury as money drawn from the District Treasury. All these entries must be made on the same date.

NOTE.—The date referred to above is the date on which the money orders are sent from the post office to the Collectorate. If the procedure to be followed in the Collectorate is correctly observed, the money orders will be credited in the Treasury on the same date. If, owing to press of work or other reasons, the money orders are not credited in the Treasury on the same date, the entries in the Head Office Summary, the Head Office Cash-book and Treasury Pass-book should still be made as prescribed in rule 19, on the date on which the money orders are sent to the Treasury for payment.

The total amount of the money orders should also be entered as paid on the same date in the appropriate paid list of money orders; and if any Revenue money orders sent to the Collectorate have not been received back when the paid list is due to be sent to the Audit office, the paid list should still be sent and the money orders should be forwarded on receipt, a note explaining the reason for their absence being submitted at the same time to the Audit office.

Examination of signed acknowledgments by money order clerk.

20. On receipt of the acknowledgments duly signed, the money order clerk will examine and compare them with the triplicate list or lists already in his possession, and with the duplicate presented to him along with the acknowledgments; and, if all are found correct, the postmaster will sign each duplicate list and return it to the Collectorate official who brought back the documents to the post office.

An acknowledgment for every money order.

21. The money order clerk should be particularly careful to see that he receives from the Collectorate an acknowledgment for every money order, except when a note has been made on the duplicate list against any order showing that it was not for Land Revenue, Road or Public Works cess. The money order clerk will also see that every acknowledgment which he receives is in acknowledgment of the *full* amount of the money order to which it appertains and that the date of credit entered on such acknowledgment agrees with the date of payment of the money order.

Comparison of duplicate list with the original.

22. Before each duplicate list is returned to the Collectorate, the money order clerk will carefully compare it with the original and see that they are exactly alike, any remarks recorded in the one list (either in the Collectorate or by the money order clerk or the postmaster) being copied in the other list.

Report on the delay in returning signed acknowledgments to post office.

23. It will be the duty of the money order clerk to report to the postmaster if the signed acknowledgments and the duplicate list or lists are not returned to him at latest by 4 P.M. on the day following that on which the Treasury voucher was sent to the Collectorate. On receipt of such a report, the postmaster should at once bring the matter to the notice of the Treasury officer. Any serious or oft-repeated delay in the return of the acknowledgments should be reported to the Postmaster-General. The money order clerk should report to the postmaster every case in which Revenue money orders are not received back on the same day that they are sent to the Treasury, and if it is found that this happens frequently, the postmaster should bring the matter to the notice of higher authority.

Report regarding blank or imperfectly filled up coupons.

24. The money order clerk will report to the postmaster every case in which the Coupon of a Revenue money order received by him is blank or is imperfectly filled up, and each such case should be reported by the postmaster to the Superintendent of the division in which the office of issue is situated.

Monthly return of revenue money orders.

25. On the 5th of every month the money order clerk will prepare a return (Form $\frac{8}{\text{R.M.O.}}$) of all Revenue money orders received during the last month, and this return will be submitted by the postmaster to the Postmaster-General.

SECTION B.—*Procedure to be followed in the Collectorate.*

Procedure to be followed in the Collectorate.

26. On receipt in the Treasury of the money orders with the duplicate copy of the list or lists in which they are entered and Treasury voucher, the Accountant will check and compare the documents. If there is any error, he will return all the documents to the post office with a note of the error or errors. This error note will be signed by the Accountant and the Tauzi Navis of the department concerned; when the documents are correct, the Accountant will at once cut off the portion of each money order containing the Coupon and Acknowledgment, sign and date the money orders (as payee) and return the paid money orders to the postman. In the case of money orders for amounts exceeding Rs. 500, the Treasury officer also shall sign and date the money orders as payee. The Accountant will retain the lower portion of each money

order, including the Coupon and Acknowledgment, the duplicate list or lists of money orders (Form $\frac{2}{\text{R. M. O.}}$) and the Treasury voucher. No money order received from the post office may be refused.

Treatment of money orders received after *kist* day.

The acceptance of the Revenue money order after *kist* day is to be treated in the same manner as the receipt of a personal payment of revenue after *kist* day, and the sum will be kept in revenue deposit till the Collector has passed orders accepting the payment.

Mode of entries in Treasury accounts.

27. The Treasury officer will, on the same day, charge off the amount represented by the Treasury voucher (A/c-12) by transfer and credit the amounts of the several money orders as shown in the list or lists and on the acknowledgments to the appropriate departments.

Procedure to be followed in cases of remittances received for estates situated in another district.

If the estate on account of which a remittance of Land revenue has been received is situated in another district, the remittance should be credited in the usual way, and the Collector, to whom the money order should have been addressed, should be advised of the credit according to the procedure in Chapter II, Section XII, Rule $\frac{\text{2 of the Bengal Tauzi Manual, 1907}}{\text{58 of the B. B. and A. Tauzi Manual, 1909}}$. The remitter should also be advised of his error by a note on the money order acknowledgment. In the case of Road and Public Works cess the amount thus erroneously remitted should be transmitted by remittance transfer receipts to the Collector of the district to which the cess properly belongs, and the remitter of the money order should be advised of his error, as in the case of land revenue.

Procedure to be followed in cases of remittance of some due other than land revenue and cesses.

If it should be found that a Revenue money order has been erroneously issued for a remittance of some due other than Land revenue, Road or Public Works cess, the Treasury officer should make a note to that effect against the entry of the money order on the duplicate list, and forward the Coupon and Acknowledgment with an advice list (Form 4—G. M. O.) to the appropriate department for disposal under the rules in Part III of the Rules for Government money orders other than Revenue money orders

Disposal of money orders which cannot be credited in Treasury accounts.

28. If it should be found that any money order represents a remittance apparently not due to or intended for Government or any department or authority having an account in the Treasury, or that the amount of the money order cannot for this or any other reason be credited at once in the Treasury accounts, the amount should be disposed of according to the standing rules and practice of the Account Department, or be made over in cash to the officer who would have been entrusted with it had the money been paid in cash instead of by money order, or had it been sent as cash in an ordinary or registered letter.

Responsibility of Treasury officer.

29. The Treasury officer will be responsible that the total of the amounts credited to the different departments and any sum made over in cash under rule 28 is equal to the amount of the Treasury voucher received from the postmaster and debited to the Post Office.

Examination of acknowledgments and coupons by Tauzi and Certificate Departments.

30. The next business to be done in the Collectorate will be a rough examination of the acknowledgments and coupons to see that the necessary particulars of remittance are given in each case. This examination should be made by the Tauzi Navis and by the Certificate Department if a certificate has issued on account of Road and Public Works cess. If the amount due on account of any cess, interest and expenses are wrongly distributed by the remitter in the money order, the Certificate Department will correct the distribution. The fact that the amount remitted is less or more than is due is immaterial. If more than is due is remitted, the excess will be treated as a payment in advance; if less than is due is remitted it will be treated as a payment on account.

Errors and omissions to be noted across acknowledgments.

If owing to omissions or errors in the particulars of remittance there is any uncertainty as to whether a remittance can be correctly credited according to the intentions of the remitter, a note should be made across the acknowledgment in red ink, stating how the remittance has been credited or what further particulars are required, and in the latter case the remitter

should be asked to send the required information immediately by letter. If a remittance of Land revenue by money order is received in the Treasury after the sunset of *kist* day, a note should similarly be made across the acknowledgment in red ink to the effect that the payment is "too late for *kist* day."*

Documents to be returned to post office and retained in Collectorate.

31. Immediately after the examination prescribed in the preceding rule the acknowledgments should be signed, dated and returned with the duplicate list or lists to the post office. The date on the acknowledgments must be the date of receipt of the Treasury voucher by which the money orders were paid. The Treasury officer will be responsible that the acknowledgments and duplicate list or lists are returned to the post office at latest by 4 P.M. on the day following that on which they were received in the Collectorate. The coupons will be retained in the Collectorate.

Affixing of half anna service postage stamp on acknowledgments containing any red ink communication.

32. Whenever any communication is written by the Collector's office on the acknowledgment for the instruction of the remitter (see rules 27 and 30), a half-anna service postage stamp must be affixed to the acknowledgment before it is returned to the post office.

Treatment of coupons.

33. After the return of the acknowledgments to the post office, the coupons should be sent to the Tauzi Department so that the remittances may be entered in the departmental registers. The coupons should be initialled by a responsible officer of each department, and then be returned to the Collectorate. On each coupon is to be noted by the muharrir the date when he posted in the tauzi ledger the amount referred to in the coupon. The muharrir is to sign such note.

Treatment of duplicate list with postmaster's acknowledgment.

34. When the duplicate list or lists with the postmaster's acknowledgment for the documents returned to him are received back from the post office, they should be attached to the coupons and filed in the Collectorate.

Part IV.

DISPOSAL OF ACKNOWLEDGMENTS.

Sorting of acknowledgments and their return to office of issue.

35. The acknowledgments appertaining to Revenue money orders received from the Collectorate will be sorted separately for each office of issue, and enclosed in envelopes (Form $\frac{4}{\text{B. M. O.}}$) addressed to the postmasters of those offices. The acknowledgments for orders issued at a branch office are not to be returned to the branch office direct, but through its account office. The closed covers will be made over to the sorting clerk for despatch, as unregistered articles.

Treatment of acknowledgments with red ink note not bearing postage stamp.

36. Acknowledgments on which communications have been written but which do not bear a half-anna service postage stamp should not be charged with postage due but should be returned to the Collector's office for supply of the omission (see rule 32).

Distribution of acknowledgments to postmen for delivery.

37. On arrival in the office of issue the envelopes will be opened and the acknowledgments contained in each envelope will be checked with the number of the money order; the envelopes will then be destroyed. The acknowledgments will next be stamped with the delivery or the date stamp and be sorted for distribution to postmen and village postmen. The numbers of all acknowledgments given to each postman and village postman will be detailed separately by the money order clerk, sub or branch postmaster in the postman's book or the village postman's register, the entries being repeated as often as the acknowledgments are given out for delivery.

In delivering acknowledgments remitter's signature to be taken in postman's book.

38. The postman or village postman will obtain the remitter's signature or mark when delivering each acknowledgment in the postman's book or the village postman's register.

* It is to be understood that the date of receipt of the money order in the Treasury is the date of the Treasury voucher by which it is paid and not necessarily the date on which the acknowledgment is examined, signed or returned.

Return of undelivered acknowledgments to post office.

39. Acknowledgments which cannot be delivered in consequence of the remitter not being found will be returned by the postman or village postman to the money order clerk, sub-postmaster or branch postmaster, as the case may be, who will sign for them in the postman's book or village postman's register.

Destruction of undelivered acknowledgments by head office after 12 months.

40. Undelivered acknowledgments will be kept in the office of issue (if a head office) for a period of twelve months, and if still unclaimed, will be destroyed.

Disposal by sub and branch offices of undelivered acknowledgments.

41. In sub-offices and branch offices undelivered acknowledgments will be retained for a period of three months and, if still unclaimed, will be forwarded to the head office in an unregistered cover on postal service. Such acknowledgments will be kept in the head office for a further period of nine months, and, if then still on hand, will be destroyed.

Responsibility of Post Office for punctual and free delivery of acknowledgments.

42. Postmasters, sub-postmasters and branch postmasters of the offices of issue will be responsible that acknowledgments are delivered to remitters of Revenue money orders without any unnecessary delay and free of charge. Enquiries as to the punctual and free delivery of acknowledgments should be made from time to time from zamindars who may call at the post office to have Revenue money orders issued.

Remitter to examine acknowledgments.

43. Remitters of Revenue money orders should be advised to examine carefully their acknowledgments for the money orders in case there should be any red ink note by the Collectorate calling for further particulars or indicating a doubt as to whether a remittance has been correctly credited according to the intentions of the remitter.

INSTRUCTIONS FOR THE REMITTER'S GUIDANCE.

1. All Revenue money orders must be made payable to the Collector of the district in which the estate lies.

2. If full particulars are not correctly given in the chalan, mistakes may occur for the consequences of which the remitter will be alone responsible. Full particulars of the estate or share and of the cess paying property, such as revenue paying or revenue free estate, or share of estate, or rent free land, or mine, or railway or hât, or fair or *gazari* forest, must be given. In doubtful cases, the Tauzi Department will be guided by the NUMBER of the estate.

3. The revenue and cesses remitted by a single money order must be for one estate only. Separate money order must be used for each estate on account of which revenue and cesses are remitted.

4. Only the name of the actual proprietor to whose account the money remitted is to be credited need be entered The names of other proprietors need not be given.

5. Remittances of land revenue should be made a sufficient time before the kist day to ensure their reaching the Treasury on or before that day. Remitters are advised to allow ample margin of time on this account; for the acceptance of money order for land revenue after the kist day will not exempt an estate from sale, except according to the rules applicable to personal payment of revenue after kist day.

6. If the remitter is in arrears as regards payment of his cesses, he should also remit the amount of interest and costs due from him, and show them separately, if possible, from the actual cess. If his distribution of cess, interest and costs is wrong, it will be corrected in the Certificate office.

7. Current land revenue and cess shall not be remitted with an arrear of cess covered by a certificate in the same money order.

8. The limit of amount of a Revenue money order and the rates of commission are the same as for ordinary money orders.

9. The amount of a Revenue money order may include rupees, annas and pies, but not a fraction of a pie.

FINANCIAL DEPARTMENT.

NOTIFICATIONS.

No. 595 S.R.—The 30th March 1915.—In exercise of the powers conferred by section 85 of the Bengal Excise Act, 1909 (Bengal Act V of 1909), as amended by the Bengal Excise (Amendment) Act, 1914 (Bengal Act VII of 1914), and in supersession of all previous notifications issued by the Government of Bengal under the said section 85 of Bengal Act V of 1909 and by the late Government of Eastern Bengal and Assam under section 36 of the Eastern Bengal and Assam Excise Act, 1910 (Eastern Bengal and Assam Act I of 1910), the Governor in Council is pleased to make the following rules for the Presidency of Bengal.

II. These rules shall come into force with effect from the 1st April 1915.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

RULES.

APPOINTMENTS, TRANSFERS AND PUNISHMENTS.

1. The Excise Commissioner is empowered—

(*a*) to promote and transfer officers of the Excise Department of the rank of Inspector, and

(*b*) to promote and transfer, and to suspend, reduce, dismiss or otherwise punish, officers of that Department below the rank of Inspector.

APPEALS.

2. An appeal shall lie to the Collector from any order of any officer subordinate to him and discharging functions under the Act or under any rule or order made under the Act.

3. An appeal shall lie to the Excise Commissioner from any original order made by the Collector (but not from any original order made by an officer discharging functions of the Collector) and from any order made by the Collector on appeal.

4. An appeal shall lie to the Local Government from any order (except orders referred to in section 35 of the Act) made, whether on appeal or otherwise, by the Excise Commissioner :

Provided that, when an order made by a Collector, whether on appeal or otherwise, is upheld by the Excise Commissioner, no further appeal shall lie.

5. Every memorandum of appeal must be presented within one month from the date of the order appealed against.

6. (*1*) Every memorandum of appeal shall be accompanied by the order appealed against, in original, or by an authenticated copy of such order, unless the omission to produce such order or copy is explained to the satisfaction of the appellate authority.

(*2*) In the case of appeals to the Local Government, as provided by rule 4, the memorandum shall be forwarded by the appellant to the Secretary to the Government of Bengal in the Financial Department, who shall—

(*i*) proceed to take the orders of the Governor in Council thereupon, and

(*ii*) communicate such orders to the appellant as soon as conveniently may be after they have been passed.

IMPORT, EXPORT AND TRANSPORT.

7. The import, export and transport, respectively, of the excisable articles hereinafter specified shall be subject to the following rules, in addition to the restrictions imposed by sections 9, 10 and 12 and any prohibition made under section 11 and any rules made under section 86, clause (*12*), of the Act.

FOREIGN LIQUOR.

Import of foreign liquor under bond for payment of excise duty.

8. The import of foreign liquor under a bond for payment of the duty imposed under section 27 may be made only by a vendor holding a license for the sale of foreign liquor or by a manufacturing chemist holding a permit to obtain rectified spirit at a lower rate of duty of Rs. 7-13-0 per proof gallon, and after he or his agent has—

(*a*) executed a bond (which may be either a general or a special bond), in favour of the chief Revenue-authority of the district or place of export, for the payment of the said duty, and

(*b*) obeyed all rules in force in the district or place from which the export was made.

9. Foreign liquor shall not be imported under a bond as aforesaid unless—

(*a*) the consignment is accompanied by a pass, granted by the chief Revenue-authority of the exporting district or place, or the officer in charge of the distillery or warehouse from which it was taken, in such form as may be prescribed for use in the exporting district or place, and

(*b*) the Collector of the importing district has received a copy of the said pass from the chief Revenue-authority of the exporting district or place, or from the officer in charge of the said distillery or warehouse.

10. (*1*) Whenever any foreign liquor is imported under a bond as aforesaid, it must, on arrival in Bengal, be taken direct to the distillery or excise warehouse specified in this behalf in the pass referred to in rule 9, and fixed by the Excise Commissioner for the storage of such liquor.

(*2*) On the arrival at a distillery or excise warehouse in Bengal of any such liquor, it shall be gauged and proved by the officer in charge of the distillery or warehouse, and shall be taken into store and entered in his accounts.

(*3*) As soon as may be after such arrival, the officer in charge of the distillery or warehouse shall certify on the importer's copy of the pass full details regarding the liquor received, in such form as may be prescribed in the pass or required by the authorities of the exporting district or place.

Export of foreign liquor to other Provinces in British India, under bond for payment of excise duty.

11. (*1*) When any person desires to remove foreign liquor from any distillery or excise warehouse for export to any other Province in British India, under a bond for the payment of excise duty, he must execute a bond, in the prescribed form, before the Collector of the district in which the distillery or excise warehouse is situated.

(*2*) Such bond may be either a general or a special bond.

(*3*) The Collector shall sign the bond on behalf of the Secretary of State, as a party to the instrument.

(*4*) The Collector shall then intimate the fact of the execution of the bond to the officer in charge of the distillery or excise warehouse, who shall, after the particulars thereof have been entered in the prescribed bond register, issue the liquor as if duty had been paid.

12. No liquor shall be so issued until it has been gauged and proved by the officer in charge of the distillery or warehouse.

13. (*1*) A pass in triplicate shall be prepared by the officer in charge of the distillery or excise warehouse when any liquor is issued under sub-rule (*4*) of rule 11.

(*2*) One copy of the pass shall be delivered to the exporter, to accompany the consignment, the second shall be forwarded to the Collector of the district to which the liquor is to be taken, and the third shall be retained for record.

14. (*1*) Each cask or other vessel containing liquor issued from a distillery or excise warehouse under sub-rule (*4*) of rule 11 shall bear marks showing clearly the name of such distillery or warehouse, and the number of the cask or other vessel, and the nature, quantity and strength of its contents.

(*2*) Each such cask or other vessel shall be sealed by the officer in charge, and a distinct impression of the seal shall be affixed on the pass forwarded to the Collector of the importing district under clause (*2*) of rule 13.

15. Accounts of all exports shall be kept, in the prescribed form, by the officer in charge of the distillery or warehouse.

Export of foreign liquor to Native States or foreign territory in India.

16. No foreign liquor shall be exported to any Native State or foreign territory in India unless the duty imposed thereon under section 27 has been paid.

Transport of foreign liquor under bond for payment of excise duty.

17. Rules 11 to 15 shall apply, *mutatis mutandis*, to the transport between distilleries and excise warehouses of foreign liquor on which full duty has not been paid under the Act.

COUNTRY SPIRIT.

Import of country spirit.

18. (*1*) Country spirit may be imported only with the permission of the Excise Commissioner, and under a bond for the payment of excise duty, and by—

(*a*) a person to whom an exclusive privilege for the supply or sale of such spirit has been granted under section 22, or

(*b*) a licensed wholesale dealer in country spirit.

(*2*) Rules 8 to 10 shall apply to such imports.

Export of country spirit.

19. (*1*) Country spirit may be exported only under a bond for the payment of excise duty and with the permission of the Excise Commissioner, which will not be given unless the authorities of the place of import allow the importation of such spirit therein.

(*2*) Rules 11 to 15 shall apply, *mutatis mutandis*, to such exports.

Transport of country spirit.

20. Rules 11 to 15 shall apply, *mutatis mutandis*, to the transport of country spirit between distilleries and excise warehouses.

GANJA.

Export of ganja *to other Provinces.*

21. (*1*) *Ganja* shall not be exported to another Province unless—

(*a*) it is exported direct from the public warehouse at Naugaon, in the district of Rajshahi, by a person (hereinafter called the importer) to whom a pass has been granted by the Collector or Officer in Charge of Excise of the importing district, or by the authorised agent of such person :

Provided that, in the case of a Feudatory State in Orissa, such pass must be accompanied by a permit granted by the Commissioner of Orissa or by the Political Agent;

(*b*) the officer issuing the said pass has forwarded two copies thereof to the Subdivisional Officer of Naugaon;

(*c*) the importer or his authorised agent has obtained from the Subdivisional Officer of Naugaon, as prescribed by rule 22, a license to purchase *ganja* from a licensed cultivator; and

(*d*) except in the case of exports to a Feudatory State in Orissa, a bond has been executed as prescribed by rule 26 for payment of duty in the Province to which the *ganja* is to be exported.

(*2*) Notwithstanding anything contained in sub-rule (*1*), the following procedure may be observed in the case of exports to Sambalpur :—

(*i*) The Deputy Commissioner of Sambalpur may forward an import pass in the prescribed form, in triplicate, to the Subdivisional Officer of Naugaon.

(*ii*) On receipt of the said import pass, *ganja* to the amount specified therein shall be purchased, either direct from cultivators or through a broker, by the Subdivisional Officer of Naugaon, and be consigned by him direct to the said Deputy Commissioner.

(*iii*) Rules 23 and 24 shall apply to such exports.

(*iv*) One copy of the said pass, together with the railway receipt, shall be posted to the Deputy Commissioner of Sambalpur, one copy shall be attached as a voucher to the annual return showing the *ganja* exported from Naugaon to each district which is submitted to the Collector of Rajshahi, and one copy shall be filed in the *ganja* office.

22. The importer or his authorised agent shall deliver to the Subdivisoinal Officer of Naugaon the original pass granted to him by the Collector or Officer in Charge of Excise of the importing district. The said Subdivisional Officer shall, thereupon, fill up and sign the license on the back of the pass and of the two copies thereof received by post, authorising the importer or his authorised agent to purchase *ganja* from a licensed cultivator, and shall return the original pass to the importer for presentation to the Supervisor of *ganja* cultivation, to whom he shall also forward the duplicate and triplicate copies of the pass :

Provided that the Subdivisional Officer may, in accordance with any general or special order of the Excise Commissioner, refuse to grant the said license to purchase, in which case he shall forthwith give telegraphic intimation of his refusal to the Collector of the importing district.

23. (*1*) Only *ganja* stored in the public warehouse shall be purchased.

(*2*) When the importer has completed his purchases, the Supervisor shall, on proof of the execution of a bond as prescribed in rule 26 and on production of the delivery order, the statement of purchases and the pass books of the cultivators concerned, issue the *ganja*. He shall first weigh each bag or chest in which the *ganja* is to be packed and mark in paint its number and weight thereon. The *ganja* shall then be weighed and packed in the bags or chests, dust and refuse being, as far as possible, removed. Bags shall be sealed along each seam and at the mouth. If chests are used, seals shall be affixed at the interstices between the planks, unless the *ganja* is enclosed in an inner covering of gunny, which should be sealed in the same way as has been prescribed in the case of bags. Each bag or chest must then be again weighed and the number and *gross* weight of each, the net weight of *ganja*, the number of the pass, the name of the importer and district to which the *ganja* is consigned must be legibly painted on each bag or chest.

24. When the weighments have been completed, the Supervisor shall enter on the back of the pass and of the duplicate and triplicate copies thereof—

(*a*) the number of each package,

(*b*) the gross weight of each package,

(*c*) the net weight of *ganja* in each package,

(*d*) the name of the purchaser, and

(*e*) the name of the person to whom delivery is to be given.

25. (*1*) The Supervisor shall then make over the original copy of the pass to the importer, who shall immediately take the *ganja* to the Santahar railway station on the Eastern Bengal State Railway for despatch to the place specified in the pass :

Provided that if the pass has been granted by a Collector or Officer in Charge of Excise of a district of the United Provinces of Agra and Oudh, the importer shall consign the *ganja* direct to such Collector or Officer, to whom he shall also send the original copy of the pass, together with the railway receipt, by post, in a registered cover.

(*2*) The duplicate copy of the pass shall be despatched by the Supervisor by the same day's post to the Collector or other officer who issued it, and the triplicate portion shall be attached as a voucher to the annual return showing the *ganja* exported from Naugaon to each district which is submitted to the Collector of Rajshahi.

26. (*1*) Except in the case of export to a Feudatory State in Orissa, the importer shall execute a bond (which may be either a general or a special bond) in the prescribed form in favour either of the Collector of Rajshahi or of the Collector of the importing district, binding himself, his heirs, successors and assigns to lodge the *ganja* within a reasonable time (to be fixed by the Subdivisional Officer of Naugaon) in an excise warehouse in the importing district, or to pay to the Collector of such district a sum equal to the amount of duty chargeable on the said *ganja*. The bond may also provide for the payment of penalty duty at such rate as may be prescribed on any deficiency or excess in quantity on the arrival of the *ganja* at its destination.

(*2*) If a bond has been executed in favour of the Collector of the importing district the fact shall be noted on the import pass by the officer who issues the same. In the event of the bond being executed in Naugaon, the Subdivisional Officer shall despatch the same by post to the Collector of the importing district in order that he may take necessary action thereon.

27. *Ganja* shall only be exported within the period for which the pass specified in rule 22 is current, or within such extension of the currency thereof as may be granted by the Collector of the importing district, or, if authorized by rules made in the importing province, to grant such extension by the Subdivisional Officer of Naugaon. Every extension of the period of an import pass granted by the Subdivisional Officer of Naugaon shall be notified to the Collector of the importing district.

Export of ganja *to the Native State of Cooch Behar.*

28. *Ganja* may be exported from the public warehouse at Naugaon without prepayment of duty to the Native State of Cooch Behar, provided that it is covered by an import pass granted by the Superintendent or the Dewan of the Cooch Behar State and on condition that duty is imposed thereon at the same rate, and that it is disposed of through licensed vendors under the same conditions prescribed in the case of the contiguous districts in British India. Rules 22 to 25 and 27 shall apply, *mutatis mutandis*, to such exports, save that proof of the execution of a bond shall not be required.

Export of ganja *to Hill Tippera.*

29. *Ganja* may be exported from an excise warehouse in Tippera to Hill Tippera on prepayment of duty, and on the production of a permit (either general or special) from the Political Agent. Such exports shall be covered by a pass issued by the Collector of the exporting district, which will be issued on production of a chalan showing payment of the duty imposed under section 27 of the Act.

Export of ganja *to the Native States of Nepal, Bhutan and Sikkim.*

30. *Ganja* may be exported to the Native State of Nepal, Bhutan or Sikkim only if it is taken from an excise warehouse in the district of Darjeeling.

31. *Ganja* shall be issued from such warehouses for such export only to *ganja* vendors of the State concerned who produce a license or other authority from that State to purchase *ganja*.

32. (*1*) The officer in charge of the warehouse shall, on production of proof of payment of the duty imposed under section 27, issue a pass to cover the consignment, and shall issue the *ganja* accordingly.

(*2*) The said pass shall be returned by the exporter to the officer in charge within the period specified therein.

33. In case of habitual neglect or delay by any exporter in returning passes, the Collector may either stop the further issue of *ganja* to such exporter or take such other steps, with the approval of the Excise Commissioner as may be necessary to enforce the timely return of passes.

Export of ganja *to French Chandernagore.*

34. (*1*) *Ganja* may be exported to French Chandernagore from the Calcutta warehouse only.

(*2*) Rules 31 to 33 shall apply to such exports.

Export of ganja *by sea to countries outside British India.*

35. When any person desires to export *ganja* by sea to a country outside British India, he must apply to the Collector of Excise of the Calcutta district for permission to export the *ganja*, and when the duty imposed under section 27 has been paid the Collector shall grant him a pass, in the prescribed form, and send a copy thereof to the Collector of Customs, Calcutta.

36. The *ganja* shall then be delivered to the exporter from the excise warehouse in Calcutta, and shall immediately be taken over to the Customs authorities for shipment.

37. The Collector of Customs, Calcutta, shall return the pass to the Collector of Excise of the Calcutta district, after noting thereon the quantity actually exported.

Transport of ganja *from the public warehouse at Naugaon in the district of Rajshahi to district warehouses.*

38. No *ganja* shall be purchased or transported from the public warehouse at Naugaon except—

(*a*) by a wholesale vendor licensed under the Act who has executed a bond (which may be either a general or a special bond) for the payment of the duty imposed under section 27 in favour of the Collector within whose jurisdiction his licensed warehouse is situated, or by the duly authorised agent of such wholesale vendor; or

(*b*) by a person specially authorised by the Excise Commissioner to effect such purchase and transport, under such conditions as he may prescribe :

Provided that any such vendor, agent or person may employ an authorised broker, holding a license from the Collector of Rajshahi or the Subdivisional Officer of Naugaon to purchase and transport *ganja* on his behalf.

39. A licensed wholesale vendor who wishes to purchase *ganja* shall apply for a pass to the Collector within whose jurisdiction the licensed warehouse is situated, who, if he sees fit, shall issue such pass. One copy of the pass shall be given to the wholesale vendor, two copies shall be despatched by the same day's post to the Subdivisional Officer of Naugaon and the counterfoil shall be retained in the district excise office. The currency of the pass shall be limited to the period necessary to enable the holder to complete his purchases and convey the *ganja* to his licensed warehouse, and should in no case exceed one month :

Provided that on good grounds being shown, the Subdivisional Officer of Naugaon may grant extensions of the period of the currency of a pass up to 15 days at a time.

40. Rules 22 to 27 shall apply, *mutatis mutandis*, to such transports.

41. The licensed wholesale vendor must submit the original copy of the pass within the period of its currency to the Collector or Subdivisional Officer within whose local jurisdiction the licensed wholesale warehouse is situated.

42. (*1*) On arrival in the district to which it is to be transported, the *ganja* shall immediately be taken direct to the excise warehouse specified in this behalf in the pass referred to in rule 39.

(*2*) Such warehouse must be a Government warehouse, where there is one, or, where there is no Government warehouse, then a private warehouse licensed by the Collector with the approval of the Excise Commissioner.

43. Either the Superintendent of Excise or such other officer as may be authorised by the Collector in this behalf shall, upon the arrival of the *ganja* at the warehouse, examine, weigh and store it.

Transport of ganja *from one wholesale licensed warehouse to another without prepayment of duty.*

44. Passes for the transport of *ganja* under bond for the payment of duty from one licensed wholesale warehouse to another in the same district may be granted by the Collector, but such transport shall not be permitted except—

(*a*) when the stock in the warehouse to which the *ganja* is to be transported is likely to become exhausted before a consignment can be obtained from Naugaon, or

(*b*) in order to enable a wholesale vendor whose license has been resigned or cancelled, or has not been renewed to dispose of his unsold stock.

In the case of such transports the provisions of rules 23 to 27, 41, 42 and 43 shall apply, *mutatis mutandis*, but no dust or refuse shall be removed before transport.

BHANG OR SIDDHI.

Import of bhang.

45. *Bhang* may be imported only by licensed wholesale vendors of *bhang* and only from the districts of Monghyr, Bhagalpur, and Purnea, in the province of Bihar and Orissa.

46. Such import may be made only after the importer has—

(*a*) executed a bond (which may be either a general or a special bond) in favour of the Collector of the importing or exporting district or such other officer as the Local Government of Bihar and Orissa may direct for payment of the duty imposed under section 27 of the Act, and

(*b*) obeyed all the rules made by the authorities of the province of Bihar and Orissa.

47. (*1*) A licensed wholesale vendor desiring to import *bhang* must apply for a pass to the Collector who, if he is satisfied that there is necessity for such import, shall grant him a pass in the prescribed form.

(*2*) Two copies of the said pass shall be sent to the Collector or such other officer, as the Local Government concerned may direct, of the district from which the import is to be made.

48. Such import shall not be made unless the importer has obtained from the proper authority in the exporting district a pass containing the following particulars, namely :—

(*a*) the gross weight of the package and the net weight of the *bhang* therein;

(*b*) the number of bags of *bhang* protected by the pass;

(*c*) the distinguishing marks by which such bags may be identified;

(*d*) the name of the person to whom delivery is to be given; and

(*e*) the route by which the *bhang* is to be conveyed.

49. A pass specified in rule 47 shall not have effect for more than one month from the date on which it was granted.

50. Rules 42 and 43 shall apply, *mutatis mutandis*, to such imports.

Export of bhang.

51. Rule 29, or rules 30 to 33 or rule 34, as the case may be, shall apply to exports of *bhang* to Native States and French Chandernagore.

CHARAS.

Import of charas.

52. *Charas* may be imported only by licensed wholesale vendors of *charas* and only from bonded warehouses in the Punjab.

53. A licensed vendor desiring to import *charas* must obtain from the Collector of the importing district a permit in such form, and pay therefor such fee, as may be prescribed by the Local Government.

54. Such import may be made only if the importer or his agent has—

(*a*) obeyed all rules made by the authorities of the Punjab,

(*b*) obtained a pass from the proper authorities in the exporting district, and

(*c*) immediately on receiving the *charas* from the said bonded warehouse, conveyed it to the nearest railway station and consigned it by railway to the Collector of the importing district and sent the railway receipt to such Collector in a registered cover.

55. No quantity of *charas* in excess of the quantity specified in the permit granted under rule 53 shall be imported.

56. (*1*) The Collector of the importing district shall depute an Excise Officer to take delivery of the *charas* from the railway station, and the said officer shall produce the *charas* before the Superintendent of Excise, or such other officer as the Collector may specify, for examination, weighment and comparison with the pass received from the exporting district.

(*2*) When the *charas* has been examined under sub-rule (*1*), and the import duty on the whole quantity exported from the Punjab or actually received, whichever is greater, has been fully paid, it shall be made over to the importer for sale.

(*3*) Intimation of the arrival of the *charas* and of the realization of the full duty thereon shall immediately be sent by the examining officer to the officer in charge of the bonded warehouse in the Punjab from which the drug was exported.

COCAINE.

Export and transport of cocaine.

57. The export and transport of cocaine, or any preparation or admixture thereof, in quantities in excess of the quantity obtained at one time and possessed by a person under a single *bonâ-fide* prescription of a qualified medical practitioner, may be made only by a licensed chemist or druggist, and only on the production—

(*a*) in the case of export to a district in British India, of permission from the Collector of that district,

or, in the case of a hospital or a charitable dispensary, of orders countersigned by a Civil Surgeon, an officer of the I.M.S. or an officer of the R.A.M.C.,

or, in the case of a veterinary dispensary, of orders countersigned by a Superintendent of a Civil Veterinary Department,

(*b*) in the case of export to a Native State or foreign territory in India, of permission from the proper authority therein,

(*c*) in the case of transport within a district, of a permit granted by the Collector,

or, in the case of a hospital or a charitable dispensary, of orders countersigned by a Civil Surgeon, an officer of the I.M.S. or an officer of the R.A.M.C.,

(*d*) in the case of transport from one district to another, of a permit granted by the Collector of the latter district,

or, in the case of a hospital or a charitable dispensary, of orders countersigned by a Civil Surgeon, an officer of the I.M.S. or an officer of the R.A.M.C.,

or, in the case of a veterinary dispensary, of orders countersigned by the Superintendent of the Civil Veterinary Department.

DURATION AND NUMBER OF LICENSES.

58. Licenses for the wholesale or retail vend of excisable articles may be granted for one year, from the 1st April to the 31st March, subject to the following provisions :—

(1) licenses for the retail vend of country spirit, *ganja*, *bhang* or *charas*, in the Calcutta district, may be granted for three years beginning on the 1st April;

(2) licenses for the retail vend of *pachwai* may be granted for any number of years up to three beginning on the 1st April, in cases where the Excise Commissioner considers this advisable;

(3) if any license be granted during the course of the financial year, it shall be granted only up to the 31st March next following;

(4) season licenses for the sale of fresh *tari* may be granted for periods fixed by the Collector;

(5) temporary licenses may be granted to provide for the supply of excisable articles on temporary and special occasions, *e.g.*, fairs, regimental camps of exercise, etc., and shall be limited to the period during which such temporary or special occasions last;

(6) wholesale licenses for the supply and sale of excisable articles may be granted for any number of years not exceeding five, as the Local Government may decide in each case.

59. The number of licenses which may be granted for any local area shall be regulated by the needs of the people of that area, and no license for the sale of any excisable article in any local area shall be granted unless it is required either to meet an ascertained demand for such article or to counteract supply through illicit sources.

60. The general principles below stated shall be borne in mind, and shall be applied by Collectors so far as possible in fixing the number of licenses to be granted for the retail sale of liquor and *ganja* :—

Liquor and *ganja* shops should not be so sparsely distributed as to give to each a practical monopoly over a considerable area, or at least such a monopoly should only be allowed when prices can be effectively fixed. At the same time, two or more shops should not be equally convenient to a considerable number of persons. In other words, liquor and *ganja* shops need not be so limited in number as to make it practically impossible for a resident in a particular area to get his liquor or *ganja* except from one particular shop; but it should only be possible for him to obtain his requirements from two different shops at the cost of considerable inconvenience, and he ought to have as little freedom of choice in the matter as possible.

LOCATION OF SHOPS.

61. (*1*) No new shop shall be licensed, for the consumption of liquor on the vendor's premises,—

(*a*) in a market-place, or

(*b*) at the entrance to a market-place, or

(*c*) in close proximity to a bathing ghât, school, hospital, place of worship, factory, or other place of public resort, or

(*d*) in the congested portion of a village.

(*2*) So far as practicable, an established liquor shop lincensed for the consumption of liquor on the premises should not be allowed to remain on a site which would not, under clause (*1*) of this rule, be permissible for the location of a new shop.

(*3*) In areas inhabited by aboriginal tribes or tea garden coolies, country spirit shops shall not be licensed to be placed immediately on the side of a main road or in any other prominent position that may place temptation in the way of such persons.

62. In granting licenses for new shops, and, as far as practicable, in granting licenses for established liquor shops, the Collector shall have regard to the following principles :—

(*a*) a liquor shop should not be inaccessible to consumers, but it should not be in such a situation as to obtrude itself on the attention of the public or to render persons passing by subject to annoyance from persons drinking;

(*b*) in towns, the position of a liquor shop should be so far public that persons entering it should not escape observation, and it should be such as to render supervision easy, but it should not be so prominent as to compel attention, *e.g.*, by occupying a whole side of a public square;

(*c*) a liquor shop should never occupy a position to which the near neighbours object on grounds which, upon inquiry, appear to be sufficient and free from malice or ulterior motives.

63. Licenses for the retail sale of liquor at any place within two miles of the border of another district shall not be granted unless the Collectors of both districts concur, or, if they fail to concur, unless the Excise Commissioner so directs.

64. Except with the previous sanction of the Local Government no new shop shall be licensed for the retail sale of any excisable article within three miles of the State of Nepal or Bhutan or of the Native States of Hill Tippera or Cooch Behar, nor shall the site of any existing shop within such limits be changed by more than 440 yards from the site approved by the Local Government.

65. Licenses for the sale of foreign liquor for consumption on the vendors' premises shall only be granted in places where there is a proved demand on the part of a class of drinkers accustomed to foreign liquor, *e.g.*, in large industrial centres, or in towns where there is a population specially accustomed to drinking such liquor.

66. Licenses shall not be granted for the sale of foreign liquor and country spirit on the same premises.

PROHIBITION OF GRANT OF RETAIL LICENSES TO CERTAIN PERSONS.

67. Licenses for the retail sale of any excisable article shall not ordinarily be granted—

(*a*) to any persons who have been convicted by a Criminal Court of a non-bailable offence, or

(*b*) to former licensees who are in arrears to Government, or whose conduct has been found to be unsatisfactory, or who have been found guilty of any serious breach of conditions of their licenses.

68. No license shall be granted to any person who is interested either directly or indirectly in the manufacture or sale of any excisable article in any foreign territory or Native State within or bordering upon Bengal.

69. No license shall be granted to an outstill licensee for the retail sale of foreign liquor or distillery spirit or *tari* in a shop within twenty miles of his outstill.

70. No license shall be granted to a distillery shop licensee for the retail sale of foreign liquor or *tari* in a shop within twenty miles of his distillery shop.

71. No license for the retail sale of country spirit shall be granted to any person who has been granted the exclusive privilege of manufacturing or supplying to retail vendors or of manufacturing and supplying country spirit to retail vendors thereof within a specified area, or to any person who has a joint interest either directly or indirectly with the grantee of an exclusive privilege as aforesaid, in such grant.

PROHIBITION OF SALE TO CERTAIN PERSONS.

72. (*1*) No excisable article shall be sold—

(*a*) to any Railway servant at the time on duty, to any Excise or Police-officer below the rank of Sub-Inspector being in uniform, any European vagrant under Police escort, or any insane person, by any licensed vendor or by the agent or servant of any licensed vendor, or

(*b*) to any soldier, whether in uniform or not, or any member of a soldier's family, or any camp-follower, by any licensed vendor or the agent or servant of any licensed vendor, unless such licensed vendor has been approved by the General Officer Commanding the Division or the Officer Commanding a Cantonment or camp.:

Provided that at Railway and Steamer Refreshment rooms and dâk bungalows—

(*i*) troops and camp followers marching under the command of an officer may be supplied with the consent of such an officer; and

(*ii*) soldiers and their families travelling in small parties not under the command of an officer may be supplied with a reasonable quantity if the men are in uniform and sober.

(*2*) In this rule,—

(*i*) " soldier " does not include a commissioned officer, a volunteer, or a soldier in civil employ, and

(*ii*) " camp-follower " means a person (other than a soldier or a private servant) whom the person selling an excisable article knows or has reason to believe to have a right to be in cantonments: and

(*iii*) the expressions " soldier," " member of a soldier's family," and " camp-follower " do not include an Indian soldier, or a member of an Indian soldier's family, or an Indian camp-follower, when such soldier or camp-follower is absent from his regiment.

ASCERTAINMENT OF LOCAL OPINION PRIOR TO THE GRANT OF CERTAIN LICENSES FOR THE RETAIL SALE OF LIQUOR AND INTOXICATING DRUGS.

Licenses for the retail sale of spirit for consumption on the vendors' premises.

73. (*1*) By the 20th October the Collector shall prepare a list showing what licenses it is proposed to grant for the retail sale of spirit, for consumption on the vendors' premises for the next period of settlement.

(*2*) The said list shall specify, as accurately as may be possible, the locality of the premises to be licensed, and shall distinguish proposed new licenses from existing licenses which it is proposed to renew.

(*3*) No new license shall be entered in the list and no change of site of an existing shop shall be proposed until the necessity therefor has been established by a local enquiry held by the Collector himself or by a gazetted officer.

74. Before the 1st November, the Collector shall—

(*a*) affix the notice required by clause (*a*), and proclaim the notice required by clause (*b*), of section 31, and

(*b*) send to the Chairman of each Municipality and of each Local Board an extract reproducing so much of the said list as relates to shops in the Municipality or the local area as the case may be for the sale of spirit for consumption on the vendors' premises, and

(*c*) send to the Commanding Officer of each cantonment an extract reproducing so much of the said list as relates to shops within the limits of the cantonment or within a distance of two miles from those limits, and

(*d*) give such opportunity as he thinks to be required for the expression of opinion—

(*i*) by Railway authorities, on proposals for the grant of licenses for shops near railway stations;

(*ii*) by Forest Officers, on proposals for the grant of licenses for shops for supplying spirit to aboriginal tribes inhabiting forests; and

(*iii*) by large employers of labour in tea gardens, mills, factories and coal mines, on proposals for the grant of licenses for shops for supplying spirit to their labourers.

75. The Chairman of each Municipality and of each Local Board shall cause a copy of the extract sent to him under rule 74, clause (*b*), to be conspicuously affixed at the central office of the Municipality or Local Board for a period of not less than seven days expiring before the 14th November, and shall send to each member of each Ward Committee (if any), and in the case of Local Boards, to each elected member not later than the 5th November a copy of so much of the extract as relates to shops situated in his ward, or in the area for which he has been elected as a representative.

76. All objections and opinions with respect to proposals contained in the list referred to in rule 73 must be sent so as to reach the Collector (or in the Calcutta district, the President of the Licensing Board concerned) by the 15th November;

and the Commanding Officer of each cantonment must inform the Collector by the same date whether he consents to the proposals contained in the extract sent to him under rule 74, clause (*c*).

77. In the Calcutta district each Licensing Board shall by the 30th November submit the list referred to in rule 73, as revised by it under section 34, together with all objections and opinions which it had received by the 15th November, and a copy of its proceedings, to the Excise Commissioner, and shall at the same time forward a copy of the revised list to the Collector of Excise, Calcutta.

78. (*1*) In areas outside the Calcutta district, local committees shall be formed by the 15th November to consider and advise the Collector upon the proposals contained in the list referred to in rule 73 regarding the number of licenses and location of shops. The local committee for each Municipal town shall be constituted by the Commissioner of the Division with due regard to the adequate representation of the non-official community and of the Excise Department. In areas other than Municipal towns the Local Boards shall be local committees for the areas under their charge.

(*2*) The Collector shall record the opinion of each local committee upon the proposed number of licenses and location of shops in the area with which it is concerned and upon the objections which he has received by the said date; and if that opinion is not accepted by him, he shall record his reasons for disagreement: Provided that the Collector may delegate the duty of recording the opinion of any committee except the committee constituted for the Municipality at the district headquarters and the Sadar Local Board to the Subdivisional Officer. In such cases the Subdivisional Officer shall forward to the Collector all objections and opinions together with the opinion of the local committee and his own opinion.

(*3*) On or before the 30th November the Collector shall submit the list referred to in rule 73, as revised by him under section 34, and the objections

and opinions which he has received by the 15th November, together with a report of the proceedings of the local committees and his own opinion, to the Commissioner of the Division.

(4) On or before the 10th December, the Commissioner of the Division shall forward to the Excise Commissioner the list, objections, opinions and report so submitted to him with his own opinion and recommendations (if any).

Other licenses for the sale of excisable articles.

79. Rule 73, rule 74 except clause (*a*), and rules 75 to 78, shall apply also to all licenses for the retail sale of excisable articles, other than licenses of the classes specified in section 37 :

Provided that, in the case of *pachwai* licenses and fermented *tari* licenses which it is proposed to grant outside municipalities, an abstract of the revised list referred to in rule 78, shall be submitted to the Commissioner of the Division, instead of a full list, unless the Commissioner specially directs the submission of a full list.

RESTRICTIONS ON THE EXERCISE OF POWERS CONFERRED BY SECTIONS 66 AND 67.

80. No Excise Officer shall exercise any of the powers conferred by section 66 (entry, inspection, testing, seizure, etc.) in respect of any licensed place of manufacture or storage which is under the charge of an Excise Officer, unless (*a*) he is of or above the rank of Inspector and superior in rank to such officer in charge, or (*b*) he has been specially authorised in writing by the Collector to do so.

81. (*1*) Officers below the rank of Sub-Inspector in the Excise or Police Department, or of Preventive Officer in the Customs Department, or of Kanungo in the Land Revenue Department may exercise in open places only the power conferred by section 67 (arrest without warrant, seizure, and search).

(*2*) The expression " open places " in this rule means " open " in the ordinary sense, as opposed to " closed," but does not include a dwelling-house.

82. Any officer who, outside his local jurisdiction arrests any person or seizes any article under section 67 shall without delay make over such person or article to an Excise officer having local jurisdiction, or to the officer in charge of the nearest police-station.

INFORMATION AND AID TO EXCISE OFFICERS.

83. The information which officers referred to in section 71 are required to give of breaches of provisions of the Act shall be given to the Collector or the Subdivisional Officer or to the nearest Excise Officer having jurisdiction to investigate the offence.

84. No Excise Officer below the rank of Sub-Inspector shall request any officer referred to in section 71, sub-section (*1*), to aid him in carrying out the provisions of the Act or of any rule, notification or order made, issued or given under the Act.

85. (*1*) When any Excise Officer not below the rank of Sub-Inspector requires the aid of any officer referred to in section 71, sub-section (*1*), in making any arrest or search under the Act, he shall send a requisition (which shall be in writing, if the exigencies of the occasion permit) stating the nature of the aid required and the reasons for which it is required—

(*a*) if the aid of the police is required—to the officer in charge of the police-station within the limits of which the arrest or search is to be made, or

(*b*) if the aid of any other officer referred to in the said sub-section is required—to the nearest superior officer of the Department or body which he serves :

Provided that in the case of emergency such Excise Officer may require aid from the nearest available officer.

(*2*) If any officer to whom a requisition is sent under sub-rule (*1*) of this rule feels unable to render the aid required, he shall forthwith inform the officer who sent the requisition of his reasons for withholding it, and shall, if necessary, refer to his immediate superior for instructions.

86. A village chaukidar or daffadar shall not be required to aid Excise Officers in carrying out any provisions of the Act, or of any rule, notification or order made, issued or given under the Act, except in the matter of making an arrest, search or seizure or a distraint of moveable property within the village, union or circle for which he is appointed.

GRANT OF EXPENSES TO WITNESSES.

87. Expenses of witnesses appearing under summons or produced before any Court in Excise cases may be granted by the Court, or by the Collector, in accordance with the following rules, namely :—

(*a*) in the case of Government servants—rules 103 to 107 in the Bengal Treasury Manual, 1914, and

(*b*) in the case of other persons—the rules made by the High Court for the grant of expenses to witnesses in criminal cases.

GRANT OF COMPENSATION.

88. Compensation for loss of time may be granted to persons referred to in section 85, clause (*n*), by the Collector or by the Magistrate before whom they are charged.

89. Such grants shall be made under the same conditions as grants of expenses under the rules referred to in clause (*b*) of rule 87, and shall be subject to the maximum limit prescribed by those rules for the grant of expenses.

No. 596S.R.—The 30th March 1915.—In exercise of the powers conferred by the portions of the Bengal Excise Act, 1909 (Bengal Act V of 1909), as amended by the Bengal Excise (Amendment) Act, 1914 (Bengal Act VII of 1914), hereinafter mentioned, the Governor in Council is pleased to make the following orders.

II. The following notifications, as amended by subsequent notifications, are hereby cancelled, namely :—

(*1*) Notification No. 715S.R., dated the 25th November 1909, issued by the Government of Bengal ;

(*2*) Notification No. 5978B., dated the 27th November 1909, issued by the Board of Revenue, Bengal ;

(*3*) Notification No. 65M.D., dated the 10th November 1911, issued by the late Government of Eastern Bengal and Assam ;

(*4*) Notification No. 835Ex., dated the 14th November 1911, issued by the late Board of Revenue, Eastern Bengal and Assam.

III. These orders shall come into force with effect from the 1st April 1915.

H. L. STEPHENSON,
Secy. to the Govt. of Bengal.

SECTION 2, CLAUSE (1) (*c*).

1. The following area is declared to be included in the "Calcutta district," namely, the area actually occupied by the Russa distillery premises and lands appertaining thereto, known as *Pagla Garad*, in mauza No. 6 in the mujmuli map of thana Tollyganj in the district of the 24-Parganas, together with the road leading to that distillery from the Shahpore Road, which separates the Excise districts of Calcutta and the 24-Parganas.

SECTION 3.

2. The following articles shall be deemed to be *ganja*, *bhang* or *siddhi* and *charas*, respectively :—

Notification No. 6, dated the 29th May 1911.
Notification No. 1, dated the 14th January 1913.
Notification No. 11, dated the 4th November 1913.

2. The draft will be taken into consideration on or after the 6th May 1915, and any objection or suggestion received by the undersigned before that date will be duly considered.

THE CALCUTTA CANALS.

(1) The Circular Canal, comprising the whole of the still-water canal between the Dhappa and Chitpur Locks, together with its junction with the river Hooghly and the Orange Soorah at Dhappa.

(2) The Central Lake Channel from its junction with the Calcutta Canals at the Dhappa Lock to its junction with the Bidyadhari River at Bamanghata.

(3) The Nowbhanga Khal extending northwards for a mile from its junction with the Central Lake Channel below the Dhappa Lock.

(4) The Soorah from its junction with the Central Lake Channel below the Dhappa Lock and extending to the fish market situated adjacent to, and to the west of, the Dhappa Inspector's residence.

(5) The Kristopur Canal extending from a point in the New Cut Canal 1 mile 4,700 feet from Chitpur Lock to a point on the Bhangore Khal at Kantatala, together with the outfall channel, 4,180 feet in length.

TOLLY'S NALA.

Tolly's Nala extending from a line drawn across the Nala 25 feet west of the Hastings Bridge at Kidderpore to the Bidyadhari River at Samukpota.

7	On *saltees* of 25 maunds and less than 50 maunds by canal measurement entering by Russa Toll-station. Larger *saltees* will be charged at the rate given in Nos. 1, 2 and 3 above.	.....	.....	.....	0 8
8	Minimum toll on all boats, floats or rafts	4 0	0 4	0 4	0 4

9. (*1*) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristopur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristopur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days for Tolly's Nala between Gurreah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[*Note.*—Open dinghees accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (*1*) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(*2*) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(*3*) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14. *Additional toll.*—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (*1*) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *viâ* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(*2*) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 4 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If any boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

Letter of July 31, 1914, from the President of the French Republic to the King respecting the European Crisis, and His Majesty's Reply of August 1, 1914.

No. 1.

THE PRESIDENT OF THE FRENCH REPUBLIC TO THE KING.

Paris, le 31 juillet, 1914.

Cher et grand Ami,

DANS les circonstances graves que traverse l'Europe, je crois devoir communiquer à votre Majesté les renseignements que le Gouvernement de la République a reçus d'Allemagne. Les préparatifs militaires auxquels se livre le Gouvernement Impérial, notamment dans le voisinage immédiat de la frontière française, prennant chaque jour une intensité et une accélération nouvelles. La France, résolue à faire jusqu'au bout tout ce qui dépendra d'elle pour maintenir la paix, s'est bornée jusqu'ici aux mesures de précaution les plus indispensables. Mais il ne semble pas que sa prudence et sa modération ralentissent les dispositions de l'Allemagne ; loin de là. Nous sommes donc, peut-être, malgré la sagesse du Gouvernement de la République et le calme de l'opinion, à la veille des événements les plus redoutables.

De toutes les informations qui nous arrivent, il résulte que si l'Allemagne avait la certitude que le Gouvernement anglais n'interviendrait pas dans un conflit où la France serait engagée, la guerre serait inévitable, et qu'en revanche, si l'Allemagne avait la certitude que l'entente cordiale s'affirmerait, le cas échéant, jusque sur les champs de bataille, il y aurait les plus grandes chances pour que la paix ne fût pas troublée.

(Translation.)

Paris, July 31, 1914.

Dear and great Friend,

IN the grave events through which Europe is passing, I feel bound to convey to your Majesty the information which the Government of the Republic have received from Germany. The military preparations which are being undertaken by the Imperial Government, especially in the immediate neighbourhood of the French frontier, are being pushed forward every day with fresh vigour and speed. France, resolved to continue to the very end to do all that lies within her power to maintain peace, has, up to the present, confined herself solely to the most indispensable precautionary measures. But it does not appear that her prudence and moderation serve to check Germany's action ; indeed, quite the reverse. We are, perhaps, then, in spite of the moderation of the Government of the Rupublic and the calm of public opinion, on the eve of the most terrible events.

From all the information which reaches us, it would seem that war would be inevitable if Germany were convinced that the British Government would not intervene in a conflict in which France might be engaged ; if, on the other hand, Germany were convinced that the *entente cordiale* would be affirmed, in case of need, even to the extent of taking the field side by side, there would be the greatest chance that peace would remain unbroken.

Sans doute nos accords militaires et navals laissent entière la liberté du Gouvernement de votre Majesté, et, dans les lettres échangées en 1912 entre Sir Edward Grey et M. Paul Cambon, l'Angleterre et la France se sont simplement engagées, l'une vis-à-vis de l'autre, a causer entre elles en cas de tension européenne et à examiner ensemble s'il y avait lieu à une action commune. Mais le caractère d'intimité que le sentiment public a donné, dans les deux pays, à l'entente de l'Angleterre et de la France, la confiance avec laquelle nos deux Gouvernements n'ont cessé de travailler au maintien de la paix, les sympathies que votre Majesté a toujours témoignées à la France, m'autorisent à lui faire connaître, en toute franchise, mes impressions, qui sont celles du Gouvernement de la République et de la France entière.

C'est, je crois, du langage et de la conduite du Gouvernement anglais que dépendent désormais les dernières possibilités d'une solution pacifique.

Nous avons nous-mêmes, dès le début de la crise, recommandé à nos Alliés une modération, dont ils ne se sont pas départis. D'accord avec le Gouvernement Royal et conformément aux dernières suggestions de Sir E. Grey, nous continuerons à gair dans le même sens.

Mais si tous les efforts de conciliation partent du même côté, et si l'Allemagne et l'Autriche peuvent spéculer sur l'abstention de l'Angleterre, les exigences de l'Autriche demeureront inflexibles et un accord deviendra impossible entre la Russie et elle. J'ai la conviction profonde qu'à l heure actuelle, plus l'Angleterre, la France et la Russie donneront une forte impression d'unité dans leur action diplomatique, plus il sera encore permis de compter sur la conservation de la paix.

Votre Majesté voudra bien excuser une démarche qui n'est inspirée que par le désir de voir l'equilibre européen définitivement raffermi.

Je prie votre Majesté de croire à mes sentiment les plus Cordiaux.

R. POINCARÉ.

It is true that our military and naval arrangements leave complete liberty to your Majesty's Government, and that, in the letters exchanged in 1912 between Sir Edward Grey and M. Paul Cambon, Great Britain and France entered into nothing more than a mutual agreement to consult one another in the event of European tension, and to examine in concert whether common action were advisable.

But the character of close friendship which public feeling has given in both countries to the *entente* between Great Britain and France, the confidence with which our two Governments have never ceased to work for the maintenance of peace, and the signs of sympathy which your Majesty has ever shown to France, justify me in informing you quite frankly of my impressions, which are those of the Government of the Republic and of all France.

It is, I consider, on the language and the action of the British Government that henceforward the last chances of a peaceful settlement depend.

We ourselves, from the initial stages of the crisis, have enjoined upon our Ally an attitude of moderation from which they have not swerved. In concert with your Majesty's Government, and in conformity with Sir E. Grey's latest suggestions, we will continue to act on the same lines.

But if all efforts at conciliation emanate from one side, and if Germany and Austria can speculate on the abstention of Great Britain, Austria's demands will remain inflexible, and an agreement between her and Russia will become impossible. I am profoundly convinced that at the present moment the more Great Britain, France, and Russia can give a deep impression that they are united in their diplomatic action, the more possible will it be to count upon the preservation of peace.

I beg that your Majesty will excuse a step which is only inspired by the hope of seeing the European balance of power definitely reaffirmed.

Pray accept the expression of my most cordial sentiments.

R. POINCARÉ.

No. 2.

THE KING TO THE PRESIDENT OF THE FRENCH REPUBLIC.

Buckingham Palace, August 1, 1914.

Dear and great Friend,

I most highly appreciate the sentiments which moved you to write to me in so cordial and friendly a spirit, and I am grateful to you for having stated your views so fully and frankly.

You may be assured that the present situation in Europe has been the cause of much anxiety and preoccupation to me, and I am glad to think that our two Governments have worked so amicably together in endeavouring to find a peaceful solution of the questions at issue.

It would be a source of real satisfaction to me if our united efforts were to meet with success, and I am still not without hope that the terrible events which seem so near may be averted.

I admire the restraint which you and your Government are exercising in refraining from taking undue military measures on the frontier, and not adopting an attitude which could in anywise be interpreted as a provocative one.

I am personally using my best endeavours with the Emperors of Russia and of Germany towards finding some solution by which actual military operations may at any rate be postponed, and time be thus given for calm discussion between the Powers. I intend to prosecute these efforts without intermission so long as any hope remains of an amicable settlement.

As to the attitude of my country, events are changing so rapidly that it is difficult to forecast future developments; but you may be assured that my Government will continue to discuss freely and frankly any point which might arise of interest to our two nations with M. Cambon.

Believe me,

M. le Président,

NOTIFICATION.

COMMERCE AND TRADE.

Delhi, the 27th March 1915.

No. 2987-W.—The following Royal Proclamation is published for general information :—

BY THE KING.

A PROCLAMATION

RELATING TO TRADING WITH THE ENEMY (OCCUPIED TERRITORY).

GEORGE R. I.

WHEREAS, as a result of the present war, certain territory forming part of the territory of an enemy country, is or may be in the effective military occupation of Us or Our Allies, or of a Neutral State (in this Proclamation referred to as "territory in friendly occupation"), and certain territory forming part of Our territory or of that of an allied or Neutral State, is or may be in the effective military occupation of an enemy (in this Proclamation referred to as "territory in hostile occupation"):

AND WHEREAS it is expedient in Our interest and in that of Our Allies that the Proclamations relating to trading with the enemy should apply to territory in friendly occupation as they apply to Our territory or that of Our Allies, and should apply to territory in hostile occupation as they apply to an enemy country:

NOW, THEREFORE, We have thought fit, by and with the advice of Our Privy Council, to issue this Our Royal Proclamation declaring, and it is hereby declared, as follows:—

1. The Proclamations for the time being in force relating to trading with the enemy shall apply to territory in friendly occupation as they apply to Our territory or that of Our Allies, and to territory in hostile occupation as they apply to an enemy country.

2. Any references to the outbreak of the war in any Proclamation so applied shall, as respects territory in friendly or hostile occupation, be construed as references to the time at which the territory so became in friendly or hostile occupation.

3. The certificate of any person authorised by a Secretary of State to give such certificates that any territory is in friendly or hostile occupation within the meaning of this Proclamation, or as to the time at which any territory so became or ceased to be territory in friendly or hostile occupation, shall, for the purposes of this Proclamation, be final and conclusive.

4. PART I B.

Orders by the Governor of Bengal in Council.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 806M.—The 26th March 1915.—In pursuance of section 37F of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), it is hereby notified for general information that the scheme submitted by the Commissioners of the Uttarpara Municipality for providing a water-supply to that Municipality has been approved by the Governor in Council, and that the particulars of the said scheme are as follows:—

(*a*) The scheme is designed to supply 100,000 gallons of filtered water a day to a population of 7,400. The source of supply is the river Hooghly from which it will be pumped to an unfiltered water tank. From the tank the water will gravitate through two mechanical filters to the clear-water reservoir which will be in two parts and will hold altogether about 25,000 gallons. From this reservoir, again, the water will be pumped into an elevated reservoir built over the unfiltered water tank, whence it is to be distributed to the town along the following roads:—

Grand Trunk Road, Bijoy Babu Street, Eden Road, Raj Krishna Mukharji Street, Joy Krishna Mukharji Street, Lawrence Road, Kaliporc Road, Munshipara Street, Banerjeepara Street, Talpukur Street, Choukighat Street, Thakur Mahasaya Street, Mondal Street, Sibtala Street, Circular Road and Joysankar Bhattacharjee Street.

(*b*) The estimated cost of the scheme is Rs. 1,30,546.

(*c*) The estimated cost of maintenance is Rs. 7,000.

(*d*) The sum of Rs. 1,30,546 on account of the cost of the scheme will be met as follows:—

	Rs.
Donation received	40,000
Further expected donation	11,700
Grant from Government	44,815
Loan from Government	25,000
Interest on money in Bank	2,796
Contribution from General Municipal Fund	4,881
Loan from Latrine Fund	870
Loan from Hackney Carriage Fund ...	484
Total ...	1,30,546

The annual charge of Rs. 7,000 on account of maintenance will be met from the water-rate and that of Rs. 1,828 on account of the repayment of the loan of Rs. 25,000 will be met from the General Fund.

(*e*) A loan of Rs. 25,000, bearing interest at 4 per cent. per annum, will be taken by the Municipality from Government to meet the cost of the scheme. It will be repaid by forty half-yearly instalments of Rs. 914 each; twenty years will be required to repay it.

(*f*) The total annual charge on account of the maintenance of the scheme is estimated at Rs. 7,000 and that on account of the repayment of the loan of Rs. 25,000 is Rs. 1,828. The former will be met from the proceeds from the water-rate and the latter will be met from the General Fund.

(*g*) The water-rate will be levied at the rate of 6 per cent. on the value of holdings.

(*h*) The average incidence of the water-rate per head of present population of the said Municipality will be Re. 0-15-7.

A. H. CLAYTON, Collector.

Chittagong Collectorate, the 20th March 1915.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Southern Section of the Eastern Bengal State Railway, in the district of the 24-Parganas, will be put up for sale at Baruipur Railway station on 4th May 1915, corresponding with the 21st day of Baisakh, 1322 B.S., Tuesday, about 3-30 P.M.

The purchaser of the several plots of land will be subject to the following conditions :—

1st.—The purchaser will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or plough the land nearer than three feet from the same.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th—The plots of land will be sold revenue-free to the highest bidders.

5th.—The sale will become final on receipt, by the Collector, of the orders of the Commissioner confirming it, and a regular conveyance will then be granted to the purchaser.

NOTICE.

License to extract and purchase timber from the North and Middle Andaman Islands.

1. Notice is hereby given that the Government of India are prepared to consider tenders for a license to extract and purchase padauk and other timbers from—

(*i*) The North Andaman with Interview, Bennett, and all other Islands north of Austin Strait.

(*ii*) The Middle Andaman excepting that portion to the west of Yoljig and south of the main line cleared from the junction of the Chara-lung-ta and Bom-lung-ta streams westwards to Mount Oldham and on to the sea.

2. Sites for depôts, sawmills, residences, and other purposes essential to the carrying out of the terms of the license will be made available at Pott Cornwallis, Stewart Sound, and Long Island at the discretion of the Chief Commissioner of the Andaman and Nicobar Islands.

3. Tenders may be submitted for either or both of the above areas. The license will be for 20 years from the 1st January 1916, or such later date within six months of the acceptance of the tender as may be agreed upon, with the option of renewal for another 20 years on terms to be notified by the Government of India hereafter ; but those persons whose tenders have been accepted will be permitted to clear land for buildings, and other purposes connected with the license, and to start the erection of such buildings, as from the date on which the agreement is signed and the security money deposited.

4. The fellings will be regulated by the working plans sanctioned or to be sanctioned, by the Government of India. The two areas, mentioned in paragraph 1 above will each be divided into three sub-periodic blocks. Felling and extraction of timber and the payment of royalty thereon must be completed in sub-periodic block I by the end of the first seven years of the license, work being similarly completed in sub-periodic blocks II and III by the end of the 11th and 15th years, respectively. Throughout the period of the agreement the Secretary of State for India in Council will retain the right to extract from the licensed areas timber required for local (other than trade purposes) and for local public works, and in any sub-periodic block on the expiry of the period allotted for the working thereof to issue licenses or otherwise provide for the felling, extraction, and disposal of timber which the licensees have omitted or are not bound to extract.

5. The padauk trees to be felled will be marked previously by the Forest Department, and none but marked trees shall be felled. The first sub-periodic block in each area will be located in the neighbourhood of Stewart Sound.

6. The minimum annual outturn of padauk timber for the first fourteen years after which the present working plan will be revised, is estimated as follows, but the accuracy of the estimate is not guaranteed :—

(*i*) From the North Andaman including Interview and Bennett Islands—

1,200 sound trees of and over 9 feet in girth,
1,000 exploitable unsound trees,

which may be expected to yield—

2,100 tons of first-class logs,
1,400 tons of second-class logs,
2,000 tons of third-class logs.

(*ii*) From the Middle Andaman—

2,400 sound trees of and over 9 feet in girth,
2,000 exploitable unsound trees,

which may be expected to yield—

4,200 tons of first-class logs,
2,800 tons of second-class logs,
4,000 tons of third-class logs.

The outturn for the last six years of the license will be determined by working plans to be drawn up hereafter.

7. In addition the licensees will be permitted to cut, subject to previous marking, should this in the opinion of the Forest Officer be considered desirable, and to such limits as to area and number as may be imposed by the Chief Commissioner of the Andaman and Nicobar Islands from time to time, other species as follows :—

Gurjan over 8 ft. in girth, *didu* and *pyinma* over 7½ ft. in girth, and *koko*, black *chuglam*, white *chulgam*, white *bambwe*. red *bambwe*, and *taungpein* over 6 ft. in girth.

8. The timber will, in all cases, be measured in the round log either at the stump or at collecting depôts as may be found convenient by the Forest Department. All felled timber will be held to be at the risk of the licensees and to be liable to the payment of royalty which must be paid before removal from the islands or conversion in a sawmill.

9. For the first three years of the license royalty will be payable at the rates agreed on and on the amount of timber felled ; but thereafter minima annual royalties will be payable as follows :—

(*i*) for the North Andaman, Rs. 1,00,000 per annum,
(*ii*) for the Middle Andaman, Rs. 1,00,000 per annum,
(*iii*) in case of a combined license for both islands, Rs. 2,00,000 per annum.

10. Except with the special permission of the Divisional Forest Officer all padauk trees, sound or unsound, which have been marked by the forest officers as in their opinion worth conversion, must be felled and royalty paid on them.

11. Should the licensees desire to exploit any form of minor produce or any timber other than those species mentioned above, they may be permitted to do so on terms to be settled hereafter by the Chief Commissioner of the Andaman and Nicobar Islands.

12. The licensees will be subject to such restrictions as the Government of India may prescribe to prevent communication between their employés and the convict population in the Andamans.

13. Subject to the general control of the Chief Commissioner of the Andaman and Nicobar Islands the cultivation of field crops solely for the support of the labour force will be permitted free of taxation.

14. Facilities will be provided at Stewart Sound for wireless telegraphy, and as far as may be possible for a weekly steamer or launch connection for postal purposes between this place and Port Blair.

15. Such padauk timber as may be available from departmental working in the areas not included in the first paragraph of this notice or in sub-periodic blocks in which felling and extraction of timber has been completed by the licensees in accordance with the provisions of paragraph 4 above and as may not be required for local consumption in the islands or for issue to State-worked railways or other Government departments in India and Burma, will be sold either by public auction or by public tender, provided that the quantity to be so sold annually, commencing from the first of January 1917, shall not exceed 500 tons of squares and 1,000 tons of scantlings. There will be no limit to the quantity of timber other than padauk which may be extracted from the areas under reference, and no restriction as to its disposal.

16. The Inspector-General of Forests, Simla, will answer calls for further information.

17. Tenders must be submitted on forms to be obtained from the Secretary to the Government of India in the Department of Revenue and Agriculture, and must be accompanied by a receipt for the payment into any Government Treasury of a sum of Rs. 1,500 in cash or in Government securities. This deposit will be returned to unsuccessful tenderers, but in the case of persons whose tenders have been accepted will be subject to forfeiture in the event of their failure to execute within the time specified the agreement referred to below.

18. All persons whose tenders have been accepted will be required to execute an agreement in a form approved by the Government of India, copies of which can be obtained on application to the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla. This agreement must be signed within three months of the acceptance of the tender.

19. Tenders, marked "Tender for Andamans Timber License", should be submitted so as to reach the Secretary to the Government of India in the Department of Revenue and Agriculture, Simla, on or before the 1st September 1915. The Government of India do not undertake to accept the highest or any tender either for padauk or for other timbers, or to assign any reasons for the refusal or acceptance of any tender.

20. Without the written sanction of the Government of India no transfer, assignment or sub-letting of their license by the licensees will be valid.

L. J. KERSHAW,
Secretary to the Government of India,
Department of Revenue and Agriculture.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the Fund are (1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The Fund is now of ten years' standing and has a balance of over three and-a-half lakhs with Government on four per cent. interest. For forms of applications and rules of the Fund apply to the Comptroller, India Treasuries Imperial Secretariat Buildings, Calcutta.

Notice.

ON and from 15th October, 1914, the Government of Bengal has ceased to undertake cash sales of publications of that Government at the Bengal Secretariat Book Depôt.

Intending purchasers should in future apply to Messrs. Cambray & Co., Booksellers and Publishers, of No. 9, Hastings Street, or to Messrs. Rai M. C. Sarkar Bahadur & Sons, of 75-1-1, Harrison Road, or to Messrs Thacker Spink & Co., 5 & 6, Government Place, North, Calcutta, at whose premises all publications of this Government which are for sale will be open to inspection.

Agents for the sale of Government publications and booksellers, who are allowed commission on the purchase of books, will be supplied by the Book Depôt as at present.

The Book Depôt will continue as heretofore, to conduct sales of books by post, and persons desirous of procuring Government publications by this method, should address their requisitions to the Book Depôt.

COMMISSIONERS FOR THE PORT OF CHITTAGONG.

Notification.

WHEREAS owing to the loss of revenue of the Chittagong Port Trust due to the decrease of traffic consequent upon the outbreak of the War it appears to the Commissioners for the Port of Chittagong and to the Governor in Council of the Presidency of Fort William in Bengal that the ordinary revenue of the Trust will be insufficient to meet the working expenses thereof, and that it is therefore necessary to resort temporarily to special measures of additional taxation on goods and shipping.

Now therefore it is notified for general information under section 58 of the Chittagong Port Act, 1914 (Bengal Act V of 1914) that with the previous sanction of the Governor in Council the rates of the river due at present levied at the Port of Chittagong shall be raised as a temporary measure with effect from 1st April 1915 from two to four annas per ton on all goods landed from or shipped into any sea-going vessel lying or being within the limits of the Port whether such goods shall or shall not be so landed or shipped at any wharf, quay, stage, jetty or pier belonging to the Commissioners.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Acts of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 435L., dated Calcutta, the 29th March, 1915.—The following Act, passed by the Legislative Council of the Governor of Bengal, received the assent of His Excellency the Governor on the 10th March, 1915, and, having been assented to by His Excellency the Viceroy and Governor General on the 27th idem, is hereby published for general information :—

BENGAL ACT No. II OF 1915.

THE BENGAL STEAM-BOILERS AND PRIME-MOVERS (AMENDMENT) ACT, 1915.

An Act further to amend the Bengal Steam-boilers and Prime-movers Act, 1879.

WHEREAS it is expedient further to amend the Bengal Steam-boilers and Prime-movers Act, 1879, in the manner hereinafter appearing ; Ben. Act III of 1879.

It is hereby enacted as follows :—

Short title. 1. This Act may be called the Bengal Steam-boilers and Prime-movers (Amendment) Act, 1915.

Amendment of section 1 of Ben. Act III of 1879. 2. For the third paragraph of section 1 of the Bengal Steam-boilers and Prime-movers Act, 1879 (hereinafter called the said Act), the following shall be substituted, namely :— Ben. Act III of 1879.

" Nothing in this Act shall apply—

(*a*) to any locomotive engine used upon any railway or any steam-vessel in the port of Calcutta, or

(*b*) to any boiler or prime-mover used exclusively for domestic purposes at atmospheric pressure, or

(*c*) to any boiler or prime-mover, or class of boilers or prime-movers, which the Local Government may, by order, specify in this behalf."

Amendment of section 3.

3. In section 3 of the said Act, the following definition shall be inserted after the definition of "owner", namely:—

"'Inspector' means any person appointed under section 4 to exercise the powers and perform the duties of an inspector under this Act."

Amendment of section 4.

4. For section 4 of the said Act, the following section shall be substituted, namely:—

"4. (*1*) The Local Government may from time to time, by notification in the *Calcutta Gazette*, make rules for carrying out the purposes and objects of this Act.

Power to make rules.

(*2*) In particular, and without prejudice to the generality of the foregoing power, such rules may—

(*a*) provide for the appointment of inspectors under this Act;

(*b*) prescribe the powers and duties of such inspectors and regulate the period of their service;

(*c*) regulate the grant of leave to such inspectors and authorize the payment of leave-allowances to the said inspectors;

(*d*) prescribe the remuneration to be paid to any person appointed to act for an inspector during his absence on leave;

(*e*) prescribe the conditions under which an inspector shall, on retirement, receive a pension, gratuity or compassionate allowance, and the amount of such pension, gratuity or compassionate allowance;

(*f*) prescribe the conditions under which a pension, gratuity or compassionate allowance may be paid to any inspector injured, or to the relatives of any inspector killed, in the execution of his duty, or who may die in such exceptional circumstances as would, in the opinion of the Government of India, justify the payment of a pension, gratuity or compassionate allowance to his relatives had he been in Government service, whether the injury or death occurred before or after the commencement of the Bengal Steam-boilers and Prime-movers (Amendment) Act, 1915;

(*g*) fix the fees payable on account of certificates granted under this Act;

(*h*) prescribe the time for which certificates granted under this Act shall remain in force;

(*i*) provide for the attendance of assessors and prescribe a penalty for non-attendance; and

(*j*) regulate the procedure on hearing appeals.

(*3*) The power to make rules conferred by this section is subject to the condition of the rules being made after previous publication.

(*4*) The date to be specified as that on or after which a draft of rules proposed to be made under this section will be taken into consideration shall not be less than one month from the date on which the draft of the proposed rules was published for general information."

QUESTIONS AND ANSWERS.

LIST OF BUSINESS—ITEM No. 1.

STARRED QUESTIONS.

By the Hon'ble RAI HARI MOHAN CHANDRA BAHADUR :—

Communication of unfavourable Reports to subordinate officers.

1. In regard to the reply given to my (unstarred) question No. XXXI asked at the Council meeting of September 1, 1914, will the Government be pleased to state whether any, and, if so, what decision has been arrived at by Government on the subject of the communication of unfavourable reports to subordinate officers?

The Hon'ble MR. CUMMING replied :—

"The matter still rests with the Government of India."

By the Hon'ble RAI HARI MOHAN CHANDRA BAHADUR :—

Introduction of the elective system in the Darjeeling Municipality.

2. (*a*) With reference to the reply given to my (unstarred) question No. XXX asked at the Council meeting of September 1, 1914, will the Government be pleased to state what orders (if any) have been passed on the memorial submitted to Government by certain rate-payers and others of the Darjeeling Municipality praying for the introduction of the elective system in that Municipality?

(*b*) If the prayers of the memorialists have been rejected, will the Government be pleased to state the grounds on which such orders have been passed?

The Hon'ble MR. SAMMAN replied :—

(*a*) & (*b*) "The memorial is still under the consideration of Government."

UNSTARRED QUESTION.

The Hon'ble MAULVI A. K. FAZLUL-HAQ :—

Filling up of vacancies to the posts of ministerial officers in the Civil Courts at Noakhali.

1. (*a*) Are the Government aware that the claims of Muhammadans are being overlooked in filling up vacancies to the posts of ministerial officers in the Civil Courts at Noakhali?

(*b*) Is it a fact that the District Judge of Noakhali, when recently appointing copyists to posts in the grade of Rs. 30, overlooked the claims of Muhammadan paid probationers?

The following reply by the Hon'ble MR. CUMMING was laid on the table :—

(*a*) "Government are not prepared to accept the statement contained in the first part of the Hon'ble Member's question. There was a vacancy recently in one of the ministerial posts of the Civil Courts at Noakhali and it was filled up by the promotion of a Hindu clerk; but the latter was several years senior to the Muhammadan candidates and better qualified for the post.

(*b*) The facts are that there were recently three vacancies which were filled up by the promotion of one Muhammadan and two Hindu copyists. These men were selected in preference to probationers because they were 8 or more years senior to, and had better educational qualifications than any of, the latter. Two of them only accepted posts as copyists, on the assurance that they would not thereby forego their claim to permanent appointments, and the third was merely confirmed in a post in which he had already acted for twelve months."

BENGAL BUDGET FOR 1915-16.

The Hon'ble MR. BEATSON BELL presented the Budget of the Government of Bengal for 1915-16.

He said :—

In accordance with our rules of procedure I beg to lay upon the table the Budget of this Government for 1915-16.

BUDGET OF THE GOVERNMENT OF BENGAL, 1915-16.

FINANCIAL DEPARTMENT.

FINANCE.

Dated Calcutta, the 26th March 1915.

MEMORANDUM.

IN accordance with Rule 33 (1) of the Bengal Legislative (Financial Statement) Rules, 1912, published with Notification No. 4482 F., dated the 10th December 1912, the Budget will be presented to the Council on the 27th March 1915.

2. No change has been made in the figures as included in the Revised Financial Statement. An Appendix C has been added, as usual, to show the transactions of District Boards and the District Road Fund (Darjeeling), although this does not form part of the Provincial Budget proper.

3. The Members in charge of the different departments would be much obliged if, in accordance with the practice in previous years, Hon'ble Members will give as early intimation as possible of any points which they may desire to raise, in order that information may be collected regarding them.

N. D. BEATSON BELL.

BUDGET OF THE GOVERNMENT OF BENGAL, 1915-16.

PART I.—General Review.

(1) ACCOUNTS FOR 1913-14.

WHEN the revised estimate for 1913-14 was laid before the Council on the 26th March 1914, the receipts of the year were estimated at Rs. 6,16,70,000 and the charges at Rs. 6,25,70,000, while the anticipated closing balance was Rs. 3,04,30,000. The accounts of the year, which have now been finally closed, show that the actual receipts amounted to Rs. 6,21,41,472 and the charges to Rs. 6,16,60,630, while the closing balance was Rs. 3,18,11,112. The receipts were therefore better by Rs. 4,71,472, this improvement having occurred chiefly under Stamps (Rs. 1,55,416), owing to larger duty on probate and letters of administration and to settlement proceedings; Excise (Rs. 1,88,578), attributed to the prosperous conditions of the year; Assessed Taxes (Rs. 68,958), caused by the favourable trade conditions of 1912-13 which swelled the profits of the coal and jute companies; Registration (Rs. 46,144), due to the favourable economic conditions of the year leading to a more rapid extension in the demand for registration; Ports and Pilotage (Rs. 36,604), chiefly under Pilotage fees, the revised estimate for which was under-estimated; and Miscellaneous (Rs. 90,760), partly contributed by larger lapse of unclaimed deposits than had been anticipated and partly by special recoveries on account of service payments of previous years. The actual charges were less by Rs. 9,09,370, mainly under Education (Rs. 3,97,485) and Medical (Rs. 49,541), chiefly owing to non-utilization of the Imperial grants for education and sanitation, respectively, to the extent anticipated in January; Stationery and Printing (Rs. 53,594), due to smaller consumption of stationery; Miscellaneous (Rs. 1,28,582), for smaller expenditure in gratuitous relief in flooded areas; Civil Works in charge of Public Works Department (Rs. 1,55,615), due to savings in the grants for original works, to the reduction of stock and recovery of amounts advanced to contractors for manufacture of bricks; and lastly under Civil Works in charge of the Civil Department (Rs. 2,55,737), owing to smaller grants to municipalities for expenditure on sanitation.

(2) REVISED ESTIMATE, 1914-15.

2. The revised estimate for 1914-15 as now passed, on the basis of the actuals of the first nine, and in some cases eleven, months of the current year, is compared below with the sanctioned estimate for the year :—

	Sanctioned estimate.	Revised estimate.	Better (+) or worse (−).
	Rs.	Rs.	Rs.
Opening balance ...	3,04,30,000	3,18,11,000	+13,81,000
Revenue receipts ...	5,72,11,000	5,51,47,000	−20,64,000
Transfers between Imperial and Provincial	+57,84,000	+68,59,000	+10,75,000
Total receipts ...	6,29,95,000	6,20,06,000	−9,89,000
Grand Total ...	9,34,25,000	9,38,17,000	+3,92,000
Total expenditure ...	7,35,93,000	6,56,86,000	+79,07,000
Closing balance ...	1,98,32,000	2,81,31,000	+82,99,000

3. The increase under Transfers between Imperial and Provincial Revenues is due to the following additional assignments from Imperial Revenues :—

	Rs.
Assignment for provincialization of salaries of Civil Veterinary Department ...	+29,000
Assignment for non-realization of small recovery claims of freights, etc., on stores from England in the office of the Agent for Government Consignments ...	+6,000
Additional assignment for Lieutenant-Colonel Sutherland's deputation to serological enquiry	+10,000
Assignment for purchase of copies of Indian Household Reference Chart and Indian Household Emergency Chart	+2,000
Further non-recurring grant for Dacca University	+1,00,000
Smaller assignment for cost of forms for Bihar and Orissa Government (Rs. 2,15,000 against Rs. 2,32,000)	-17,000
Smaller assignment for cost of forms for Assam Administration (Rs. 94,000 against Rs. 1,29,000)	-35,000
No recovery from Bihar Government in connection with fishery experiments against Rs. 11,000 originally proposed ...	-11,000
Transfer from Provincial to Imperial Revenues for net gain for premises No. 9, Hare Street made over to Provincial Government for management ...	-9,000
Assignment for grant to the Calcutta University for hostels	+10,00,000
	+10,75,000

4. The decrease of revenue is the net result of decreases under some heads and increase under others. The decreases aggregate Rs. 29,66,000 and are chiefly under the following heads :—

Land Revenue—(Rs. 6,84,000), due to smaller collections owing to the slackness of jute trade and non-realization of the anticipated collections of suspensions of 1913-14.

Stamps—(Rs. 10,50,000), caused by dislocation of business and trade caused by the war.

Excise—(Rs. 3,00,000), attributed to the present crisis which has affected consumption.

Forests—(Rs. 2,90,000), caused by smaller sales of timber owing to difficulty experienced in financing the timber trade.

Registration—(Rs. 2,50,000), due to the decrease in the number of registrations.

Courts of Law—(Rs. 33,000), due to smaller fines in magisterial courts and smaller recoveries of court-fees realized in cash.

Ports and Pilotage—(Rs. 1,91,000), due to dislocation of trade caused by the war.

Education—(Rs. 50,000), the budget was fixed rather high.

Irrigation—Minor Works and Navigation in charge of the Public Works Department—(Rs. 43,000), due to stoppage of jute traffic in the Calcutta and Eastern Canals and to the silting up of the Manikdah Entrance Channel and consequent blockage of traffic in the Madaripur Bhil route and to remission of water rates in the Eden Canal.

The increase, on the other hand, amounts to Rs. 9,02,000, and is mainly under the following heads :—

Assessed Taxes—(Rs. 4,00,000), attributed to the favourable trade conditions of 1913-14 which swelled the profits of some of the coal and jute companies and many banks.

Scientific and Miscellaneous Departments—(Rs. 2,13,000), caused by larger sale of quinine and to the credit here of ⅔ of the sale-proceeds of quinine treatments.

Stationery and Printing—(Rs. 36,000), due to the sale of waste-paper and unserviceable materials from the Dacca Jail Press on its removal to Gaya.

Miscellaneous—(Rs. 97,000), due chiefly to larger anticipated lapse of deposits.

Civil Works in charge of the Public Works Department—(Rs. 85,000), due to larger collections of rent on Government buildings and larger proceeds from sale of Government buildings.

5. On the expenditure side the revised estimate shows a total decrease of Rs. 97,69,000, and is chiefly under the following heads :—

Stamps—(Rs. 1,00,000), due to reduction in the price charged by contractors for the supply of stamp paper and also to smaller payment of discount for smaller sales.

Excise—(Rs. 1,36,000), due to savings in the lump grants for reorganization of the department and for the construction of steam-launches.

Forests—(Rs. 43,000), due to lapse of the provision for new boilers for the steam-launches *Hawk* and *Helen Grey* of the Sundarbans Division, and savings in the grant for stores, communications and improvements as well as under salaries.

Registration—(Rs. 48,000), due to lapse of the provision for reorganization of establishment of District offices and revision of the cadre of District Sub-Registrars.

Police—(Rs. 5,18,000), due to savings in the grant for non-recurring charges for River Police and reorganization of the Eastern Bengal District Police.

Ports and Pilotage—(Rs. 1,65,000), due to smaller payments to pilots owing to the partial suspension of trade and to non-payment of Rs. 75,000 provided provisionally for the purchase of a grab dredger at Chittagong.

Education—(Rs. 60,20,000), due to savings in the Imperial grants for both recurring and non-recurring expenditure.

Medical—(Rs. 17,58,000), due to savings in the grant for sanitation and non-utilization of the grant for equipment of the School of Tropical Medicine, as well as the transfer of a portion of the grant for Sanitation and the School of Tropical Medicine to the Public Works Department and other heads.

Agriculture—(Rs. 2,10,000), due to lapse of the lump provision for extra fieldmen, demonstrators and apprentices, savings in the grants for sericultural experiments, experimental farms, seed stores, salaries of the Botanic Gardens, and in the lump non-recurring grant for improvements.

Stationery and Printing—(Rs. 88,000), due to adjustment by reduction of expenditure of the sale-proceeds of the machinery of the Dacca Jail Press taken over by the Bihar and Orissa Government for the Gaya Jail.

Miscellaneous—(Rs. 6,33,000), due to the adjustment of grants made by His Excellency to the appropriate heads, to the reappropriations of the reserve provision to meet expenditure under other heads, to the transfer of charges for grain allowance to the different departments by reappropriation from the lump provision under this head and savings in the grant for gratuitous relief.

On the other hand, there was a total increase in expenditure of Rs. 18,62,000, the largest items of which are noted below :—

Land Revenue—(Rs. 42,000), for larger expenditure under Salaries owing to the recall from leave of officers of the Indian Civil Service.

General Administration—(Rs. 55,000), due to several officers having been placed on special duty in the Secretariat.

Courts of Law—(Rs. 3,51,000), due to the same reason as under Land Revenue, to larger payments to pleaders for fees in connection with political cases, arrear pay on account of the revision of the Subordinate Judicial Service, and to the debit of grain allowance charges by transfer from 32—Miscellaneous

Jails—(Rs. 3,02,000), for increased expenditure under rations and larger purchase of raw materials for the preparation of manufactures.

Superannuations—(Rs. 53,000), for larger grant for commutation of pensions.

Irrigation—Minor Works and Navigation in charge of the Public Works Department—(Rs. 2,78,000), for grant for the purchase of a dredger.

Civil Works in charge of the Civil Department—(Rs. 5,02,000), chiefly for larger grants to local funds for works of sanitary improvements by transfer from Medical and larger provision for augmentation grants.

Civil Works in charge of the Public Works Department—(Rs. 2,41,000), due to additional grants for land acquisition in connection with the David Hare Training College at Ballyganj and the Bethune College, Calcutta.

6. The net result of these changes is that the closing balance of 1914-15, which was estimated at Rs. 1,98,32,000 in March last, is now estimated at Rs. 2,81,31,000. The increase is chiefly due to smaller expenditure under Police, Education, Medical and Agriculture, as mentioned above, and to the assignment of 10 lakhs for Calcutta University hostels.

(3) BUDGET ESTIMATE, 1915-16.

7. The opening balance of 1915-16 is the closing balance of 1914-15, and is therefore Rs. 2,81,31,000.

8. The estimates for the year, as approved by the Government of India, show receipts aggregating Rs. 6,18,07,000, an expenditure of Rs. 6,58,29,000, and a closing balance of Rs. 2,41,09,000. Out of the special grant of 50 lakhs for the Calcutta Improvement Trust, which has appeared in the accounts since 1903-04, 40 lakhs have already been paid to the Trust, and the balance 10 lakhs will be paid in 1915-16. Of the estimated closing balance, the following are earmarked for special expenditure:—

	Rs.
Minimum balance	20,00,000
Balance of discretionary grant	10,49,000
Balance of the Imperial grant for Education ...	87,14,000
Ditto ditto Police ...	8,50,000
Ditto ditto Sanitation ...	40,49,000
Ranchi Lunatic Asylum	25,00,000
Amount earmarked for provincial equipments for the three years 1916-17 to 1918-19 ...	24,00,000
Grant promised to Belgatchia Hospital ...	5,00,000
Total ...	2,20,62,000

The difference between Rs. 2,41,09,000 and Rs. 2,2 ,62,000=20,47,000 is the free balance available for new expenditure in the near future.

9. The total estimated charges for 1915-16 amount to Rs. 6,58,29,000, which is in excess of the income by Rs. 40,22,000, owing mainly to the following provisions:—

	Rs.
Grant to the Calcutta Improvement Trust ...	10,00,000
Non-recurring expenditure of the Education Department from Imperial grants	18,00,000
Non-recurring expenditure of the Police Department from Imperial grants	4,00,000
Balance of the Imperial grant for the Agricultural Department	20,000
Balance of the Imperial grant for Medical relief ...	20,000
Equipment for the School of Tropical Medicine	50,000
Additional grant for the management of Government estates	50,000
Grant for gratuitous relief	50,000
Lump grant for Civil Works in charge of the Public Works Department	4,88,000

10. In the exceptional circumstances of the present year it has been found impossible to provide for the regrant of all the unexpended balances of the Imperial grants for Education, Sanitation, Police and discretionary grants. Under the orders of the Government of India, the budget had been prepared on the basis that the Provincial receipts cover all the charges and that the Provincial balances are not available for expenditure in 1915-16. Consequently, only the recurring grants for Education and Sanitation could be provided, but subsequently the Government of India have allowed a deficit of Rs. 40,22,000, including the special non-recurring grant of ten lakhs, to the Calcutta University for hostels recently sanctioned and provision has been made for the non-recurring charges mentioned in the paragraph above.

11. A schedule is attached showing the new schemes, costing individually more than Rs. 5,000 in any one year, which have been included in the budget. The non-recurring charges on account of these schemes amount to Rs. 17,820, and the recurring charges to Rs. 2,99,950. Besides these, the budget includes the following new schemes of a more or less petty nature :—

12. Appendix C shows the transactions of District Boards and District Road Fund, Darjeeling. This statement does not form any part of the Provincial Budget, which is annexed thereto for convenience of reference.

PART II.—Detailed remarks on the Budget for 1915-16.

RECEIPTS.

13. *Land Revenue.*—The total collections in 1913-14 amounted to Rs. 2,80.28,537, and the estimate for 1915-16 as passed by the Government of India is Rs. 2,91,49,000 against Rs. 2,84,80,000, the revised estimate for1914-15. The estimate includes Rs. 17,92,000 for recoveries of Survey and Settlement charges against Rs. 15,58,000, the revised estimate for 1914-15.

The estimated Provincial share of Land Revenue is calculated as follows :—

	Estimate, 1914-15.	Revised estimate, 1914-15.	Estimate, 1915-16.
	Rs.	Rs.	Rs.
Gross Land Revenue ...	2,96,64,000	2,84,80,000	2,91,49,000
Deduct—Estimated collections from Government Estates (wholly Provincial) ...	47,00,000	40,50,000	44,37,000
Deduct—Recoveries of cost of maintenance of boundary pillars (wholly Provincial)	2,000	2,000	.....
Deduct—Recoveries of Survey and Settlement charges (wholly Imperial) ...	20,24,000	15,58,000	17,92,000
Total Deduction ...	67,26,000	56,10,000	62,29,000
Net amount divisible between Imperial and Provincial revenues	2,29,38,000	2,28,70,000	2,29,20,000
Provincial share, one-half ...	1,14,69,000	1,14,35,000	1,14,60,000
Add—Collections from Government Estates (wholly Provincial)	47,00,000	40,50,000	44,37,000
Add—Recoveries of cost of maintenance of boundary pillars (wholly Provincial)	2,000	2,000	.....
Total Provincial receipts	1,61,71,000	1,54,87,000	1,58,97,000

14. *Stamps.*—The revenue from Stamps for 1914-15 was estimated at Rs. 2,23,00,000. The actuals in 1913-14 amounted to Rs. 2,19,10,831, and the collections in the first eleven months of 1914-15 show a decrease of Rs. 14,54,000 as compared with the actuals of the corresponding period of the preceding year. The receipts under this head show improvement up to the end of July 1914, but steadily declined from August, owing to dislocation of business and trade caused by the war. Some decrease is also anticipated in the last month and the revised estimate for 1914-15 has been passed for Rs. 2,02,00,000. It is anticipated that the decrease will not continue in 1915-16, but there might be a small increase of one lakh and the budget for that year has been placed at Rs. 2,03,00,000. The Provincial share is one-half and amounts to Rs. 1,01,00,000 for 1914-15 and Rs. 1,01,50,000 for 1915-16.

15. *Excise.*—The budget estimate of the total revenue under this head for 1914-15 was placed by the Government of India at Rs. 1,58,00,000. The actuals of 1913-14 amounted to Rs. 1,53,88,578, and those of the first ten months of 1914-15 show a small increase of Rs. 1,82,000 only over the actuals of the corresponding period of the preceding year. The present crisis has affected consumption in the chief jute-growing districts and the revised estimate for 1914-15 has been passed for Rs. 1,55,00,000; and allowing for a progressive increase of 5 lakhs, the estimate for 1915-16 has been placed at Rs. 1,60,00,000. The treasury price of opium will be raised to Rs. 40 per seer from 1st April 1915, and the duty on ganja will be raised from Rs. 15 to Rs. 20. On the other hand, owing to the rise in price of opium and to the war, a large decrease in consumption is anticipated. The receipts under this head are wholly Provincial.

16. *Provincial Rates.*—The collections from the Public Works Cess are now being surrendered to District Boards. Under General Rates for the management of Private Estates, the estimate of receipts for 1915-16 is Rs. 1,10,000, which is the same as the revised estimate for 1914-15. The actuals of 1913-14, which included collections of arrears, were Rs. 1,31,340.

17. *Assessed Taxes.*—The budget estimate of receipts from Income-tax for 1914-15 was Rs. 61,00,000. The actual collections in 1913-14 amounted to Rs. 66,37,916 and collections in the first eleven months of the year 1914-15 show an increase of Rs. 4,26,000 over those of the corresponding period of last year. The increase is attributed to the favourable trade conditions of 1913-14, which swelled the profits of some of the coal and jute companies and many of the banks. The revised estimate for 1914-15 has been passed for Rs. 69,00,000. Owing to the war in Europe the conditions of trade are now unfavourable, and the profits of bankers and industrial concerns will be greatly affected during 1914-15. As the assessment for 1915-16 will be based on the profits of 1914-15, the estimate for that year has been placed at a reduced sum of Rs. 61,00,000. The Provincial share is one-half and amounts to Rs. 34,50,000 and Rs. 30,50.000 respectively.

18. *Forests.*—The total receipts under this head for 1914-15 were estimated at Rs. 16.00,000 against Rs. 16,16,111, the actuals of 1913-14. The collections in the first eleven months of 1914-15 show a decrease of Rs. 2,69,000 as compared with those of the corresponding period of last year. The sales of timber have declined owing to the difficulty experienced in financing the timber trade and to a diminution of the purchasing power of jute cultivators who are large customers for *sâl*, and the revised estimate for 1914-15 has been placed at Rs. 13,10,000. Allowing for an increase of Rs. 1,40.000 in 1915-16, the estimate has been passed for Rs. 14,50,000. The Conservator anticipates a substantial increase in 1915-16.

19. *Registration.*—The budget estimate for 1914-15 was Rs. 20,50,000 against Rs. 20,16,144, the actuals of 1913-14. The actual collections in the first nine months of the year 1914-15 amounted to Rs. 12.69,000 and for the remaining three months of the year the receipts have been taken at Rs. 5,31,000 and the revised estimate has been placed at Rs. 18,00,000. The revenue under this head underwent considerable fluctuations up to August

1914, and has since that month declined steadily owing to the slackness of the jute trade. Allowing for an increase of one lakh, the estimate for 1915-16 has been passed for Rs. 19,00,000.

20. *Interest.*—The estimate of loans provides for a return in the way of interest during 1915-16, of Rs. 5,29,000 against Rs. 4,62,000 in 1914-15 as shown below :—

	Revised estimate, 1914-15.	Estimate, 1915-16.
	Rs.	Rs.
Interest on advances to cultivators, etc.	55,000	50,000
Interest on advances to Co-operative Credit Societies	3,000	2,000
Interest on drainage and embankment advances	9,000	14,000
Interest on loans to landholders ...	1,59,000	1,60,000
„ „ „ to Municipalities and District Boards, etc. ...	2,09,000	2,90,000
Miscellaneous	27,000	13,000
Total ...	4,62,000	5,29,000

The decrease under Miscellaneous is due to the payment of the interest on arrears of the Public Works Cess to the District Boards.

21. *Law and Justice—Courts of Law.*—The actuals in 1913-14 amounted to Rs. 8,42,811, while the receipts in the first nine months of 1914-15 show an increase of Rs. 9,000 over those of the corresponding period of last year. The revised estimate for 1914-15 has been placed at Rs. 8,62,000, and the estimate for 1915-16 has been passed for Rs. 9,13,000. The increase is chiefly under fees, fines and forfeitures.

22. *Jails.*—The actuals in 1913-14 amounted to Rs. 6,71,947, but the receipts in the first eight months of the year 1914-15 show an increase of Rs. 52,000 as compared with those of the corresponding period of last year, and the revised estimate for 1914-15 has been placed at Rs. 7,31,000. It has been decided that two-fifths of the receipts from the sale of quinine packets should be taken under this head instead of one-fifth as before. The sale-proceeds of quinine treatment, which were credited to the head Medical, are also from 1914-15 credited to this head and to the Cinchona Department in the proportion of 2 : 3. The estimate for 1915-16 has been passed for Rs. 7,60,000.

23. *Police.*—The budget estimate for 1914-15 was Rs. 1,77,000 against Rs. 1,56,684, the actuals of 1913-14. The receipts in the first nine months of 1914-15 show an increase of Rs. 25,000 over those of the corresponding period of last year on account of larger receipts from the Motor Cycle Act, and the revised estimate for 1914-15 has been placed at Rs. 1,87,000. The estimate for 1915-16 is Rs. 1,86,000.

24. *Ports and Pilotage.*—The actuals in 1913-14 amounted to Rs. 16,76,604, while the budget estimate for 1914-15 was originally passed for Rs. 17,16,000. The actual collections in the first nine months amounted to Rs. 11,06,857 and for the last three months of the year the receipts have been taken at Rs. 4,18,143, and the revised estimate has been placed at Rs. 15,25,000. The decrease is under Pilotage receipts and is due to the reduction in the number of vessels entering and leaving the Calcutta port in consequence of the dislocation of trade caused by the war. The estimate for 1915-16 has been passed for Rs. 16,20,000 and provides for a receipt of Rs. 72,000 for the hire by the Government of India of the steamer *Guide* for station duty at Port Blair against Rs. 30,000 provided for in the revised estimate on the same account.

25. *Education.*—The actuals in 1913-14 amounted to Rs. 8,10,953, and the budget estimate for 1914-15 was Rs. 8,62,000. This has been reduced to Rs. 8,12,000 in the revised estimate with reference to the actuals of the first nine months of the current year, which amounted to Rs. 5,68,321, against Rs. 5,65,585 obtained in the corresponding period of last year. The estimate for 1915-16 has been passed for Rs. 8,86,000, and includes Rs. 24,000 from fees of the residential school for Indian boys at Hastings House, Calcutta, and Rs. 16,000 on account of fees and fines from Madrassas, which were hitherto credited to the Mohsin Fund.

26. *Medical.*—The budget estimate for 1914-15 was Rs. 3,97,000 and included Rs. 50,000 under Medicines sold by Civil Surgeons. This included the sale-proceeds of quinine treatments prepared by the Juvenile Jail and sold through the agency of Civil Surgeons, which are now readjusted by credit to the Jails and Cinchona Departments in the proportion of 2 : 3, with effect from 1914-15. Against this decrease, there was an increase under Hospital receipts and College fees, and the revised estimate has been placed at Rs. 3,75,000. The budget for 1915-16 has been passed for Rs. 3,80,000, and includes larger receipts from college and school fees.

27. *Agriculture.*—Under the orders of the Government of India the head Scientific and other Minor Departments has now been divided into two heads —(*A*) Agriculture, which includes the items, Veterinary and Stallion receipts ; Agriculture, Botanical and other gardens, and receipts on account of public exhibitions and fairs, while the other items have been classified under (*B*) Scientific and Miscellaneous Departments. The budget estimate for 1914-15 under Agriculture was Rs. 85,000, but this has been reduced to Rs. 78,000 in the revised estimate, the actuals of 1913-14 having been Rs. 78,756. The estimate for 1915-16 has been passed for Rs. 82,000 and includes larger receipts from the Veterinary Department.

28. *Scientific and Miscellaneous Departments.*—The budget estimate for 1914-15 was Rs. 1,87,000 against Rs. 1,98,925, the actuals of 1913-14. The actuals in the first eight months of 1914-15 amounted to Rs. 4,10,000 (of which Rs. 3,73,000 represented the sale-proceeds of cinchona and its products against Rs. 1,50,000, the estimate for the whole year). This special increase is due to the credit of three-fifths of the sale-proceeds of quinine treatments sold through the agency of Civil Surgeons and to the large sale of quinine sulphate, of which a large stock was laid in, in 1912-13. The increase is also partly due to the credit of fees for registration of Joint Stock Companies, which were hitherto credited to the head Registration. The revised estimate for 1914-15 has been placed at Rs. 4,30,000, but as such large receipts may not continue in 1915-16, the estimate under this head has been passed for Rs. 3,53,000, providing for Rs. 3,00,000 as receipts from cinchona, against Rs. 3,71,000 anticipated in 1914-15.

29. *Receipts in aid of Superannuation.*—The budget estimate for 1914-15 was Rs. 39,000, but in the revised estimate this has been raised to Rs. 42,000 in view of the actual collections in the first nine months of the year, showing an increase of Rs. 3,500. The estimate for 1915-16 has however been passed for Rs. 40,000.

30. *Stationery and Printing.*—The estimate for 1914-15 was Rs. 1,20,000 against Rs. 1,37,862, the actuals of 1913-14, but in the revised estimate this has been raised to Rs. 1,56,000 in view of the actual collections in the first nine months of the year. The increase is attributed to the sale of waste-paper and unserviceable materials from the Dacca Jail Press on its removal to Gaya. The estimate for 1915-16 has been placed at Rs. 1,32,000.

31. *Miscelllaneous.*—The receipts for 1914-15 were estimated at Rs. 5,92,000 against Rs. 7,68,760, the actuals of 1913-14, which included Rs. 6,01,162 from unclaimed deposits. The budget estimate under this sub-head was Rs. 4,80,000, but in the revised estimate it has been raised to Rs. 5,55,000, and the total receipts to Rs. 6,89,000. The estimate for 1915-16 has been placed at Rs. 6,90,000 and includes Rs. 5,80,000 for unclaimed deposits.

32. *Irrigation, Major Works (Direct Receipts.)*—The budget estimate for 1914-15 was Rs. 2.67,000 against Rs. 2.46,579, the actuals of 1913-14. The actual collections in the first ten months of 1914-15 show a decrease of Rs. 24,000 and the revised estimate has been placed at Rs. 2,40,000. The decrease is due to restricted traffic on account of the silted condition of the Hijili Tidal Canal and smaller export of rice through the Midnapore Canal. The revised estimate has been repeated for the budget for 1915-16. The Provincial share is one-half and amounts to Rs. 1,20,000 for both the years.

33. *Irrigation, Minor Works and Navigation in charge of the Public Works Department.*—The budget estimate for 1914-15 was Rs. 6,10,000 against Rs. 5,65,040, the actuals of 1913-14. The actual collections in the first nine months of 1914-15 show a decrease of Rs. 27,000 and the revised estimate for the year has been placed at Rs. 5,24,000. The decrease is chiefly due to stoppage of jute traffic in the Calcutta and Eastern Canals and Madaripur Bhil route, as well as smaller receipts from tollage on steamers in the latter, also for smaller collections from water-rate in the Eden Canal. The Magra Hât Drainage is now complete and increased receipts are expected from this canal, and the estimate for 1915-16 has been placed at Rs. 5,70,000. The Provincial share is one-half and amounts to Rs. 2,62,000 in 1914-15 and to Rs. 2,85,000 in 1915-16.

34. *Civil Works in charge of the Public Works Department.*—The budget estimate for 1914-15 was Rs. 3,85,000 against Rs. 4,34,258, the actuals of 1913-14. The actuals of the first nine months of 1914-15 show an increase of Rs. 35.000 and the revised estimate has been passed for Rs. 4,70,000. The increase is due to the growth of receipts from rent of Government buildings and larger sale-proceeds of buildings. The estimate for 1915-16 has been placed at Rs. 4.25,000.

35. *Transfer between Imperial and Provincial.*—This is a new head opened under the orders of the Government of India to show the net assignments to or from Provincial Revenues in place of the major head "Land Revenue—Adjustments" which was included under the major head of Land Revenue. The estimate includes the following transfers from Imperial Revenues :—

	Rs.
Contribution for Famine Relief Scheme	60,000
Grant to the Calcutta Improvement Trust for 60 years ...	1,50,000
Recurring assignment in connection with remission of appropriations from Public Works Cess	24,93,000

Contribution from Bihar and Orissa Government towards pay of Electrical staff	8,000
Total ..	64,40,000

The estimate also includes the following transfers from Provincial to Imperial Revenues :—

	Rs.
Recurring fixed adjustment under the terms of the Settlement	7,28,000
Recurring grant to Bihar and Orissa Government for grants to Colleges	21,000
Recurring grant to Bihar and Orissa for law charges formerly paid by this Government	15,000
Recurring adjustment for No. 9, Hare Street	9,000
Total ...	7,73,000

The net assignment from Imperial Revenues is Rs. 64,40,000 — 7,73,000 =Rs. 56.67,000.

EXPENDITURE.

36. *Refunds and Drawbacks.*—The total Provincial expenditure in 1915-16 is estimated at Rs. 1,41,000, against Rs. 1,35,000, the Budget estimate for 1914-15, and Rs. 1,35,656, the actuals of 1913-14. The estimates under this head are based, as usual, on the average actuals of the previous three years, excluding special payments. The actuals of 1911-12 included a special payment of Rs. 6,000 under Land Revenue for an erroneous credit given in 1910-11 for cost of maps, and those of 1912-13 a special payment of of Rs. 5,000 under Stamps. The revised estimate for 1914-15 has been placed at Rs. 1,64,000 and includes special payments of Rs. 12,000 for license fees under Excise in Darjeeling, and of Rs. 8,000 for refund of Income-tax to a Russian Trading Company.

37. *Assignments and Compensations.*—The budget estimate for 1914-15 was Rs. 43,000, but this has been reduced to Rs. 32,000 in the revised estimate owing to smaller payments of Malikana. The estimate for 1915-16 is Rs. 42 000 which provides for actual claims.

38. *Land Revenue.*—The total provincial expenditure for 1915-16 is estimated at Rs. 36,66,000, against Rs. 35,75,000, the revised, and Rs. 35,33,000, the Budget estimate for 1914-15 as shown below :—

	1914-15.		1915-16.
	Budget.	Revised.	Budget.
	Rs.	Rs.	Rs.
(1) Charges of District Administration ...	27,01,000	28,60,000	28,48,000
(2) Charges on account of Land Revenue collections	10,000	17,000	24,000
(3) Management of Government Estates ...	5,68,000	4,58,000	5,28,000
(4) Survey and Settlement...	2,13,000	1,81,000	2,00,000
(5) Land Records ...	41,000	59,000	66,000
Total ...	35,33,000	35,75,000	36,66,000

The estimate under (1) provides for larger grant under salaries of Magistrates, etc., as no leave will ordinarily be given to the Indian Civil Service Officers during the war, for the continued operation of the temporary time-scale rate of minimum pay recently sanctioned for members of the service, for increased grant for travelling allowances of officers, for diet and travelling allowances to witnesses, and for remuneration to copyists. The increase in the revised is due to additional expenditure under Salaries owing to the recall of Indian Civil Service Officers from leave. The decrease in the revised estimate under (3) is due to lapse of provision for improvements in Government estates.

39. *Stamps.*—The estimate for 1914-15 was Rs. 7,52,000, but in view of the decrease under receipts and consequent smaller payments of discount and the favourable terms for the supply of stamp paper, the revised estimate has been reduced to Rs. 5,51,000. The Controller of Stamps and Stationery has reported that under the new agreement with the contractors for the supply of stamp paper, the provision of some of the items have been reduced by 50 per cent., and that the cost of demy paper has also been much reduced. The budget for 1915-16 has been passed for Rs. 6,05,000 and follows the anticipated increase under receipts. The charges of this department are divided equally between the Imperial and Provincial revenues and the Provincial share amounts to Rs. 2,76,000 and Rs. 3,03,000, respectively.

40. *Excise.*—The estimate for 1914-15 was Rs. 8,77,000, but in the revised estimate this has been reduced to Rs. 7,41,000 as the grant for the reorganization of the department will not be fully utilized, and out of the sum of Rs. 50,000 for the construction of launches, Rs. 20,000 only will probably be spent. The budget for 1915-16 is Rs. 8,02.000 and includes 1½ lakhs for the reorganization of the department, Rs. 20,000 for the construction of boats and launches, and Rs. 5,000 for the construction of quarters.

41. *Provincial Rates.*—The cost of collections of the cesses and the valuation and revaluation charges are debited in the first instance to the head "3—Land Revenue—Charges of District Administration," but ultimately recovered from District Boards and the recoveries, including pension contributions, are taken in reduction of expenditure under that head.

42. *Assessed Taxes.*—The estimate for 1914-15 was Rs. 1,51,000, but in the revised estimate this has been raised to Rs. 1,54.000 owing to higher grade pay of the Deputy Collector and to the payment of leave allowances to Assessors in Calcutta. The budget for 1915-16 is Rs. 1,52,000. The Provincial share is one-half and amounts to Rs. 77,000 and Rs. 76,000, respectively.

43. *Forests.*—The estimate for 1914-15 was Rs. 7,27,000, but in the revised estimate this has been reduced to Rs. 6,84,000 with reference to the actuals of the first nine months of the year. The decrease is due to the provision for new boilers of the launches *Hawk* and *Helen Grey* not having been utilized. The provision for the construction of certain roads also has not been utilized in full. The budget for 1915-16 amounts to Rs. 6,66,000 and includes provision for the supply of new boilers referred to above and for the anticipated return of senior officers from leave. The decrease in 1915-16 is due to exclusion of special expenditure on roads and buildings.

44. *Registration.*—The estimate for 1914-15 was Rs. 11,99,000, but in the revised estimate this has been reduced to Rs. 11,51,000 owing to the non-utilization of the lump provision for revision of the cadre of District Sub-Registrars, and the establishment in District Offices, and to the transfer of the provision for the new Registrar of Joint Stock Companies to "26B—Scientific and Miscellaneous Departments." The estimate for 1915-16 is Rs. 11,23,000, and does not provide for revision of establishment.

45. *Interest on Ordinary Debt.*—This is interest payable from the Provincial revenues to the Imperial revenues on the amount advanced by the latter to the Local Government for loans to cultivators, under the Agriculturists' Loans and Land Improvements Loans Acts, for advances to Co-operative Societies, for advances on drainage and embankment schemes, for loans to notabilities and to municipalities and other public corporations (excluding Presidency Corporations).

46. *General Administration.*—The estimate for 1914-15 was Rs. 23,53,000, but in the revised estimate this has been raised to Rs. 24,08,000. The increase is partly under staff and household of the Governor, owing to the increased charges on account of establishment, travelling allowances and contingencies, for the separation of the offices of the Private Secretary to Governor and Military Secretary to Governor, and partly under Civil Secretariat, chiefly for the charges on account of officers on special duty on the recall of Indian Civil Service Officers from leave. The estimate for 1915-16 is Rs. 23,74,000 and generally follows the budget for 1914-15 with additions under staff and household for the reasons given above, and under Civil Secretariat for increase of salary of the Chief Secretary and increased establishment sanctioned for the Education and Commerce branches for increase of work.

47. *Law and Justice—Courts of Law.*—The estimate for 1914-15 was Rs. 99,53,000, but in the revised estimate this has been raised to Rs. 1,03,04,000 with reference to the actuals of the first nine months of the year. The increase is chiefly under Law Officers owing to larger payment of pleaders' fees in connection with the several political cases and partly under Civil and Sessions Courts, owing to arrear payments on account of revision of the Subordinate Judicial Service sanctioned towards the close of 1913-14. and partly under Criminal Courts owing to recall of Indian Civil Service Officers from leave as explained under "3—Land Revenue." The estimate for 1915-16 is Rs. 1,01,24,000. It includes full provision for the sanctioned number of High Court Judges, Inspector of Judicial Offices. Registrar of Insolvency. and Additional Sub-Deputy Collectors for appointment as Circle Officers, larger provision for fees to pleaders in criminal and civil suits in the mufassal, larger grants for rates and taxes and contingencies of the Presidency Magistrates' Courts owing to the division of Courts in three places, and for the payment of rewards in Arms Act cases. and for the arrest of both armed and unarmed dacoits.

48. *Jails.*—The estimate for 1914-15 was Rs. 20,76,000, but the actuals in 1913-14 amounted to Rs. 22,62,882, and the revised estimate for 1914-15 has been raised to Rs. 23,78,000 with reference to the actuals of the first eight months of the year. The increase is chiefly due to larger dietary charges and a larger outlay on the purchase of raw materials. The estimate for 1915-16 is Rs. 21,95,000. The decrease is due to small provision for dietary charges and purchase of raw materials as compared with the figures for the revised estimates, but larger than the budget grant for 1914-15.

49. *Police.*—The following table shows the figures under this head—

HEADS.	Actuals, 1913-14.	1914-15. Budget.	1914-15. Revised.	Estimate, 1915-16.

Total ...	94,71,081	1,08,98,000	1,03,80,000	1,05,35,000

The revised estimate for 1914-15 has been framed with reference to the actuals of the first eight months of the year. The decrease is chiefly due to partial utilization of the lump provisions for additional police and re-organization of the subordinate police in the Eastern Bengal districts and to savings in the allotment for river police. The estimate for 1915-16, is Rs. 1,05,35,000 and includes :—

	Rs.
Presidency Police—	
Increased staff for registration of motor vehicles	8,580
Increased staff for Barabazar Thana	11,420
District Police—	
Revision of boat establishment in Eastern-Bengal districts	49,000
Appointment of Second Personal Assistant of the Inspector-General of Police	20,000
Re-organization of the Subordinate Police of Eastern-Bengal districts	10,000
Re-organization of the River Police	40,222
Non-recurring expenditure from Imperial grants for re-organization and River Police, viz., for launches and buildings, etc.	4,00,000
Crew for the new launch for the Assistant Superintendent of Police, Munshiganj ...	4,000
Staff for new Police Hospital, Chinsura ...	2,260
Re-constitution of Town Police, Rampur-Boalia ...	2,399
Increase of staff at Dhanbaid Railway Police ...	1,448
Increased staff for division of East Indian Railway Jurisdiction	6,618
Armed Police, Pabna, Malda and Bogra ...	9,384
Head-quarters treasury guards	5,692

50. *Ports and Pilotage.*—The estimate for 1914-15 was Rs. 15,39,000, but in the revised this has been reduced to Rs. 13,74,000, owing to smaller payments to the pilots due to the partial suspension of trade owing to the war and to the lapse of the provision of Rs. 75,000 for grant to the Chittagong Port Fund for a grab dredger which was not sanctioned. The estimate for 1915-16 is Rs. 14,76,000, and provision has been made for normal expenditure of the department with reference to requirements. It includes the Government grant of Rs. 1,50,000 to the Chittagong Port Fund.

51. *Education.*—The total Provincial expenditure in 1914-15 was estimated at Rs. 1,45,43,000, but in the revised estimate this has been reduced to Rs. 85,23,000 with reference to the actual charges in the first ten

months of the year. The decrease is chiefly due to savings in the grants from Imperial Revenues which were not fully utilised. During the year the Government of India sanctioned an additional non-recurring grant of one lakh for five years for the Dacca University and a non-recurring grant of 10 lakhs for the Calcutta University for hostels, which have not been utilised. The budget grant for 1915-16 is Rs. 1,05,62,000, and is thus compared with the actuals of the past three years.

The budget for 1915-16 includes the following items of expenditure :—

	Rs.
Assistant Professor for Philosophy, Presidency College	4,800
Shorthand-typist, Presidency College	900
Higher pay for the Lady Principal, Bethune College	2,400
Female attendants for Inspectress and Assistant Inspectress of Schools	3,040
Remuneration of authors and publishers in connection with the preparation of Urdu Readers for girls	2,000
Non-recurring grant for Dacca University recently sanctioned by the Government of India ...	1,00,000
Non-recurring expenditure out of the Imperial grants for past years (details not settled) ...	4,00,000
Non-recurring expenditure out of the Imperial grants for past years in connection with the Calcutta University Institute and the Baker hostel ...	4,00,000
Grant to the Calcutta University for Hostels ...	10,00,000
Cost of Cookery class, Dow Hill School	1,680

The Imperial grants are likely to be expended in 1914-15, thus :—

52. *Medical.*—The estimate for 1914-15 was Rs. 47,81,000, but this has been reduced to Rs. 30,23,000 in the revised estimate with reference to the actuals of the first nine months of the year. The decrease is chiefly due to savings in the grant for works of sanitary improvements and also to the transfer of a portion of the grant which was made to Municipalities and District Boards to the head "45.—Civil Works in charge of Civil officers" and a portion to "45.—Civil Works in charge of the Public Works Department." The sum of Rs 50,000 given to the Provincial Government by the Indian Research Fund for jungle-clearing was refunded to that body in 1914-15 as the amount could not be spent in the way suggested. Many of the Indian Medical Service officers have reverted to the Military Department, and this also caused some savings in expenditure. The budget for 1915-16 amounts to Rs. 36,13,000 and includes the following items :—

	Rs.
Lump grant for expenditure on Works of sanitary improvements (Imperial recurring grant) ...	5,00,000
Lump grant being the amount allowed in the Provincial settlement	4,50,000
Lump grant for Medical Relief, being the unexpended Imperial grant	20,000
Lump grant for the School of Tropical Medicine, being the unexpended Imperial grant ...	13,000
Lump grant for equipments of the school ...	50,000
Lump grant for the State Medical Faculty ...	10,000
Lump grant for the Bengal Council of Medical Registration	10.000

The grants for Presidency Hospitals are shown below :—

	Salaries.	Establishment.	Allowances.	Clothing and bedding.	Diet.	Other supplies.	Contingencies.	Total.
	Rs.	Rs.	Rs.	Rs.		Rs.	Rs.	Rs.

Albert Victor Asylum for Lepers ...	5,400	3,576	180	17,000		1,200	7,644	35,000

53. *Political.*—The estimate for 1915-16 is Rs. 30,000 against Rs. 29,000, the budget estimate for 1914-15. The increase is under Miscellaneous for lump provision for demarcation of boundaries as the question of the settlement of the whole boundary along the Mechi is under consideration.

54. *Agriculture.*—The heads "Scientific and other Minor Departments" has now been divided under the orders of the Government of India into two Major heads "Agriculture" and "Scientific and Miscellaneous Departments." Under the former head Veterinary, Agriculture, Botanic and other public gardens, Bacteriology and Co-operative Societies are shown, while all the other minor heads are now shown under "Scientific and Miscellaneous Departments." The estimate under the former head for 1914-15 was Rs. 11,86,000 but in the revised estimate this has been reduced to Rs. 9,76,000 with reference to the actuals of the first nine months of the year. The decrease is chiefly under expert staff owing to lapse of the provision for extra fieldmen, under Sericulture owing to savings in the grant for experiments and large savings in the non-recurring grant for agricultural improvements. The budget for 1915-16 is Rs. 11,17,000 and includes the following items of expenditure :—

	Rs.
Cost of printing postcard forms for reporting cattle diseases	1,000
Cost of an officer under training in the Veterinary College	6,480
Cost of a Veterinary Assistant to be in charge of Government elephants in Jalpaiguri	1,400
Cost of temporary establishment for Jute forecast work	4,300
One District Agricultural Officer	1,200
Additional Supervisors	4,800
Cost of three Laboratory Assistants	4,500
Clerks for Agricultural Supervisors	1,800
Additional Fieldmen Demonstrators	6,000
Cost of two Inspectors for the Co-operative Department	2,400
Lump provision for revision of establishment for the office of the Registrar, Co-operative Societies ...	6,476

55. *Scientific and Miscellaneous Departments.*—The estimate for 1914-15 was Rs. 5,44,000, but in the revised estimate this has been reduced to Rs. 5,28,000. The decrease is chiefly owing to smaller expenditure in the Factories and Fisheries Departments and savings in the grants for Gazetteers as the work of revision has not yet been completed. The budget for 1915-16 is Rs. 5,05,000 and includes provision for Assistant Registrar of Joint-Stock Companies, Rs. 3,600 ; carp culture by Fishery Department, Rs. 2,000 ; experimental culture in Sundarbans fisheries, Rs. 2,000 ; and fishery yarn, Rs. 2,000.

56. *Superannuation.*—The charges under this head rise year after year owing to increase in the number of claims to pension. The estimate for 1914-15 was Rs. 32,31,000, but in the revised this has been raised to Rs. 32,84,000 as the allotment for the commuted value of pensions has been raised from Rs. 75,000 to Rs. 1,50,000. The estimate for 1915-16 is Rs. 34,29,000 and includes 2 lakhs for the commutation of pensions.

57. *Stationery and Printing.*—The following table shows the charges under this head :—

HEADS.	Actuals, 1913-14.	Budget estimate, 1914-15.	Revised estimate, 1914-15.	Budget estimate, 1915-16.
	Rs.	Rs.	Rs.	Rs.

Total ...	14,85,406	14,44,000	13,56,000	13,87,000

The estimate for 1914-15 is Rs. 14,44,000, but in the revised estimate this has been reduced to Rs. 13,56,000, chiefly owing to the adjustment by reduction of expenditure under the head Government Presses of Rs. 69,000, being the sale-proceeds of machinery, etc., supplied by the Dacca Jail to the Gaya Jail Press. The provision for overtime allowance to the clerks of the Forms Branch was not required in 1914-15, and hence the decrease under that minor head. That branch has now been amalgamated with the Jail Press, and the charges are now included under Government Presses. The estimate for 1915-16 is Rs. 13,87,000. No provision has been made for the Dacca Jail Press which has been abolished, while Rs. 6,000 has been included for the improvement of the Confidential Section of the Secretariat Press.

58. *Miscellaneous.*—The estimate for 1914-15 is Rs. 10,81,000, but in the revised this has been reduced to Rs. 4,48,000. The reduction is due to the adjustment, under appropriate heads, of expenditure sanctioned by His Excellency from the provision for petty grants, of charges for grain compensation allowance and to the reappropriation of the reserve provision of Rs. 1,50,000 in order to meet expenditure under other heads and the savings in the allotment of Rs. 50,000 for gratuitous relief in the flooded districts. Against these transfers and savings additional charges were incurred under Special Commissions of Enquiry on account of the Port Development Committee and District Administration Committee. Special grants of Rs. 5,000, Rs. 3,000 and Rs. 2,500 have been sanctioned for the construction of a female vagrant ward within the compound of the Government Alms House, for the extension of the Calcutta Orphanage and to the Salvation Army respectively. The budget for 1915-16 is Rs. 10,16,000, and includes the following items :—

	Rs.
Allotment for petty grants by His Excellency ...	1,00,000
Ditto for payment of grain compensation allowance	4,00,000
Gratuitous relief	50,000
General reserve for unforeseen requirements ...	1,50,000
Guarantee charges for telegraph lines	10,000

59. *Irrigation Major Works (Working expenses).*—The actual expenditure in 1913-14 amounted to Rs. 2,97,789 and the estimate for 1914-15 was Rs. 2,96,000, but in the revised estimate this has been reduced to Rs. 2,58,000 with reference to the actuals for the first eight months of the year. The decrease is chiefly under "Maintenance and Repairs of the Midnapore Canal." The estimate for 1915-16 has been passed for Rs. 2,67,000. The Provincial share (one-half) amounts to Rs. 1,29,000 and Rs. 1,33,000 respectively.

60. *Irrigation—Minor Works and Navigation in charge of the Civil Department.*—The budget for 1914-15 was Rs. 8,000, but owing to the adjustment under Public Works Department of expenditure on bandalling the Ganges near Rampore-Boalia by transfer from this head the revised estimate has

been reduced to Rs. 2,000. The budget for 1915-16 has been placed at the same amount, and the Provincial share for both the years 1914-15 and 1915-16 amounts to Rs. 1,000.

61. *Irrigation—Minor Works and Navigation in charge of the Public Works Department.*—The estimate for 1914-15 was Rs. 22,38,000 against Rs. 19,24,457, the actuals of 1913-14. During the year additional grants aggregating six lakhs was sanctioned for the purchase of dredging plant required for the maintenance and improvement of waterways, but Rs. 19,250 has been placed at the disposal of the District Board of Bakarganj as Government contribution for re-excavation of the Damoda channel by the District Board. The revised estimate now stands at Rs. 27,94,000. The estimate for 1915-16 is Rs. 22,92,000, and includes the following items :—

	Rs.
Construction of an escape in the first reach of the Midnapore canal	11,000
Acquisition of land required for working the dredger *Foyers*	50,000
Second supply sluice and other works in connection with the Eden Canal	20,000
Training works in the river Ganges between Digha and Damukdia	35,000
Training works in the Dhaleswari and Burigonga rivers	60,000
Maintenance and repairs of the Mogra Hât drainage	40,000
Flood damage repairs to embankments	1,00,000
Works to mitigate the effects of the Damodar floods	35,000
Raising the Damodar left embankment	70,000
Concrete mattress protection at Diamond Harbour	70,000

The Provincial share (one-half) amounts to Rs. 13,97,000 for 1914-15 and Rs. 11,46,000 for 1915-16.

62. *Civil Works in charge of the Public Works Department.*—The estimate for 1914-15 was Rs. 89,59,000, but in the revised estimate this has been raised to Rs. 92,00,000 for expenditure of the special grants for land acquisition in connection with the David Hare Training College at Ballyganj and the Bethune College, Calcutta. The estimate for 1915-16 is Rs. 64,88,000, which is distributed thus :—

	1914-15.		1915-16.
	Budget.	Revised.	Budget.
	Rs.	Rs.	Rs.
Original works ...	55,59,000	54,86,000	28,88,000
Repairs ...	21,83,000	22,95,000	22,00,000
Establishment ...	11,47,000	12,40,000	13,50,000
Tools and plants	70,000	89,000	50,000
Stock and suspense	.....	90,000	.....
Total ...	89,59,000	92,00,000	64,88,000

The grants for repairs, establishment and tools and plants have been fixed at the lowest sum possible, and large reductions had to be made in the grant for original works. As the whole of the available money is required for works in progress, there is no money to allot for new works. Rupees 3,00,000 has been allowed to Heads of Departments for Minor Works grant against Rs. 4,25,000 for 1914-15, and the amount is distributed thus :—

	Rs.
Education	56,000
Medical	38,000
Registration	12,000
Police	38,000
Calcutta Police	12,000
Jails	30,000
Excise	8,000
Courts of Law	8,000
Commissioners of Divisions	60,000
Residences of Local Government	20,000
Public Works Reserve	18,000
Total ...	3,00,000

63. *Civil Works in charge of the Civil Department.*—The estimate for 1914-15 was Rs. 20,77,000, but in the revised estimate this has been raised to Rs. 25,79,000, partly for larger augmentation grants to District Boards but chiefly for grants for water-works and sanitation for which provision was made under "Medical." The estimate for 1915-16 amounts to Rs. 22,09,000 and includes the following :—

	Rs.
Grant to the Calcutta Improvement Trust ...	11,50,000
Special grants for feeder roads	40,000
Augmentation grant	7,30,500
Grant for the improvement of roads in Government estates	69,559
Special grants at the disposal of the Divisional Commissioners	1,00,000
Ditto ditto District Magistrates ...	52,000
Lump provision for pay of sub-overseers in connection with rural water-supply	5,000

No provision has been made under this head for grants for works of sanitary improvements which are now being provided for wholly in the Medical budget. The following are the principal items sanctioned or earmarked for the works of sanitary improvements in the year 1914-15 :—

	Rs.
Bhadreswar drainage	4,000
Jessore District Board for improvement of rural water-supply	1,415
Narainganj water-supply	1,00,000
Extension of Munshiganj water-works ...	7,200

Decrease is due to adjustment of the expenditure for bandalling the Ganges near Rampur-Boalia in the Public Works Department. Both budget and revised includes contribution to the Tippera District Board for maintaining gauge and gauge readers in connection with the Gumti embankment.

Budget is chiefly for the construction of an escape in the first reach of the Canal.

Budget represents the credit anticipated on account of the hire of the dredger *Foyers*.

The work will be completed in 1914-15.

Budget includes special provision for land required for working the dredger *Foyers*.

The total cost of the amalgamated establishment will be Rs. 7,90,000, showing an increase over the present sanctioned scale of Rs. 2,57,811 per annum. A provision of Rs. 1,50,000 was made in the Budget for 1914-15 towards the introduction of the scheme, and the same amount has been provided for in the Budget for 1915-16. (Of the total cost of the establishment, a fixed debit of Rs. 2,00,000 will be made to Imperial on account of the Salt Department.)

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 17th March, 1915, and is hereby promulgated for general information :—

ACT No. III OF 1915.

An Act to amend the Foreigners Act, 1864.

WHEREAS it is expedient to amend the Foreigners Act, 1864; It is hereby enacted as follows :— III of 1864.

1. This Act may be called the Foreigners (Amendment) Act, 1915. Short title.

2. In section 1 of the Foreigners Act, 1864, for the words "not being either a natural born subject of Her Majesty within the meaning of the Statute 3 and 4 William IV, chapter 85, section 81, or a Native of British India" the following words shall be substituted, namely :— III of 1864. Amendment of section 1 of Act III of 1864.

"(a who is not a natural born British subject as defined in sub-sections (*1*) and (*2*) of section 1 of the British Nationality and Status of Aliens Act, 1914, or 4 and 5 Geo. V, c. 17.

(*b*) who has not been granted a certificate of naturalisation as a British subject under any law for the time being in force in British India :

Provided that any British subject who, under any law for the time being in force in British India, ceases to be a British subject, shall thereupon be deemed to be a foreigner."

III of 1864. **3.** After section 3 of the Foreigners Act, 1864, the following section shall be inserted, namely :—

Insertion of new section 3A, Act III of 1864.

"3A (*1*). Whenever in a Presidency town the Commissioner of Police, or elsewhere the Magistrate of the District, considers that the Local Government should be moved to issue an order under section 3 in respect of any foreigner who is within the limits of such Presidency town or of the jurisdiction of such Magistrate, he may report the case to the Local Government and at the same time issue a warrant for the apprehension of such foreigner.

Foreigner may be apprehended and detained pending order of removal.

(*2*) Any officer issuing a warrant under sub-section (*1*) may, in his discretion, direct by endorsement on the warrant that if such foreigner executes a bond with or without sureties for his attendance at a specified place and time, the person to whom the warrant is directed shall take such security and release such foreigner from custody.

(*3*) Any person executing a warrant under sub-section (*1*) may search for and apprehend the foreigner named in such warrant ; and, subject to any direction issued under sub-section (*2*), shall forthwith cause such foreigner when apprehended to be produced before the officer issuing the warrant.

(*4*) When a foreigner for whose apprehension a warrant has been issued under sub-section (*1*) is produced or appears before the officer issuing such warrant, such officer may direct him to be detained in custody pending the orders of the Local Government, or may release him on his executing a bond with or without sureties to appear at a specified place and time and thereafter if and when required until such orders are obtained.

(*5*) Any officer who has in accordance with the provisions of sub-section (*4*), ordered a foreigner to be detained or released on his executing a bond shall forthwith report the fact to the Local Government. On the receipt of a report under this sub-section the Local Government shall without delay either direct that the foreigner be discharged or make an order for the removal of such foreigner in accordance with the provisions of section 3.

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of the Governor General on the 19th March, 1915, and is hereby promulgated for general information :—

ACT No. IV OF 1915.

An Act to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences.

WHEREAS owing to the existing state of war it is expedient to provide for special measures to secure the public safety and the defence of British India and for the more speedy trial of certain offences; It is hereby enacted as follows :—

1. (*1*) This Act may be called the Defence of India (Criminal Law Amendment) Act, 1915.

Short title, extent and duration.

(*2*) It extends to the whole of British India including British Baluchistan, the Sonthal Parganas and the district of Angul.

(*3*) This section and section 2 shall come into operation at once. The Governor General in Council may, by notification in the Gazette of India, direct that the rest of the Act shall come into operation in any province or part thereof on such date as may be specified in such notification.

(*4*) This Act shall be in force during the continuance of the present war and for a period of six months thereafter :

Provided that the expiration of this Act shall not affect the validity of anything done in pursuance of it and any person convicted under this Act may be punished as if it had continued in force, and all prosecutions and other legal proceedings pending under this Act at the time of the expiration thereof may be completed and carried into effect, and the sentences carried into execution as if this Act had not expired.

2. (*1*) The Governor General in Council may make rules for the purpose of securing the public safety and the defence of British India and as to the powers and duties of public servants and other persons in furtherance of that purpose.

Power to make rules.

In particular and without prejudice to the generality of the foregoing power, rules under this section may be made—

(*a*) to prevent persons communicating with the enemy or obtaining information which may be used for that purpose;

(*b*) to secure the safety of His Majesty's forces and ships and to prevent the prosecution of any purpose likely to jeopardise the success of the operations of His Majesty's forces or the forces of His Allies or to assist the enemy;

(*c*) to prevent the spread of false reports or reports likely to cause disaffection or alarm or to prejudice His Majesty's relations with Foreign Powers or to promote feelings of enmity and hatred between different classes of His Majesty's subjects;

(*d*) to empower any civil or military authority to issue such orders and take such measures as may be necessary to secure the safety of railways, ports, dockyards, telegraphs, post offices, works for the supply of gas, electric light or water, sources of water-supply, all means of communication and any areas which may be notified by such civil or military authority, as areas which it is necessary to safeguard in the public interest;

(*e*) to enable any naval or military authority to take possession of any property, moveable or immoveable, for naval or military purposes, and to issue such orders and do such acts in respect of any property as may be necessary to secure the public safety or the defence of British India or any part thereof;

(*f*) to empower any civil or military authority where, in the opinion of such authority, there are reasonable grounds for suspecting that any person has acted, is acting or is about to act in a manner prejudicial to the public safety, to direct that such person shall not enter, reside or remain in any area specified in writing by such authority, or that such person shall reside and remain in any area so specified, or that he shall conduct himself in such manner or abstain from such acts, or take such order with any property in his possession or under his control, as such authority may direct;

(*g*) to prohibit or regulate the possession of explosives, inflammable substances, arms and all other munitions of war;

(*h*) to prohibit anything likely to prejudice the training or discipline of His Majesty's forces and to prevent any attempt to tamper with the loyalty of persons in the service of His Majesty or to dissuade persons from entering the military or police service of His Majesty;

(*i*) to empower any civil or military authority to enter and search any place if such authority has reason to believe that such place is being used for any purpose prejudicial to the public safety or to the defence of British India and to seize anything found there which he has reason to believe is being used for any such purpose;

(*j*) to provide for the arrest of persons contravening or reasonably suspected of contravening any rule made under this section and prescribing the duties of public servants and other persons in regard to such arrests;

(*k*) to prescribe the duties of public servants and other persons as to preventing any contravention of rules made under this section and to prohibit any attempt to screen persons contravening any such rule from punishment; and

(*l*) otherwise to prevent assistance being given to the enemy or the successful prosecution of the war being endangered.

(*2*) Rules made under this section may provide that any contravention thereof or of any order issued under the authority of any such rule shall be punishable with imprisonment for a term which may extend to seven years, or with fine, or with both, or if the intention of the person so contravening any such rule or order is to assist the King's enemies or to wage war against the King, may provide that such contravention shall be punishable with death, transportation for life or imprisonment for a term which may extend to ten years, to any of which punishments fine may be added.

(*3*) All rules made under this section shall be published in the Gazette of India and shall thereupon have effect as if enacted in this Act.

Power of Local Government to direct accused person to be tried by Commissioners.

3. (*1*) The Local Government may by order in writing direct that any person accused of anything which is an offence in virtue of any rule made under section 2, or accused of any offence punishable with death, transportation or imprisonment for a term which may extend to seven years, or of criminal conspiracy to commit, or of abetting, or of attempting to commit or abet any such offence shall be tried by Commissioners appointed under this Act.

(*2*) Orders under sub-section (*1*) may be made in respect of all persons accused of any offence referred to in that sub-section, or in respect of any class of person so accused, or in respect of persons or classes of persons accused of any particular offence therein referred to or accused of any class of such offences.

(*3*) No order under sub-section (*1*) shall be made in respect of or be deemed to include any person who has been committed under the Code of Criminal Procedure, 1898, for trial before a High Court, or in whose case an order for trial has been made under section 6 of the Indian Criminal Law Amendment Act, 1908, but, save as aforesaid, an order under that sub-section may be made in respect of or may include any person accused of any offence referred to therein whether such offence was committed before or after the commencement of this Act. Act V of 1898. XIV of 1

Appointment and qualifications of Commissioners.

4. (*1*) Commissioners for the trial of persons under this Act shall be appointed by the Local Government.

(*2*) Such Commissioners may be appointed for the whole province or any part thereof or for the trial of any particular accused person or class of accused persons.

(*3*) All trials under this Act shall be held by three Commissioners, of whom at least two shall be persons who have served as Sessions Judges or Additional Sessions Judges for a period of not less than three years, or are persons qualified under section 2 of the Indian High Courts Act, 1861, for appointment as Judges of a High Court or are advocates of a Chief Court or pleaders of ten years' standing. 24 and 25 Vict., c. 1

Procedure of Commissioners.

5 (*1*) Commissioners appointed under this Act may take cognizance of offences without the accused being committed to them for trial, and, in trying accused persons, shall, subject to any rules made by the Local Government in this behalf, follow the procedure prescribed by the Code of Criminal Procedure, 1898, for the trial of warrant cases by magistrates: Act V of 1898.

Provided that such Commissioners shall make a memorandum only of the substance of the evidence of each witness examined, and shall not be bound to adjourn any trial for any purpose unless such adjournment is in their opinion necessary in the interests of justice.

(*2*) In the event of any difference of opinion between the Commissioners the opinion of the majority shall prevail.

Powers of Commissioners.

6. (*1*) The judgment of Commissioners appointed under the Act shall be final and conclusive and such Commissioners may pass upon any person convicted by them any sentence authorised by law for the punishment of the offence of which such person is convicted and no order of confirmation shall be necessary in the case of any sentence passed by them.

(*2*) If in any trial under this Act it is proved that the accused person has committed any offence whether referred to in section 3 or in any order under that section or not, the Commissioners may convict such accused person of such offence and pass any sentence authorised by law for the punishment thereof.

Act V of 1898.

Application of Criminal Procedure Code subject to modifications to proceedings under this Act.

7. The provisions of the Code of Criminal Procedure, 1898, so far as they are inconsistent with the special procedure prescribed by or under this Act, shall not apply to the proceedings of Commissioners appointed under this Act, but save as otherwise provided, that Code shall apply to such proceedings and the Commissioners shall have all the powers conferred by the Code on a Court of Session exercising original jurisdiction.

Act V of 1898.

Exclusion of interference of other criminal courts.

8. (*1*) Notwithstanding the provisions of the Code of Criminal Procedure, 1898, or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall be no appeal from any order or sentence of Commissioners appointed under this Act, and no Court shall have authority to revise any such order or sentence, or to transfer any case from such Commissioners, or to make any order under section 491 of the Code of Criminal Procedure, 1898, or have any jurisdiction of any kind in respect of any proceedings under this Act.

Act V of 1898.

(*2*) Nothing in sub-section (*1*) shall be deemed to affect the power of the Governor General in Council or the Local Government to make orders under section 401 or 402 of the Code of Criminal Procedure, 1898, in respect of persons sentenced by Commissioners under this Act.

Act V of 1898.

1 of 1872.

Special rule of evidence.

9. Notwithstanding anything contained in the Indian Evidence Act 1872, where the statement of any person has been recorded by a Magistrate, such statement may be admitted in evidence in any trial before Commissioners appointed under this Act if such person is dead or cannot be found or is incapable of giving evidence, and the Commissioners are of opinion that such death, disappearance or incapacity has been caused in the interest of the accused.

Rule-making powers of Local Government.

10. The Local Government may, by notification in the local official Gazette, make rules providing for—

(*i*) the times and places at which Commissioners appointed under this Act may sit;

(*ii*) the procedure of such Commissioners including the appointment and powers of their President, and the procedure to be adopted in the event of any Commissioner being prevented from attending throughout the trial of any accused person;

(*iii*) the manner in which prosecutions before such Commissioners shall be conducted, and the appointment and powers of persons conducting such prosecutions;

(*iv*) the execution of sentences passed by such Commissioners;

(*v*) the temporary custody or release on bail of persons referred to or included in any order made under sub-section (*1*) of section 3, and for the transmission of records to the Commissioners; and

(*vi*) any matter which appears to the Local Government to be necessary for carrying into effect the provisions of the Act relating or ancillary to trials before Commissioners.

Savings.

11. No order under this Act shall be called in question in any court, and no suit, prosecution or other legal proceeding shall lie against any person for anything which is in good faith done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS.

The existence of a state of war in which His Majesty's Government is engaged has, as in England, demonstrated the necessity of arming the executive with certain special temporary emergency powers requisite to secure the public safety and the defence of British India.

Further since the commencement of the war, there have been outbreaks of lawlessness in certain areas, the prompt punishment of which is essential in the interests of the public security.

The present Bill confers powers on the Governor General in Council to make rules to meet the first object in view while in those areas to which the special provisions may be extended, it provides for the creation of special tribunals for the more speedy trial of certain classes of offences which may be made over to them.

The Act will be only in force during the continuance of the present war and for a period of six months thereafter.

"43. Any certificate granted under Chapter III may be suspended or cancelled by the Local Government by which or under authority from which it was granted or by any other Local Government in the following cases, that is to say :—

Power for Local Government to suspend or cancel certificates in certain cases.

(*a*) If, on any investigation made under this Act, the Court reports that the collision with, or the wreck or abandonment of, or loss or damage to, any inland steam vessel, or loss of life, has been caused by the wrongful act or default of the holder of such certificate, or that the holder of such certificate is incompetent or has been guilty of any gross act of drunkenness, tyranny or other misconduct, or

(*b*) If the holder of such certificate is proved to have been convicted of any non-bailable offence, or

(*c*) If, in the case of a second-class master or serang, or of an engine-driver, the master or serang, or the engine-driver, is or has become, in the opinion of the Local Government, unfit to act as a second-class master or serang, or as an engine-driver, as the case may be :

Provided that a certificate shall not be suspended or cancelled under clause (*a*) unless the Local Government is satisfied that the holder of the certificate has been furnished before the commencement of the investigation with a copy of the report or statement required by section 33 or section 34, as the case may be".

Amendment of sections 44 and 57 of the said Act.

9. In sections 44 and 57 of the said Act for the words "master, engineer or engine-driver" the word "person" shall be substituted.

Amendment of section 45 of the said Act.

10. In section 45 of the said Act for the words "which granted the certificate", wherever they occur, the words "by which or under authority from which such certificate was granted" shall be substituted.

Insertion of new Chapter in the said Act.

11. After Chapter VI the following shall be inserted, namely :—

"CHAPTER VIA.

GENERAL RULE-MAKING POWER.

Power to make general rules.

50B. (*1*) The Local Government may make rules to carry out the purposes of this Act not otherwise specially provided for.

(*2*) Rules under this section may provide for the following among other matters, that is to say :—

(*a*) the speed at which inland steam-vessels may be navigated in specified areas.

(*b*) the regulation of the navigation of such vessels to prevent danger to other vessels or to the banks, channels, navigation marks or any property moveable or immoveable in or abutting on navigable channels.

(*3*) Any rules made under this section may contain a provision that any person committing a breach of it shall be punished with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both."

Amendment of section 67 of the said Act.

12. In section 67 of the said Act for the words "or the Government of India" the following shall be substituted, namely :—

"and nothing in Chapter II or VII or any rule made thereunder or in sections 52, 53, 54, 54A or 60 shall apply to any vessel in the service of the Government of India".

Amendment of section 69 (*5*) of the said Act.

13. In section 69, sub-section (*5*), of the said Act for the words "under this Act" the words "under sub-section (*1*) of section 21 or sub-section (*1*) of section 29" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

SECTION 29-A of the Inland Steam-vessels Act, 1884, provides that certificates of competency and service granted to Masters, Engineers, etc., of Inland Steam-vessels under that Act shall have effect throughout British India. The Government of Bengal pointed out in 1912 that, although a knowledge of the river Hugli is essential for Masters in charge of Inland Steam-vessels in Bengal, there is no guarantee that the holders of certificates granted elsewhere, who are entitled equally with the holders of Bengal certificates to pursue their profession on Inland Steam-vessels in Bengal, will possess this knowledge.

2. The Local Government suggested, therefore, that the section should be amended so as to limit the validity of certificates of competency to the province administered by the Local Government which granted them, unless they were specially extended to other provinces by that Local Government.

3. The Government of India consulted other Local Governments on this proposal, and invited suggestions with regard to any other difficulties arising in the administration of the Act. On receipt of the replies, the Government of India decided to amend the Act in such directions as appeared to be desirable in view of the recommendations of Local Governments. The precise amendments proposed are explained in the *Notes on Clauses*.

W. H. CLARK.

The 12th March, 1915.

Notes on Clauses.

Clauses 2 and 13.—It has been decided in connection with the recommendations of the Royal Commission on Decentralization that the previous sanction of the Governor General in Council for which provision is made in respect of delegations under section 11 (*4*) (*a*) of the Act and in respect of rules under sections 29 (*2*), 30 (*l*), 50-A., 51 and 51-A should be dispensed with. Provision for the previous sanction of the Governor General in Council has been retained only where such control is desirable in order to secure uniformity of practice.

Clause 3.—With reference to sections 23 and 24 of the Act, it has been represented that the Local Government is in practice invariably guided by the advice of the Port Officer in connection with the issue of certificates of competency to masters, serangs, engineers and engine-drivers. In the circumstances, it is convenient to empower Local Governments to delegate their functions under these sections to an officer appointed in this behalf.

Clause 4.—The amendments here proposed are consequential on those proposed in clause 3.

Clause 5.—The new section 29-A is designed to limit the validity of masters' or serangs' certificates of competency or service to the provinces in which they are granted with the proviso that they shall be valid in any other province also if so endorsed by the authority empowered under the Act to grant certificates in such province. This will ensure that masters and serangs will not be in a position to take command of inland steam-vessels unless they have such knowledge of local conditions as is considered to be sufficient. No such local knowledge is required in the case of engineers and engine-drivers, and their certificates will remain valid throughout India as before.

Clause 6.—Section 30 (*c*) requires the master of a vessel to give notice to the nearest police-station when his vessel has caused loss or material damage to any other vessel. It has been suggested that masters should be required to give notice in every instance of collision whether such loss or material damage has occurred or not. The proposed amendment of section 30 will, it is hoped, tend to ensure stricter observance of the navigation rules by inland steam-vessels. This necessitates consequential amendments to sections 33 and 56.

Clauses 7 and 8.—It sometimes occurs in practice that a person possessing a serang's certificate of competency, but subordinate to the master, is temporarily in charge of an inland steam-vessel. It has been held that, as the Act now stands, his certificate cannot be cancelled for incompetency displayed while he is thus in charge, as he is not the master of the vessel within the meaning of the Act. It is desirable that such cases should be dealt with under the Act, and power has accordingly been taken to investigate a charge of incompetency or misconduct against any person possessing a certificate granted under the Act and to deal with any such certificate.

Clause 9.—The amendment proposed is consequential on that proposed in clauses 7 and 8.

Clause 10.—The amendment is consequential on that proposed in clause 3.

Clause 11.—It has been found desirable to make rules with reference to the speed at which vessels should travel, as the practice of steaming at excessive speed has led in some cases to erosion of the banks. The Act contains no provision enabling this to be done, nor does it confer any general authority to make rules to carry out the purposes of the Act. It is proposed to empower Local Governments in this behalf in the manner indicated in this clause.

Clause 12.—A case occurred in which the Commander of a Government vessel was charged with, and found guilty of, rash and negligent conduct. It was held, however, that his certificate could not be dealt with unless an investigation were held in accordance with Chapter IV of the Act, and that no such investigation would be legal inasmuch as section 67 bars the application of the Act to Government vessels. In order to remedy this defect, it is proposed to apply to Government vessels the provisions of the Act relating to the conduct of investigations and the cancellation of certificates of competency. In view of this extension, it also appears necessary to extend to Government vessels the provisions of Chapter I, which contains definitions and of Chapter III relating to the grant of certificates and the employment of properly certificated officers. It is considered desirable also to apply to Government vessels the provisions of Chapter VI relating to protection from fire and collision and the relevant sections in Chapter VIII regarding penalties.

Secretary to the Government of India.

APPENDIX.

NOTICES TO MARINERS.

THE following Notices are published for general information.

F. A. A. COWLEY,
Offg. Secy. to the Govt. of Bengal.

CALCUTTA, *the 23rd March 1915.*

BRITISH POSSESSIONS.

CAUTION WHEN APPROACHING BRITISH PORTS.

No. 73 (first publication).—The following particulars, etc., relative to the above, issued by the British Admiralty (No. 101 of 1915), are republished :—

PART I.

CLOSING OF PORTS.

Former Notice.—No. 1 of 1915 ; (*This Office No. 45 of 1915*) hereby cancelled.

(1) My Lords Commissioners of the Admiralty, having taken into consideration the fact that it may be necessary to forbid all entrance to certain ports of the Empire, this is to give Notice that on approaching the shores of the United Kingdom, or any of the ports or localities of the British Empire, referred to in Part III of this Notice, a sharp look-out should be kept for the signals described in the following paragraph, and for the vessels mentioned in paragraph (5), Part II, of this Notice, and the distinguishing and other signals made by them. In the event of such signals being displayed, the port or locality should be approached with great caution, as it may be apprehended that obstructions may exist.

(2) If entrance to a port is prohibited, three ***red*** vertical lights by night, or three ***red*** vertical balls by day, will be exhibited in some conspicuous position, in or near to its approach, which signals will also be shown by the vessels indicated in paragraph (5), Part II, of this Notice.

If these signals are displayed, vessels must either proceed to the position marked "Examination Anchorage" on the Admiralty charts and anchor there, or keep the sea.

(3) At all the ports or localities at home or abroad referred to in Part III of this Notice, search-lights are occasionally exhibited for exercise.

Instructions have been given to avoid directing moveable search-lights during practice on to vessels under way, but mariners are warned that great care should be taken to keep a sharp look-out for the signals indicated in paragraph (2) above, when search-lights are observed to be working.

PART II.

EXAMINATION SERVICE.

(4) In certain circumstances it is also necessary to take special measures to examine vessels desiring to enter the ports or localities at home or abroad, referred to in Part III of this Notice.

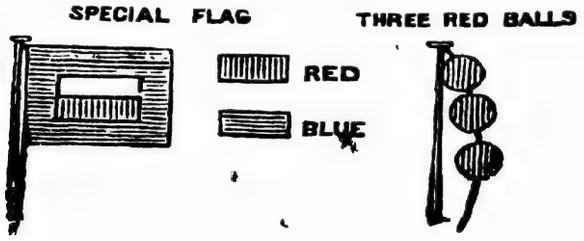
(5) In such case, vessels carrying the distinguishing flags or lights mentioned in paragraph (7) will be charged with the duty of examining ships which desire to enter the ports and of allotting positions in which they shall anchor. If Government vessels, or vessels belonging to the local port authority, are found patrolling in the offing, merchant vessels are advised to communicate with such vessels with a view to obtaining information as to the course on which they should approach the Examination Anchorage. Such communication will not be necessary in cases where the pilot on board has already received this information from the local authorities.

(6) As the institution of the Examination Service at any port will never be publicly advertised, especial care should be taken in approaching the ports, by day or night, to keep a sharp look-out for any vessel carrying the flags or lights mentioned in paragraph (7), and to be ready to "bring to" at once when hailed by her or warned by the firing of a gun or sound rocket.

In entering by night any of the ports mentioned in Part III, serious delay and risk will be avoided if four efficient all round lamps, two *red* and two *white*, are kept available for use.

(7) **By day** the distinguishing flags of the Examination Steamer will be a special flag (white and red horizontal surrounded by a blue border) and a blue ensign.

Also, three red vertical balls if the port is closed.



By night the steamer will carry :—

(*a*) Three *red* vertical lights if the port is closed.

(*b*) Three *white* vertical lights if the port is open.

The above lights will be carried in addition to the ordinary navigation lights, and will show an unbroken light around the horizon.

(8) Masters are warned that, before attempting to enter any of these ports when the Examination Service is in force, they must in their own interests strictly obey all instructions given to them by the Examination Steamer. In the absence of any instructions from the Examination Steamer they must proceed to the position marked "Examination Anchorage" on the Admiralty Charts and anchor there, or keep the sea.

Whilst at anchor in the Examination Anchorage, Masters are warned that they must not lower any boats (except to avoid accident), communicate with the shore, work cables, move the ship, or allow anyone to leave the ship, without permission from the Examination Steamer.

(9) In case of fog, Masters are enjoined to use the utmost care, and the Examination Anchorage itself should be approached with caution.

(10) Merchant vessels when approaching ports are especially cautioned against making use of private signals of any description, either by day or night: the use of them will render a vessel liable to be fired on.

(11) The pilots attached to the ports will be acquainted with the regulations to be followed.

PART IV.

SWEEPING OPERATIONS.

H. M. Vessels are constantly engaged in sweeping operations off ports in the United Kingdom.

Whilst so engaged, they work in pairs connected by a wire hawser, and are consequently hampered to a very considerable extent in their manœuvring powers.

With a view to indicating the nature of the work on which these vessels are engaged, they will show the following signals :—

A black ball at the foremast head and a similar ball at the yardarm, or where it can best be seen, on that side on which it is dangerous for vessels to pass.

For the public safety, all other vessels, whether steamers or sailing craft, must keep out of the way of vessels flying this signal, and should especially remember that it is dangerous to *pass between* the vessels of a pair.

Offg. Secy. to the Govt. of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 29th March 1915.

Summary.—During the week under review general rain fell throughout the province. It has facilitated the ploughing for and the sowing of *aus* paddy and jute and has also been favourable to the growth of *boro* rice. There has been hailstorm in some of the districts of Western Bengal, but no damage to any appreciable extent is reported to have been done to the standing crops the prospects of which are fairly satisfactory. Pressing of sugarcane and harvesting and threshing of *rabi* crops continue. Cattle-disease is reported from fourteen districts. The average price of common rice for the province has fallen slightly as compared with that of the previous week.

DEPARTMENT OF STATISTICS, INDIA.

TRADE FLUCTUATIONS.

PRINCIPAL STAPLES IMPORTED INTO AND EXPORTED FROM CALCUTTA IN THE NINE MONTHS OF APRIL TO DECEMBER 1914.

THE following tables are intended to show the trade of Calcutta in selected articles during the months of April to December 1914 by all routes, *i.e.*, by rail, road, river, canal and sea. The statistics have been compiled from returns furnished by the Collector of Customs, Calcutta, Railway Audit Offices, Steamer Companies, the Commissioners for the Port of Calcutta, the District Magistrates of the 24-Parganas and Howrah, and the Assistant Engineer, Calcutta Canals.

Table I summarises briefly the imports into and exports from Calcutta of staples during the month of December 1914 as against the corresponding period of 1913. There was a decrease in the imports during December 1914 of food-grains (excluding wheat-flour, gram and pulse and other grains), Indian cotton piece-goods, coal and coke, cotton raw, indigo, jute raw, oilseeds and tobacco compared with the figures for the corresponding month of the previous year, but the imports of gunny-bags and tea increased. As regards exports by sea (foreign and coastwise), there was an increase principally in the case of gunny-bags and tea, but there was a decrease in the case of food-grains, coal and coke and jute, raw.

Tables II—VII give in detail the imports into and exports from Calcutta for the nine months ending December 1914.

The total imports into Calcutta in the nine months of April to December 1914 of rice, wheat, wheat-flour, gram and pulse and other food-grains were 23,000,000 maunds, as against 27,000,000 maunds and 35,000,000 maunds in the corresponding periods of 1913 and 1912. But although trade in food-grains declined generally, the imports of rice and wheat-flour showed an increase of over 2,000,000 and 80,000 maunds, respectively, in the nine months of 1914, as compared with the corresponding nine months of 1913. The total imports of wheat, however, declined from 6,300,000 maunds in the nine months of 1913 to 3,500,000 maunds in the same period of 1914. The imports of husked rice and paddy were 15,101,000 maunds, as against 13,596,000 maunds in the corresponding period of 1913. The district of 24-Parganas supplied Calcutta with a little less than half of the total imports of rice received from Bengal. It will also be observed that Burma exported 8,700,000 maunds of rice and paddy to Calcutta, as against 5,600,000 maunds received from the interior of Bengal.

There were also decreases in the imports of coal and coke, cotton raw, Indian cotton piece-goods, jute, linseed, rape and mustard, raw silk, sugar (refined and unrefined) and unmanufactured tobacco, while cotton twist and yarn, Indian, indigo, gunny-bags, lac, tea and manufactured tobacco were imported into Calcutta in somewhat larger quantities. Of the Rs. 1,19,00,000 of Indian cotton piece-goods imported into Calcutta, Rs. 76,00,000 came from Bombay, Rs. 16,00,000 from the district of Hooghly and Rs. 11,00,000 from the Central Provinces and Berar. Nearly Rs. 52,00,000 worth of piece-goods were imported *vid* the Bengal-Nagpur Railway and Rs. 40,00,000 *vid* the Eastern Bengal State Railway.

Among the articles of import, jute, owing to war conditions, shows a very serious fall—only 2,997,000 bales were imported into Calcutta in the nine months, April to December 1914, as compared with 4,898,000 bales in the corresponding period of 1913. Jute was received chiefly from Dacca (536,000 bales), followed by Faridpur (535,000 bales), Mymensingh (337,000 bales), Rangpur 254,000 bales), and 24-Parganas (214,000 bales). Over 215,000,000 gunny-bags were imported almost entirely from the districts of Hooghly and the 24-Parganas.

Of the total imports of food-grains into Calcutta during the nine months April to December 1914, 2,426,000 maunds were imported by boat, 166,000

maunds by steamer, 10,252.000 maunds by rail, 1,210,000 maunds by road, and 8,992,000 maunds by sea (coastwise). Coal and coke was imported into Calcutta almost entirely (nearly 99 per cent.) by rail. In the case of jute, the major portion was imported by Eastern Bengal State Railway (56 per cent.) and steamer (27 per cent.) and boat (10 per cent.). Of 7,681,920 maunds of oilseeds, 86 per cent. was imported by the East Indian Railway. Tea was imported mostly by steamer and Eastern Bengal State Railway (steamer 44 per cent. and Eastern Bengal State Railway 33 per cent.).

There was a decrease in the imports by sea (foreign and coastwise) of cotton piece-goods from Rs. 21,05,53,000 in the nine months ending December 1913 to Rs. 17,81,06,000 in the corresponding period of 1914. The imports of kerosene oil by sea increased by 343,000 maunds and those of salt decreased by 1,846.000 maunds.

The exports of gunny-bags by sea (foreign and coastwise) were in number 703,000,000, of which 630,000,000 went to foreign countries other than the United Kingdom, 46,000.000 to the United Kingdom, 18,000,000 to Burma, 4,000.000 to Bombay. 3,000.000 to Sind, and nearly 2,000,000 to Madras.

There has been a decline in the exports by sea of food-grains. In the nine months of April to December 1913, the exports of rice amounted to 6,128,000 maunds, wheat to 2,078,000 maunds, gram and pulse 2,720,000 maunds and other food-grains 1,549,000 maunds. In the corresponding period of 1914 the exports were: rice 3,993.000 maunds, wheat 133,000 maunds, gram and pulse 1,233,000 maunds and other food-grains 95,000 maunds. For the nine months of 1914, therefore, the total exports of food-grains were 5,791,000 maunds, as against 12,902.000 maunds in 1913.

Exports of cotton piece-goods, foreign from Calcutta by rail, road, river, canal and sea (coastwise) during the nine months ending December 1914 amounted to Rs. 14.13,58,000 against Rs. 18,04,35,000 in the corresponding period of the preceding year. Of this, Rs. 6.62,000 worth of piece-goods were exported by boat, Rs. 2,57,57,000 by steamer, Rs. 11,26,63,000 by rail, Rs. 15.29,000 by road and Rs. 7.47,000 by sea (coastwise).

In the case of gunny-bags there was also a falling off in the exports from 79,140,000 to 67,027,000, about 42 per cent. having been carried by sea (coastwise). There was an increase from 456,000 maunds to 494,000 maunds in the exports of kerosene oil from Calcutta, while those from Budge-Budge slightly declined from 5,436,000 maunds to 4,963,000 maunds.

It will be noted that of the wheat imported into Calcutta in the nine months ended December 1914 (table No. II) the chief sources are in order of importance :—The United Provinces (1,432.557 maunds). Punjab (893,765 maunds), Bihar and Orissa (729,464 maunds), Central Provinces and Berar (328,522 maunds). Bengal (59,718 maunds). Rajputana and Central India (6,074 maunds), Madras (3,104 maunds), and Bombay (143 maunds).
